relating to each profession or specialty within such profession in which candidates will be examined.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959]

§ 21.42 Examinations; junior assistant, assistant, or senior assistant grade.

The examination for appointment to the junior assistant, assistant, or senior assistant grade in the Regular Corps shall consist of (a) a written professional examination relating to the fundamentals of the candidate's profession or specialty within his profession and their relationship to the activities of the Service, and (b) an examination as to the candidate's general fitness, which shall include an oral interview, and a review and evaluation of the candidate's academic and professional education and professional training and experience, and may include other written tests to determine the candidate's fitness for appointment as an officer. If an applicant for appointment to any of these grades is an officer of the Reserve Corps who has been on active duty for not less than one year immediately preceding his application, the Surgeon General may direct that the officer be examined as provided in § 21.43.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959; 25 FR 11099, Nov. 23, 1960]

§ 21.43 Examination; full grade and above.

The examination for appointment to the full, senior, or director grade in the Regular Corps shall consist of a review and evaluation of the candidate's academic and professional education and professional training and experience. The Surgeon General may, however, direct that the examination of a candidate for appointment to any such grade shall also include an oral interview, a written or oral professional examination, or both.

§ 21.44 Clinical or other practical demonstration.

In the discretion of the Surgeon General a candidate for appointment to any grade up to and including the senior assistant grade in the Regular

Public Health Service, HHS

§21.47

Corps may be required to perform successfully a clinical or other practical demonstration which, if required, shall constitute a part of the professional examination.

§21.45 Rating values.

The examination of every candidate for appointment to any grade in the Regular Corps shall be rated by a board appointed pursuant to §21.30 in accordance with such relative values for each part of the examination as are prescribed by the Surgeon General. No candidate who receives a final rating below 80 shall be appointed in the Regular Corps.

§21.46 Merit roll.

Each board appointed pursuant to §21.30 to consider the qualifications of candidates for appointment as officers shall assign a numerical rating to each candidate for appointment in the Regular Corps who passes the examination, and shall submit a report to the Surgeon General of the ratings and the relative standing of all such candidates for each grade in each profession or specialty within a profession. The Surgeon General shall submit each such report with his recommendations to the Secretary, and, if approved by the Secretary, the report shall constitute a merit roll from which the Secretary shall, in accordance with relative standing, recommend available persons to the President for nomination as commissioned officers of the Regular Corps. A board may consider any newly discovered evidence relating to the physical, professional, or personal qualifications of any candidate examined for appointment. Upon recommendation of such board after review of such evidence, the Surgeon General, with the approval of the Secretary, may correct the rating of a candidate or may qualify or disqualify a candidate. The placing of a candidate's name on a merit roll shall give no assurance of an appointment. A merit roll shall expire when a new merit roll in the same profession or specialty within a profession and grade has been established, but no merit roll shall continue in effect longer than two years after its approval by the Secretary. Every candidate who has not been

nominated by the President for appointment prior to the expiration of a merit roll on which his name appears, shall, unless he requests the opportunity to be reexamined, be rated with the next group of candidates of the same profession or specialty within a profession for appointment in the same grade and shall be given the same rating he had on the expired merit roll. If two candidates who were examined at the same time receive the same numerical rating the elder candidate shall assume relative standing on the merit roll over the younger candidate. If a candidate whose name is being transferred from an expired to a new merit roll has the same numerical rating as a candidate whose name is being placed on the new merit roll for the first time, the former shall assume relative standing on the merit roll over the latter. The name of a candidate may be removed from a merit roll in the event that he refuses an appointment when offered. No candidate's eligibility for appointment shall exceed two years unless he again becomes eligible as the result of another examination.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959]

§21.47 Examination; anticipation of meeting qualifications.

A potential candidate for appointment in any grade in the Regular Corps may be examined within a period of nine months prior to the date upon which it is anticipated that he will qualify for appointment under this subpart. Upon successful completion of the examination, his name will be entered on a merit roll. In the event that his name, in order of relative standing among all candidates, precedes that of fully qualified candidates, his name, for purpose of appointment, shall be passed over in favor of fully qualified candidates until such time as he becomes fully qualified, but in no event shall he otherwise lose his relative standing on the merit roll, except as provided in §21.46. If the candidate fails to qualify for appointment at the time that it was anticipated that he would qualify, his name shall be removed from the merit roll.

§ 21.51

PROVISIONS APPLICABLE ONLY TO RESERVE CORPS

§ 21.51 Appointment of officers having specialized training or experience in administration and management.

The Surgeon General may recommend for original appointment in the Reserve Corps candidates who have specialized training or experience in administration and management relating to the functions of the Service. All such candidates shall be subject to the same eligibility requirements for original appointment as are applicable to other candidates, except that such a candidate may substitute experience in administration or management for the requirement of professional training or experience.

§ 21.52 Waiver of entrance qualifications for original appointment in time of war or national emergency.

If, in time of war or national emergency proclaimed by the President, the Secretary determines that there is need for commissioned personnel to meet the needs of the Service, other than persons eligible for examination for original appointment under the eligibility requirements prescribed in this subpart, he may prescribe standards of eligibility for examination for the original appointment of officers in the Reserve Corps without regard to such eligibility requirements. Such standards shall, however, authorize the examination only of candidates with specialized experience in administration or management or candidates with training or experience in fields relating to public health. The permanent grade of an officer who becomes eligible for examination for appointment pursuant to such standards and who becomes eligible for appointment after passage of an examination shall be limited to the junior assistant or the assistant grade, except that, if upon examination a candidate is found to be exceptionally qualified for the performance of highly specialized duties with the Service pursuant to § 21.55, he may be recommended for appointment to any grade up to and including the director grade.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959]

42 CFR Ch. I (10–1–24 Edition)

§ 21.53 Examination.

The examination of candidates for original appointment as officers to any grade in the Reserve Corps shall consist of a review and evaluation of their academic and other education and their training and experience. In the discretion of the Surgeon General the examination of any such candidate may include an oral interview, a written examination, or both.

§ 21.54 Students.

A potential candidate for appointment in the Regular Corps who is pursuing a course of instruction which, upon completion, would qualify him under § 21.25 or § 21.26 for examination for appointment in the junior assistant or assistant grade may be examined for and appointed in the Reserve Corps in the junior assistant grade but shall not be called to extended active duty until the successful completion of such course of instruction, except that: (a) He may be called to active duty for purposes of training for periods not to exceed 120 days during any fiscal year, and (b) those students who have completed at least 3 years of collegiate or professional study leading to the qualifying degree for appointment may be called to active duty for the purpose of completing the requirements of § 21.25(a)(3). An appointment made under this subpart shall be terminated upon the officer's failure to continue a full-time course of study or failure to meet the requirements of § 21.25(a)(3) within 18 months after entering on active duty.

[34 FR 706, Jan. 17, 1969]

§ 21.55 Appointment to higher grades; candidates exceptionally qualified in specialized fields.

Any candidate eligible for examination for appointment in the grade of assistant pursuant to § 21.26 who, upon examination for such purpose, is found

Public Health Service, HHS

§21.72

exceptionally qualified for the performance of duties requiring highly specialized training or experience may be recommended for appointment in the Reserve Corps in any grade up to and including the director grade without regard to the additional years of post-graduate training or experience prescribed for grades above the assistant grade.

§21.56 Reappointment.

An officer of the Reserve Corps, after being examined and found qualified for reappointment, may be recommended for reappointment to the same grade in the event that his commission expires before he becomes eligible for reappointment to a higher grade, or may be recommended for reappointment to a higher grade to be effective on or after the date on which he meets the qualifications prescribed in this subpart for original appointment to such higher grade.

§21.57 Examination for reappointment.

The examination of an officer of the Reserve Corps on active duty who is being considered for reappointment in such corps shall consist of a review and evaluation of his record with the Service. The examination of an officer of the Reserve Corps on inactive duty who is being considered for reappointment in such corps shall consist of (a) a review and evaluation of his record with the Service while on active duty, if any, and (b) the record of his training or experience during the period of his inactive duty preceding such examination. In the discretion of the Surgeon General the examination for reappointment of an officer, whether on active or inactive duty, may include an oral interview.

