§ 373.105 Low value packages.

The carrier and shipper may elect to waive the above provisions and use a more streamlined recordkeeping or documentation system for distribution of "low value" packages. This includes the option of shipping such packages under the provisions of 49 U.S.C. 14706(c). The shipper is responsible ultimately for determining which packages should be designated as low value. A useful guideline for this determination is an invoice value less than or equal to the costs of preparing a loss or damage claim.

**Subpart B—Freight Forwarders;
Bills of Lading**

**§ 373.201 Receipts and bills of lading
for freight forwarders.**

Each freight forwarder must issue the shipper a receipt or through bill of lading, covering transportation from origin to ultimate destination, on each shipment for which it arranges transportation in interstate commerce. Where a motor carrier receives freight at the origin and issues a receipt therefor on its form with a notation showing the freight forwarder's name, then the freight forwarder, upon receiving the shipment at the "on line" or consolidating station, must issue a receipt or through bill of lading on its form as of the date the carrier receives the shipment.
