

postponing the effective date of the notice of exemption within 80 days of the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section. The decision to vacate will be effective on the date of service.

(3) If the Board has established the conditions and amount of compensation, and the original offer is withdrawn under paragraph (h)(7) of this section, any other offeror found to be financially responsible may accept the Board's decision within 20 days after the service date of the Board's decision setting terms and conditions. If the decision is accepted by another such offeror, the Board will require the applicant to accept the terms incorporated in the Board's decision.

(m) *Additional time for filing.* Notwithstanding the deadlines previously set forth in part 1152 for filing an offer of financial assistance, parties that can show that they would be materially prejudiced by having less than the full 4 months for filing an offer of financial assistance provided in 49 U.S.C. 10904(c) for application proceedings may seek relief under 49 CFR part 1117.

(n) *Special provisions for summary discontinuance and abandonment of lines not part of the Final System Plan.* (1) Board authorization is not needed for the cessation of service on a line of railroad formerly in reorganization that was not included in the Final System Plan (Plan) under the Regional Rail Reorganization Act of 1973, 45 U.S.C. 701 *et seq.*, as amended by the Railroad Revitalization and Regulatory Reform Act of 1976, if the line has been continuously subsidized since the inception of the Plan. To provide an opportunity for rail service continuation through offers of financial assistance, however, the owner of the line must give not less than 60 days' notice of a discontinuance, and beginning 120 days after discontinuance, not less than 30 days' notice of abandonment. Designated operators need only comply with the notice requirements of § 1150.11 of this title. In instances of discontinuance by a designated operator, the line owner is not obligated to operate the line. Notice is to be sent by the line owner to the Board, the governor and transportation agencies and the government of each political sub-

division of each state in which such rail properties are located and to each shipper who has used the rail service during the previous 12 months. The Board will generally apply the OFA procedures in this section (49 CFR 1152.27) for class exemptions to summary abandonment and discontinuance notices (except that the Board will not postpone the effective date of a summary discontinuance). For example, notice of summary abandonment or discontinuance will be published by the Board in the FEDERAL REGISTER within 20 days of filing. Paragraph (b)(2)(ii) of this section. Expressions of intent to file an offer must be filed no later than 10 days after the FEDERAL REGISTER publication. Paragraph (c)(2)(i) of this section. An offer must be filed within 30 days of the FEDERAL REGISTER publication. Paragraphs (b)(2)(ii) and (c)(2)(ii)(B) of this section. The Board will review offers to determine if a financially responsible person has offered assistance. If this criterion is met, the Board will postpone the effective date of the summary abandonment (but not the discontinuance) within 35 days of the FEDERAL REGISTER publication. Paragraph (e)(2) of this section. If the carrier and financially responsible person fail to agree on the amount or terms of subsidy or purchase, either party may request the Board to establish the conditions and amount of the compensation. This request must be filed within 30 days after the offer of purchase or subsidy is made, and the Board will issue a decision within 30 days after the request is due. Paragraphs (g)(1) and (h)(1) of this section.

(2) Where a designated operator is being used, it shall be paid a reasonable management fee. If the parties cannot agree on this fee, it shall be four and one-half percent of the total annual revenues attributable to the branch.

properties are appropriate for use for other public purposes.

(2) A request for a public use condition under 49 U.S.C. 10905 must be in writing and set forth:

(i) The condition sought;

(ii) The public importance of the condition;

(iii) The period of time for which the condition would be effective (up to the statutory maximum of 180 days); and

(iv) Justification for the imposition of the time period. A copy of the request shall be mailed to the applicant.

(3) For applications filed under part 1152, subpart C, a request for a public use condition must be filed not more than 45 days after the application is filed. A decision on the public use request will be issued by the Board or the Director of the Office of Proceedings prior to the effective date of the abandonment. For abandonment exemptions under part 1152, subpart F or exemptions granted on the basis of an individual petition for exemption filed under 49 U.S.C. 10502, a request for a public use condition must be filed not more than 20 days from the date of publication of the notice of exemption in the FEDERAL REGISTER in the case of class exemptions under subpart F of this part, or not more than 20 days from the date of publication of notice of the filing of the petition for individual exemption in the FEDERAL REGISTER.

(b) If the Board finds that the rail properties are appropriate for use for other public purposes, the railroad may dispose of the rail properties only under the conditions described in the Board's decision. The conditions imposed by the Board may include a prohibition against the disposal of the rail assets for a period of not more than 180 days from the effective date of the decision authorizing the abandonment or discontinuance, unless the properties have first been offered, on reasonable terms, for sale for public purposes. This period will run concurrently with any other postponements. Jurisdiction to impose such conditions expires after 180 days from the effective date of the decision authorizing the abandonment or discontinuance.

### **§ 1152.29 Prospective use of rights-of-way for interim trail use and rail banking.**

(a) *Contents of request for interim trail use.* If any state, political subdivision, or qualified private organization is interested in acquiring or using a right-of-way of a rail line proposed to be abandoned for interim trail use and rail banking pursuant to 16 U.S.C. 1247(d), it must file a comment or otherwise include a request in its filing (in a regulated abandonment proceeding) or a petition (in an exemption proceeding) indicating that it would like to do so. The comment/request or petition must include:

(1) A map depicting, and an accurate description of, the right-of-way, or portion thereof (including mileposts), proposed to be acquired or used;

(2) A statement indicating the trail sponsor's willingness to assume full responsibility for:

(i) Managing the right-of-way;

(ii) Any legal liability arising out of the transfer or use of the right-of-way (unless the user is immune from liability, in which case it need only indemnify the railroad against any potential liability); and

(iii) The payment of any and all taxes that may be levied or assessed against the right-of-way; and

(3) An acknowledgment that interim trail use is subject to the sponsor's continuing to meet its responsibilities described in paragraph (a)(2) of this section, and subject to possible future reconstruction and reactivation of the right-of-way for rail service. The statement must be in the following form:
