Subpart K—Indian Child Protection and Family Violence Prevention

SOURCE: 67 FR 59467, Sept. 23, 2002, unless otherwise noted.

§ 136.401 Purpose.

(a) The purpose of the regulations in this subpart is to establish minimum standards for Federal employees working in the Indian Health Service (IHS), including standards of character to ensure that individuals having regular contact with or control over Indian children have not been convicted of certain types of crimes as mandated by section 408 of the Indian Child Protection and Family Violence Prevention Act (the "Act"), Public Law (Pub. L.) 101-630, 104 Stat. 4544, 25 U.S.C. 3201-3211, as amended by section 814 of the Native American Laws Technical Corrections Act of 2000. In order to implement these minimum standards of character, these regulations also address:

(1) The efficiency standards to ensure that individuals are qualified for the positions they hold or seek, as mandated by Section 408 of the Act.

(2) Fitness standards to ensure child care service employees are fit to have responsibility for the safety and well-being of children, as mandated by Section 231 of the Crime Control Act of 1990, Pub. L. 101-647, 42 U.S.C. 13041.

(3) Suitability standards to ensure that individuals have not acted in a manner that places others at risk or raised questions about their trustworthiness, as mandated by 5 CFR part 731.

(b) The Act requires that Tribes or Tribal organizations who receive funds under the Indian Self-Determination and Education Assistance Act (ISDEA), Pub. L. 93-638, employ individuals in positions involving regular contact with or control over Indian children only if the individuals meet standards of character no less stringent than those prescribed under these regulations. Thus, the minimum standards of character as defined in these regulations will become the basis for Tribes or Tribal organizations to use when developing their own minimum standards of character that cannot be less stringent than as prescribed herein.

§ 136.402 Policy.

In enacting the Indian Child Protection and Family Violence Prevention Act, (the "Act") the Congress recognized there is no resource more vital to the continued existence and integrity of Indian Tribes than their children and that the United States has a direct interest, as trustee, in protecting Indian children who are members of, or are eligible for membership in, an Indian Tribe. The minimum standards of character as prescribed by the regulations in this subpart are intended to ensure that Indian children are protected.

§ 136.403 Definitions.

Crimes against Persons means a crime that has as an element the use, attempted use, or threatened use of physical force or other abuse of a person and includes, but is not limited to, homicide; assault; kidnapping; false imprisonment; reckless endangerment; robbery; rape; sexual assault, molestation, exploitation, contact, or prostitution; and other sexual offenses. In determining whether a crime falls within this category, the applicable Federal, State, or Tribal law under which the individual was convicted or pleaded guilty or nolo contendere shall be controlling.

Crimes of violence means a crime that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or any other crime that is a felony and that, by its nature, involves substantial risk that physical force against the person or property of another may be used in the course of committing the crime. In determining whether a crime falls within this category, reference may be made to the applicable Federal, State, or Tribal law under which the individual was convicted or pleaded guilty or nolo contendere.

Indian means any individual who is a member of an Indian Tribe, as defined below.

Indian child means any unmarried person under the age of eighteen who is either a member of an Indian Tribe or eligible for membership in an Indian Tribe and is the biological child of a member of an Indian Tribe.

Indian Tribe means any Indian Tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601 *et seq.*, which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Individuals means persons with duties and responsibilities that involve regular contact with or control over Indian children and includes but is not limited to the following:

(a) Persons in the competitive or accepted service (including temporary employment), the Commissioned Corps, or the Senior Executive Service in the IHS;

(b) Persons who perform service for or under the supervision of the IHS while being permanently assigned to another IHS office or to another organization, such as a Federal agency, State, or Tribe;

(c) Persons who volunteer to perform services in IHS facilities;

(d) Persons who contract with the IHS to perform services in IHS facilities.

Must or shall indicates a mandatory or imperative act or requirement.

Offenses against children means any felonious or misdemeanor crime under Federal, State, or Tribal law committed against a victim that has not attained the age of eighteen years. In determining whether a crime falls within this category, the applicable Federal, State, or Tribal law under which the individual was convicted or pleaded guilty or nolo contendere shall be controlling.