§21.58 Physical examination for reappointment.

Every officer of the Reserve Corps being considered for reappointment shall undergo such physical examination as the Surgeon General may direct. An officer on active duty may be recommended for reappointment unless he is found to have a physical disability which is determined to render him physically unfit to perform the du-

ties of his office under section 402 of the Career Compensation Act of 1949, as amended. An officer may be recommended for promotion only if he meets the physical qualifications for original appointment. If an officer is not available to be physically examined because of circumstances which make it impracticable for the Service to require such examination, he may, in the discretion of the Surgeon General, be reappointed without such examination, but shall be examined as soon thereafter as practicable and his physical qualification or disqualification for continued or future active service shall be determined on the same basis as if the physical examination had been given prior to reappointment.

(a) It is the policy of the Department of Health and Human Services to withhold allotments from pay and allowances of commissioned officers on active duty in the Service to make involuntary allotments from pay and allowances as payment of child, or child and spousal, support payments when the officer has failed to make periodic payments under a support order in a total amount equal to the support payable for two months or longer. Failure to make such payments shall be established by notice from an authorized person to the designated official of the Department. Such notice shall specify the name and address of the payee to whom the allotment is payable. The amount of the allotment shall be the amount necessary to comply with the support order including amounts for arrearages as well as for current support. However the amount of the allotment, when added to any other amounts withheld from the officer's pay pursuant to a support order, shall not exceed the limits for involuntary allotments from pay as prescribed in section 303 (b) and (c) of the Consumer Credit Protection Act, 15 U.S.C. 1673. An allotment under this Subpart shall be adjusted or discontinued upon notice from any authorized person.

(b) Notwithstanding the above, no action shall be taken to withhold an allotment from the pay and allowances of any officer until such officer has had an opportunity to consult with a legal officer of the Department to discuss the legal and other factors involved with respect to the officer's support obligation and his or her failure to make payments. (3) Valid service is not accomplished until the notice is received in the office of the designated official.

(4) If the order of a court or duly authorized administrative agency seeks collection of arrearages, the notice must state that the support allotment qualifies for the additional 5 percent in excess of the maximum percentage limitations found in 15 U.S.C. 1673. Supporting evidence must be submitted to the Department establishing that the support order is 12 or more weeks in arrears.

(5) When the information submitted is not sufficient to identify the officer the notice shall be returned directly to the authorized person with an explanation of the deficiency. However, before returning the notice, an attempt should be made to inform the authorized person who caused the notice to be served that it will not be honored unless adequate information is supplied.

(6) Upon proper service of notice of delinquent support payments and together with all required supplementary documents and information, the Service shall identify the officer from whom moneys are due and payable. The pay of the officer shall be reduced by the amount necessary to comply with the support order and liquidate arrearages if any, if provided by order of a court or duly authorized administrative agency. The maximum amount to be allotted under the provision together with any other moneys withheld from the officer for support pursuant to a court order may not exceed:

(i) 50 percent of the officer's disposable earnings for any month when the officer asserts by affidavit or other acceptable evidence that he or she is supporting a spouse or dependent child or both, other than a party in the support order. When the officer submits evidence, copies shall be sent to the authorized person, together with notification that the officer's support claim will be honored. If the support claim is contested by the authorized person, the authorized person may refer it to the appropriate court or other authority for resolution. Pending resolution of a contested support claim, the allotment shall be made but the amount of such allotment may not exceed 50 percent of the officer's disposable earnings;

(ii) 60 percent of the officer's disposable earnings for any month when the officer fails to assert by affidavit or other acceptable evidence, that he or she is supporting a spouse or dependent child or both;

(iii) Regardless of the limitations above, an additional five percent of the officer's disposable earnings shall be withheld when it is stated in the notice that the officer is in arrears in an amount equivalent to 12 or more weeks' support.
