(Authority: 40 U.S.C. 484(k))

§ 12.7 How is surplus Federal real property disposed of when there is more than one applicant?

(a) If there is more than one applicant for the same surplus Federal real property, the Secretary transfers or leases the property to the applicant whose proposed program and plan of use the Secretary determines provides the greatest public benefit, using the criteria contained in appendix A to this part that broadly address the weight given to each type of entity applying and its proposed program and plan of use. (See example in § 12.10(d)).

(b) If, after applying the criteria described in paragraph (a) of this section, two or more applicants are rated equally, the Secretary transfers or leases the property to one of the applicants after—

(1) Determining the need for each applicant's proposed educational use at the site of the surplus Federal real property;

(2) Considering the quality of each applicant's proposed program and plan of use; and

(3) Considering each applicant's ability to carry out its proposed program and plan of use.

(c) If the Secretary determines that the surplus Federal real property is capable of serving more than one applicant, the Secretary may apportion it to fit the needs of as many applicants as is practicable.

(d)(1) The Secretary generally transfers surplus Federal real property to a selected applicant that meets the requirements of this part.

(2) Alternatively, the Secretary may lease surplus Federal real property to a selected applicant that meets the requirements of this part if the Secretary determines that a lease will promote the most effective use of the property consistent with the purposes of this part or if having a lease is otherwise in the best interest of the United States, as determined by the Secretary.

(Authority: 40 U.S.C. 484(k))

§ 12.8 What transfer or lease instruments does the Secretary use?

(a) The Secretary transfers or leases surplus Federal real property using transfer or lease instruments that the Secretary prescribes.

(b) The transfer or lease instrument contains the applicable terms and conditions described in this part and any other terms and conditions the Secretary or Administrator determines are appropriate or necessary.

§ 12.9 What warranties does the Secretary give?

The Secretary transfers or leases surplus Federal real property on an "as is, where is," basis without warranty of any kind.

(Authority: 40 U.S.C. 484(k)(1))

§ 12.10 How is a Public Benefit Allowance (PBA) calculated?

(a) The Secretary calculates a PBA in accordance with the provisions of appendix A to this part taking into account the nature of the applicant, and the need for, impact of, and type of

§ 12.11

program and plan of use for the property, as described in that appendix.

(b) The following are illustrative examples of how a PBA would be calculated and applied under appendix A:

(1) Entity A is a specialized school that has had a building destroyed by fire, and that has existing facilities determined by the Secretary to be between 26 and 50% inadequate. It is proposing to use the surplus Federal real property to add a new physical education program. Entity A would receive a basic PBA of 70%, a 10% hardship organization allowance, a 20% allowance for inadequacy of existing school plant facilities, and a 10% utilization allowance for introduction of new instructional programs. Entity A would have a total PBA of 110%. If Entity A is awarded the surplus Federal real property, it would not be required to pay any cash for the surplus Federal real property, since the total PBA exceeds 100%.

(2) Entity B proposes to use the surplus Federal real property for nature walks. Because this qualifies as an outdoor educational program, Entity B would receive a basic PBA of 40%. If Entity B is awarded the surplus Federal real property, it would be required to pay 60% of the fair market value of the surplus Federal real property in cash at the time of the transfer.

(3) Entity C is an accredited university, has an ROTC unit, and proposes to use the surplus Federal real property for a school health clinic and for special education of the physically handicapped. Entity C would receive a basic PBA of 50% (as a college or university), a 20% accreditation organization allowance (accredited college or university), a 10% public service training organization allowance (ROTC), a 10% student health and welfare utilization allowance (school health clinic), and a 10% service to the handicapped utilization allowance (education of the physically handicapped). Entity C would have a total PBA of 100%. If Entity C is awarded the surplus Federal real property, it would not be required to pay any cash for the surplus Federal real property, since the total PBA is 100%.

(4) Entities A, B, and C all submit applications for the same surplus Federal real property. Unless the Secretary de-

34 CFR Subtitle A (7-1-23 Edition)

cides to apportion it, the Secretary transfers or leases the surplus Federal real property to Entity A, since its proposed program and plan of use has the highest total PBA.

(Authority: 40 U.S.C. 484(k)(1)(c))

Subpart C—Conditions Applicable to Transfers or Leases

Specialized School means a vocational school, area trade school, school for the blind, or similar school.

Public Library means a public library or public library service system, not a school library or library operated by non-profit, private organizations or institutions that may be open to the general public. School libraries receive the public benefit allowance in the appropriate school classification.

Educational Museum means a museum that conducts courses on a continuing, not *ad hoc*, basis for students who receive credits from

accredited postsecondary education institutions or school systems.

School Outdoor Education means a separate facility for outdoor education as distinguished from components of a basic school. Components of a school such as playgrounds and athletic fields receive the basic allowance applicable for that type of school. The outdoor education must be located reasonably near the school system and may be open to and used by the general public, but only if the educational program for which the property is conveyed is given priority of use. This category does not include components of the school such as playgrounds and athletic fields, that are utilized during the normal school year, and are available to all students.

Central Administrative and/or Service Center means administrative office space, equipment storage areas, and similar facilities.

DESCRIPTION OF ALLOWANCES

Basic Public Benefit Allowance means an allowance that is earned by an applicant that satisfies the requirements of §12.10 of this part.

ORGANIZATION ALLOWANCE

Accreditation means an allowance that is earned by any postsecondary educational institution, including a vocational or trade school, that is accredited by an accrediting agency recognized by the Secretary under 34 CFR part 602.

Federal Impact means an allowance that is earned by any local educational agency (LEA) qualifying for Federal financial assistance as the result of the impact of certain Federal activities upon a community, such as the following under Public Law 81-874 and Public Law 81-815: to any LEA charged by law with responsibility for education of children who reside on, or whose parents are employed on, Federal property, or both; to any LEA to which the Federal Government has caused a substantial and continuing financial burden as the result of the acquisition of a certain amount of Federal property since 1938; or to any LEA that urgently needs minimum school facilities due to a substantial increase in school membership as the result of new or increased Federal activities.

Public Services Training means an allowance that is earned if the applicant has cadet or ROTC units or other personnel training contracts for the Federal or State governments. This is given to a school system only if the particular school receiving the property furnishes that training.

Hardship means an allowance earned by an applicant that has suffered a significant facility loss because of fire, storm, flood, other disaster, or condemnation. This allowance is also earned if unusual conditions exist such as isolation or economic factors that require special consideration.

Inadequacies of Existing Facilities means an allowance that is earned on a percentage basis depending on the degree of inadequacy considering both public and nonpublic facilities. Overall plant requirements are determined based on the relationship between the maximum enrollment accommodated in the present facilities, excluding double and night sessions and the anticipated enrollment if the facilities are transferred. Inadequacies may be computed for a component school unit such as a school farm, athletic field, facility for home economics, round-out school site, cafeteria, auditorium, teacherages, faculty housing, etc., only if the component is required to meet State standards. In that event, the State Department of Education will be required to provide a certification of the need. Component school unit inadequacies may only be related to a particular school and not to the entire school system.

UTILIZATION ALLOWANCES

Introduction of New Instructional Programs means an allowance that is earned if the proposed use of the property indicates that new programs will be added at a particular

school. Examples of these new programs include those for vocational education, physical education, libraries, and similar programs.

Student Health and Welfare means an allowance that is earned if the proposed program and plan of use of the property provides for cafeteria, clinic, infirmary, bus loading shelters, or other uses providing for the well-being and health of students and eliminating safety and health hazards.

Research means an allowance that is earned if the proposed use of the property will be predominantly for research by faculty or graduate students under school auspices, or other primary educational research.

Service to Handicapped means an allowance that is earned if the proposed program and plan of use for the property will be for special education for the physically or mentally handicapped.
