Subpart A—Railroads

SOURCE: 83 FR 15080, Apr. 9, 2018, unless otherwise noted.

§ 1248.1 Freight commodity statistics.

All class I railroads, as described in § 1240.1 of this chapter, subject to Part I of the Interstate Commerce Act, shall compile and report freight commodity statistics on the basis of the commodity codes named in § 1248.101. Carriers shall report quarterly on the basis of the 3, 4 and 5-digit commodity codes named in that section. Such reports shall be made in conformity with the outline of terms set forth in §§ 1248.2 to 1248.5, inclusive, as supplemented by instructions included in the appropriate report form to be supplied to the reporting railroads.

[47 FR 6880, Feb. 17, 1982]

§ 1248.2 Items to be reported.

(a) The following items are to be reported quarterly and annually by class I railroads:

(1) Average number of miles of road operated in freight service.

(2) For each commodity code used in reporting, except that the number of carloads for commodity code 431, “Small packaged freight shipments,” shall be omitted, the following items:

Revenue freight originating on respondent’s road:

- Terminating on line:
 - Number of carloads.
 - Number of tons (2,000 pounds).
- Delivered to connecting rail carriers:
 - Number of carloads.
 - Number of tons (2,000 pounds).

Revenue freight received from connecting rail carriers:

- Terminating on line:
 - Number of carloads.
 - Number of tons (2,000 pounds).
- Delivered to connecting rail carriers:
 - Number of carloads.
 - Number of tons (2,000 pounds).
- Total revenue freight carried:
 - Number of carloads.
 - Number of tons (2,000 pounds).
- Gross freight revenue.

(b) [Reserved]

[32 FR 20466, Dec. 20, 1967, as amended at 47 FR 6880, Feb. 17, 1982]

§ 1248.3 Carload and L.C.L. traffic defined.

(a) Commodity codes 01 through 422 and 44 through 462, named in § 1248.101, shall include only carload traffic. All shipments weighing less than 10,000 pounds shall be included in commodity code 431, “Small packaged freight shipments.”

(b) A *carload* for the purpose of this order shall consist of a shipment of not less than 10,000 pounds of one commodity. A mixed carload for the purpose of this order shall be treated as a carload of that commodity which forms the major portion of the shipment in weight. If a single shipment is loaded into more than one car, each car used shall be reported as a carload. If more than one *carload* shipment is loaded into one car, each shipment shall be reported separately as a carload.

[32 FR 20466, Dec. 20, 1967]

§ 1248.4 Originating and connecting line traffic.

(a) Revenue freight reported as *received from connecting rail carriers* shall include all shipments received from connecting rail carriers, either directly or indirectly, so far as apparent from information on the waybills or abstracts.

(b) Revenue freight reported as *originating on respondent’s road* shall include shipments originating on line and shipments received from water lines and highway motor truck lines, except when identified as having had previous rail transportation, as provided in paragraph (a) of this section.

(c) Freight which receives its first line-haul on respondent’s road, but

§ 1248.5

originates on switching roads connecting directly or indirectly with respondent's line, shall be reported as freight originated by respondent.

(d) Revenue freight reported as *delivered to connecting rail carriers* shall include shipments delivered to connecting rail carriers, either directly or indirectly, as far as apparent from information on waybills or abstracts.

(e) Revenue freight reported as *terminating on respondent's road* shall include shipments terminating on line and shipments delivered to water lines and highway motor truck lines, except when identified as to receive further rail transportation as provided in paragraph (d) of this section.

(f) Freight which receives its last line haul on respondent's line, but is delivered to a switching road connecting directly or indirectly with respondent's line, shall be reported as freight terminated by respondent.

(g) Import and export traffic received from or delivered to water carriers and traffic from and to outlying possessions of the United States received from or delivered to water carriers shall be reported as originating or terminating at the port of entry or exit.

(h) Traffic interchanged with connecting rail lines operating in Canada and Mexico shall be reported as delivered to or received from connecting rail carriers.

(i) Lake cargo coal delivered to lower Lake and St. Lawrence River ports for transshipment by vessel shall be reported as *delivered to connecting rail carrier*. Lake cargo coal received at upper Lake ports shall be reported as *received from connecting rail carriers*.

(j) Iron ore delivered to upper Lake ports for transshipment by vessel shall be reported as *delivered to connecting rail carriers*. Iron ore received at lower Lake and St. Lawrence River ports shall be reported as *received from connecting rail carriers*.

(k) Tidewater coal to Atlantic ports shall be reported as "delivered to connecting rail carriers." Tidewater coal from Atlantic ports shall be reported as "received from connecting rail carriers."

(l) Freight accorded transit privileges shall be reported as "originated on respondent's road" at the transit

49 CFR Ch. X (10-1-24 Edition)

point, even though the outbound shipment may move under transit balances or proportional rates.

(m) "Gross freight revenue" means respondent's gross revenue from freight without adjustment for absorptions or corrections.

(n) Commodity codes 44 and 441, "Freight forwarder traffic," as named in §1248.101, include freight traffic in carloads shipped by or consigned to any forwarder holding a certificate under Part IV of the Interstate Commerce Act.

[32 FR 20466, Dec. 20, 1967]

§ 1248.5 Report forms and date of filing.

(a) Reports required from Class I carriers by this section shall be submitted, in paper or electronically, to the Office of Economics, Surface Transportation Board, Washington, DC, on forms which will be furnished to the carriers. Data required under §1248.2 shall be filed on Form QCS on or before the 60th day succeeding the close of the period for which they are compiled.

(b) [Reserved]

NOTE: The outline of Report Form QCS follows the tenor of the order.

[32 FR 20466, Dec. 20, 1967, as amended at 47 FR 6881, Feb. 17, 1982; 81 FR 8857, Feb. 23, 2016]

§ 1248.6 Public inspection—railroad reports.

The individual commodity statistics reports of class I railroads, required to be filed, for the year beginning January 1, 1964, or for quarters thereof, and for the quarters of 1965, as the case might be, under the terms of §123.1, shall not be open to public inspection, and such required commodity statistics reports, to be filed for the years beginning January 1, 1965, and for the quarters of the year beginning January 1, 1966, and later, to the extent that they involve traffic of less than three shippers, reportable in one of the commodity reporting classes, may be excluded from a railroad's regular freight commodity statistics report and filed in a supplemental report which will not be open for public inspection, except that access to supplemental reports

Surface Transportation Board

§ 1248.101

may be given upon approval by the Board.

[32 FR 20466, Dec. 20, 1967, as amended at 47 FR 6881, Feb. 17, 1982]

Subpart B—Commodity Code

§ 1248.100 Commodity classification designated.

Commencing with reports for the year or quarter beginning January 1, 1964, as the case might be, and thereafter until further order, reports of commodity statistics required to be made to the Board, shall be based on the commodity codes, up to 5 digits, in groups 01 through 40, in the Commodity Classification for Transportation Statistics, 1963, issued by the Bureau of the Budget, and on additional codes 411 through 462 shown in § 1248.101.

[32 FR 20466, Dec. 20, 1967. Redesignated at 46 FR 9116, Jan. 28, 1981, and 46 FR 10745, Feb. 4, 1981]

Surface Transportation Board

§ 1250.2

[32 FR 20466, Dec. 20, 1967. Redesignated at 46 FR 9116, Jan. 28, 1981, and 46 FR 10745, Feb. 4, 1981]

PART 1249—REPORTS OF TARE WEIGHT AND LOSS AND DAMAGE DATA

1249.1 Annual Report of Tare Weight Data.
1249.2 Annual Report of Loss and Damage Data.

AUTHORITY: 49 U.S.C. 1321, 11144, 11145.

SOURCE: 87 FR 47640, Aug. 4, 2022, unless otherwise noted.

§ 1249.1 Annual Report of Tare Weight Data.

Class I carriers, either individually or through AAR, shall annually file tare weight data, as detailed in the Annual Report of Tare Weight Data, with the Surface Transportation Board's Office of Economics no later than May 31 of each year. Forms and instructions are available at *www.stb.gov* and may also be obtained by contacting the Office of Economics.

§ 1249.2 Annual Report of Loss and Damage Data.

Class I carriers, either individually or through AAR, shall annually file loss and damage data, as detailed in the Annual Report of Loss and Damage Data, with the Surface Transportation Board's Office of Economics no later than May 31 of each year. Forms and instructions are available at *www.stb.gov* and may also be obtained by contacting the Office of Economics.

PART 1250—RAILROAD PERFORMANCE DATA REPORTING

Sec.

1250.1 General.
1250.2 Railroad performance data elements.
1250.3 Chicago terminal reporting.
1250.4 Rail infrastructure projects reporting.

AUTHORITY: 49 U.S.C. 1321 and 11145.

SOURCE: 81 FR 87484, Dec. 5, 2016, unless otherwise noted.

§ 1250.1 General.

(a) The reporting period covers:

(1) For § 1250.2(a)(1)–(9), 12:01 a.m. Saturday–11:59 p.m. Friday;

(2) For § 1250.2(a)(10), the previous calendar month;

(3) For § 1250.2(a)(11), 12:01 a.m. Sunday–11:59 p.m. Saturday;

(4) For § 1250.3(a)(1)–(2), 12:01 a.m. Saturday–11:59 p.m. Friday.

(b) The data required under § 1250.2 and § 1250.3(a) must be reported to the Board via the method and in the form prescribed by the Board's Office of Public Assistance, Governmental Affairs, and Compliance (OPAGAC) by 5 p.m. Eastern Time on Wednesday of each week. In the event that a particular Wednesday is a Federal holiday or falls on a day when STB offices are closed for any other reason, then the data should be reported on the next business day when the offices are open.

(c) Each reporting railroad shall provide an explanation of its methodology for deriving the data with its initial filing and an update if and when that methodology changes. This explanation should include the unit train definition that the railroad will use in its data reporting, which shall reflect its assignment of train codes in accordance with its normal business practices. If and when a railroad changes its definition of unit train it shall notify the Board of the change at the time it goes into effect in the form prescribed by OPAGAC.

(d) Unless otherwise provided, the performance data, Chicago data and alert levels, narrative infrastructure reporting, and any methodologies or explanations of data collection reported to the Board under this part will be publicly available and posted on the Board's Web site.

§ 1250.2 Railroad performance data elements.

(a) Each Class I railroad must report the performance data elements in paragraphs (a)(1)–(9) and (11) of this section on a weekly basis, and the data elements in paragraph (a)(10) on a monthly basis, for the reporting period, as defined in § 1250.1(a). However, with regard to data elements in paragraph (a)(7) and (8), Kansas City Southern Railway Company is not required to report information by state, but instead shall report system-wide data.