Regular contact with or control over an Indian child means responsibility for an Indian child(ren) within the scope of the individual's duties and responsibilities or contact with an Indian child(ren) on a recurring and foreseeable basis.

Tribal Organization as defined in the ISDEA, means the recognized governing body of any Indian Tribe or any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities.

§ 136.404 What does the Indian Child Protection and Family Violence Prevention Act require of the IHS and Indian Tribes or Tribal organizations receiving funds under the ISDEA?

(a) The IHS must compile a list of all authorized positions with duties and responsibilities that involve regular contact with or control over Indian children; investigate the character of each individual who is employed or is being considered for employment in such a position; and prescribe minimum standards of character that each individual must meet to be appointed or employed in such positions.

(b) All Indian Tribes or Tribal organizations receiving funds under the authority of the ISDEA must identify those positions that permit regular contact with or control over Indian children; conduct an investigation of the character of each individual who is employed or is being considered for employment in a position that involves regular contact with or control over Indian children; and employ only individuals who meet standards of char-

acter that are no less stringent than those prescribed by regulations in this subpart.

§ 136.405 What are the minimum standards of character for individuals placed in, or applying for, a position that involves regular contact with or control over Indian children?

The minimum standards of character shall mean a benchmark of moral, ethical, and emotional strengths established by character traits and past conduct to ensure that the individual is competent to complete his/her job without harm to Indian children. In order to protect Indian children, the IHS has established minimum standards of character requiring completion of a satisfactory background investigation that ensures that no individuals who have been found guilty of, or entered a plea of nolo contendere or guilty to, any felonious offense or any of two or more misdemeanor offenses under Federal, State, or Tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact, or prostitution; crimes against persons; or offenses committed against children, are placed in positions involving regular contact with or control over Indian children.

§ 136.406 Under what circumstances will the minimum standards of character be considered to be met?

The minimum standards of character shall be considered met only after the individual has been the subject of a satisfactory background investigation. The background investigation shall include a review of:

(a) The individual's trustworthiness, through inquiries with the individual's references and places of employment and education;

(b) A criminal history background check, which includes a fingerprint check through the Criminal Justice Information Services Division of the Federal Bureau of Investigation (FBI), under procedures approved by the FBI, and inquiries to State and Tribal law enforcement agencies for the previous five years of residence listed on the individual's application; and

(c) A determination as to whether the individual has been found guilty of

§ 136.407

or entered a plea of nolo contendere or guilty to any felonious offense or any of two or more misdemeanor offenses under Federal, State, or Tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact, or prostitution; crimes against persons; or offenses committed against children.

§ 136.407 Under what circumstances should a conviction, or plea of nolo contendere or guilty to, be considered if there has been a pardon, expungement, set aside, or other court order of the conviction or plea?

All convictions or pleas of nolo contendere or guilty to should be considered in making a determination unless a pardon, expungement, set aside or other court order reaches the plea of guilty, plea of nolo contendere, or the finding of guilt.

§ 136.408 What are other factors, in addition to the minimum standards of character, that may be considered in determining placement of an individual in a position that involves regular contact with or control over Indian children?

(a) All Federal employees are subject to suitability criteria contained in 5 CFR part 731 as a condition of employment.

(b) Section 231 of the Crime Control Act of 1990, Pub. L. 101-647, 42 U.S.C. 13041, provides that an individual may be disqualified from consideration or continuing employment if such individual has been convicted of a sex crime, an offense involving a child victim or a drug felony, or any other crime if such conviction bears on an individual's fitness to have responsibility for the safety and well-being of children.

(c) Tribes or Tribal organizations may but are not required to apply additional criteria in determining whether an individual is suitable for a position with duties and responsibilities that involve regular contact with or control over Indian children. Any additional suitability criteria established by Tribes or Tribal organizations beyond the minimum standards of character described in §136.405 and §136.406 would be determined by each individual Tribe

42 CFR Ch. I (10-1-24 Edition)

or Tribal organization in accordance with its own personnel policies and procedures.

§ 136.409 What positions require a background investigation and determination of eligibility for employment or retention?

