(f) Fails to deliver the vehicle, or cause it to be delivered, to the custody of the Bureau of Customs and Border Protection at any port of entry, for export or abandonment to the United States, and to execute all documents necessary to accomplish such purposes, if the Administrator has furnished it written notice that the vehicle has been found not to comply with all applicable Federal motor vehicle safety standards along with a demand that the vehicle be delivered for export or abandoned to the United States.

APPENDIX A TO PART 593—LIST OF VEHICLES DETERMINED TO BE ELIGIBLE FOR IMPORTATION

AUTHORITY: 49 U.S.C. 322 and 30141(b); delegation of authority at 49 CFR 1.95.

SOURCE: 54 FR 40099, Sept. 29, 1989, unless otherwise noted.

§ 593.1 Scope.

This part establishes procedures under section 108(c) of the National

Traffic and Motor Vehicle Safety Act, as amended (15 U.S.C. 1397(c)), for making determinations whether a vehicle that was not originally manufactured to conform with all applicable Federal motor vehicle safety standards, and is not otherwise eligible for importation under part 591 of this chapter, may be imported into the United States because it can be modified to meet the Federal standards.

§ 593.2 Purpose.

The purpose of this part is to provide content and format requirements for any Registered Importer and manufacturer who wishes to petition the Administrator for a determination that a vehicle not originally manufactured to conform to all applicable Federal motor vehicle safety standards is eligible to be imported into the United States because it can be modified to meet the standards. The purpose of this part is also to specify procedures under which the Administrator makes eligibility determinations pursuant to those petitions as well as eligibility determinations on the agency's initiative.

§ 593.3 Applicability.

This part applies to a motor vehicle that was not originally manufactured and certified by its original manufacturer to conform with all applicable Federal motor vehicle safety standards and that is offered for importation into the United States.

§ 593.4 Definitions.

All terms in this part that are defined in section 102 of the National Traffic and Motor Vehicle Safety Act (15 U.S.C. 1391) are used as defined therein.

Administrator means the Administrator of the National Highway Traffic Safety Administration.

Model year means the year used by a manufacturer to designate a discrete vehicle model irrespective of the calendar year in which the vehicle was actually produced, or the model year as designated by the vehicle's country of origin, or, if neither the manufacturer nor the country of origin has made such a designation, the calendar year (*i.e.*, January 1 through December 31)

in which manufacturing operations are completed on the vehicle at its place of main assembly.

NHTSA means the National Highway Traffic Safety Administration.

Registered Importer means any person who has been granted registered importer status by the Administrator pursuant to paragraph 592.5(b) of this chapter, and whose registration has not been revoked.

[54 FR 40099, Sept. 29, 1989, as amended at 76 FR 53080, Aug. 25, 2011]

§ 593.5 Petitions for eligibility determinations.

(a) A manufacturer or Registered Importer may petition the Administrator for a determination that a vehicle that does not comply with all applicable Federal motor vehicle safety standards is eligible for importation, either

(1) On the basis that the vehicle:

(i) Is substantially similar to a vehicle which was originally manufactured for importation into and sale in the United States and which bore a certification affixed by its manufacturer pursuant to part 567 of this chapter, and

(ii) Is capable of being readily modified to conform to all applicable Federal motor vehicle safety standards; or

(2) On the basis that the vehicle has safety features that comply with or are capable of being modified to comply with all applicable Federal motor vehicle safety standards.

(b) Each petition filed under this part must—

(1) Be written in the English language;

(2) Be headed with the words “Petition for Import Eligibility Determination” and submitted in three copies to: Director, Office of Vehicle Safety Compliance, National Highway Traffic Safety Administration, Fourth Floor, Room W43-481, Mail Code NVS-220, 1200 New Jersey Avenue, SE., Washington, DC 20590.

(3) State the full name and address of the petitioner.

(4) If the petitioner is a Registered Importer, include the Registered Importer Number assigned by NHTSA pursuant to part 592 of this chapter.

(5) Set forth the basis for the petition and the information required by § 593.6 (a) or (b), as appropriate;

(6) Specify any part of the information and data submitted which petitioner requests be withheld from public disclosure in accordance with part 512 of this chapter; and

(7) Submit a certified check payable to the Treasurer of the United States, for the amount of the vehicle eligibility petition fee established pursuant to part 594 of this chapter.

(c) The knowing and willful submission of false, fictitious or fraudulent information may subject the petitioner to the criminal penalties of 18 U.S.C. 1001.

