§ 44.1 Purpose and scope.

This part contains the regulations of the U.S. Department of Labor establishing a process for the election of representatives of the States to participate in formal consultations with the Department of Labor for purposes of the development of an annual employment statistics plan and to address other employment statistics issues. The representatives are to be elected by and from the State employment statistics directors affiliated with the State agencies designated to carry out the employment statistics responsibilities under the revised section 15 of the Wagner-Peyser Act (29 U.S.C. 49 1-2), as amended by section 309 of the Workforce Investment Act of 1998. The revised section 15(d)(2) of the Wagner-Peyser Act requires the Secretary to establish a process for the election of such representatives from each of the 10 Federal regions of the Department of Labor.

§ 44.2 Election cycle and tenure of representatives.

(a) *Election cycle.* The States located within each Federal region, as defined in this paragraph, shall elect one representative in accordance with the procedures specified in this part. The initial election for representatives of the States from all 10 Federal regions will be held not later than February 17, 1999. For purposes of this section, the Federal regions shall be the Standard

Federal regions identified in former OMB Circular A-105 (issued April 4, 1974). This former Circular is available through the Office of the Commissioner of Labor Statistics, telephone number (202) 691-7808. For the representatives elected from the Federal regions II, IV, VII, VIII, and X, the initial term shall terminate on January 1, 2000. Subsequent elections for representatives from such regions shall be held in the last quarter of 1999 and thereafter biennially within the last calendar quarter of the year. For the representatives from the Federal regions I, III, V, VI, and IX, the initial term shall terminate on January 1, 2001. Subsequent elections for representatives from such regions shall be held within the last calendar quarter of 2000 and thereafter, biennially within the last calendar quarter of the year. After the initial election, the terms of all representatives shall terminate on January 1 of the third calendar year after the preceding scheduled election.

(b) *Tenure.* The terms of the representatives elected in the first election shall commence upon election. The terms of representatives elected in subsequent elections shall commence January 1 of the year following the scheduled election. Representatives may serve for an unlimited number of terms.

§ 44.3 Election process.

(a) *Process.* The Commissioner of Labor Statistics of the U.S. Department of Labor (hereafter referred to as "the Commissioner") or his or her designee shall conduct the elections. The Commissioner shall provide a ballot containing the names of the employment statistics directors in the appropriate region to the employment statistics director in each State who is affiliated with the State agency designated pursuant to section 15(e) of the Wagner-Peyser Act. If a State has not designated an agency, or has not provided the name of the employment statistics director to the Commissioner, the State shall not participate in the election process. Each director may vote for one director to be the regional representative. The Commissioner shall prescribe a time limit that will not be less than one week for the direc-

tors to mark and return the ballots. Only votes received by the Commissioner within the prescribed time limit will be counted. The Commissioner will tally the votes from the ballots received within the prescribed time limit and the director receiving the most votes in the region will be the representative for that region. If there is a tie after the first round of votes are counted, the Commissioner shall conduct additional rounds of voting using a ballot containing the names of the directors who tied with the most votes in the previous round until a representative is elected. The Commissioner will prescribe a time limit of not less than one week for each additional round of voting and will tally the votes received within the prescribed time limit. The director with the most votes will be the representative.

(b) *Method of transmission.* The Commissioner may distribute the ballots relating to the election under this part by electronic mail or other methods the Commissioner determines to be appropriate and may specify the methods through which votes are to be cast.

(c) *Vacancies.* If a representative does not complete the term, the Commissioner shall conduct an election to elect a replacement for the remainder of the term using the procedures described in paragraph (a) and (b) of this section.