(a) All positions that allow an individual regular contact with or control over Indian children are subject to a background investigation and determination of eligibility for employment. The IHS has compiled a list of positions within the agency in which the duties and responsibilities could involve regular contact with or control over Indian children. The list will be periodically updated and made available at all IHS Personnel Offices upon request. Positions should be reviewed on a case-by-case basis to determine whether the individual in that position has regular contact with or control over Indian children.

(b) Tribes and Tribal organizations may use the list compiled by the IHS or develop their own procedures to determine within their program those positions that involve regular contact with or control over Indian children.

§ 136.410 Who conducts the background investigation and prepares determinations of eligibility for employment?

(a) The IHS must use the Office of Personnel Management (OPM) to conduct background investigations for Federal employees. The IHS must designate qualified security personnel to adjudicate the results of background investigations.

(b) Indian Tribes and Tribal organizations may conduct their own background investigations, contract with private firms, or may request that a Federal or State agency conduct investigations. (FBI criminal history record information, however, may only be received or evaluated by governmental agencies, including Tribes or Tribal organizations as defined in these regulations at §136.403, and may not be disseminated to private entities.)

§ 136.411 Are the requirements for IHS adjudication different from the requirements for Indian Tribes and Tribal organizations?

Yes, in conducting background investigations and adjudicating eligibility for employment in Tribal positions that allow regular contact with or control over Indian children, Indian Tribes or Tribal organizations may, but are not required to, adopt portions of the rules in this subpart that are specifically applicable to employment with the IHS.

§ 136.412 What questions must the IHS ask as part of the background investigation?

(a) Applications for employment with the IHS must include the following questions:

(1) Has the individual been arrested or charged with a crime involving a child? If yes, the individual must provide the date, explanation of the violation, disposition of the arrest or charge, place of occurrence, and the name and address of the police department or court involved.

(2) Has the individual ever been found guilty of, or entered a plea of nolo contendere or guilty to, any felonious or misdemeanor offense, under Federal, State, or Tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact, or prostitution; crimes against persons; or offenses committed against children? If yes, the individual must provide an explanation of the violation, place of occurrence, date and disposition of the court proceeding, and the name and address of the police department or court involved.

(b) The IHS must require that the individual sign, under penalty of perjury, a statement verifying the truth of all information provided in the employment application and acknowledging that knowingly falsifying or concealing a material fact is a felony that may result in fines up to \$10,000 or five years imprisonment, or both.

(c) The IHS must inform the individual that a criminal history record check is a condition of employment and require the individual to consent in writing to a criminal history record check.

§ 136.413 What protections must the IHS and Tribes or Tribal organizations provide to individuals undergoing a background investigation?

(a) The IHS must comply with all policies, procedures, criteria, and guidance contained in other appropriate guidelines, such as the OPM policies, procedures, criteria, and guidance. Questions asked in § 136.412 will be added as an addendum to item #16 of the OPM Optional Form 306, "Declaration for Federal Employment." The information is collected as part of the OPM Optional Form 306 and is safeguarded in accordance with Privacy Act provisions.

(b) Indian Tribes and Tribal organizations must comply with the privacy requirements of the Federal, State, or other Tribal agency providing the background investigations. Indian Tribes and Tribal organizations may establish their own procedures that safeguard information derived from background investigations.

§ 136.414 How does the IHS determine eligibility for placement or retention of individuals in positions involving regular contact with Indian children?

(a) Adjudication is the process IHS uses to determine eligibility for placement or retention of individuals in positions involving regular contact with Indian children. The adjudication process protects the interests of the employer and the right of applicants and employees. Adjudication requires uniform evaluation to ensure fair and consistent judgment.

(b) Each case is judged on its own merits. All available information, both favorable and unfavorable, should be considered and assessed in terms of accuracy, completeness, relevance, seriousness, overall significance, and how similar cases have been handled in the past.

(c) The adjudicating official who conducts the adjudication must first have been the subject of a favorable background investigation.

(d) Each adjudicating official must be thoroughly familiar with all laws, regulations, and criteria involved in making a determination for eligibility.

§ 136.415

42 CFR Ch. I (10–1–24 Edition)

(e) The adjudicating official must review the background investigation to determine the character, reputation, and trustworthiness of the individual. At a minimum, the background investigation must:

(1) Review each security investigation form and employment application and compare the information provided.

(2) Review the results of written record searches requested from local law enforcement agencies, former employers, former supervisors, employment references, and schools.

(3) Review the results of the fingerprint charts maintained by the FBI or other law enforcement information maintained by other agencies.

(4) Review any other information obtained through a background investigation, including the results of searches by State human services agencies, the OPM National Agency Check and Inquiries, the OPM Security/Suitability Investigations Index, and the Defense Clearance and Investigations Index.

(5) Determine whether the individual has been found guilty of, or entered a plea of *nolo contendere* or guilty to, any felonious offense, or any of two or more misdemeanor offenses under Federal, State, or Tribal law, involving crimes of violence; sexual assault, molestation, exploitation, contact, or prostitution; crimes against persons; or offenses committed against children.

(f) After an opportunity has been afforded the individual to respond, pursuant to §136.415, and it is adjudicated that the individual has been found guilty of or entered a plea of *nolo contendere* or guilty to an enumerated offense under paragraph (e)(5) of this section, that individual shall not be placed or retained in a position involving regular contact with or control over Indian children.

(g) For individuals who have been determined to be ineligible for employment in positions having regular contact with or control over Indian children, the IHS may use Federal adjudicative standards to certify that an individual is suitable for employment in a position, if available, that does not involve regular contact with or control over Indian children. The adjudicating official must determine that the individual's prior conduct will not inter-

fere with the performance of duties and will not create a potential risk to the safety and well-being of any Indian children after consideration of the following factors:

(1) The nature and seriousness of the conduct in question.

(2) The recency and circumstances surrounding the conduct in question.

(3) The age of the individual at the time of the incident.

(4) Societal conditions that may have contributed to the nature of the conduct.

(5) The probability that the individual will continue the type of behavior in question.

(6) The individual's commitment to rehabilitation and a change in the behavior in question.

(7) The degree of public trust and the possibility the public would be placed at risk if the individual is appointed to the position.

§136.415 What rights does an individual have during this process?

(a) The individual must be provided an opportunity to explain, deny, or refute unfavorable and incorrect information gathered in an investigation, before the adjudication is final. He/she should receive a written summary of all derogatory information and be informed of the process for explaining, denying, or refuting unfavorable information.

(b) The adjudicating officials must not release the actual background investigative report to an individual. However, they may issue a written summary of the derogatory information.

(c) The individual who is the subject of a background investigation may request, to the extent permissible by law, a copy of the reports from the originating (Federal, State, or other Tribal) agency and challenge the accuracy and completeness of any information maintained by that agency.

(d) The results of an investigation cannot be used for any purpose other than to determine eligibility for employment in a position that involves regular contact with or control over Indian children.

(e) Investigative reports contain information of a highly personal nature

and must be maintained confidentially and secured in locked files. Investigative reports must be seen only by those officials who, in performing their official duties, need to know the information contained in the report.

§ 136.416 When should the IHS deny employment or dismiss an employee?

The IHS must deny employment to an individual or dismiss an employee, when the duties and responsibilities of the position the individual person would hold or holds involve regular contact with or control over Indian children, and it has been adjudicated, pursuant to § 136.414 and § 136.415, that the individual has been found guilty of, or entered a plea of guilty or nolo contendere to, any felonious offense, or any of two or more misdemeanor offenses, under Federal, State or Tribal law involving a crime of violence; sexual assault, molestation, exploitation, contact, or prostitution; crimes against persons; or offenses committed against children. The IHS has the discretion to place such an individual in a position, if available, that does not involve regular contact with or control over Indian children, if a determination has been made that such placement would not put Indian children at risk and the individual would be able to perform the duties and responsibilities of this position.

§ 136.417 May the IHS hire individuals pending completion of a background investigation?

Pursuant to section 231 of the Crime Control Act of 1990, Pub. L. 101-647, 42 U.S.C. 13041, as amended by Pub. L. 102-190, the IHS may hire provisionally individuals as defined in these regulations, prior to the completion of a background investigation if, at all times prior to receipt of the background investigation during which children are in the care of the individual, the individual is within the sight and under the supervision of a staff person and a satisfactory background investigation has been completed on that staff person.

