Subpart B—Runaway and Homeless Youth Program Grants

§ 1351.10 What is the purpose of Runaway and Homeless Youth Program grants?

(a) The purpose of Runaway and Homeless Youth Program grants is to establish or strengthen community-based projects to provide runaway prevention, outreach, shelter, and transition services to runaway, homeless, or street youth or youth at risk of running away or becoming homeless.

They lack sufficient resources to obtain care and may live on the street for extended periods, unable to achieve stable, safe living arrangements that at times put them in danger. Many are urgently in need of shelter, which, depending on the type of Runaway and Homeless Youth project, can include host family homes, drop-in centers, congregate care, or supervised apartments, and services, including services that are linguistically appropriate, responsive to their complex social identities (*i.e.*, race, ethnicity, nationality, religion/spirituality, gender identity expression, sexual orientation, socio-economic status, physical ability, language, beliefs, values, behavior patterns, or customs), and acknowledge the environment they come from. Run-

away and Homeless Youth grant services should have a positive youth development approach that ensures a young person has a sense of safety and structure; belonging and membership; self-worth and social contribution; independence and control over one's life; skills to develop plans for the future and set goals; and closeness in interpersonal relationships. To make a successful transition to adulthood, runaway youth, homeless youth, and street youth also need opportunities to complete high school or earn a general equivalency degree, learn job skills, and obtain employment. HHS operates three programs to carry out these purposes through direct local services: The Basic Center Program; the Transitional Living Program (including Maternity Group Homes); and the Street Outreach Program. HHS operates three additional activities to support achievement of these purposes: Research, evaluation, and service projects; a national communications system to assist runaway and homeless youth in communicating with service providers; and technical assistance and training.

45 CFR Ch. XIII (10-1-24 Edition)

isting services for such youth in that area;

(c) For runaway and homeless youth centers, whether there is a minimum residential capacity of four (4) and a maximum residential capacity of twenty (20) youth in a single structure (except where the applicant assures that the state where the center or locally controlled facility is located has a state or local law or regulation that requires a higher maximum to comply with licensure requirements for child and youth serving facilities), or within a single floor of a structure in the case of apartment buildings, with a number of staff sufficient to assure adequate supervision and treatment for the number of clients to be served and the guidelines followed for determining the appropriate staff ratio;

(d) Plans for meeting the best interests of the youth involving, when reasonably possible, both the youth and the family. For Basic Center grantee applicants, the grantee shall develop adequate plans for contacting the parents or other relatives of the youth and ensuring the safe return of the youth according to the best interests of the youth, for contacting local government officials pursuant to informal arrangements established with such officials by the runaway and homeless youth center, and for providing for other appropriate alternative living arrangements;

45 CFR Ch. XIII (10-1-24 Edition)

§ 1351.23 What are the additional requirements that apply to the Basic Center, Transitional Living and Street Outreach Program grants?

To improve the administration of these Runaway and Homeless Youth Programs by increasing the capacity of Runaway and Homeless Youth projects to deliver services, by improving their performance in delivering services, and by providing for the evaluation of performance:

(a) Grantees shall participate in technical assistance, monitoring, and short-term training as a condition of funding, as determined necessary by HHS, in such areas as: Aftercare services and counseling; background checks; core competencies of youth workers; core support services; crisis intervention techniques; culturally and linguistically sensitive services; participation in or development of coordinated networks of private nonprofit agencies and/or public agencies to provide services; ethics and staff safety; fiscal management; low cost community alternatives for runaway or otherwise homeless youth; positive youth development; program management; risk and protective factors related to youth homelessness; screening and assessment practices; shelter facility staff development; special populations (tribal youth; lesbian, gay, bisexual, transgender, questioning (LGBTQ), and intersex youth; youth with disabilities; youth victims of trafficking, sexual exploitation or sexual abuse); trauma and the effects of trauma on youth; use of evidence-based and evidence-informed interventions; and youth and family counseling. It is not a requirement that every staff person receives training in every subject but all staff members who work directly with youth should receive training sufficient to meet the stated core-competencies of youth workers.

(b) Grantees shall coordinate their activities with the 24-hour National toll-free and Internet communication system, which links Runaway and Homeless Youth projects and other service providers with runaway or otherwise homeless youth, as appropriate to the specific activities provided by the grantee.

(c) Grantees shall submit statistical reports profiling the clients served and providing management and performance information in accordance with guidance provided by HHS.

(d) Grantees shall perform outreach to locate runaway and homeless youth and to coordinate activities with other organizations serving the same or similar client populations, such as child welfare agencies, juvenile justice systems, schools, and Continuums of Care, as defined by HUD.

(e) Grantees shall develop and implement a plan for addressing youth who have run away from foster care placement or correctional institutions, in accordance with federal, state, or local laws or regulations that apply to these situations. In accordance with section 312(b)(4) of the Act, Basic Center grantees must also develop a plan that ensures the return of runaway and homeless youth who have run away from the correctional institution back to the correctional institution.

(f) Grantees shall take steps to ensure that youth who are or should be under the legal jurisdiction of the juvenile justice or child welfare systems obtain and receive services from those systems until such time as they are released from the jurisdiction of those systems.

(g) Grantees shall develop and document plans that address steps to be taken in case of a local or national situation that poses risk to the health and safety of staff and youth. Emergency preparedness plans should, at a minimum, include routine preventative maintenance of facilities as well as preparedness, response, and recovery efforts. The plan should contain strategies for addressing evacuation, security, food, medical supplies, and notification of youths' families, as appropriate. In the event of an evacuation due to specific facility issues, such as a fire, loss of utilities, or mandatory evacuation by the local authorities, an alternative location needs to be designated and included in the plan. Grantees must immediately provide notification to their project officer and grants officer when evacuation plans are executed.

(h) Grantees shall ensure that all shelters that they operate are licensed

and determine that any shelters to which they regularly refer clients have evidence of current licensure, in states or localities with licensure requirements. Grantees shall promptly report to HHS instances in which shelters are cited for failure to meet licensure or related requirements, or lose licensure. For grantee-operated facilities, failure to meet any applicable state or local legal requirements as a condition of operation may be grounds for grant termination.

(i) Grantees shall utilize and integrate into the operation of their projects the principles of positive youth development, including healthy messages, safe and structured places, adult role models, skill development, and opportunities to serve others.

(j) No later than October 1, 2017, grantees shall have a plan, procedures, and standards for ensuring background checks on all employees, contractors, volunteers, and consultants who have regular and unsupervised private contact with youth served by the grantee, and on all adults who reside in or operate host homes. The plans, procedures, and standards must identify the background check findings that would disqualify an applicant from consideration for employment to provide services for which assistance is made available in accordance with this part.

(1) Required background checks include:
