(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the

### Subpart 225.1—Buy American—Supplies

SOURCE: 68 FR 15618, Mar. 31, 2003, unless otherwise noted.

#### 225.101 General.

(a) For DoD, the following two-part test determines whether a manufactured end product is a domestic end product:

(i) The end product is manufactured in the United States; and

(ii)(A) Except for an end product that consists wholly or predominantly of iron or steel or a combination of both, the cost of its U.S. and qualifying country components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, but see paragraph (d) of this section. This test is applied to end products only and not to individual components.

(B) For an end product that consists wholly or predominantly of iron or steel or a combination of both, the cost of iron and steel not produced in the

United States or a qualifying country must constitute less than 5 percent of the cost of all the components used in the end product. The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding commercially available off-the-shelf (COTS) fasteners. The domestic content test of the Buy American statute has not been waived for acquisitions of COTS items in this category, except for COTS fasteners.

(c) Additional exceptions that allow the purchase of foreign end products are listed at 225.103.

(d)(1) In lieu of the threshold increases in FAR 25.101(a)(2)(i), use the domestic content threshold increases in paragraph (a)(ii) of this section. The senior procurement executive may approve application of an alternate domestic content test, under which the domestic content threshold in effect at the time of contract award will apply to the entire period of performance of the contract, following consultation with the Office of Management and Budget's Made in America Office. See PGI 225.101 for guidance on documentation requirements when the senior procurement executive approves application of an alternate domestic content test.

(2) When the senior procurement executive allows for application of an alternate domestic content test for the contract pursuant to FAR 25.101(d)(1) (but see paragraph (d)(1) of this section)—

(A) See 225.1101(2)(iv) for use of alternate II of the clause at 252.225-7001, Buy American and Balance of Payments Program;

(B) See 225.1101(2)(v) for use of alternate III of the clause at 252.225-7001, Buy American and Balance of Payments Program;

(C) See 225.1101(9) for use of the basic or alternate provision at 252.225-7035, Buy American—Free Trade Agree-

ments—Balance of Payments Program Certificate, or the basic or alternate clause at 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program; and

(D) See 225.1101(10)(i) for use of the basic or alternate clause at 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program.

[68 FR 15618, Mar. 31, 2003, as amended at 87 FR 37443, June 23, 2022; 89 FR 11954, Feb. 15, 2024]

### 225.103 Exceptions.

(a)(i)(A) Public interest exceptions for certain countries are in 225.872.

(B) For procurements covered by the World Trade Organization Government Procurement Agreement, the Under Secretary of Defense (Acquisition and Sustainment) has determined that it is inconsistent with the public interest to apply the Buy American statute to end products that are substantially transformed in the United States.

(ii)(A) Normally, use the evaluation procedures in subpart 225.5, but consider recommending a public interest exception if the purposes of the Buy American statute are not served, or in order to meet a need set forth in 10 U.S.C. 4861. For example, a public interest exception may be appropriate—

(1) If accepting the low domestic offer will involve substantial foreign expenditures, or accepting the low foreign offer will involve substantial domestic expenditures;

(2) To ensure access to advanced state-of-the-art commercial technology; or

(3) To maintain the same source of supply for spare and replacement parts (also see paragraph (b)(iii)(B) of this section)—

(i) For an end item that qualifies as a domestic end product; or

(ii) In order not to impair integration of the military and commercial industrial base.

(B) Except as provided in PGI 225.872-4, process a determination for a public interest exception after consideration of the factors in 10 U.S.C. 4861—

(1) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

## 225.106

(2) By the head of the contracting activity for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(3) By the agency head for acquisitions valued at \$1.5 million or more.

(b)(i) A determination that an article, material, or supply is not reasonably available is required when domestic offers are insufficient to meet the requirement and award is to be made on other than a qualifying country or eligible end product.

(ii) A determination is not required before January 1, 2030, if there is an offer for a foreign end product that exceeds 55 percent domestic content. Except as provided in FAR 25.103(b)(3), the determination shall be approved—

(A) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(B) By the chief of the contracting office for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(C) By the head of the contracting activity or immediate deputy for acquisitions valued at \$1.5 million or more.

(iii) A separate determination as to whether an article is reasonably available is not required for the following articles. DoD has already determined that these articles are not reasonably available from domestic sources:

(A) Spare or replacement parts that must be acquired from the original foreign manufacturer or supplier.

(B) Foreign drugs acquired by the Defense Supply Center, Philadelphia, when the Director, Pharmaceuticals Group, Directorate of Medical Materiel, determines that only the requested foreign drug will fulfill the requirements.

(iv) Under coordinated acquisition (see Subpart 208.70), the determination is the responsibility of the requiring department when the requiring department specifies acquisition of a foreign end product.

(c) The cost of a domestic end product is unreasonable if it is not the low

## Subpart 225.2—Buy American—Construction Materials

### 225.202 Exceptions.

(a)(2) A nonavailability determination is not required for construction materials listed in FAR 25.104(a). For other materials, a nonavailability determination shall be approved at the levels specified in 225.103(b)(ii). Use the estimated value of the construction materials to determine the approval level. A nonavailability determination is not required before January 1, 2030, if there is an offer for foreign construction material that exceeds 55 percent domestic content (also see FAR 25.204(b)(1)(ii) and (b)(2)(ii)).

[89 FR 11954, Feb. 15, 2024]

### 225.206 Noncompliance.

(c)(4) Prepare any report of noncompliance in accordance with the procedures at 209.406–3 or 209.407–3.

#### 225.301 Contractor personnel in a designated operational area or supporting a diplomatic or consular mission outside the United States.

##### 225.301-1 Scope.

(a) *Performance in a designated operational area*, as used in this section, means performance of a service or construction, as required by the contract. For supply contracts, the term includes services associated with the acquisition of supplies (e.g., installation or maintenance), but does not include production of the supplies or associated overhead functions.

(c) For DoD, this section also applies to all personal services contracts.

##### 225.301-4 Contract clause.

(1) Use the clause at FAR 52.225-19, Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission Outside the United States, in accordance with the prescription at FAR 25.301-4, except that—

(i) The clause shall also be used in personal services contracts with individuals; and

(ii) The clause shall not be used when all contractor personnel performing outside the United States will be covered by the clause at 252.225-7040.

(2) When using the clause at FAR 52.225-19, the contracting officer shall inform the contractor that the Synchronized Predeployment and Operational Tracker (SPOT) is the appropriate automated system to use for the list of contractor personnel required by paragraph (g) of the clause. Information on the SPOT system is available at <https://spot.dmdc.mil> and [http://www.acq.osd.mil/log/PS/ctr\\_mgt\\_accountability.html](http://www.acq.osd.mil/log/PS/ctr_mgt_accountability.html).

(1) Such Government support is available and is needed to ensure continuation of essential contractor services; and

(2) The contractor cannot obtain adequate support from other sources at a reasonable cost.

