

(i) The examining medical practitioner documents that the individual does not meet the physical ability requirements as set forth in § 10.304(c) of this subchapter;

(ii) The examining medical practitioner documents that the individual has a condition that does not meet the general medical exam requirements described in § 10.304(a), the vision requirements described in § 10.305, or the hearing requirements described in § 10.306 of this subchapter;

(iii) The examining medical practitioner documents on a CG-719K that the individual is not recommended for a medical certificate or needs further review by the Coast Guard as set forth in § 10.301(a) of this subchapter; or

(iv) If the Coast Guard requests the results of an examination, they must be submitted no later than 30 calendar days after the date of the request.

(c) An individual's first-class pilot endorsement becomes invalid on the first day of the month following the anniversary of the individual's most recently completed Coast Guard-required physical examination, if the person does not meet the physical examination requirement as provided in paragraph (b) of this section. The individual may not operate under the authority of that endorsement until a physical examination has been satisfactorily completed.

(d) A master or mate may not serve as a pilot on a vessel 1,600 GRT or more under § 15.812 of this subchapter if the person does not meet the physical examination requirements provided in paragraph (b) of this section.

§ 11.711 Tonnage requirements.

(a) In order to obtain a first-class pilot endorsement authorizing service on vessels of unlimited tonnage over a particular route, the applicant must have sufficient experience on vessels of more than 1,600 GRT.

(b) For purposes of this section, an applicant is considered to have sufficient experience if the applicant has 18 months of experience as master, mate, quartermaster, wheelsman, able seaman, apprentice pilot, or in an equivalent

capacity, standing regular watches at the wheel or in the pilothouse as part of routine duties, on vessels of 1,600 GRT or more, and two-thirds of the minimum number of roundtrips required for the route have been on vessels of 1,600 GRT or more.

(c) If an applicant does not have sufficient experience on vessels of 1,600 GRT or more, the endorsement will be for a limited tonnage until the applicant completes a number of additional roundtrips, as determined by the OCMI, within the range contained in § 11.705(b) or (c), as appropriate on vessels of 1,600 GRT or more.

(d) For purposes of this section, for experience with respect to tonnage on towing vessels, the combined gross tonnage of the towing vessels and the vessels towed will be considered. However, the Coast Guard may require that all or a portion of the required number of roundtrips be obtained on self-propelled vessels of 1,600 GRT or more, when the Coast Guard determines that due to the nature of the waters and the overall experience of the applicant, self-propelled vessel experience is necessary to obtain a first-class pilot endorsement that is not restricted to tug and barge combinations.

§ 11.713 Requirements for maintaining current knowledge of waters to be navigated.

(a) If a first-class pilot has not served over a particular route within the past 60 months, that person's license or MMC endorsement is invalid for that route, and remains invalid until the individual has made one re-familiarization round trip over that route, except as provided in paragraph (b) of this section. Whether this requirement is satisfied or not has no effect on the renewal of other licenses or MMC endorsements. Roundtrips made within the 90-day period preceding renewal will be valid for the duration of the renewed license or MMC endorsement.

(b) For certain long or extended routes, the OCMI may, at his or her discretion, allow the re-familiarization

requirement to be satisfied by reviewing appropriate navigation charts, coast pilots tide and current tables, local Notice to Mariners, and any other materials that would provide the pilot with current knowledge of the route. Persons using this method of re-familiarization must certify, when applying for renewal of their license or MMC endorsement, the material they have reviewed and the dates on which this was accomplished. Review within the 90-day period preceding renewal is valid for the duration of the renewed MMC endorsement.

Subpart H—Registration of Staff Officers and Miscellaneous Endorsements

§ 11.801 Applicability.
