without making an administrative appeal.

## § 2.105 [Reserved]

## § 2.106 Preservation of records.

The Agency shall preserve all correspondence pertaining to the FOIA requests that it receives until disposition or destruction is authorized by title 44 of the United States Code or the National Archives and Records Administration's General Records Schedule 14. Copies of all responsive records should be maintained by the appropriate program office. Records shall not be disposed of while they are the subject of a pending request, appeal, or lawsuit under the FOIA.

## § 2.107 Fees.

(a) *In general.* The Agency will charge for processing requests under the FOIA in accordance with paragraph (c) of this section, except where fees are limited under paragraph (d) of this section or where a waiver or reduction of fees is granted under paragraph (1) of this section. Requesters will pay fees by check or money order made payable to the U.S. Environmental Protection Agency.

(b) *Definitions.* For purposes of this section:

(1) Commercial use request means a request from or on behalf of a person who seeks information for a use or purpose that furthers the requester's commercial, trade, or profit interests, which can include furthering those interests through litigation. The Agency will determine, whenever reasonably possible, the use to which a requester will put the requested records. When it appears that the requester will put the records to a commercial use, either because of the nature of the request itself or because the Agency has reasonable cause to doubt a requester's stated use, the Agency will provide the requester a reasonable opportunity to submit further clarification.

(2) Direct costs means those expenses that the Agency actually incurs in searching for and duplicating (and, in the case of commercial use requests, reviewing) records to respond to a FOIA request. Direct costs include, for example, the salary of the employee

performing the work and the cost of operating duplication equipment. Not included in direct costs are overhead expenses such as the costs of space and heating or lighting of the facility in which the records are kept.

(3) Duplication means the making of a copy of a record, or of the information contained in it, necessary to respond to a FOIA request. Copies can take the form of paper, microform, audiovisual materials, or electronic records (for example, magnetic tape, disk, or compact disk), among others. The Agency will honor a requester's specified preference of form or format of disclosure if the record is readily reproducible with reasonable efforts in the requested form or format.

(4) Educational institution means a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, or an institution of vocational education, that operates a program of scholarly research. To be in this category, a requester must show that the request is authorized by, and is made under the auspices of, a qualifying institution and that the records are not sought for a commercial use but are sought to further scholarly research.

(5) Noncommercial scientific institution means an institution not operated on a "commercial" basis, as defined in paragraph (b)(1) of this section, and that is operated solely for conducting scientific research that is not intended to promote any particular product or industry. To be in this category, a requester must show that a qualifying institution authorizes the request, that the requester makes the request under the auspices of the qualifying institution, and that the requester does not seek the records for a commercial use but to further scientific research.

(6) Representative of the news media has the meaning provided at 5 U.S.C. 552(a)(4)(A)(ii).

(7) Review means the examination of a record located in response to a request to determine whether any portion of it is exempt from disclosure. It also includes processing any record for disclosure (for example, doing all that