§ 136.418 What should the IHS do if an individual has been charged with an offense but the charge is pending or no disposition has been made by a court?

(a) The IHS may deny the applicant employment until the charge has been resolved.

(b) The IHS may deny the employee any on-the-job contact with children until the charge is resolved.

(c) The IHS may detail or reassign the employee to other duties that do not involve regular contact with children.

(d) The IHS may place the employee on indefinite suspension, in accordance with statutory and regulatory requirements, until the court has disposed of the charge.

Subpart L—Indian Catastrophic Health Emergency Fund

SOURCE: 89 FR 70533, Aug. 30, 2024, unless otherwise noted.

EFFECTIVE DATE NOTE: At 89 FR 70533, Aug. 30, 2024, Subpart L is added, effective Oct. 29, 2024.

§ 136.501 Definitions.

Alternate resources means health care resources other than those of the Indian Health Service (IHS or Service). Such resources include health care providers and institutions, and health care programs for the payment of health services including but not limited to programs under title XVIII or XIX of the Social Security Act (*i.e.*, Medicare, Medicaid), State or local health care programs, and private insurance.

Catastrophic Health Emergency Fund (CHEF) means the fund established by Congress to reimburse extraordinary medical expenses incurred for catastrophic illnesses and disasters paid by a purchased/referred care (PRC) program of the IHS, whether such program is carried out by the IHS or an Indian Tribe or Tribal Organization under the Indian Self-Determination and Education Assistance Act (ISDEAA).

Catastrophic illness refers to a medical condition that is costly by virtue of the intensity and/or duration of its treatment. Examples of conditions that frequently require multiple hospital

§ 136.502

42 CFR Ch. I (10–1–24 Edition)

stays and extensive treatment are cancer, burns, premature births, cardiac disease, end-stage renal disease, strokes, trauma-related cases such as automobile accidents and gunshot wounds, and some mental disorders. The CHEF is intended to insulate the IHS and Tribal PRC operations from financial disruption caused by the intensity of expenses incurred as a result of high cost illnesses and/or disasters.

Disaster means a situation that poses a significant level of threat to life or health or causes loss of life or health stemming from events such as tornadoes, earthquakes, floods, catastrophic accidents, epidemics, fires, and explosions. The CHEF is intended to insulate the IHS and Tribal PRC operations from financial disruption caused by the intensity of expenses incurred as a result of high cost illnesses and/or disasters.

Episode of care means the period of consecutive days for a discrete health condition during which reasonable and necessary medical services related to the condition occur.

Purchased/referred care means any health service that is—

(1) Delivered based on a referral by, or at the expense of, an Indian health program; and

(2) Provided by a public or private medical provider or hospital which is not a provider or hospital of the Indian health program.

Service Unit means an administrative entity of the Service or a Tribal Health Program through which services are provided, directly or by contract, to eligible Indians within a defined geographic area.

Threshold cost means the annual designated amount above which incurred medical costs will be considered for the CHEF reimbursement after a review of the authorized expenses and diagnosis.

§ 136.502 Purpose of this subpart.

The CHEF is authorized by section 202 of the Indian Health Care Improvement Act (IHCIA) [25 U.S.C. 1621a]. The CHEF is administered by the Secretary, Department of Health and Human Services (HHS) (“the Secretary”) acting through the Headquarters of IHS, solely for the purpose of meeting extraordinary medical costs

associated with treatment of victims of disasters or catastrophic illnesses who are within the responsibility of the Service. This subpart:

(a) Establishes definitions of terms governing the CHEF, including definitions of disasters and catastrophic illnesses for which the cost of treatment provided under contract would qualify for payment from the CHEF;

(b) Establishes a threshold level for reimbursement for the cost of treatment;

(c) Establishes procedures for reimbursement of the portion of the costs incurred by Service Units that exceeds such threshold costs, including procedures for when the exigencies of the medical circumstances warrant treatment prior to the authorization of such treatment by the Service; and

(d) Establishes procedures for reimbursements pending the outcome or payment by alternate resources.

§ 136.503 Threshold cost.

A Service Unit shall not be eligible for reimbursement from the CHEF until its cost of treating any victim of a catastrophic illness or disaster for an episode of care has reached a certain threshold cost.

(a) The threshold cost shall be established at the level of \$19,000 for fiscal year 2024.

(b) The threshold cost in subsequent years shall be calculated from the threshold cost of the previous year, increased by the percentage increase in the medical care expenditure category of the Consumer Price Index for all urban consumers (United States city average) for the 12-month period ending with December of the previous year. The revised threshold costs shall be published yearly in the FEDERAL REGISTER.

§ 136.504 Reimbursement procedure.

Service Units whose scope of work and funding include the purchase of medical services from private or public vendors under PRC are eligible to participate. The CHEF payments shall be based only on valid PRC expenditures, including expenditures for exigent medical circumstances without prior PRC authorization. Reimbursement

from the CHEF will not be made if applicable PRC requirements are not followed.

(a) *Claim submission.* Requests for reimbursement from the CHEF must be submitted to the appropriate IHS Area Office. Area PRC programs will review requests for reimbursement to ensure compliance with PRC requirements, including but not limited to: patient eligibility, medical necessity, notification requirements for emergent and non-emergent care, medical priorities, allowable expenditures, and eligibility for alternate resources. Following this review, Area PRC programs may provide Service Units an opportunity to submit missing information or to resubmit documents that are indecipherable. Area PRC programs will then forward all requests to the Division of Contract Care, along with any recommendations or observations from the Area PRC program regarding compliance with PRC or other CHEF requirements. The Division of Contract Care will adjudicate the claim based upon an independent review of the claim documentation, but it may consider any recommendations or observations from the Area PRC program.

(b) *Content of claims.* All claims submitted for reimbursement may be submitted electronically utilizing the secure IHS system(s) established for this purpose or may be submitted in paper form but must include:

(1) A fully completed Catastrophic Health Emergency Fund Reimbursement Request Form.

(2) A statement of the provider's charges on a form that complies with the format required for the submission of claims under title XVIII of the Social Security Act. For example, charges may be printed on forms such as the Centers for Medicare & Medicaid Services (CMS) 1500, UB-04 (formerly CMS-1450), American Dental Association (ADA) dental claim form, or National Council for Prescription Drug Program (NCPDP) universal claim forms. The forms submitted for review must include specific appropriate diagnostic and procedure codes.

(3) An explanation of benefits or statement of payment identifying how much was paid to the provider by the Service Unit for the catastrophic ill-

ness or disaster. Payments to the patient or any other entity are ineligible for the CHEF reimbursement.

(4) The Division of Contract Care may request additional medical documentation describing the medical treatment or service provided, including but not limited to discharge summaries and/or medical progress notes. Cases may be submitted for 50% reimbursement of eligible expenses pending discharge summaries. Medical documentation must be received to close the CHEF case.

(c) *Limitation of funds and reimbursement procedure.* Because of the limitations of funds, full reimbursement cannot be guaranteed on all requests and will be based on the availability of funds at the time the IHS processes the claim. To the extent funds are available, the CHEF funds may not be used to cover the cost of services or treatment for which the funds were not approved. Unused funds, including but not limited to, funds unused due to overestimates, alternate resources, and cancellations must be returned to the CHEF.

§ 136.505 Reimbursable services.

The costs of catastrophic illnesses and disasters for distinct episodes of care are eligible for reimbursement from the CHEF in accordance with the medical priorities of the Service. Only services that are related to a distinct episode of care will be eligible for reimbursement. Some of the services that may qualify for reimbursement from the fund are:

- (a) Emergency treatment.
- (b) Emergent and acute inpatient hospitalization.
- (c) Ambulance services; air and ground (including patient escort travel costs).
- (d) Attending and consultant physician.
- (e) Functionally required reconstructive surgery.
- (f) Prostheses and other related items.
- (g) Reasonable rehabilitative therapy exclusive of custodial care not to exceed 30 days after discharge.
- (h) Skilled nursing care when the patient is discharged from the acute process to a skilled nursing facility.

§ 136.506

42 CFR Ch. I (10-1-24 Edition)

§ 136.506 Alternate resources.

