##### § 600.1 Scope.

Section 1331 of the Affordable Care Act, provides for the establishment of the Basic Health Program (BHP) under

which a State may enter into contracts for standard health plans providing at least essential health benefits to eligible individuals in lieu of offering such individuals the opportunity to enroll in coverage through an Affordable Insurance Exchange. States that elect to operate a BHP will receive federal funding based on the amount of the premium tax credit and cost-sharing reductions that would have been available if enrollees had obtained coverage through the Exchange.

**§ 600.5 Definitions and use of terms.**

For purposes of this part, the following definitions apply:

*Advance payments of the premium tax credit* means payment of the tax credit authorized by 26 U.S.C. 36B and its implementing regulations, which are provided on an advance basis to an eligible individual enrolled in a QHP through an Exchange in accordance with sections 1402 and 1412 of the Affordable Care Act.

**Subpart B—Establishment and Certification of State Basic Health Programs**

**§ 600.100 Program description.**

A State Basic Health Program (BHP) is operated consistent with a BHP Blueprint that has been certified by the Secretary to meet the requirements of this part. The BHP Blueprint is developed by the State for certification by the Secretary in accordance with the processes described in this subpart.

**§ 600.105 Basis, scope, and applicability of subpart B.**

(a) *Statutory basis.* This subpart implements the following sections of the Act:

(b) *Scope and applicability.* (1) This subpart sets forth provisions governing the administration of the BHP, the general requirements for development of a BHP Blueprint required for certification, for program operations and for voluntary program termination.

(2) This subpart applies to all States that submit a BHP Blueprint and request certification to operate a BHP.

**§ 600.110 BHP Blueprint.**

The BHP Blueprint is a comprehensive written document submitted by the State to the Secretary for certification of a BHP in the form and manner specified by HHS which will include an opportunity for states to submit a limited set of elements necessary for interim certification at the state option. The program must be administered in accordance with all aspects of section 1331 of the Affordable Care Act and other applicable law, this chapter, and the certified BHP Blueprint.

## § 600.115

(a) *Content of a Blueprint.* The Blueprint will establish compliance with applicable requirements by including a description, or if applicable, an assurance of the following:

(1) The minimum benefits offered under a standard health plan that assures inclusion of essential health benefits as described in section 1302(b) of the Affordable Care Act, in accordance with § 600.405.

(2) The competitive process, consistent with § 600.410, that the State will undertake to contract for the provision of standard health plans.

ing how it will address potential fraud, waste, and abuse and ensure consumer protections.

(14) An operational assessment establishing operating agency readiness.

(15) A transition plan if a state participating in 2015 plans to propose an alternative enrollment strategy for initial implementation consistent with § 600.145. Such a transition plan must include a plan for coordination of this initial implementation strategy with the Exchange operating in the state, and if beneficiaries will be transitioning from Medicaid, with the Medicaid agency.

(b) *Funding plan.* (1) The BHP Blueprint must be accompanied by a funding plan that describes the enrollment and cost projections for the first 12 months of operation and the funding sources, if any, beyond the BHP trust fund.

(2) The funding plan must demonstrate that Federal funds will only be used to reduce premiums and cost-sharing or to provide additional benefits.

(c) *Transparency.* HHS shall make a State's BHP Blueprint available on line after it is submitted for certification, and will update the posted Blueprint to the extent that it is later revised by the state.

### § 600.115 Development and submission of the BHP Blueprint.

(a) *State authority to submit the State Blueprint.* A State BHP Blueprint must be signed by the State's Governor or by the official with delegated authority from the Governor to sign it. A State may choose to submit its BHP Blueprint in two parts: The first limited submission to secure interim certification and the second full submission to secure full certification.

(b) *State Basic Health Program officials.* The State must identify in the BHP Blueprint the agency and officials within that agency, by position or title, who are responsible for program administration, operations, and financial oversight.

(c) *Opportunity for public comment.* The State must provide an opportunity

for public comment on the BHP Blueprint content described in § 600.110 before submission to the Secretary for certification.

(1) The State must seek public comment on any significant subsequent revisions prior to submission of those revisions to the Secretary for certification. Significant revisions are those that alter core program operations required by § 600.145(f), as well as changes that alter the BHP standard health plan benefit package, or enrollment, disenrollment and verification policies.

(2) The process of seeking public comment must include Federally recognized tribes as defined in the Federally Recognized Indian Tribe List Act of 1994, 25 U.S.C. 479a, located in the State.

