§ 4.51 Exhibiting certificates to Government officials.

Any bottler or packer holding an original or duplicate original of a certificate of label approval or a certificate of exemption shall, upon demand, exhibit such certificate to a duly authorized representative of the United States Government.

§ 4.52 Photoprints.

Photoprints or other reproductions of certificates of label approval or certificates of exemption are not acceptable, for the purposes of §§ 4.50 through 4.52, as substitutes for an original or duplicate original of a certificate of label approval, or a certificate of exemption. The appropriate TTB officer will, upon the request of the bottler or packer, issue duplicate originals of certificates of label approval or of certificates of exemption if wine under the same brand is bottled or packed at more than one plant by the same person, and if the necessity for the duplicate originals is shown and there is listed with the appropriate TTB officer the name and address of the additional bottling or packing plant where the particular label is to be used.

§ 4.53 Retention of certificates.

Wine that would be required under § 4.45 to be covered by a certificate of origin and identity and/or a certification of proper cellar treatment and that is imported in bulk for bottling in the United States may be removed for consumption from the premises where bottled only if the bottler possesses a certificate of origin and identity and/or a certification of proper cellar treatment of natural wine applicable to the wine, issued by the appropriate entity as set forth in §§ 4.45 and 27.140 of this chapter respectively, that provides the same information as a certificate required under § 4.45(a) and (b) would provide for like wine imported in bottles.

27 CFR Ch. I (4–1–23 Edition)

The bottler of wine imported in bulk must retain for five years following the removal of such wine from the bonded wine cellar where bottled copies of the certificates required by § 4.45(a) and (b), and must provide them upon request of the appropriate TTB officer.

§ 4.54 Personalized labels.

(a) *General.* Applicants for label approval may obtain permission from TTB to make certain changes in order to personalize labels without having to resubmit labels for TTB approval. A personalized label is an alcohol beverage label that meets the minimum mandatory label requirements and is customized for customers. Personalized labels may contain a personal message, picture, or other artwork that is specific to the consumer who is purchasing the product. For example, a winery may offer individual or corporate customers labels that commemorate an event such as a wedding or grand opening.

(b) *Application.* Any person who intends to offer personalized labels must submit a template for the personalized label as part of the application for label approval required under §§ 4.40 or 4.50 of this part, and must note on the application a description of the specific personalized information that may change.

(c) *Approval of personalized label.* If the application complies with the regulations, TTB will issue a certificate of label approval (COLA) with a qualification allowing the personalization of labels. The qualification will allow the certificate holder to add or change items on the personalized label such as salutations, names, graphics, artwork, congratulatory dates and names, or event dates without applying for a new COLA. All of these items on personalized labels must comply with the regulations of this part.

(d) *Changes not allowed to personalized labels.* Approval of an application to personalize labels does not authorize the addition of any information that discusses either the alcohol beverage or characteristics of the alcohol beverage
