

(i) A broadcaster exercising exclusivity pursuant to this section shall provide to the satellite carrier, upon request, an exact copy of those portions of the contracts, such portions to be signed by both the network and the broadcaster, setting forth in full the provisions pertinent to the duration, nature, and extent of the non-duplication terms concerning broadcast signal exhibition to which the parties have agreed.

(j) A satellite carrier is not required to delete the duplicating programming of any nationally distributed superstation that is carried by the satellite carrier as a local station pursuant to § 76.66 of this chapter or as a significantly viewed station pursuant to § 76.54 of this chapter

(3) If the zone of protection falls, in whole or in part, within that signal's grade B contour or noise limited service contour.

(k) A satellite carrier is not required to delete the duplicating programming of any nationally distributed superstation from an individual subscriber who is located outside the zone of protection, notwithstanding that the subscriber lives within a zip code provided by the broadcaster pursuant to paragraph (c) of this section.

§ 76.123 Satellite syndicated program exclusivity.

(a) Upon receiving notification pursuant to paragraph (d) of this section, a satellite carrier shall not deliver, to subscribers located within zip code

areas in whole or in part within the zone of protection of a commercial television station licensed by the Commission, a program carried on a nationally distributed superstation or on a station carried pursuant to § 76.54 of this chapter when the syndicated program exclusivity rights to such program are held by the commercial television station providing notice, except as provided in paragraphs (k), (l) and (m) of this section.

(b) Television broadcast station licensees shall be entitled to exercise exclusivity rights pursuant to this Section in accordance with the contractual provisions of their syndicated program license agreements, consistent with § 76.124.

(c) Distributors of syndicated programming shall be entitled to exercise exclusive rights pursuant to this Section for a period of one year from the initial broadcast syndication licensing of such programming anywhere in the United States; provided, however, that distributors shall not be entitled to exercise such rights in areas in which the programming has already been licensed.

(d) In order to exercise exclusivity rights pursuant to this Section, distributors of syndicated programming or television broadcast stations shall notify each satellite carrier of the exclusivity sought in accordance with the requirements of this paragraph. Syndicated program exclusivity notices shall include the following information:

(1) The name and address of the party requesting exclusivity and the television broadcast station or other party holding the exclusive right;

(2) The name of the program or series (including specific episodes where necessary) for which exclusivity is sought;

(3) The dates on which exclusivity is to begin and end; and

(4) A list of the U.S. postal zip code(s) that encompass the zone of protection under these rules.

(e) A distributor or television station exercising exclusivity pursuant to this Section shall provide to the satellite carrier, upon request, an exact copy of those portions of the exclusivity contracts, such portions to be signed by both the distributor and the television

station, setting forth in full the provisions pertinent to the duration, nature, and extent of the exclusivity terms concerning broadcast signal exhibition to which the parties have agreed.

(f) Television broadcast stations or distributors entering into contracts on or after November 29, 2000, which contain syndicated exclusivity protection with respect to satellite retransmission of programming, shall notify affected satellite carriers within sixty calendar days of the signing of such a contract. Television broadcast stations or distributors who have entered into contracts prior to November 29, 2000, and who comply with the requirements specified in § 76.124 shall notify affected satellite carriers on or before January 31, 2001; provided, however, that with respect to pre-November 29, 2000 contracts that require amendment in order to invoke the provisions of these rules, notification may be given within sixty calendar days of the signing of such amendment.

(g) Except as otherwise provided in this section, a television broadcast station shall be entitled to exclusivity protection beginning on the later of:

(1) The date specified in its notice to the satellite carrier; or

(2) The first day of the calendar week (Sunday through Saturday) that begins 60 days after the satellite carrier receives notice from the broadcaster.

Provided, however, that with respect to notifications given pursuant to this section prior to June 1, 2001, a satellite carrier is not required to provide syndicated exclusivity protection until 120 days after the satellite carrier receives such notification.

(h) In determining which programs must be deleted from a television broadcast signal, a satellite carrier may rely on information from the distributor or television broadcast station requesting exclusivity; newspapers or magazines of general circulation; or the nationally distributed superstation whose programs may be subject to deletion.

(i) If a satellite carrier asks a nationally distributed superstation for information about its program schedule, the nationally distributed superstation shall answer the request:

(1) Within ten business days following the receipt of the request; or

(2) Sixty days before the program or programs mentioned in the request for information will be broadcast; whichever comes later.

(j) In the event the exclusivity specified in paragraph (a) of this section has been limited or has ended prior to the time specified in the notice, the distributor or broadcaster who has supplied the original notice shall, as soon as possible, inform each satellite carrier that has previously received the notice of all changes from the original notice. In the event the original notice specified contingent dates on which exclusivity is to begin and/or end, the distributor or broadcaster shall, as soon as possible, notify the satellite carrier of the occurrence of the relevant contingency. Notice to be furnished “as soon as possible” under this Subsection shall be furnished by telephone, telegraph, facsimile, e-mail, overnight mail or other similar expedient means.

(k) A satellite carrier is not required to delete the programming of any nationally distributed superstation that is carried by the satellite carrier as a local station pursuant to § 76.66 of this chapter or as a significantly viewed station pursuant to § 76.54 of this chapter:

(1) Within the station’s local market;

(2) If the station is “significantly viewed,” pursuant to § 76.54 of this chapter, in zip code areas included within the zone of protection unless a waiver of the significantly viewed exception is granted pursuant to § 76.7 of this chapter; or

(3) If the zone of protection falls, in whole or in part, within that signal’s grade B contour or noise limited service contour.

(l) A satellite carrier is not required to delete the duplicating programming of any nationally distributed superstation from an individual subscriber who is located outside the zone of protection, notwithstanding that the subscriber lives within a zip code provided by the broadcaster pursuant to paragraph (d) of this section.

§ 76.124 Requirements for invocation of protection.

For a television broadcast station licensee or distributor of syndicated programming to be eligible to invoke the provisions of § 76.122 or § 76.123 of this subpart, it must have a contract or other written indicia that it holds network program non-duplication or syndicated exclusivity rights for the exhibition of the program in question. Contracts entered on or after November 29, 2000, must contain the following words: “the licensee [or substitute name] shall, by the terms of this contract, be entitled to invoke the protection against duplication of programming imported under the Statutory Copyright License, as provided in § 76.122 or § 76.123 of the FCC rules [or ‘as provided in the FCC’s satellite network non-duplication or syndicated exclusivity rules’].” Contracts entered into prior to November 29, 2000, must contain the foregoing language plus a clear and specific reference to the licensee’s authority to exercise exclusivity rights as to the specific programming against signal carriage by the satellite carrier in question, or by satellite carriage in general in a protected, geographic or specified zone. In the absence of such a specific reference in contracts entered into prior to November 29, 2000, the provisions of these rules may be invoked only if the contract is amended to include the specific language referenced in this section or a specific written acknowledgment is obtained from the party from whom the broadcast exhibition rights were obtained that the existing contract was intended, or should now be construed by agreement of the parties, to include such rights. A general acknowledgment by a supplier of exhibition rights that specific contract language was intended to convey rights under these rules will be accepted with respect to all contracts containing that specific language. Nothing in this section shall be construed as a grant of exclusive

rights to a broadcaster where such rights are not agreed to by the parties.

§ 76.125 Indemnification contracts.

No television broadcast station licensee shall enter into any contract to indemnify a satellite carrier for liability resulting from failure to delete programming in accordance with the provisions of this subpart unless the licensee has a reasonable basis for concluding that such program deletion is not required by this Subpart.

§ 76.130 Substitutions.

Whenever, pursuant to the requirements of the network program non-duplication or syndicated program exclusivity rules, a satellite carrier is required to delete a television program from retransmission to satellite subscribers within a zip code area, such satellite carrier may, consistent with this subpart, substitute a program from any other television broadcast station for which the satellite carrier has obtained the necessary legal rights and permissions, including but not limited to copyright and retransmission consent. Programs substituted pursuant to this section may be carried to their completion.