(d) *Submission and timing.* The BHP Blueprint must be submitted in a manner and format specified by HHS. States may not implement the BHP prior to receiving full certification. The date of implementation for this purpose is the first day enrollees would receive coverage under the BHP. Following the 2015 initial implementation year, a state implementing a BHP must coordinate implementation with open enrollment of the state's exchange.

**§ 600.120 Certification of a BHP Blueprint.**

(a) *Effective date of certification.* The effective date of either interim or full certification is the date of signature by the Secretary.

(b) *Payments for periods prior to certification.* No payment may be made under this part for periods of BHP operation prior to the date of full certification.

(2) The State terminates the program consistent with § 600.140.

(3) The Secretary makes a finding that the BHP Blueprint no longer meets the standards for certification based on findings in the annual review, or reports significant evidence of beneficiary harm, financial malfeasance,

fraud, waste or abuse by the BHP agency or the State consistent with § 600.142.

(d) *Blueprint approval standards for certification.* The Secretary will certify a BHP Blueprint provided it meets all of the following standards:

(2) The BHP Blueprint demonstrates adequate planning for the integration of BHP with other insurance affordability programs in a manner that will permit a seamless, coordinated experience for a potentially eligible individual.

(3) The Blueprint is a complete and comprehensive description of the BHP and its operations, demonstrating thorough planning and a concrete program design, without reserved decisions on operational features.

**§ 600.125 Revisions to a certified BHP Blueprint.**

(a) *Submission of revisions.* A State may seek to revise its certified Blueprint in whole or in part at any time through the submission of a revised Blueprint to HHS. A State must submit a revised Blueprint to HHS whenever necessary to reflect—

(2) Significant changes that alter core program operations under 600.145(f) or the BHP benefit package; or

(3) Changes to enrollment, disenrollment, and verification policies described in the certified Blueprint.

(b) *Submission and effective dates.* The effective date of a revised Blueprint may not be earlier than the first day of the quarter in which an approvable revision is submitted to HHS. A revised Blueprint is deemed received when HHS receives an electronic copy of a cover letter signed by the Governor or Governor's designee and a copy of the currently approved Blueprint with proposed changes in track changes.

(c) *Timing of HHS review.* (1) A revised Blueprint will be deemed approved unless HHS, within 90 calendar days after receipt of the revised Blueprint, sends the State—

- (i) Written notice of disapproval; or
- (ii) Written notice of additional information it needs in order to make a final determination.

(2) If HHS requests additional information, the 90-day review period for HHS action on the revised Blueprint—

- (i) Stops on the day HHS sends a written request for additional information or the next business day if the request is sent on a Federal holiday or weekend; and

- (ii) Resumes on the next calendar day of the original 90-day review period after HHS receives a complete response from the State including all the requested additional information, unless the information is received after 5 p.m. eastern standard time on a day prior to a non-business day or any time on a non-business day, in which case the review period resumes on the following business day.

(3) The 90-day review period cannot stop or end on a non-business day. If the 90th calendar day falls on a non-business day, HHS will consider the 90th day to be the next business day.

(4) HHS may send written notice of its need for additional information as many times as necessary to obtain the complete information necessary to review the revised Blueprint.

(5) HHS may disapprove a Blueprint that is not consistent with section 1331 of the ACA or the regulations set forth in this Part at any time during the review process, including when the 90-day review clock is stopped due to a request for additional information.

(d) *Continued operation.* The State is responsible for continuing to operate under the terms of the existing certified Blueprint until and unless—

(1) The State adopts a revised Blueprint by obtaining approval by HHS under this section;

(2) The State follows the procedures described in § 600.140(a) for terminating a BHP;

(4) The Secretary withdraws certification of a BHP under 600.142.

(e) *Withdrawal of a revised Blueprint.* A State may withdraw a proposed Blueprint revision during HHS' review if the State has not yet implemented the proposed changes and provides written notice to HHS.

(f) *Reconsideration of decision.* HHS will accept a State request for reconsideration of a decision not to certify a revised Blueprint and provide an impartial review against the standards for certification if requested.