(c) The contracting officer shall specify in the solicitation and contract—

(1) Valid terms, approved by the combatant commander, that specify the responsible party, if a party other than the combatant commander is responsible for providing protection to the contractor personnel performing in the designated operational area; and

(2) Any other Government support to be provided, and whether this support will be provided on a reimbursable basis, citing the authority for the reimbursement.

SOURCE: 65 FR 19852, Apr. 13, 2000, unless otherwise noted.

**225.401 Exceptions.**

(a)(2)(A) If a department or agency considers an individual acquisition of a product to be indispensable for national security or national defense purposes and appropriate for exclusion from the provisions of FAR subpart 25.4, it may submit a request with supporting rationale to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy (DPCAP), Office of the Under Secretary of Defense (Acquisition and Sustainment) (OUSD(A&S)DPCAP). Approval by OUSD(A&S)DPCAP is not required if—

(1) Purchase from foreign sources is restricted by statute (see subpart 225.70);

(2) Another exception in FAR 25.401 applies to the acquisition; or

**225.401-70 End products subject to trade agreements.**

Acquisitions of end products in the following product service groups (PSGs) are covered by trade agreements if the value of the acquisition is at or above the applicable trade agreement threshold and no exception applies. Therefore certain watches, watch parts, and luggage from certain Caribbean Basin countries are not eligible products. However, 225.003 expands the definition of Caribbean Basin country end products to include petroleum and any product derived from petroleum, in accordance with Section 8094 of Pub. L. 103-139.

**225.403 World Trade Organization Government Procurement Agreement and Free Trade Agreements.**

(c) For acquisitions of supplies covered by the World Trade Organization Government Procurement Agreement, acquire only U.S.-made, qualifying country, or designated country end products unless—

(i) The contracting officer determines that offers of U.S.-made, qualifying country, or designated country end products from responsive, responsible offerors are either—

(A) Not received; or

(B) Insufficient to fill the Government's requirements. In this case, accept all responsive, responsible offers of U.S.-made, qualifying country, and eligible products before accepting any other offers;

(ii) A national interest waiver under 19 U.S.C. 2512(b)(2) is granted on a case-by-case basis. Except as delegated in paragraphs (c)(i)(A) and (B) of this section, submit any request for a national interest waiver to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy in accordance with department or agency procedures. Include supporting rationale with the request.

(A) The head of the contracting activity may approve a national interest waiver for a purchase by an overseas purchasing activity, if the waiver is

(iii) The acquisition is in support of operations in Afghanistan (see 225.7704-1).

## Subpart 225.5—Evaluating Foreign Offers—Supply Contracts

SOURCE: 68 FR 15620, Mar. 31, 2003, unless otherwise noted.

### 225.502 Application.

(a) Whenever the acquisition is in support of operations in Afghanistan, treat the offers of end products from South Caucasus or Central and South Asian states listed in 225.401-70 the same as qualifying country offers.

(b) Use the following procedures instead of the procedures in FAR 25.502(b) for acquisitions subject to the World Trade Organization Government Procurement Agreement:

(i) Consider only offers of U.S.-made, qualifying country, or designated country end products, except as permitted by 225.403 or 225.7703-1.

(ii) If price is the determining factor, award on the low offer.

(c) Use the following procedures instead of those in FAR 25.502(c) for acquisitions subject to the Buy American statute or the Balance of Payments Program:

(i)(A) If the acquisition is subject only to the Buy American statute or the Balance of Payments Program,

## 48 CFR Ch. 2 (10-1-24 Edition)

then only qualifying country end products are exempt from application of the Buy American or Balance of Payments Program evaluation factor.

(B) If the acquisition is also subject to a Free Trade Agreement, then eligible products of the applicable Free Trade Agreement country are also exempt from application of the Buy American or Balance of Payments Program evaluation factor, but see 225.106.

(ii) If price is the determining factor, use the following procedures:

(A) If the low offer is a domestic offer, award on that offer.

(B) If there are no domestic offers, award on the low offer (see example in PGI 225.504(1)).

(C) If the low offer is a foreign offer that is exempt from application of the Buy American or Balance of Payments Program evaluation factor, award on that offer. If the low offer is a qualifying country offer from a country listed at 225.872-1(b), execute a determination in accordance with 225.872-4. A qualifying country offer is subject to the domestic content requirement for end products that are wholly or predominantly of iron or steel or a combination of both.

(D) If the low offer is a foreign offer that is not exempt from application of the Buy American or Balance of Payments Program evaluation factor, and there is another foreign offer that is exempt and is lower than the lowest domestic offer, award on the low foreign offer (see example in PGI 225.504(2)).

(E) Otherwise, apply the 50 percent evaluation factor to the low foreign offer.

(1) If the price of the low domestic offer is less than the evaluated price of the low foreign offer, award on the low domestic offer (see example in PGI 225.504(3)).

(2) If the evaluated price of the low foreign offer remains less than the low domestic offer, award on the low foreign offer (see example in PGI 225.504(4)).

(iii) If price is not the determining factor, use the following procedures:

(A) If there are domestic offers, apply the 50 percent Buy American or Balance of Payments Program evaluation

factor to all foreign offers unless an exemption applies.

(B) Evaluate in accordance with the criteria of the solicitation.

(C) If these procedures will not result in award on a domestic offer, reevaluate offers without the 50 percent factor. If this will result in award on an offer to which the Buy American statute or Balance of Payments Program applies, but evaluation in accordance with paragraph (c)(ii) of this section would result in award on a domestic offer, proceed with award only after execution of a determination in accordance with 225.103(a)(ii)(B), that domestic preference would be inconsistent with the public interest.

(iv) If the solicitation includes the provision at 252.225-7023, Preference for Products or Services from Afghanistan, use the evaluation procedures at 225.7703-3.

**225.770 Prohibition on acquisition of certain items from Communist Chinese military companies.**

This section implements section 1211 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163), section 1243 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81), and section 1296 of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114-328). See PGI 225.770 for additional information relating to this statute, the terms used in this section, the United States Munitions List (USML), and the 600 series of the Commerce Control List (CCL).

[83 FR 66071, Dec. 21, 2018]

**225.770-1 Definitions.**

As used in this section—

*Component* means an item that is useful only when used in conjunction with an end item (15 CFR 772.1 and 22 CFR 120.45(b)).

*Item* means—

- (1) A USML defense article, as defined at 22 CFR 120.6;
- (2) A USML defense service, as defined at 22 CFR 120.9; or
- (3) A 600 series item, as defined at 15 CFR 772.1.

*Part* means any single unassembled element of a major or minor component, accessory, or attachment, that is not normally subject to disassembly without the destruction or impairment of designed use (15 CFR 772.1 and 22 CFR 120.45(d)).

[83 FR 66072, Dec. 21, 2018]

**225.770-2 Prohibition.**

Do not acquire items covered by the USML or the 600 series of the CCL, through a contract or subcontract at any tier, from any Communist Chinese military company. This prohibition does not apply to components and parts of covered items unless the components and parts are themselves covered by the USML or the 600 series of the CCL.

[83 FR 66072, Dec. 21, 2018]

## 225.770-3

### 225.770-3 Exceptions.

The prohibition in 225.770-2 does not apply to items acquired—

- (a) In connection with a visit to the People's Republic of China by a vessel or an aircraft of the U.S. armed forces;
- (b) For testing purposes; or
- (c) For the purpose of gathering intelligence.

[71 FR 53046, Sept. 8, 2006, as amended at 83 FR 66072, Dec. 21, 2018]

### 225.770-4 Identifying items covered by the USML or the 600 series of the CCL.

(a) Before issuance of a solicitation, the requiring activity will notify the contracting officer in writing whether the items to be acquired are covered by the USML or the 600 series of the CCL. The notification will identify any covered item(s) and will provide the pertinent USML reference(s) from 22 CFR part 121 or the 600 series of the CCL references from 15 CFR part 774, supplement no. 1.

(b) The USML includes defense articles and defense services that fall into 21 categories. The CCL includes ten categories and five product groups in each category, many of which contain 600 series items. Since not all items covered by the USML or 600 series of the CCL are themselves munitions (*e.g.*, protective personnel equipment, military training equipment), the requiring activity should consult the USML and the 600 series of the CCL before concluding that an item is or is not covered. See PGI 225.770-4.

[83 FR 66072, Dec. 21, 2018]

### 225.770-5 Waiver of prohibition.

(a) The prohibition in 225.770-2 may be waived, on a case-by-case basis, if an official identified in paragraph (b) of this subsection determines that a waiver is necessary for national security purposes.

(b) The following officials are authorized, without power of delegation, to make the determination specified in paragraph (a) of this subsection:

- (1) The Under Secretary of Defense (Acquisition and Sustainment).
- (2) The Secretaries of the military departments.

## 48 CFR Ch. 2 (10-1-24 Edition)

## 225.870

## 48 CFR Ch. 2 (10-1-24 Edition)

### 225.870 Contracting with Canadian contractors.

#### 225.870-1 General.

(a) The Canadian government guarantees to the U.S. Government all commitments, obligations, and covenants of the Canadian Commercial Corporation under any contract or order issued to the Corporation by any contracting office of the U.S. Government. The Canadian government has waived notice of any change or modification that may be made, from time to time, in these commitments, obligations, or covenants.

(b) For production planning purposes, Canada is part of the defense industrial base (see 225.870-2(b)).

(c) The Canadian Commercial Corporation will award and administer contracts with contractors located in Canada, except for—

(1) Negotiated acquisitions for experimental, developmental, or research work under projects other than the Defense Development Sharing Program;

(2) Acquisitions of unusual or compelling urgency;

(3) Acquisitions at or below the simplified acquisition threshold; or

(4) Acquisitions made by DoD activities located in Canada.

(d) For additional information on production rights, data, and information; services provided by Canadian Commercial Corporation; audit; and inspection, see PGI 225.870-1(d).

[68 FR 15621, Mar. 31, 2003, as amended at 70 FR 73154, Dec. 9, 2005; 77 FR 43472, July 24, 2012]

#### 225.870-2 Solicitation of Canadian contractors.

#### 225.870-3 Submission of offers.

(a) As indicated in 225.870-4, the Canadian Commercial Corporation is the

prime contractor. To indicate acceptance of offers by individual Canadian companies, the Canadian Commercial Corporation issues a letter supporting the Canadian offer and containing the following information:

(1) Name of the Canadian offeror.

(2) Confirmation and endorsement of the offer in the name of the Canadian Commercial Corporation.

(3) A statement that the Corporation shall subcontract 100 percent with the offeror.

(b) When a Canadian offer cannot be processed through the Canadian Commercial Corporation in time to meet the date for receipt of offers, the Corporation may permit Canadian firms to submit offers directly. However, the contracting officer shall receive the Canadian Commercial Corporation's endorsement before contract award.

(c) The Canadian Commercial Corporation will submit all sealed bids in terms of U.S. currency. Do not adjust contracts awarded under sealed bidding for losses or gains from fluctuation in exchange rates.

(d) Except for sealed bids, the Canadian Commercial Corporation normally will submit offers and quotations in terms of Canadian currency. The Corporation may, at the time of submitting an offer, elect to quote and receive payment in terms of U.S. currency, in which case the contract—

(1) Shall provide for payment in U.S. currency; and

(2) Shall not be adjusted for losses or gains from fluctuation in exchange rates.

#### 225.870-4 Contracting procedures.

(a) Except for contracts described in 225.870-1(c)(1) through (4), award individual contracts covering purchases from suppliers located in Canada to the Canadian Commercial Corporation, 350 Albert Street, Suite 700, Ottawa, ON K1R 1A4.

(b) Direct communication with the Canadian supplier is authorized and encouraged in connection with all technical aspects of the contract, provided the Corporation's approval is obtained on any matters involving changes to the contract.

(c) *Requirement for data other than certified cost or pricing data.* (1) DoD has

waived the requirement for submission of certified cost or pricing data for the Canadian Commercial Corporation and its subcontractors (see 215.403-1(c)(4)(C)).

(2) The Canadian Commercial Corporation is not exempt from the requirement to submit data other than certified cost or pricing data, as defined in FAR 2.101. In accordance with FAR 15.403-3(a)(1)(ii), the contracting officer shall require submission of data other than certified cost or pricing data from the offeror, to the extent necessary to determine a fair and reasonable price.

(i) No further approval is required to request data other than certified cost or pricing data from the Canadian Commercial Corporation in the following circumstances:

(A) In a solicitation for a sole source acquisition that is—

(1) Cost-reimbursement, if the contract value is expected to exceed \$700,000; or

(2) Fixed-price, if the contract value is expected to exceed \$500 million.

(B) If the Canadian Commercial Corporation submits the only offer in response to a competitive solicitation that meets the thresholds specified in paragraph (c)(2)(i)(A) of this section.

(C) For modifications that exceed \$150,000 in contracts that meet the criteria in paragraph (c)(2)(i)(A) or (B) of this section.

(D) In competitive solicitations in which data other than certified cost or pricing data are required from all offerors.

(ii) In any circumstances other than those specified in paragraph (c)(2)(i) of this section, the contracting officer shall only require data other than certified cost or pricing data from the Canadian Commercial Corporation if the head of the contracting activity, or designee no lower than two levels above the contracting officer, determines that data other than certified cost or pricing data are needed (or in the case of modifications that it is reasonably certain that data other than certified cost or pricing data will be needed) in order to determine that the price is fair and reasonable (see FAR 15.403-3(a)).

(3) The contracting officer shall use the provision at 252.215-7003, Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation, and the clause at 252.215-7004, Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation, as prescribed at 215.408(2)(i) and (ii), respectively.

(4) Except for contracts described in 225.870-1(c)(1) through (4), Canadian suppliers will provide required data other than certified cost or pricing data exclusively through the Canadian Commercial Corporation.

(5) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the contracting officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award, unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror, based on consideration of the following:

(i) The effort made to obtain the data.

(ii) The need for the item or service.

(iii) Increased cost or significant harm to the Government if award is not made.

(d) Identify in the contract, the type of currency, *i.e.*, U.S. or Canadian. Contracts that provide for payment in Canadian currency shall—

(1) Quote the contract price in terms of Canadian dollars and identify the amount by the initials “CN”, *e.g.*, \$1,647.23CN; and

(2) Clearly indicate on the face of the contract the U.S./Canadian conversion rate at the time of award and the U.S. dollar equivalent of the Canadian dollar contract amount.

(a) The Principal Director, Defense Pricing, Contracting, and Acquisition Policy may authorize the direct placement of subcontracts with particular subcontractors. Directed subcontracting is not authorized unless specifically addressed in the cooperative project agreement.

(b) In some instances, it may not be feasible to name specific subcontractors at the time the agreement is concluded. However, the agreement shall clearly state the general provisions for work sharing at the prime and subcontract level. For additional information on cooperative project agreements, see PGI 225.871-5.

[68 FR 15621, Mar. 31, 2003, as amended at 70 FR 73155, Dec. 9, 2005; 88 FR 73236, Oct. 25, 2023; 89 FR 60831, July 29, 2024]

before finalizing the cooperative agreement.

(1) Departments and agencies shall provide a proposed Congressional notice to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy in sufficient time to forward to Congress before the time of contract award.

(2) The proposed notice shall include the reason it is necessary to use the authority to designate a particular contractor or subcontractor.

(b) Congressional notification is also required each time a statutory waiver under 225.871-4 is incorporated in a contract or a contract modification, if such information was not provided in the certification to Congress before finalizing the cooperative agreement.

[68 FR 15621, Mar. 31, 2003, as amended at 88 FR 73236, Oct. 25, 2023; 89 FR 60831, July 29, 2024]

**225.872 Contracting with qualifying country sources.**

**225.872-1 General.**

(a) As a result of memoranda of understanding and other international agreements, DoD has determined it inconsistent with the public interest to apply restrictions of the Buy American statute or the Balance of Payments Program to the acquisition of qualifying country end products from the following qualifying countries:

Australia	Latvia
Belgium	Lithuania
Canada	Luxembourg
Czech Republic	Netherlands
Denmark	Norway
Egypt	Poland
Estonia	Portugal
Federal Republic of	Slovenia
Germany	Spain
Finland	Sweden
France	Switzerland
Greece	Turkey
Israel	United Kingdom of
Italy	Great Britain and
Japan	Northern Ireland.

(b) Individual acquisitions of qualifying country end products from the following qualifying country may, on a purchase-by-purchase basis (see 225.872-4), be exempted from application of the Buy American statute and the Balance of Payments Program as inconsistent with the public interest: Austria.

(c) The determination in paragraph (a) of this subsection does not limit the authority of the Secretary concerned to restrict acquisitions to domestic sources or reject an otherwise acceptable offer from a qualifying country source when considered necessary for national defense reasons.

[68 FR 15621, Mar. 31, 2003, as amended at 69 FR 8116, Feb. 23, 2004; 75 FR 32641, June 8, 2010; 77 FR 35880, June 15, 2012; 77 FR 76942, Dec. 31, 2012; 81 FR 50651, Aug. 2, 2016; 81 FR 93840, Dec. 22, 2016; 82 FR 61484, Dec. 28, 2017; 87 FR 15816, Mar. 18, 2022]

#### 225.872-2 Applicability.

(2) U.S. defense mobilization base requirements purchased under the authority of FAR 6.302-3(a)(2)(i), except for quantities in excess of that required to maintain the defense mobilization base. This restriction does not apply to Canadian planned producers.

(i) Review individual solicitations to determine whether this restriction applies.

(ii) Information concerning restricted items may be obtained from the Deputy Assistant Secretary of Defense for Industrial Base Policy;

(3) Other U.S. laws or regulations (*e.g.*, the annual DoD appropriations act); and

(4) U.S. industrial security requirements.

(b) This section does not apply to construction contracts.

[68 FR 15621, Mar. 31, 2003, as amended at 88 FR 73236, Oct. 25, 2023]

#### 225.872-3 Solicitation procedures.

(a) Except for items developed under the U.S./Canadian Development Sharing Program, use the criteria for soliciting and awarding contracts to small business concerns under FAR Part 19 without regard to whether there are potential qualifying country sources for the end product. Do not consider an offer of a qualifying country end product if the solicitation is identified for

the exclusive participation of small business concerns.

(b) Send solicitations directly to qualifying country sources. Solicit Canadian sources through the Canadian Commercial Corporation in accordance with 225.870.

(c) Use international air mail if solicitation destinations are outside the United States and security classification permits such use.

(d) If unusual technical or security requirements preclude the acquisition of otherwise acceptable defense equipment from qualifying country sources, review the need for such requirements. Do not impose unusual technical or security requirements solely for the purpose of precluding the acquisition of defense equipment from qualifying countries.

(e) Do not automatically exclude qualifying country sources from submitting offers because their supplies have not been tested and evaluated by the department or agency.

(1) Consider the adequacy of qualifying country service testing on a case-by-case basis. Departments or agencies that must limit solicitations to sources whose items have been tested and evaluated by the department or agency shall consider supplies from qualifying country sources that have been tested and accepted by the qualifying country for service use.

(2) The department or agency may perform a confirmatory test, if necessary.

(3) Apply U.S. test and evaluation standards, policies, and procedures when the department or agency decides that confirmatory tests of qualifying country end products are necessary.

(4) If it appears that these provisions might adversely delay service programs, obtain the concurrence of the Under Secretary of Defense (Acquisition and Sustainment), before excluding the qualifying country source from consideration.

(f) Permit industry representatives from a qualifying country to attend symposia, program briefings, prebid conferences (see FAR 14.207 and 15.201(c)), and similar meetings that address U.S. defense equipment needs and

requirements. When practical, structure these meetings to allow attendance by representatives of qualifying country concerns.

[68 FR 15621, Mar. 31, 2003, as amended at 72 FR 20758, Apr. 26, 2007; 88 FR 73237, Oct. 25, 2023]

**225.872-4 Individual determinations.**

If the offer of an end product from a qualifying country source listed in 225.872-1(b), as evaluated, is low or otherwise eligible for award, prepare a determination and findings exempting the acquisition from the Buy American statute and the Balance of Payments Program as inconsistent with the public interest, unless another exception such as the Trade Agreements Act applies. Follow the procedures at PGI 225.872-4.

[70 FR 73155, Dec. 9, 2005, as amended at 77 FR 35880, June 15, 2012]

**225.872-5 Contract administration.**

(a) Arrangements exist with some qualifying countries to provide reciprocal contract administration services. Some arrangements are at no cost to either government. To determine whether such an arrangement has been negotiated and what contract administration functions are covered, contact the Office of the Principal Director, Defense Pricing, Contracting, and Acquisition Policy (Contract Policy) via email at *osd.pentagon.ousd-ass.mbr.asda-dp-c-contractpolicy@mail.mil*.

(b) Follow the contract administration procedures at PGI 225.872-5(b).

(c) Information on quality assurance delegations to foreign governments is in Subpart 246.4, Government Contract Quality Assurance.

**225.872-6 Request for audit services.**

Handle requests for audit services in France, Germany, the Netherlands, or the United Kingdom in accordance with PGI 215.404-2(c), but follow the additional procedures at PGI 225.872-6.

[81 FR 59510, Aug. 30, 2016]

**225.872-7 Industrial security for qualifying countries.**

The required procedures for safeguarding classified defense information necessary for the performance of contracts awarded to qualifying country sources are in the National Industrial Security Program Operating Manual, 32 CFR part 117 (implemented for the Army by AR 380-49; for the Navy by SECNAV Instruction 5510.1H; for the Air Force by AFI 31-601; for the Defense Information Systems Agency by DCA Instruction 240-110-8; and for the National Imagery and Mapping Agency by NIMA Instruction 5220.22).

**225.872-8 Subcontracting with qualifying country sources.**

In reviewing contractor subcontracting procedures, the contracting officer shall ensure that the contract does not preclude qualifying country sources from competing for subcontracts, except when restricted by national security interest reasons, mobilization base considerations, or applicable U.S. laws or regulations (see the clause at 252.225-7002, Qualifying Country Sources as Subcontractors).

**225.873 Waiver of United Kingdom commercial exploitation levies.**

**225.873-1 Policy.**

DoD and the Government of the United Kingdom (U.K.) have agreed to waive U.K. commercial exploitation levies and U.S. nonrecurring cost recoupment charges on a reciprocal basis. For U.K. levies to be waived, the offeror or contractor shall identify the levies and the contracting officer shall request a waiver before award of the contract or subcontract under which the levies are charged.

**225.873-2 Procedures.**

When an offeror or a contractor identifies a levy included in an offered or contract price, follow the procedures at PGI 225.873-2.

(i) Use the basic provision when the solicitation includes the basic clause or alternate II of the clause at 252.225-7001.

(ii) Use the alternate I provision when the solicitation includes alternate I or alternate III of the clause at 252.225-7001.

(2)(i) Use the basic or an alternate of the clause at 252.225-7001, Buy American and Balance of Payments Program, instead of the clause at FAR 52.225-1, Buy American—Supplies, in solicitations and contracts, including solicitations and contracts using FAR

part 12 procedures for the acquisition of commercial products and commercial services, unless—

(A) All line items will be acquired from a particular source or sources under the authority of FAR 6.302-3;

(B) All line items require domestic or qualifying country end products in accordance with subpart 225.70, but note that this exception does not apply if subpart 225.70 only requires manufacture of the end product in the United States or in the United States or Canada, without a corresponding requirement for use of domestic components;

(C) The acquisition is for supplies for use within the United States and an exception to the Buy American statute applies, *e.g.*, nonavailability or public interest (see FAR 25.103 and 225.103);

(D) The acquisition is for supplies for use outside the United States and an exception to the Balance of Payments Program applies (see 225.7501);

(E) One or more of the basic or the alternates of the following clauses will apply to all line items in the contract:

(1) 252.225-7021, Trade Agreements.

(iii) Use the alternate I clause when the acquisition is of end products listed in 225.401-70 in support of operations in Afghanistan.

(A) The acquisition is of end products in support of operations in Afghanistan; and

(B) An alternate domestic content threshold will apply to the entire period of performance as approved by the senior procurement executive (see 225.101(d)).

(v) Do not use the basic or an alternate of the clause if—

### 225.7003-2 Restrictions.

(a) The following restrictions implement 10 U.S.C. 4863. Except as provided in 225.7003-3—

## 48 CFR Ch. 2 (10-1-24 Edition)

(1) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at PGI 225.7003-2(a)):

- (i) Aircraft.
- (ii) Missile or space systems.
- (iii) Ships.
- (iv) Tank or automotive items.
- (v) Weapon systems.

(2) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

(b) For more information on specialty metals restrictions and reporting of noncompliances, see <https://www.acq.osd.mil/asda/dpc/cp/ic/specialty-metals-restrictions.html>.

### 225.7003-3 Exceptions.

(a) Acquisitions in the following categories are not subject to the restrictions in 225.7003-2:

(1) Acquisitions at or below the simplified acquisition threshold.

(2) Acquisitions outside the United States in support of combat operations.

(3) Acquisitions in support of contingency operations.

(4) Acquisitions for which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.

(5) Acquisitions of items specifically for commissary resale.

(6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or

component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in 225.7003-2 do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic and Critical Materials Board of Directors pursuant to 50 U.S.C. 98h-1, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(3) Fasteners that are commercial products and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will pur-

chase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in 225.7003-2(a), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in 225.7003-2 if the USD(A&S), or an official authorized in accordance with paragraph (b)(5)(i) of this section, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (*i.e.*, a domestic nonavailability determination). In accordance with 10 U.S.C. 4863(m)(4), the term “required form” in this section refers to the form of the mill product, such as bar, billet, wire, slab, plate, or sheet, in the grade appropriate for the production of a finished end item to be delivered to the Government under this contract; or a finished component assembled into an end item to be delivered to the Government under the contract. See guidance in PGI 225.7003-3(b)(5).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include an analysis and written documentation by the requiring activity, with specificity, why alternatives that would not require a domestic nonavailability determination are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (*i.e.*, a class domestic nonavailability determination), requires the approval of the USD(A&S).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(A&S) will, to the

maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice in the Governmentwide point of entry (GPE) (<https://www.sam.gov>) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(A&S)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (*i.e.*, specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at 252.225-7010; and

(2) The USD(A&S), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at PGI 225.7003-3(c)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(A&S) may waive the restrictions at 225.7003-2 if the USD(A&S) determines in writing that acceptance of the item is necessary to the national security interests of the United States (*see* procedures at PGI 225.7003-3(d)). This authority may not be delegated.

(1) The written determination of the USD(A&S)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(A&S) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(A&S) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent,

and not a condition precedent, to the granting of a waiver.

**225.7003-4 [Reserved]**

**225.7003-5 Solicitation provision and contract clauses.**

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at 225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d) (but see paragraph (d) of this section)—

(1) Use the clause at 252.225-7008, Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

- (A) Aircraft.
- (B) Missile or space systems.
- (C) Ships.
- (D) Tank or automotive items.
- (E) Weapon systems.
- (F) Ammunition.

(b) Use the provision at 252.225-7010, Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services—

(1) That contain the clause at 252.225-7009; and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at 225.7003-3(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

## 225.7004-2

## 48 CFR Ch. 2 (10-1-24 Edition)

### 225.7004-2 Restrictions.

Except as provided in 225.7004-3, do not acquire any of the following items, either as end products or components, unless the manufacturer of the items is part of the national technology and industrial base:

(a) Buses, if multipassenger motor vehicles are purchased, leased, rented, or made available under contracts for transportation services.

(b) Components for naval vessels, to the extent they are unique to marine applications (see also 225.7004-4 for implementation of the restriction for naval vessels):

(1) Gyrocompasses.

(2) Electronic navigation chart systems.

(3) Steering controls.

(4) Propulsion and machinery control systems.

(5) Totally enclosed lifeboats.

(6) Welded shipboard anchor and mooring chain. See also 225.7004-5.

(c) Large medium-speed diesel engines for new construction of auxiliary ships using funds available for National Defense Sealift Fund programs or Shipbuilding and Conversion, Navy.

(d) For T-AO 205 and T-ARC class vessels:

(1) Auxiliary equipment, including pumps, for all shipboard services.

(2) Propulsion system components, including engines, reduction gears, and propellers.

(3) Shipboard cranes.

(4) Spreaders for shipboard cranes.

(e) Star trackers.

[89 FR 46813, May 30, 2024]

### 225.7004-3 Exceptions.

(a) *Contracts under the simplified acquisition threshold.* The restrictions at 225.7004-2 do not apply to a contract or subcontract that does not exceed the simplified acquisition threshold.

(b) *Buses.* The restriction at 225.7004-2(a) does not apply in the following circumstances:

(1) Buses manufactured outside the national technology and industrial base are needed for temporary use because buses manufactured in the national technology and industrial base are not available to satisfy requirements that cannot be postponed. Such

use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the national technology and industrial base.

(2) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the national technology and industrial base may be used for temporary periods of time. Such use may not however, exceed the period of time needed to meet the special requirement.

(3) Buses manufactured outside the national technology and industrial base are available at no cost to the U.S. Government.

(c) *Components for naval vessels.* The restriction at 225.7004-2(b) does not apply to acquisition of spare or repair parts needed to support components for naval vessels manufactured outside the United States. Support includes the purchase of spare gyrocompasses, electronic navigation chart systems, steering controls, propulsion and machinery control systems, totally enclosed lifeboats, and welded shipboard anchor and mooring chain.

(d) *Components for auxiliary ships.* The restriction at 225.7004-2(c) does not apply to large medium-speed engines for icebreakers or special mission ships.

(e) *Star trackers.* The restriction at 225.7004-2(e) does not apply to acquisition programs that have received Milestone A approval as defined in 10 U.S.C. 4211 before October 1, 2021, as documented by the requiring activity official performing program management responsibilities. The contracting officer shall include the Milestone A approval documentation in the contract file.

[89 FR 46813, May 30, 2024]

### 225.7004-4 Implementation of restriction on certain naval vessel components.

(a) The statute at 10 U.S.C. 4864(h) prohibits the use of contract clauses or certifications to implement the restriction at 225.7004-2(b) for naval vessel components.

(b) Agencies shall accomplish implementation of the restriction at

225.7004-2(b) through use of management and oversight techniques that achieve the objectives of this section without imposing a significant management burden on the Government or the contractor involved.

[89 FR 46813, May 30, 2024]

**225.7004-5 Additional restrictions on anchor and mooring chain.**

(a) In accordance with section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, unless—

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) The statute at 10 U.S.C. 4864 also restricts acquisition of welded shipboard anchor and mooring chain, when used as a component of a naval vessel; however, the Appropriations Act restriction described in paragraph (a) of this section takes precedence over the restriction of 10 U.S.C. 4864 cited in 225.7004-2(b)(6).

[89 FR 46814, May 30, 2024]

**225.7004-6 Waiver of restrictions.**

(a) *Welded shipboard anchor and mooring chain.* (1) In accordance with section 8016 of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), the secretary of the department responsible for acquisition may waive the restrictions in 225.7004-2(b)(6) and 225.7004-5, on a case-by-case basis, if—

(i) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(ii) The acquisition is necessary to acquire capability for national security purposes.

(2) Document the waiver in a written determination and findings containing—

(i) The factors supporting the waiver; and

(ii) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(3) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

(b) *Star trackers.* The waiver criteria at paragraph (c) of this section apply, except that the USD(A&S) may delegate the authority to waive a restriction for a star tracker for a particular foreign country to the service acquisition executive, without power of re-delegation (section 1603, National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116-283)).

(c) *Waiver of restrictions of 10 U.S.C. 4864(a).* The restrictions on certain foreign purchases at 225.7004-2 may be waived, except as provided in paragraphs (a) and (b) of this section, as follows:

(1)(i) USD(A&S), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) U.S. producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the FEDERAL REGISTER and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

## 225.7004-7

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the national technology and industrial base are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the national technology and industrial base.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of national technology and industrial base origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of national technology and industrial base origin.

### 225.7017-2 Restriction.

In accordance with section 846 of the National Defense Authorization Act for Fiscal Year 2011 (Pub. L. 111-383), photovoltaic devices provided under any covered contract shall comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 *et seq.*).

[83 FR 62500, Dec. 4, 2018]

### 225.7017-3 Exceptions.

DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts that exceed the simplified acquisition threshold, with the following exceptions:

(a) *Qualifying country.* Qualifying country photovoltaic devices may be utilized in any covered contract, because 225.103(a)(i)(A) provides an exception to the Buy American statute for products of qualifying countries, as defined in 225.003.

(b) *Buy American—unreasonable cost.* For a covered contract that utilizes photovoltaic devices valued at less than \$174,000, the exception for unreasonable cost may apply (see FAR 25.103(c)). If the cost of a foreign photovoltaic device plus 50 percent is less than the cost of a domestic photovoltaic device, then the foreign photovoltaic device may be utilized.

(c) *Trade agreements—(1) Free Trade Agreements.* For a covered contract that utilizes photovoltaic devices, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(2) *World Trade Organization—Government Procurement Agreement.* For covered contracts that utilize photovoltaic devices that are valued at \$174,000 or

more, only U.S.-made photovoltaic devices, designated country photovoltaic devices, or qualifying country photovoltaic devices may be utilized.

[89 FR 78999, Sept. 26, 2024]

#### **225.7024-2 Prohibition.**

Contracting officers shall not award, for an overseas contingency operation, a contract for fuel, in whole or in part, or derivatives of such fuel, that is sourced from nations or regions prohibited from selling petroleum to the United States. ### Subpart 225.73—Acquisitions for Foreign Military Sales

#### 225.7300 Scope of subpart.

(a) This subpart contains policies and procedures for acquisitions for foreign military sales (FMS) under the Arms Export Control Act (22 U.S.C. Chapter 39). Section 22 of the Arms Export Control Act (22 U.S.C. 2762) authorizes DoD to enter into contracts for resale to foreign countries or international organizations.

(b) This subpart does not apply to—

- (1) FMS made from inventories or stocks;
- (2) Acquisitions for replenishment of inventories or stocks; or
- (3) Acquisitions made under DoD cooperative logistic supply support arrangements.

[63 FR 43889, Aug. 17, 1998]

#### 225.7301 General.

(a) The U.S. Government sells defense articles and services to foreign governments or international organizations through FMS agreements. The agreement is documented in a Letter of Offer and Acceptance (LOA) (see the Defense Security Cooperation Agency (DSCA) Security Assistance Management Manual (DSCA 5105.38–M)).

(b) Conduct FMS acquisitions under the same acquisition and contract management procedures used for other defense acquisitions.

(c) Follow the additional procedures at PGI 225.7301(c) for preparation of solicitations and contracts that include FMS requirements.

(d) See 229.170 for policy on contracts financed under U.S. assistance programs that involve payment of foreign country value added taxes or customs duties.

[70 FR 73155, Dec. 9, 2005, as amended at 80 FR 31310, June 2, 2015]

#### 225.7301–1 [Reserved]

#### 225.7301–2 Solicitation approval for sole source contracts.

The contracting officer shall coordinate through agency channels with the Principal Director, Defense Pricing, Contracting, and Acquisition Policy, prior to issuing a solicitation for a sole

source contract for U.S./FMS combined requirements for a major system that has an estimated contract value that exceeds \$500 million. See also 201.170 and PGI 216.403–1(1)(ii)(B) and (C).

[84 FR 65307, Nov. 27, 2019, as amended at 89 FR 60831, July 29, 2024]

#### 225.7302 Preparation of letter of offer and acceptance.

For FMS programs that will require an acquisition, the contracting officer shall assist the DoD implementing agency responsible for preparing the Letter of Offer and Acceptance (LOA) by—

(1) Working with prospective contractors to—

(i) Identify, in advance of the LOA, any unusual provisions or deviations (such as those requirements for Pseudo LOAs identified at PGI 225.7301);

(ii) Advise the contractor if the DoD implementing agency expands, modifies, or does not accept any key elements of the prospective contractor's proposal;

(iii) Identify any logistics support necessary to perform the contract (such as those requirements identified at PGI 225.7301); and

(iv) For noncompetitive acquisitions over \$10,000, ask the prospective contractor for information on price, delivery, and other relevant factors. The request for information shall identify the fact that the information is for a potential foreign military sale and shall identify the foreign customer; and

(2) Working with the DoD implementing agency responsible for preparing the LOA, as specified in PGI 225.7302.

[78 FR 73451, Dec. 6, 2013]

#### 225.7303 Pricing acquisitions for FMS.

(a) Price FMS contracts using the same principles used in pricing other defense contracts. However, application of the pricing principles in FAR parts 15 and 31 to an FMS contract may result in prices that differ from other defense contract prices for the same item due to the considerations in this section.

(b) If the foreign government has conducted a competition resulting in adequate price competition (see FAR

15.403-1(b)(1)), the contracting officer shall not require the submission of certified cost or pricing data. The contracting officer should consult with the foreign government through security assistance personnel to determine if adequate price competition has occurred.

[64 FR 49683, Sept. 14, 1999, as amended at 68 FR 15632, Mar. 31, 2003; 77 FR 76940, Dec. 31, 2012]

**225.7303-1 Contractor sales to other foreign customers.**

If the contractor has made sales of the item required for the foreign military sale to foreign customers under comparable conditions, including quantity and delivery, price the FMS contract in accordance with FAR part 15.

**225.7303-2 Cost of doing business with a foreign government or an international organization.**

(a) In pricing FMS contracts where non-U.S. Government prices as described in 225.7303-1 do not exist, except as provided in 225.7303-5, recognize the reasonable and allocable costs of doing business with a foreign government or international organization, even though such costs might not be recognized in the same amounts in pricing other defense contracts. Examples of such costs include, but are not limited to, the following:

(1) Selling expenses (not otherwise limited by FAR Part 31), such as—

(i) Maintaining international sales and service organizations;

(ii) Sales commissions and fees in accordance with FAR Subpart 3.4;

(iii) Sales promotions, demonstrations, and related travel for sales to foreign governments. Section 126.8 of the International Traffic in Arms Regulations (22 CFR 126.8) may require Government approval for these costs to be allowable, in which case the appropriate Government approval shall be obtained; and

(iv) Configuration studies and related technical services undertaken as a direct selling effort to a foreign country.

(2) Product support and post-delivery service expenses, such as—

(i) Operations or maintenance training, training or tactics films, manuals, or other related data; and

(ii) Technical field services provided in a foreign country related to accident investigations, weapon system problems, or operations/tactics enhancement, and related travel to foreign countries.

(3) *Offsets*. For additional information see 225.7306.

(i) An offset agreement is the contractual arrangement between the FMS customer and the U.S. defense contractor that identifies the offset obligation imposed by the FMS customer that has been accepted by the U.S. defense contractor as a condition of the FMS customer's purchase. These agreements are distinct and independent of the LOA and the FMS contract. Further information about offsets and LOAs may be found in the Defense Security Cooperation Agency (DSCA) Security Assistance Management Manual (DSCA 5105.38-M), chapter 6, paragraph 6.3.9. (<http://samm.dsca.mil/chapter/chapter-6>).

(ii) A U.S. defense contractor may recover all costs incurred for offset agreements with a foreign government or international organization if the LOA is financed wholly with foreign government or international organization customer cash or repayable foreign military finance credits.

(iii) The U.S. Government assumes no obligation to satisfy or administer the offset agreement or to bear any of the associated costs.

(iv) Indirect offset costs are deemed reasonable for purposes of FAR parts 15 and 31 with no further analysis necessary on the part of the contracting officer, provided that the U.S. defense contractor submits to the contracting officer a signed offset agreement or other documentation showing that the FMS customer has made the provision of an indirect offset a condition of the FMS acquisition. FMS customers are placed on notice through the LOA that indirect offset costs are deemed reasonable without any further analysis by the contracting officer.

(4) Costs that are the subject of advance agreement under the appropriate provisions of FAR part 31; or where the advance understanding places a limit

## 225.7303-3

on the amounts of cost that will be recognized as allowable in defense contract pricing, and the agreement contemplated that it will apply only to DoD contracts for the U.S. Government's own requirement (as distinguished from contracts for FMS).

(b) Costs not allowable under FAR part 31 are not allowable in pricing FMS contracts, except as noted in paragraphs (c) and (e) of this section.

(c) The limitations for all contractors described in 231.205-18(c)(iii) and (iv) do not apply to FMS contracts, except as provided in 225.7303-5. The allowability of independent research and development (IR&D) costs and bid and proposal (B&P) costs on contracts for FMS not wholly paid for from funds made available on a nonrepayable basis is limited to the contract's allocable share of the contractor's total IR&D expenditures and total B&P expenditures. In pricing contracts for such FMS—

(1) Use the best estimate of reasonable costs in forward pricing; and

(2) Use actual expenditures, to the extent that they are reasonable, in determining final cost.

(d) Under paragraph (e)(1)(A) of Section 21 of the Arms Export Control Act (22 U.S.C. 2761), the United States must charge for administrative services to recover the estimated cost of administration of sales made under the Army Export Control Act.

(e) The limitations in 231.205-1 on allowability of costs associated with leasing Government equipment do not apply to FMS contracts.

[56 FR 36367, July 31, 1991, as amended at 56 FR 67216, Dec. 30, 1991; 57 FR 42631, Sept. 15, 1992; 57 FR 53600, Nov. 12, 1992; 59 FR 50511, Oct. 4, 1994; 61 FR 7744, Feb. 29, 1996; 61 FR 18987, Apr. 30, 1996; 63 FR 43889, Aug. 17, 1998; 64 FR 8729, Feb. 23, 1999; 64 FR 49684, Sept. 14, 1999; 68 FR 15632, Mar. 31, 2003; 70 FR 73155, Dec. 9, 2005; 74 FR 68382, Dec. 24, 2009; 80 FR 31310, June 2, 2015; 83 FR 30828, June 29, 2018; 88 FR 6599, Jan. 31, 2023]

item, contains language in conflict with the provisions of this section, the language of the government-to-government agreement prevails.

## 225.7303-4 Contingent fees.

(a) Except as provided in paragraph (b) of this subsection, contingent fees are generally allowable under DoD contracts, provided—

(1) The fees are paid to a bona fide employee or a bona fide established commercial or selling agency maintained by the prospective contractor for the purpose of securing business (see FAR Part 31 and FAR Subpart 3.4); and

(2) The contracting officer determines that the fees are fair and reasonable.

(b)(1) Under DoD 5105.38-M, LOAs for requirements for the governments of Australia, Taiwan, Egypt, Greece, Israel, Japan, Jordan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, Thailand, or Venezuela (Air Force) shall provide that all U.S. Government contracts resulting from the LOAs prohibit the reimbursement of contingent fees as an allowable cost under the contract, unless the contractor identifies the payments and the foreign customer approves the payments in writing before contract award (see 225.7307(a)).

(2) For FMS to countries not listed in paragraph (b)(1) of this subsection, contingent fees exceeding \$50,000 per FMS case are unallowable under DoD contracts, unless the contractor identifies the payment and the foreign customer approves the payment in writing before contract award.

[68 FR 15633, Mar. 31, 2003, as amended at 70 FR 73155, Dec. 9, 2005]

## 225.7303-5 Acquisitions wholly paid for from nonrepayable funds.

(a) In accordance with 22 U.S.C. 2762(d), price FMS wholly paid for from funds made available on a nonrepayable basis on the same costing basis with regard to profit, overhead, IR&D/B&P, and other costing elements as is applicable to acquisitions of like items purchased by DoD for its own use.

(b) Direct costs associated with meeting a foreign customer's additional or unique requirements are allowable

under such contracts. Indirect burden rates applicable to such direct costs are permitted at the same rates applicable to acquisitions of like items purchased by DoD for its own use.

(c) A U.S. defense contractor may not recover costs incurred for offset agreements with a foreign government or international organization if the LOA is financed with funds made available on a nonrepayable basis.

[61 FR 18988, Apr. 30, 1996; 61 FR 49531, Sept. 20, 1996, as amended at 63 FR 43890, Aug. 17, 1998; 64 FR 49684, Sept. 14, 1999; 68 FR 15633, Mar. 31, 2003]

**225.7304 FMS customer involvement.**

(a) FMS customers may request that a defense article or defense service be obtained from a particular contractor. In such cases, FAR 6.302-4 provides authority to contract without full and open competition. The FMS customer may also request that a subcontract be placed with a particular firm. The contracting officer shall honor such requests from the FMS customer only if the LOA or other written direction sufficiently fulfills the requirements of FAR Subpart 6.3.

(b) FMS customers should be encouraged to participate with U.S. Government acquisition personnel in discussions with industry to—

- (1) Develop technical specifications;
- (2) Establish delivery schedules;
- (3) Identify any special warranty provisions or other requirements unique to the FMS customer; and
- (4) Review prices of varying alternatives, quantities, and options needed to make price-performance tradeoffs.

(c) Do not disclose to the FMS customer any data, including certified cost or pricing data, that is contractor proprietary unless the contractor authorizes its release.

(d) Except as provided in paragraph (e)(3) of this section, the degree of FMS customer participation in contract negotiations is left to the discretion of the contracting officer after consultation with the contractor. The contracting officer shall provide an explanation to the FMS customer if its participation in negotiations will be limited. Factors that may limit FMS customer participation include situations where—

(e)(3) of this section, the degree of FMS customer participation in contract negotiations is left to the discretion of the contracting officer after consultation with the contractor. The contracting officer shall provide an explanation to the FMS customer if its participation in negotiations will be limited. Factors that may limit FMS customer participation include situations where—

(1) The contract includes requirements for more than one FMS customer;

(2) The contract includes unique U.S. requirements; or

(3) Contractor proprietary data is a subject of negotiations.

(e) Do not allow representatives of the FMS customer to—

(1) Direct the exclusion of certain firms from the solicitation process (they may suggest the inclusion of certain firms);

(2) Interfere with a contractor's placement of subcontracts; or

(3) Observe or participate in negotiations between the U.S. Government and the contractor involving certified cost or pricing data, unless a deviation is granted in accordance with subpart 201.4.

(f) Do not accept directions from the FMS customer on source selection decisions or contract terms (except that, upon timely notice, the contracting officer may attempt to obtain any special contract provisions, warranties, or other unique requirements requested by the FMS customer).

(g) Do not honor any requests by the FMS customer to reject any bid or proposal.

(h) If an FMS customer requests additional data concerning FMS contract prices, the contracting officer shall, after consultation with the contractor, provide sufficient data to demonstrate the reasonableness of the price and reasonable responses to relevant questions concerning contract price. This data—

(1) May include tailored responses, top-level pricing summaries, historical prices, or an explanation of any significant differences between the actual contract price and the estimated contract price included in the initial LOA; and

(2) May be provided orally, in writing, or by any other method acceptable to the contracting officer.

**225.7305 Limitation of liability.**

Advise the contractor when the foreign customer will assume the risk for loss or damage under the appropriate limitation of liability clause(s) (see FAR Subpart 46.8). Consider the costs

of necessary insurance, if any, obtained by the contractor to cover the risk of loss or damage in establishing the FMS contract price.

### 225.7306 Offset arrangements.

In accordance with the Presidential policy statement of April 16, 1990, DoD does not encourage, enter into, or commit U.S. firms to FMS offset arrangements. The decision whether to engage in offsets, and the responsibility for negotiating and implementing offset arrangements, resides with the companies involved. (Also see 225.7303-2(a)(3).)

### 225.7307 Contract clauses.

(a) Use the clause at 252.225-7027, Restriction on Contingent Fees for Foreign Military Sales, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that are for FMS. Insert in paragraph (b)(1) of the clause the name(s) of any foreign country customer(s) listed in 225.7303-4(b).

(b) Use the clause at 252.225-7028, Exclusionary Policies and Practices of Foreign Governments, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that are for the purchase of supplies and services for international military education training and FMS.

(B) The U.S. industrial base. The authorizing official generally may presume that there will not be an adverse

The contracting officer may modify the 50 percent evaluation factor in accordance with contracting office procedures.

(b) Use the clause at 252.225-7024, Requirement for Products or Services from Afghanistan, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, that include the provision at 252.225-7023, Preference for Products or Services from Afghanistan, and in the resulting contract.

The Approved Community consists of U.S. entities that are registered with the Department of State and are eligible exporters, the U.S. Government, and certain governmental and commercial facilities in Australia and the United Kingdom that are approved and listed by the U.S. Government. See *PGI 225.7902-2* for additional information.