[54 FR 40099, Sept. 29, 1989, as amended at 55 FR 37330, Sept. 11, 1990; 76 FR 53080, Aug. 25, 2011]

§ 593.6 Basis for petition.

(a) If the basis for the petition is that the vehicle is substantially similar to a vehicle which was originally manufactured for importation into and sale in the United States, and which was certified by its manufacturer pursuant to part 567 of this chapter, and that it is capable of being readily modified to conform to all applicable Federal motor vehicle safety standards, the petitioner shall provide the following information:

(1) Identification of the original manufacturer, model, and model year of the vehicle for which a determination is sought, as well as the type classification, as defined by § 571.3 of this chapter, (e.g., passenger car, multipurpose passenger vehicle, bus, truck, motorcycle, trailer, low-speed vehicle) and the gross vehicle weight rating (GVWR) of the substantially similar vehicle which was originally manufactured for importation into and sale in the United States, and which was certified by its manufacturer pursuant to part 567 of this chapter, upon which the petition is based.

(2) Identification of the original manufacturer, model, and model year of the vehicle which the petitioner believes to be substantially similar to that for which a determination is sought.

(3) Substantiation that the manufacturer of the vehicle identified by the petitioner under paragraph (a)(2) of this section originally manufactured it for importation into and sale in the United States, and affixed a label to it

certifying that it complied with all applicable Federal motor vehicle safety standards.

(4) Data, views and arguments demonstrating that the vehicle identified by the petitioner under paragraph (a)(1) of this section is substantially similar to the vehicle identified by the petitioner under paragraph (a)(2) of this section.

(5) With respect to each Federal motor vehicle safety standard that applied to the vehicle identified by the petitioner under paragraph (a)(2) of this section, data, views, and arguments demonstrating that the vehicle identified by the petitioner under paragraph (a)(1) of this section either was originally manufactured to conform to such standard, or is capable of being readily modified to conform to such standard.

(b) If the basis of the petition is that the vehicle's safety features comply with or are capable of being modified to comply with all applicable Federal motor vehicle safety standards, the petitioner shall provide the following information:

(1) Identification of the model and model year of the vehicle for which a determination is sought, as well as the type classification of the vehicle, as defined by § 571.3 of this chapter (e.g., passenger car, multipurpose passenger vehicle, bus, truck, motorcycle, trailer, low-speed vehicle) and the vehicle's gross vehicle weight rating (GVWR) as identified by the Registered Importer consistent with parts 567 and 571 of this chapter.

(2) With respect to each Federal motor vehicle safety standard that would have applied to such vehicle had it been originally manufactured for importation into and sale in the United States, data, views, and arguments demonstrating that the vehicle has safety features that comply with or are capable of being modified to conform with such standard. The latter demonstration shall include a showing that after such modifications, the features will conform with such standard.

[54 FR 40099, Sept. 29, 1989, as amended at 76 FR 53080, Aug. 25, 2011]

§ 593.7 Processing of petitions.

(a) NHTSA will review each petition for sufficiency under §§ 593.5 and 593.6. If the petition does not contain all the information required by this part, NHTSA notifies the petitioner, pointing out the areas of insufficiency, and stating that the petition will not receive further consideration until the required information is provided. If the additional information is not provided within the time specified by NHTSA in its notification, NHTSA may dismiss the petition as incomplete, and so notify the petitioner. When the petition is complete, its processing continues.

(b) NHTSA publishes in the FEDERAL REGISTER, affording opportunity for comment, a notice of each petition containing the information required by this part.

(c) No public hearing, argument, or other formal proceeding is held on a petition filed under this part.

(d) If the Administrator is unable to determine that the vehicle in a petition submitted under § 593.6(a) is one that is substantially similar, or (if it is substantially similar) is capable of being readily modified to meet the standards, (s)he notifies the petitioner, and offers the petitioner the opportunity to supplement the petition by providing the information required for a petition submitted under paragraph 593.6(b).

(e) If the Administrator determines that the petition does not clearly demonstrate that the vehicle model is eligible for importation, (s)he denies it and notifies the petitioner in writing. (S)he also publishes in the FEDERAL REGISTER a notice of denial and the reasons for it. A notice of denial also states that the Administrator will not consider a new petition covering the model that is the subject of the denial until at least 3 months from the date of the notice of denial. There is no administrative reconsideration available for petition denials.