(g) *Public health emergency.* For the Public Health Emergency, as defined in § 400.200 of this chapter, the State may submit to the Secretary for review and certification a revised Blueprint, in the form and manner specified by HHS, that makes temporary significant changes to its BHP that are directly related to the Public Health Emergency and would increase enrollee access to coverage. Such revised Blueprints may have an effective date retroactive to the first day of the Public Health Emergency and through the last day of the Public Health Emergency, or a later date if requested by the State and certified by HHS. Such revised Blueprints are not subject to the public comment requirements under § 600.115(c).

[88 FR 79553, Nov. 16, 2023]

**§ 600.130 Withdrawal of a BHP Blueprint prior to implementation.**

To the extent that a State has not enrolled eligible individuals into the BHP:

(a) The State may submit a written request to stop any further consideration of a previously submitted BHP Blueprint, whether certified or not.

(b) The written request must be signed by the governor, or the State official delegated to sign the BHP Blueprint by the governor.

(c) HHS will respond with a written confirmation that the State has withdrawn the Blueprint.

**§ 600.135 Notice and timing of HHS action on an initial BHP Blueprint submission.**

### Subpart C—Federal Program Administration

#### § 600.200 Federal program compliance reviews and audits.

(a) *Federal compliance review of the State BHP.* To determine whether the State is complying with the Federal requirements and the provisions of its BHP Blueprint, HHS may review, as needed, but no less frequently than annually, the compliance of the State BHP with applicable laws, regulations and interpretive guidance. This review may be based on the State's annual report submitted under § 600.170, or may be based on direct Federal review of State administration of the BHP Blueprint through analysis of the State's policies and procedures, reviews of agency operation, examination of samples of individual case records, and additional reports and/or data as determined by the Secretary.

(b) *Action on compliance review findings.* The compliance review will identify the following action items:

(1) Requirements that need further study or data to assess continued State compliance with Federal law, regulations and the terms of the State's certified Blueprint. Such findings must be addressed in the next State annual report due no more than 120 days after

the date of the issuance of the Federal compliance review.

(2) Requirements with which the State BHP does not appear to be in compliance that could be the basis for withdrawal of BHP certification. Such findings must be resolved by the State (either by substantiating compliance with the standards for certification or submitting revisions to the Blueprint). If not resolved, such action items can be the basis for a proposed finding for withdrawal of BHP certification.

(3) Requirements with which the State BHP does not appear to be in compliance and are not a basis for withdrawal of BHP certification but require revision to the Blueprint must be resolved by the State. If not resolved, such action items can be the basis for denial of other Blueprint revisions.

(4) *Improper use of BHP trust fund resources.* The State and the BHP trustees shall be given an opportunity to review and resolve concerns regarding improper use of BHP trust funds, including failure to use these funds as specified in § 600.705. As indicated in § 600.715(a) through (c), the state may do this either by substantiating the proper use of trust fund resources as specified in § 600.705(c) or by taking corrective action, which include changes to procedures to ensure proper use of trust fund resources, and restitution of improperly used resources to the trust fund.

(c) The HHS Office of Inspector General (OIG) may periodically audit State operations and standard health plan practices as described in § 430.33 of this chapter. Final reports on those audits shall be transmitted to both the State and the Secretary for actions on findings. The State and the BHP trustees shall be given an opportunity to resolve concerns about improper use of BHP trust funds as indicated in § 600.715(a) through (c): either by substantiating the proper use of trust fund, or by taking corrective action that includes changes to procedures to ensure proper use of trust fund resources, and restitution of improperly used resources to the trust fund.

(b) *Coordinated determinations of eligibility.* The agency administering BHP must establish and maintain processes to make income eligibility determinations using modified adjusted gross income, and to ensure that applications received by the agency, to the extent warranted and permitted under delegations from other agencies administering insurance affordability programs, also result in eligibility assessments or determinations for those other programs. The BHP must also accept applications transferred from other agencies administering insurance affordability programs, and ensure that individuals assessed or determined eligible for BHP by such other agencies are afforded the opportunity to enroll in a standard health plan without undue delay. Individuals submitting applications to any of the aforementioned agencies must not be required to duplicate the submission of information.

(b) *Scope and applicability.* This subpart consists of provisions relating to the imposition of monthly premiums and cost-sharing under all state BHPs.

**§ 600.505 Premiums.**

(a) *Premium requirements.* (1) For premiums imposed on enrollees, the State must assure that the monthly premium imposed on any enrollee does not exceed the monthly premium that the enrollee would have been required to pay had he or she enrolled in a plan with a premium equal to the premium of the applicable benchmark plan, as defined in 26 CFR 1.36B-3(f). The State must assure that when determining the amount of the enrollee's monthly premium, the State took into account reductions in the premium resulting from the premium tax credit that would have been paid on the enrollee's behalf.

(2) This assurance must be reflected in the BHP Blueprint, which shall also include:

(i) The group or groups of enrollees subject to premiums.

(ii) The collection method and procedure for the payment of an enrollee's premium.

**42 CFR Ch. IV (10-1-24 Edition)**

(iii) The consequences for an enrollee or applicant who does not pay a premium.

(b) [Reserved]

**§ 600.510 Cost-sharing.**

(a) *Cost-sharing requirements.* (1) For cost sharing imposed on enrollees, the State must assure the following:

(i) The cost sharing imposed on enrollees meet the standards detailed in § 600.520(c).

(ii) The establishment of an effective system to monitor and track the cost-sharing standards consistent with § 600.520(b) through (d).

(2) This assurance must be reflected in the BHP Blueprint, which shall also include the group or groups of enrollees subject to the cost sharing.

(b) *Cost sharing for preventive health services.* A State may not impose cost sharing with respect to the preventive health services or items, as defined in, and in accordance with 45 CFR 147.130.

**§ 600.515 Public schedule of enrollee premium and cost sharing.**

(a) The State must ensure that applicants and enrollees have access to information about all of the following, either upon request or through an Internet Web site:

(1) The amount of and types of enrollee premiums and cost sharing for each standard health plan that would apply for individuals at different income levels.

(2) The consequences for an applicant or an enrollee who does not pay a premium.

(b) The information described in paragraph (a) of this section must be made available to applicants for standard health plan coverage and enrollees in such coverage, at the time of enrollment and reenrollment, after a redetermination of eligibility, when premiums, cost sharing, and annual limitations on cost sharing are revised, and upon request by the individual.

**§ 600.520 General cost-sharing protections.**

(a) *Cost-sharing protections for lower income enrollees.* The State may vary premiums and cost sharing based on household income only in a manner

that does not favor enrollees with higher income over enrollees with lower income.

(b) *Cost-sharing protections to ensure enrollment of Indians.* A State must ensure that standard health plans meet the standards in accordance with 45 CFR 156.420(b)(1) and (d).

(c) *Cost-sharing standards.* A State must ensure that standard health plans meet:

(1) The standards in accordance with 45 CFR 156.420(c) and (e); and

(2) The cost-sharing reduction standards in accordance with 45 CFR 156.420(a)(1) for an enrollee with household income at or below 150 percent of the FPL, and 45 CFR 156.420(a)(2) for an enrollee with household income above 150 percent of the FPL.

(3) The State must establish an effective system to monitor compliance with the cost-sharing reduction standards in paragraph (c) of this section, and the cost-sharing protections to ensure enrollment of Indians in paragraph (b) of this section to ensure that enrollees are not held responsible for such monitoring activity.

(d) *Acceptance of certain third party payments.* States must ensure that standard health plans must accept premium and cost-sharing payments from the following third party entities on behalf of plan enrollees:

(1) Ryan White HIV/AIDS Programs under title XXVI of the Public Health Service Act;

(2) Indian tribes, tribal organizations or urban Indian organizations; and

(3) State and federal government programs.

**§ 600.525 Disenrollment procedures and consequences for nonpayment of premiums.**

(a) *Disenrollment procedures due to nonpayment of premium.* (1) A State must assure that it is in compliance with the disenrollment procedures described in 45 CFR 155.430. This assurance must be reflected in the state's BHP Blueprint.

(2) A State electing to enroll eligible individuals in accordance with 45 CFR 155.410 and 155.420 must comply with the premium grace period standards set forth in 45 CFR 156.270 for required premium payment prior to disenrollment.

(3) A State electing to enroll eligible individuals throughout the year must provide an enrollee a 30-day grace period to pay any required premium prior to disenrollment.

(b) *Consequences of nonpayment of premium.* (1) A State electing to enroll eligible individuals in accordance with 45 CFR 155.410 and 155.420 may not restrict reenrollment to BHP beyond the next open enrollment period.

(2) A State electing to enroll eligible individuals throughout the year must comply with the reenrollment standards set forth in § 457.570(c) of this chapter.

**Subpart G—Payment to States**

**§ 600.600 Basis, scope, and applicability.**

(a) *Statutory basis.* This subpart implements section 1331(d)(1) and (3) of the Affordable Care Act regarding the transfer of Federal funds to a State's BHP trust fund and the Federal payment amount to a State for the provision of BHP.

(b) *Scope and applicability.* This subpart consists of provisions relating to the methodology used to calculate the amount of payment to a state in a given Federal fiscal year for the provision of BHP and the process and procedures by which the Secretary establishes a State's BHP payment amount.

**§ 600.605 BHP payment methodology.**

(a) *General calculation.* The Federal payment for an eligible individual in a given Federal fiscal year is the sum of the premium tax credit component, as described in paragraph (a)(1) of this section, and the cost-sharing reduction component, as described in paragraph (a)(2) of this section.

(1) *Premium tax credit component.* The premium tax credit component equals 95 percent of the premium tax credit for which the eligible individual would have qualified had he or she been enrolled in a qualified health plan through an Exchange in a given calendar year, adjusted by the relevant factors described in paragraph (b) of this section.

**§ 600.610**

**42 CFR Ch. IV (10–1–24 Edition)**

(2) *Cost-sharing reduction component.* The cost-sharing reduction component equals 95 percent of the cost of the cost-sharing reductions for which the eligible individual would have qualified had he or she been enrolled in a qualified health plan through an Exchange in a given calendar year adjusted by the relevant factors described in paragraph (b) of this section.

(b) *Relevant factors in the payment methodology.* In determining the premium tax credit and cost-sharing reduction components described in paragraph (a) of this section, the Secretary will consider the following factors to determine applicable adjustments:

- (1) Age of the enrollee;
- (2) Income of the enrollee;
- (3) Self-only or family coverage;
- (4) Geographic differences in average spending for health care across rating areas;
- (5) Health status of the enrollee for purposes of determining risk adjustment payments and reinsurance payments had the enrollee been enrolled in a qualified health plan through an Exchange;
- (6) Reconciliation of the premium tax credit or cost-sharing reductions had such reconciliation occurred if an enrollee had been enrolled in a qualified health plan through an Exchange;
- (7) Marketplace experience in other states with respect to Exchange participation and the effect of the premium tax credit and cost-sharing reductions provided to residents, particularly those residents with income below 200 percent of the FPL; and
- (8) Other factors affecting the development of the methodology as determined by the Secretary.

(c) *Annual adjustments to payment methodology.* The Secretary will adjust the payment methodology on a prospective basis to adjust for any changes in the calculation of the premium tax credit and cost-sharing reduction components to the extent that necessary data is available for the Secretary to prospectively determine all relevant factors, as specified in paragraph (b) of this section.

**§ 600.610 Secretarial determination of BHP payment amount.**

(a) *Proposed payment notice.* (1) Beginning in FY 2015, the Secretary will determine and publish in a FEDERAL REGISTER document the BHP payment methodology for the next calendar year or, beginning in calendar year 2022, for multiple calendar years. Beginning in calendar year 2023—

(i) In years in which the Secretary does not publish a new BHP methodology, the Secretary will update the values of factors needed to calculate the Federal BHP payments via sub regulatory guidance, as appropriate.

(ii) In years that the Secretary publishes a revised payment methodology, the Secretary will publish a proposed BHP payment methodology upon receiving certification from the Chief Actuary of CMS.

(2) A State may be required to submit data in accordance with the published proposed payment document in order for the Secretary to determine the State's payment rate as described in paragraph (b) of this section.

(b) *Final payment notice.* (1) Beginning in calendar year 2023, in years that the Secretary publishes a revised payment methodology, the Secretary will determine and publish the final BHP payment methodology and BHP payment amounts in a FEDERAL REGISTER document.

(2) *Calculation of payment rates.* State payment rates are determined by the Secretary using the final BHP payment methodology, data requested in the proposed payment notice described in paragraph (a) of this section, and, if needed, other applicable data as determined by the Secretary.

(c) *State specific aggregate BHP payment amounts—*(1) *Prospective aggregate payment amount.* The Secretary will determine, on a quarterly basis, the prospective aggregate BHP payment amount by multiplying the payment rates described in paragraph (b) of this section by the projected number of enrollees. This calculation would be made for each category of enrollees based on enrollee characteristics and the other relevant factors considered when determining the payment methodology. The prospective aggregate BHP payment

amount would be the sum of the payments determined for each category of enrollees for a State.

(2) *Retrospective adjustment to state specific aggregate payment amount for enrollment and errors.* (i) Sixty days after the end of each fiscal year quarter, the Secretary will calculate a retrospective adjustment to the previous quarter's specific aggregate payment amount by multiplying the payment rates described in paragraph (b) of this section by actual enrollment for the respective quarter. This calculation would be made for each category of enrollees based on enrollee characteristics and the other relevant factors considered when determining the payment methodology. The adjusted BHP payment amount would be the sum of the payments determined for each category of enrollees for a State.

(ii) Upon determination that a mathematical error occurred during the application or development of the BHP funding methodology, the Secretary will recalculate the state's BHP payment amount and make any necessary adjustments in accordance with paragraph (c)(2)(iv) of this section.

(iii) To the extent that the final payment notice described in paragraph (b) of this section permits retrospective adjustments to the state's BHP payment amount (due to the lack of necessary data for the Secretary to prospectively determine the relevant factors comprising the premium tax credit and cost-sharing reductions components of the BHP funding methodology), the Secretary will recalculate the state's BHP payment amount and make any necessary adjustments in accordance with paragraph (c)(2)(iv) of this section.

(iv) Any difference in the adjusted payment and the prospective aggregate payment amount will result in either:

(A) A deposit of the difference amount into the State's BHP trust fund; or

(B) A reduction in the upcoming quarter's prospective aggregate payment as described in paragraph (c)(1) of this section by the difference amount.

[79 FR 14140, Mar. 12, 2014, as amended at 87 FR 77742, Dec. 20, 2022]

**§ 600.615 Deposit of Federal BHP payment.**

HHS will make quarterly deposits into the state's BHP trust fund based on the aggregate quarterly payment amounts described in § 600.610(c).

**Subpart H—BHP Trust Fund**

**§ 600.700 Basis, scope, and applicability.**

(a) *Statutory basis.* This subpart implements section 1331(d)(2) of the Affordable Care Act, which set forth provisions regarding BHP trust fund expenditures, fiscal policies and accountability standards and restitution to the BHP trust fund for unallowable expenditures.

(b) *Scope and applicability.* This subpart sets forth a framework for BHP trust funds and accounting, establishing sound fiscal policies and accountability standards and procedures for the restitution of unallowable BHP trust fund expenditures.

**§ 600.705 BHP trust fund.**

(a) *Establishment of BHP trust fund.* (1) The State must establish a BHP trust fund with an independent entity, or in a segregated account within the State's fund structure.

(2) The State must identify trustees responsible for oversight of the BHP trust fund.

(3) Trustees must specify individuals with the power to authorize withdrawal of funds for allowable trust fund expenditures.

(b) *Non-Federal deposits.* The State may deposit non-Federal funds, including such funds from enrollees, providers or other third parties for standard health plan coverage, into its BHP trust fund. Upon deposit, such funds will be considered BHP trust funds, must remain in the BHP trust fund and meet the standards described in paragraphs (c) and (d) of this section.

(c) *Allowable trust fund expenditures.* BHP trust funds may only be used to:

(1) Reduce premiums and cost sharing for eligible individuals enrolled in standard health plans under BHP; or

(2) Provide additional benefits for eligible individuals enrolled in standard health plans as determined by the State.

**§ 600.710**

**42 CFR Ch. IV (10–1–24 Edition)**

(d) *Limitations.* BHP trust funds may not be expended for any purpose other than those specified in paragraph (c) of this section. In addition, BHP trust funds may not be used for other purposes including but not limited to:

(1) Determining the amount of non-Federal funds for the purposes of meeting matching or expenditure requirements for Federal funding;

(2) Program administration of BHP or any other program;

(3) Payment to providers not associated with BHP services or requirements; or

(4) Coverage for individuals not eligible for BHP.

(e) *Year-to-year carryover of trust funds.* A State may maintain a surplus, or reserve, of funds in its trust through the carryover of unexpended funds from year-to-year. Expenditures from this surplus must be made in accordance with paragraphs (b) and (c) of this section.

**§ 600.710 Fiscal policies and accountability.**

The BHP administering agency must assure the fiscal policies and accountability set forth in paragraphs (a) through (g) of this section. This assurance must be reflected in the BHP Blueprint.

(a) *Accounting records.* Maintain an accounting system and supporting fiscal records to assure that the BHP trust funds are maintained and expended in accord with applicable Federal requirements, such as OMB Circulars A–87 and A–133.

(b) *Annual certification.* Obtain an annual certification from the BHP trustees, the State’s chief financial officer, or designee, certifying all of the following:

(1) The State’s BHP trust fund financial statements for the fiscal year.

(2) The BHP trust funds are not being used as the non-Federal share for purposes of meeting any matching or expenditure requirement of any Federally-funded program.

(3) The use of BHP trust funds is in accordance with Federal requirements consistent with those specified for the administration and provision of the program.

(c) *Independent audit.* Conduct an independent audit of BHP trust fund expenditures, consistent with the standards set forth in chapter 3 of the Government Accountability Office’s Government Auditing Standards, over a 3-year period to determine that the expenditures made during the 3-year period were allowable as described in § 600.705(b) and in accord with other applicable Federal requirements. The independent audit may be conducted as a sub-audit of the single state audit conducted in accordance with OMB Circular A–133, and must follow the cost accounting principles in OMB Circular A–87.

(d) *Annual reports.* Publish annual reports on the use of funds, including a separate line item that tracks the use of funds described in § 600.705(e) to further reduce premiums and cost sharing, or for the provision of additional benefits within 10 days of approval by the trustees. If applicable for the reporting year, the annual report must also contain the findings for the audit conducted in accordance with paragraph (c) of this section.

(e) *Restitution.* Establish and maintain BHP trust fund restitution procedures.

(f) *Record retention.* Retain records for 3 years from date of submission of a final expenditure report.

(g) *Record retention related to audit findings.* If any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

**§ 600.715 Corrective action, restitution, and disallowance of questioned BHP transactions.**

(a) *Corrective action.* When a question has been raised concerning the authority for BHP trust fund expenditures in an OIG report, other HHS compliance review, State audit or otherwise, the BHP trustees and the State shall review the issues and develop a written response no later than 60 days upon receipt of such a report, unless otherwise specified in the report, review or audit. To the extent determined necessary in

that review, the BHP trustees and State shall implement changes to fiscal procedures to ensure proper use of trust fund resources.

(b) *Restitution.* To the extent that the State and BHP trustees determine that BHP trust funds may not have been properly spent, they must ensure restitution to the BHP trust fund of the funds in question. Restitution may be made directly by the BHP trustees, by the State, or by a liable third party. The State or the BHP trustees may enter into indemnification agreements assigning liability for restitution of funds to the BHP trust fund.

(c) *Timing of restitution.* Restitution to the BHP trust fund for any unallowable expenditure may occur in a lump sum amount, or in equal installment amounts. Restitution to the BHP trust fund cannot exceed a 2-year period from the date of the written response in accordance with paragraph (a) of this section.

(d) *HHS disallowance of improper BHP trust fund expenditures.* The State shall return to HHS the amount of federal BHP funding that HHS has determined was expended for unauthorized purposes, when no provision has been made to restore the funding to the BHP trust fund in accordance with paragraph (b) of this section (unless the restitution does not comply with the timing conditions described in paragraphs (c) of this section). When HHS determines that federal BHP funding is not allowable, HHS will provide written notice to the state and BHP Trustees containing:

(1) The date or dates of the improper expenditures from the BHP trust fund;

(2) A brief written explanation of the basis for the determination that the expenditures were improper; and

(3) Procedures for administrative reconsideration of the disallowance based on a final determination.

(e) *Administrative reconsideration of BHP trust fund disallowances.* (1) BHP Trustees or the State may request reconsideration of a disallowance within 60 days after receipt of the disallowance notice described in paragraph (d)(1) of this section by submitting a written request for review, along with any relevant evidence, documentation, or explanation, to HHS.

(2) After receipt of a reconsideration request, if the Secretary (or a designated hearing officer) determines that further proceedings would be warranted, the Secretary may issue a request for further information by a specific date, or may schedule a hearing to obtain further evidence or argument.

(3) The Secretary, or designee, shall issue a final decision within 90 days after the later of the date of receipt of the reconsideration request or date of the last scheduled proceeding or submission.

(f) *Return of disallowed BHP funding.* Disallowed federal BHP funding must be returned to HHS within 60 days after the later of the date of the disallowance notice or the final administrative reconsideration upholding the disallowance. Such repayment cannot be made from BHP trust funds, but must be made with other, non-Federal funds.