(a) Expenses paid by alternate resources are not eligible for payment by PRC or reimbursement by the CHEF. No payment shall be made from the CHEF to any Service Unit to the extent that the provider of services is eligible to receive payment for the treatment from any other Federal, State, local, or private source of reimbursement for which the patient is eligible. A patient shall be considered eligible for such resources and no payment shall be made from the CHEF if:

(1) The patient is eligible for alternate resources; or

(2) The patient would be eligible for alternate resources if he or she were to apply for them; or

(3) The patient would be eligible for alternate resources under Federal, State, or local law or regulation but for the patient's eligibility for PRC, or other health services, from the Indian Health Service or Indian Health Service funded programs.

(b) Patients are not required to expend personal resources for health services to meet alternate resource eligibility, nor are they required to sell valuables or property to become eligible for alternate resources.

(c) When a PRC program pays primary to (*i.e.*, before) a Tribal self-insurance plan, this will not impact whether the PRC program's expenditures are eligible for reimbursement from the CHEF, as long as the Service Unit clearly demonstrates that the PRC program was responsible and did in fact assume that responsibility by making the payments at issue in the CHEF request.

(d) The determination of whether a resource constitutes an alternate resource for the purpose of the CHEF reimbursement shall be made by the Headquarters of the Indian Health Service, irrespective of whether the resource was determined to be an alternate resource at the time of PRC payment.

§ 136.507 Program integrity.

All the CHEF records and documents will be subject to review by the respective IHS Area Office and by IHS Headquarters. Internal audits and administrative reviews may be conducted as

necessary to ensure compliance with the regulations in this part and the CHEF policies.

§ 136.508 Recovery of reimbursement funds.

In the event a Service Unit has been reimbursed from the CHEF for an episode of care and that same episode of care becomes eligible for and is paid by any Federal, State, local, or private source (including third party insurance) the Service Unit shall return all the CHEF funds received for that episode of care to the CHEF at the IHS Headquarters. These recovered CHEF funds will be used to reimburse other valid CHEF requests.

§ 136.509 Reconsideration and appeals.

(a) Any Service Unit to whom payment from the CHEF is denied will be notified of the denial in writing together with a statement of the reason for the denial within 130 business days from receipt.

(b) If a decision on the CHEF case is not made by the CHEF Program Manager within 180 calendar days from receipt, the Service Unit that submitted the claim may choose to appeal it as a deemed denial.

(c) In order to seek review of a denial decision or deemed denial, the Service Unit must follow the procedures set forth in paragraphs (c)(1) and (2) of this section.

(1) Within 40 business days from the receipt of the denial provided in paragraph (a) of this section, the Service Unit may submit a request in writing for reconsideration of the original denial to the Division of Contract Care. The request for reconsideration must include, as applicable, corrections to the original claim submission necessary to overcome the denial; or a statement and supporting documentation establishing that the original denial was in error. If no additional information is submitted the original denial will stand. The Service Unit may also request a telephone conference with the Division of Contract Care, to further explain the materials submitted, which shall be scheduled within 40 business days from receipt of the request for review. A decision by the Division of Contract Care shall be made

Public Health Service, HHS

§ 136a.2

within 130 business days of the request for review. The Division of Contract Care Director, or designee, shall review the application *de novo* with no deference to the original decision maker or to the applicant.

(2) If the original decision is affirmed on reconsideration, the Service Unit will be notified in writing and advised that an appeal may be taken to the Director, Indian Health Service, within 40 business days of receipt of the denial. The appeal shall be in writing and shall set forth the grounds supporting the appeal. The Service Unit may also request a telephone conference through the Division of Contract Care, which shall be scheduled with the Director or a representative designated by the Director, to further explain the grounds supporting the appeal. A decision by the Director shall be made within 180 calendar days of the request for reconsideration. The decision of the Director, Indian Health Service or designee, shall constitute the final administrative action.

§ 136.510 Severability.

If any provision of this subpart is held to be invalid or unenforceable by its terms, as applied to any person or circumstance, or stayed pending further agency action, the provision shall be construed to continue to give the maximum effect to the provision permitted by law, including as applied to those not similarly situated or to dissimilar circumstances. However, if such holding is that the provision of this subpart is invalid and unenforceable in all circumstances, the provision shall be severable from the remainder of this subpart and shall not affect the remainder thereof.
