 907.12 Preparation of an environmental assessment.
 907.13 Public involvement.
 907.14 Corporation decision making procedures.
 907.15 Approval of private development proposals.
 907.16 Actions where lead Agency designation is necessary.

APPENDIX A TO PART 907

AUTHORITY: 40 U.S.C. 875(8); 42 U.S.C. 4321.

SOURCE: 47 FR 8768, Mar. 2, 1982, unless otherwise noted.

§ 907.1 Policy.

The Pennsylvania Avenue Development Corporation's policy is to:

- (a) Use all practical means, consistent with the Corporation's statutory authority, available resources, and national policy, to protect and enhance the quality of the human environment;
- (b) Ensure that environmental factors and concerns are given appropriate consideration in decisions and actions by the Corporation;
- (c) Use systematic and timely approaches which will ensure the integrated use of the natural and social sciences and environmental design arts in planning and decision making which may have an impact on the human environment;
- (d) Develop and utilize ecological and other environmental information in the planning and development of projects implementing the Plan;
- (e) Invite the cooperation and encourage the participation, where appropriate, of Federal, District of Columbia, and regional authorities and the public in Corporation planning and de-

cision-making processes, which affect the quality of the human environment; and

- (f) Minimize any possible adverse effects of Corporation decisions and actions upon the quality of the human environment.

§ 907.2 Purpose.

These regulations are prepared to supplement Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act of 1969, as amended, and describe how the Pennsylvania Avenue Development Corporation intends to consider environmental factors and concerns in the Corporation's decision making process.

§ 907.3 Definitions.

(a) *CEQ Regulations* means the regulations for implementing the procedural provisions of the National Environmental Policy Act of 1969 as promulgated by the Council on Environmental Quality, Executive Office of the President, appearing at 40 CFR parts 1500-1509 (43 FR 55978-56007) and to which this part is a supplement.

(b) *The Act of October 27, 1972* or *Act* means the Pennsylvania Avenue Development Corporation Act of 1972, Pub. L. 92-578, October 27, 1972, 86 Stat. 1266 (40 U.S.C. 871).

(c) *The Plan* means The Pennsylvania Avenue Plan—1974, prepared by the Pennsylvania Avenue Development Corporation pursuant to the Act of October 27, 1972.

(d) *The Corporation* means the Pennsylvania Avenue Development Corporation, a wholly owned government corporation of the United States created by the Act of October 27, 1972.

(e) *Board of Directors* means the governing body of the Corporation in which the powers and management of the Corporation are vested by the Act of October 27, 1972.

(f) *EIS* means an environmental impact statement as defined in § 1508.11 of the CEQ Regulations.

(g) *Final EIS* means The Final Environmental Impact Statement, dated September 1974, prepared by the Corporation on The Pennsylvania Avenue Plan—1974.

(h) *Development Area* means the area under the Corporation's jurisdiction as specified in section 2(f) of the Act of October 27, 1972 and for which The Plan has been prepared and will be implemented by the Corporation.

(i) *Decision Maker* means the Board of Directors, unless a delegation to the Chairman, a member or committee of the Board of Directors, or the Executive Director has been made by the By-laws of the Corporation, a resolution of the Board of Directors, or an appropriate written delegation of authority.

(j) *Private Developer* means an individual, firm, joint venture, or other entity other than the Corporation which seeks to construct, reconstruct, rehabilitate, or restore real property within the development area.

(k) Other terms used in this part are defined in 40 CFR part 1508 of the CEQ Regulations.

§ 907.4 Designation of responsible Corporation official.

The Development Director is the Corporation official responsible for implementation and operation of the Corporation's policies and procedures on environmental quality and control.

§ 907.5 Specific responsibilities of designated Corporation official.

(a) Coordinate the formulation and revision of Corporation policies and procedures on matters pertaining to environmental protection and enhancement.

(b) Establish and maintain working relationships with relevant government agencies concerned with environmental matters.

(c) Develop procedures within the Corporation's planning and decision-making processes to ensure that environmental factors are properly considered in all proposals and decisions in accordance with this part.

(d) Develop, monitor, and review the Corporation's implementation of standards, procedures, and working relationships for protection and enhancement of environmental quality and compliance with applicable laws and regulations.

