§ 372.107 Definitions.

As used in the regulations in this part, the following terms shall have the meaning shown:

(a) *Cooperative association*. The term ''cooperative association'' means an association which conforms to the following definition in the Agricultural Marketing Act, approved June 15, 1929, as amended (12 U.S.C. 1141j):

As used in this Act, the term *cooperative association* means any association in which farmers act together in processing, preparing for market, handling, and/or marketing the farm products of persons so engaged, and also means any association in which farmers act together in purchasing, testing, grading, processing, distributing, and/or furnishing farm supplies and/or farm business services. Provided, however, That such associations are operated for the mutual benefit of the members thereof as such producers or purchasers and conform to one or both of the following requirements:

First. That no member of the association is allowed more than one vote because of the amount of stock or membership capital he may own therein; and

Second. That the association does not pay dividends on stock or membership capital in excess of 8 per centum per annum.

And in any case to the following:

Third. That the association shall not deal in farm products, farm supplies and farm business services with or for nonmembers in an amount greater in value than the total amount of such business transacted by it with or for members. All business transacted by any cooperative association for or on behalf of the United States or any agency or instrumentality thereof shall be disregarded in determining the volume of member and nonmember business transacted by such association.

Associations which do not conform to such definition are not eligible to operate under the partial exemption of 49 U.S.C. 13506(a)(5).

(b) *Federation of cooperative associations*. The term ''federation of cooperative associations'' means a federation composed of either two or more cooperative associations, or one or more farmers, which federation possesses no greater powers or purposes than a cooperative association as defined in paragraph (a) of this section. Federations of cooperative associations which do not conform to such definition are not eligible to operate under the partial exemption of 49 U.S.C. 13506(a)(5).

(c) *Member*. The term ''member'' means any farmer or cooperative association which has consented to be, has been accepted as, and is a member in good standing in accordance with the constitution, bylaws, or rules of the cooperative association or federation of cooperative associations.

(d) *Farmer*. The term ''farmer'' means any individual, partnership, corporation, or other business entity to the extent engaged in farming operations either as a producer of agricultural commodities or as a farm owner.

(e) *Interstate transportation*. The term ''interstate transportation'' means transportation by motor vehicle in interstate or foreign commerce subject to the FMCSA's jurisdiction as set forth in 49 U.S.C. 13501.

(f) *Member transportation*. The term ''member transportation'' means transportation performed by a cooperative association or federation of cooperative associations for itself or for its members, but does not include transportation performed in furtherance of the nonfarm business of such members.

(g) *Nonmember transportation*. The term ''nonmember transportation'' means transportation performed by a cooperative association or federation of cooperative associations other than member transportation as defined in paragraph (f) of this section.

(h) *Fiscal year.* The term ''fiscal year'' means the annual accounting period adopted by the cooperative association or federation of cooperative associations for Federal income tax reporting purposes.

(i) *Recreational activities.* The term ''recreational activities'' means activities consisting of an outdoor experience or excursion typically of a physical or athletic nature which require transportation for the sole purpose of moving customers to another location or locations where the outdoor experience or excursion will take place and collecting those customers to transport them back to the place of initial boarding or another outpost of the motor carrier. Recreational activities include but are not limited to hiking, biking, horseback riding, canoeing, whitewater rafting, water trails, tubing, skiing, snowshoeing, snowmobiling, hunting, fishing, mountain climbing, swimming, and off-highway vehicle driving and riding. The term does not include any activity:

(1) for which the activity offered or sold is occurring simultaneously with the transportation; or

(2) for which the transportation is the primary service offered for sale.

§ 372.109 Computation of tonnage allowable in nonfarm-non-member transportation.

Interstate transportation performed by a cooperative association or federation of cooperative associations for nonmembers who are not farmers, cooperative associations, or federations of associations or the United States Government for compensation, (except transportation otherwise exempt under subtitle IV, part B, chapter 135 of title 49 of the United States Code) shall be limited to that which is incidental to its primary transportation operation and necessary for its effective performance. It shall in no event exceed 25 percent of its total interstate transportation services in any fiscal year, measured in terms of tonnage. A cooperative association or federation of cooperative associations may transport its own property, its members' property, property of other farmers and the property of other cooperatives or federations in accordance with existing law, except where the provisions of § 372.111 may be applicable to the limit on member/nonmember transportation.

(a) The phrase ''incidental to its primary transportation operation and necessary for its effective performance'' means that the interstate transportation of the cooperative association or federation of cooperative associations for nonmembers as described above is performed with the same trucks or tractors employed in a prior or subsequent trip in the primary transportation operation of the cooperative association or federation, that it is not economically feasible to operate the trucks or tractors empty on return trips (outbound trips in cases where the primary transportation operation is inbound to the association or federation), and that the additional income obtained from such transportation is necessary to make the primary transportation operation financially practicable. Transportation for nonmembers as described above performed by a cooperative or federation through the use of trucks or tractors trip-leased for one-way movements with the cooperative association or federation acting as leasee, is not incidental and necessary;

(b) The base tonnage to which the 25-percent limitation is applied is all tonnage of all kinds transported by the cooperative association or federation of cooperative associations in interstate or foreign commerce, whether for itself, its members or nonmembers, for or on behalf of the United States or any agency or instrumentality thereof, and that performed within the exemption provided by 49 U.S.C. 13506(a)(5).

[43 FR 2397, Jan. 17, 1978, as amended at 43 FR 21894, May 22, 1978; 45 FR 45524, July 3, 1980; 62 FR 49940, Sept. 24, 1997; 66 FR 49870, Oct. 1, 2001; 78 FR 58478, Sept. 24, 2013]

§ 372.111 Nonmember transportation limitation and record keeping.

(a) *Overall limitation of nonmember transportation.* No cooperative association or federation of cooperative associations may engage in nonmember interstate transportation for compensation in any fiscal year which,

measured in terms of tonnage, exceeds its total interstate member transportation in such fiscal year.

(b) *Records of interstate transportation when nonmember transportation is performed.* Any cooperative association or federation of cooperative associations performing interstate transportation for nonmembers shall prepare and retain for a period of at least two years written records of all interstate transportation performed for members and nonmembers. These records shall contain:

(1) The date of the shipment,

(2) The names and addresses of the consignor and consignee,

(3) The origin and destination of the shipment,

(4) A description of the articles in the shipment,

(5) The weight or volume of the shipment,

(6) A description of the equipment used either by unit number or license number and, in the event this equipment is nonowned, the name and address of its owners and drivers,

(7) The total charges collected,

(8) A copy of all leases executed by the cooperative association or federation of cooperative associations to obtain equipment to perform transportation under 49 U.S.C. 13506(a)(5),

(9) Whether the transportation performed is:

(i) Member transportation,

(ii) Nonmember transportation for nonmembers who are farmers, cooperative associations, or federations thereof,

(iii) Other nonmember transportation, and if of class (iii), how the transportation was incidental and necessary as defined in §372.109(a).