(e) Monitor processes to ensure that the Corporation's procedures regarding

consideration of environmental quality are achieving their intended purposes.

(f) Advise the Board of Directors, officers, and employees of the Corporation of technical and management requirements of environmental analysis, of appropriate expertise available, and, with the assistance of the Office of the General Counsel, of relevant legal developments.

(g) Monitor the consideration and documentation of the environmental aspects of the Corporation's planning and decisionmaking processes by appropriate officers and employees of the Corporation.

(h) Ensure that all environmental assessments and, where required, all EIS's are prepared in accordance with the appropriate regulations adopted by the Council on Environmental Quality and the Corporation, and are submitted with all proposed legislation.

(i) Consolidate and transmit to appropriate parties the Corporation's comments on EIS's and other environmental reports prepared by other agencies.

(j) Acquire information and prepare appropriate reports on environmental matters required of the Corporation. Information collection activities will be conducted in accordance with the Paperwork Reduction Act of 1980 and approval of OMB will be obtained prior to commencing such activities.

(k) Coordinate Corporation efforts to make available to other parties information and advice on the Corporation's policies for protecting and enhancing the quality of the environment.

§ 907.6 Major decision points.

(a) The possible environmental effects of a proposed action or project must be considered along with technical, economic, and other factors throughout the decisionmaking process. For most Corporation projects there are three distinct stages in the decision making process:

- (1) Conceptual or preliminary stage;
- (2) Detailed planning or final approval stage;
- (3) Implementation stage.

(b) Environmental review will be integrated into the decision making process of the Corporation as follows:

§ 907.7

36 CFR Ch. IX (7-1-24 Edition)

(1) During the conceptual or preliminary approval study stage, the responsible Corporation official shall determine whether the proposed action or project is one which is categorically excluded, requires an environmental assessment or an EIS.

(2) Prior to proceeding from the conceptual or preliminary approval stage to the detailed planning or final approval stage, an environmental assessment and the determination as to whether an EIS is required must be completed.

(3) An EIS, if determined necessary, must be completed and circulated prior to the decision to proceed from the detailed planning stage to implementation.

§ 907.7 Determination of requirement for EIS.

Determining whether to prepare an environmental impact statement is the first step in applying the NEPA process. In deciding whether to prepare an environmental impact statement, the responsible Corporation official will determine whether the proposal is one that:

(a) Normally requires an environmental impact statement.

(b) Normally does not require either an environmental impact statement or an environmental assessment (categorical exclusion).

(c) Normally requires an environmental assessment, but not necessarily an environmental impact statement.

§ 907.8 Actions that normally require an EIS.

PADC shall perform or have performed an environmental assessment to determine if a proposal requires an environmental impact statement. However, it may be readily apparent that a proposed action will have a significant impact on the environment; in such cases, an environmental assessment is not required and PADC will immediately begin to prepare or have prepared the environmental impact statement. To assist in determining if a proposal or action normally requires the preparation of an environmental impact statement, the following criteria and categories of action are provided.

(a) *Criteria.* Criteria used to determine whether or not actions or proposals may significantly affect the environment and therefore require an environmental impact statement are described in 40 CFR 1508.27 of the CEQ Regulations and as follows:

(1) Buildings or facades designated for retention in the Plan will be adversely affected by the proposal or action.

(2) Traffic generated by the proposal or action would represent a substantial increase over the traffic projections assessed in the Final EIS in the average daily traffic volume on avenues and streets within the Development Area or its environs;

(3) Air quality in the Development Area and its environs would be substantially affected by the proposal or action based upon the District of Columbia's adopted standard for hydrocarbons and carbon monoxide;

(4) Solid waste disposal generated by a project of the Corporation or of a developer who is constructing, reconstructing, or rehabilitating that project, would have an adverse effect on the capacity of the relevant solid waste disposal facility and compliance with "Solid Waste Management Guidelines" of the U.S. Environmental Protection Agency and related local and regional controls;

(5) Public utilities have insufficient capacity to provide reliable service to a project within the Development Area; and

(6) A project will be inconsistent with major elements of the Zoning Regulations of the District of Columbia as they are applicable to the Development Area.

(b) *Categories of action.* The following categories of action normally require an environmental impact statement:

(1) Amendments or supplements to the Plan that constitute a "substantial change" to the Plan as defined in 40 U.S.C. 874(c) of the Act.

(2) Acquisition or disposal of real property by the Corporation *not* related to any specific decision, plan, or program adopted by the Board of Directors of the Corporation for which an environmental assessment or an assessment and an EIS has been prepared.

(3) Legislative proposals made to Congress.

(4) Funding and/or construction by the Corporation or its agents or representatives of any building, if that activity is not consistent with the Plan and the Final EIS.

§ 907.9 Preparation of an EIS.

(a) *Notice of intent.* When PADC decides to prepare an environmental impact statement, it shall publish a notice of intent in the FEDERAL REGISTER in accordance with 40 CFR 1501.7 and 1508.22 of the CEQ Regulations.

(b) *Preparation.* After determining that an environmental impact statement will be prepared and publishing the notice of intent, PADC will begin to prepare or have prepared the environmental impact statement. Procedures for preparing the environmental impact statement are set forth in 40 CFR part 1502, CEQ Regulations.

(c) *Supplemental environmental impact statements.* PADC may supplement a draft or final environmental impact statement at any time. PADC shall prepare a supplement to either the draft or final environmental impact statement when (1) substantial changes are proposed to an action contained in the draft or final EIS that are relevant to environmental concerns or there are significant new circumstances or information relevant to environmental concerns and bearing on the proposed action or its impacts; or (2) actions are proposed which relate or are similar to other action(s) taken or proposed and that together will have a cumulatively significantly impact on the environment.

§ 907.10 Categorical exclusion.

The CEQ Regulations provide for the categorical exclusion (40 CFR 1508.4) of actions that do not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required for such actions.

(a) *Criteria.* Criteria used to determine those categories of action that normally do not require either an environmental impact statement or an environmental assessment include:

(1) The action or proposal is consistent with the Plan or the Act, and the environmental effects have been previously analyzed in the Final EIS, a supplement thereto, or in an environmental assessment or an EIS previously prepared; or

(2) The total estimated cost directly attributable to the action or proposal does not exceed \$500,000; or

(3) The action or proposal is related solely to internal administrative operations of the Corporation.

(b) *List of categorical exclusions.* Categories of action, identified in appendix A (attached) have been determined by PADC to have no significant effect on the human environment and are therefore categorically excluded from the preparation of environmental impact statements and environmental assessments.

(c) *Changes to the list of categorical exclusion.* (1) The PADC List of Categorical Exclusion will be continually reviewed and refined as additional categories are identified and as experience is gained in the categorical exclusion process.

(2) Additional categories of exclusion identified will be submitted to the Chairman of the Board of Directors for review and approval, and for amendments to this part, following public comment and review by the Council on Environmental Quality.

§ 907.11 Actions that normally require an environmental assessment.

If a proposal or action is not one that normally requires an environmental impact statement, and does not qualify for categorical exclusion, PADC will prepare or have prepared an environmental assessment.

(a) *Criteria.* Criteria used to determine those categories of action that normally require an environmental assessment, but not necessarily an environmental impact statement, include:

(1) Potential for minor degradation of environmental quality;

(2) Potential for cumulative impact on environmental quality; and

(3) Potential for impact on protected resources.

(b) *Categories of action.* The following categories of action normally require

§ 907.12

36 CFR Ch. IX (7-1-24 Edition)

the preparation of an environmental assessment.

(1) Amendments to the Plan that do not constitute a “substantial change” to the Plan.

(2) Regulations promulgated by the Corporation that have significant environmental impact on the public or persons residing in the development area including businesses.

(3) Development proposals submitted to the Corporation by private developers that are consistent with the Plan and General Guidelines prepared by the Corporation.

(4) Activities related to the Public Improvements Program of the Corporation for which no previous environmental assessment or EIS has been prepared.

(5) Contracts, work authorizations, and master agreements related to and implementing programs, policies, and proposals not categorically excluded and for which no environmental assessments or for which no environmental assessment and EIS have been previously prepared.

(6) Street closures and other rearrangements of public space which were not covered in the Plan or the Final EIS.

(7) Acquisition/disposal of personal property by the Corporation not related to any specific decision, plan, or program adopted by the Board of Directors of the Corporation for which an environmental assessment or an environmental assessment and an EIS is required to be prepared.

(8) Proposed construction of any public building within the development area by any executive agency of the United States Government, any agency or department of the District of Columbia Government, or any other public or quasi-public entity.

§ 907.12 Preparation of an environmental assessment.

(a) *When to prepare.* PADDC will begin the preparation of an environmental assessment as early as possible after it is determined by the responsible corporation official to be required. PADDC may prepare an environmental assessment at any time to assist planning and decision-making.

(b) *Content and format.* An environmental assessment is a concise public document used to determine whether to prepare an environmental impact statement. An environmental assessment aids in complying with the Act when no environmental impact statement is necessary, and it facilitates the preparation of an environmental impact statement, if one is necessary. The environmental assessment shall contain brief discussions of the following topics:

(1) Purpose and need for the proposed action.

(2) Description of the proposed action.

(3) Alternatives considered, including the No Action alternative.

(4) Environmental effects of the proposed action and alternative actions.

(5) Listing of agencies, organizations or persons consulted.

(6) In preparation of the environmental assessment, the most important or significant environmental consequences and effects on the areas listed below should be addressed. Only those areas which are specifically relevant to the particular proposal should be addressed. Those areas should be addressed in as much detail as is necessary to allow an analysis of the alternatives and the proposal. The areas to be considered are the following:

(i) Natural/ecological features (such as floodplain, wetlands, coastal zones, wildlife refuges, and endangered species);

(ii) Air quality;

(iii) Sound levels;

(iv) Water supply, wastewater treatment and water runoff;

(v) Energy requirements and conservation;

(vi) Solid waste;

(vii) Transportation;

(viii) Community facilities and services;

(ix) Social and economic;

(x) Historic and aesthetic; and

(xi) Other relevant factors.

(c) *Finding of no significant impact.* If PADDC completes an environmental assessment and determines that an environmental impact statement is not required, then PADDC shall prepare a finding of no significant impact. The finding of no significant impact shall be

Pennsylvania Avenue Development Corporation

§ 907.16

made available to the public by PADDC as specified in 40 CFR 1506.6 of the CEQ Regulations.

§ 907.13 Public involvement.

Interested persons may obtain information concerning any pending EIS or any other element of the environmental review process of the Corporation by contacting the Public Information Officer of the Corporation, 1331 Pennsylvania Avenue, NW, Suite 1220 North, Washington, DC 20004, telephone (202) 566-1218.

[47 FR 8768, Mar. 2, 1982, as amended at 50 FR 45824, Nov. 4, 1985]

§ 907.14 Corporation decision making procedures.

To ensure that at major decision making points all relevant environmental concerns are considered by the Decision Maker, the following procedures are established.

(a) An environmental document, i.e., the EIS, Environmental Assessment, Finding of No Significant Impact, or Notice of Intent, in addition to being prepared at the earliest point in the decision making process, shall accompany the relevant proposal or action through the Corporation's decision making process to ensure adequate consideration of environmental factors.

(b) The decision maker shall consider in its decision making process only those decision alternatives discussed in the relevant environmental documents. Also, where an EIS has been prepared, the decision maker shall consider all alternatives described in the EIS. A written record of the consideration of alternatives during the decision making process shall be maintained.

(c) Any environmental document prepared for a proposal or action shall be made part of the record of any formal rulemaking by the Corporation.

§ 907.15 Approval of private development proposals.

(a) Each development proposal submitted by a private developer to the Corporation for its approval, unless categorically excluded, shall require, at a minimum, an environmental assessment.

(b) The Board of Directors may not take any approval action on a submitted development proposal of a private developer until such time as the appropriate environmental review has been prepared and submitted to the Board of Directors.

(c) At a minimum, and as part of any submission made by a private developer to the Board of Directors for its approval, a private developer shall make available data and materials concerning the development proposal sufficient to permit the Corporation to carry out its responsibilities on environmental review. When requested, the developer shall provide additional information that the Corporation believes is necessary to permit it to satisfy its environmental review functions.

(d) As part of a development proposal submission, a private developer may submit an environmental assessment on its development proposal.

(e) Where the responsible Corporation official determines that the preparation of an EIS is required, the EIS shall be prepared in accordance with part 1502 of the CEQ Regulations. The responsible Corporation official may set time limits for environmental review appropriate to each development proposal, consistent with CEQ Regulations 40 CFR 1601.8 and 1506.10.

(f) The responsible Corporation official shall at the earliest possible time ensure that the Corporation commences its environmental review on a proposed development project and shall provide to a private developer any policies or information deemed appropriate in order to permit effective and timely review by the Corporation of a development proposal once it is submitted to the Board of Directors for approval. The official shall designate, for the benefit of the developer, staff members of the Corporation to advise the developer with regard to information that may be required in order to accomplish the Corporation's environmental review.

§ 907.16 Actions where lead Agency designation is necessary.

(a) Consistent with CEQ Regulations, § 1501.5, where a proposed action by the Corporation involves one or more other

Federal agencies, or where a group of actions by the Corporation and one or more other Federal agencies are directly related to each other because of their functional interdependence or geographical proximity, the Corporation will seek designation as lead agency for those actions that directly relate to implementation of the Plan and those actions that relate solely to the Development Area.

(b) For an action that qualifies as one for which the Corporation will seek designation as lead agency, the Corporation will promptly consult with the appropriate Federal agencies such as the National Capital Planning Commission, the Department of the Interior, and the General Services Administration to establish lead agency and co-operating agency designations.

APPENDIX A TO PART 907

(a) Specific Corporation actions categorically excluded from the requirements for environmental assessment and an EIS are:

- (i) Personnel actions;
- (ii) Administrative actions and operations directly related to the operation of the Corporation (e.g., purchase of furnishings, services, and space acquisition for the Corporation offices);
- (iii) Property management actions related to routine maintenance, operation, upkeep, etc., of real property owned by the Corporation;
- (iv) Review of permit applications relating to minor development activities in the Development Area (sign approval, interior renovations, minor exterior changes to facade, etc.);
- (v) Promulgation of development general and square guidelines that implement the Plan as covered by the Final EIS;
- (vi) Contracts, work authorizations, procurement actions directly related to and implementing proposals, programs, and master agreements for which an environmental assessment or an environmental assessment and an EIS have been prepared, or which are related to administrative operation of the agency;
- (vii) Acquisition/disposal by lease, easement, or sale of real and personal property owned by the Corporation subsequent to and implementing a prior decision of the Board of Directors for which an environmental assessment or an assessment and an EIS were prepared;
- (viii) Activities directly related to and implementing the Public Improvements Program of the Corporation approved by the Board of Directors, and which are covered by

a previously prepared environmental assessment or an environmental assessment and an EIS;

(ix) Demolition actions preparatory for development by the Corporation, other public agencies, or private developers subsequent to approval of development proposals made by the Board of Directors;

(x) Development proposal identical to the requirements of the Plan and which was included in an EIS previously prepared.

(b) An action which falls into one of the above categories may still require the preparation of an EIS or environmental assessment if the designated corporation official determines it meets the criteria stated in §907.8(a) or involves extraordinary circumstances that may have a significant environmental effect.

PART 908—POLICY AND PROCEDURES TO FACILITATE THE RETENTION OF DISPLACED BUSINESSES AND RESIDENTS IN THE PENNSYLVANIA AVENUE DEVELOPMENT AREA

Subpart A—General

Sec.

- 908.1 Policy.
908.2 Purpose.
908.3 Definitions.

Subpart B—Preferential Right To Relocate

- 908.10 Criteria of Qualified Persons.
908.11 List of Qualified Persons.
908.12 Retention on the List of Qualified Persons.
908.13 Rights of Qualified Persons.
908.14 Requirements placed on developers that have acquired or leased real property from the Corporation.
908.15 Requirements placed on developers that have not acquired or leased real property from the Corporation.

Subpart C [Reserved]

Subpart D—Review Procedure

- 908.30 Request for review.
908.31 Time for filing request for review.
908.32 Review procedures.
908.33 Final determination.