(f) If the Administrator determines that the petition clearly demonstrates that the vehicle model is eligible for importation, (s)he grants it and notifies the petitioner. (S)he also publishes

in the FEDERAL REGISTER a notice of grant and the reasons for it.

[54 FR 40099, Sept. 29, 1989, as amended at 55 FR 37330, Sept. 11, 1990]

§ 593.8 Determinations on the agency's initiative.

(a) The Administrator may make a determination of eligibility on his or her own initiative. The agency publishes in the FEDERAL REGISTER, affording opportunity for comment, a notice containing the information available to the agency (other than confidential information) relevant to the basis upon which eligibility may be determined.

(b) No public hearing, argument, or other formal proceeding is held upon a notice published under this section.

(c) The Administrator publishes a second notice in the FEDERAL REGISTER in which (s)he announces his or her determination whether the vehicle is eligible or ineligible for importation, and states the reasons for the determination. A notice of ineligibility also announces that no further determination for the same model of motor vehicle will be made for at least 3 months following the date of publication of the notice. There is no administrative reconsideration available for a decision of ineligibility.

§ 593.9 Effect of affirmative determinations; lists.

(a) A notice of grant is sufficient authority for the importation by persons other than the petitioner of any vehicle of the same model specified in the grant.

(b) The Administrator publishes annually in the FEDERAL REGISTER a list of determinations made under Sec. 593.7, and Sec. 593.8.

§ 593.10 Availability for public inspection.

(a) Except as specified in paragraph (b) of this section, information relevant to a determination under this part, including a petition and supporting data, and the grant or denial of the petition or the making of a determination on the Administrator's initiative, is available for public inspection in the Docket Section, Room 5109, National Highway Traffic Safety Administration, 400 Seventh St., SW.,

Washington, DC 20590. Copies of available information may be obtained, as provided in part 7 of this chapter.

(b) Except for release of confidential information authorized under part 512 of this chapter, information made available for inspection under paragraph (a) of this section does not include information for which confidentiality has been requested and granted in accordance with part 512 of this chapter, and 5 U.S.C. 552(b). To the extent that a petition contains material relating to the methodology by which the petitioner intends to achieve conformance with a specific standard, the petitioner may request confidential treatment of such material on the grounds that it contains a trade secret or confidential information in accordance with part 512 of this chapter.

APPENDIX A TO PART 593—LIST OF VEHICLES DETERMINED TO BE ELIGIBLE FOR IMPORTATION

(a) Each vehicle on the following list is followed by a vehicle eligibility number. The importer of a vehicle admissible under any eligibility decision must enter that number on the HS-7 Declaration Form accompanying entry to indicate that the vehicle is eligible for importation.

(1) "VSA" eligibility numbers are assigned to all vehicles that are decided to be eligible for importation on the initiative of the Administrator under § 593.8.

(2) "VSP" eligibility numbers are assigned to vehicles that are decided to be eligible under § 593.7(f), based on a petition from a manufacturer or registered importer submitted under § 593.5(a)(1), which establishes that a substantially similar U.S.-certified vehicle exists.

(3) "VCP" eligibility numbers are assigned to vehicles that are decided to be eligible under § 593.7(f), based on a petition from a manufacturer or registered importer submitted under § 593.5(a)(2), which establishes that the vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS.

(b) Vehicles for which eligibility decisions have been made are listed alphabetically, first by make, then by model, then by model year.

(c) All hyphens used in the Model Year column mean "through" (for example, "1995-1999" means "1995 through 1999").

(d) The initials "MC" used in the Make column mean "Motorcycle."

(e) The initials "SWB" used in the Model Type column mean "Short Wheel Base."

Pt. 593, App. A

49 CFR Ch. V (10–1–22 Edition)

(f) The initials “LWB” used in the Model Type column mean “Long Wheel Base.”

(g) For vehicles with a European country of origin, the term “Model Year” ordinarily means calendar year in which the vehicle was produced.

(h) All vehicles are left-hand-drive (LHD) vehicles unless noted as RHD. The initials “RHD” used in the Model Type column mean “right-hand-drive.”

(i) For vehicle models that have been determined to be eligible for importation based on a petition submitted under §593.5(a)(1), which establishes that a substantially similar U.S.-certified vehicle exists, and no specific body style(s) are listed, only the body style(s) of that vehicle model that were U.S.-certified by the original manufacturer are eligible for importation. For example, if the original manufacturer manufactured both sedan and wagon body styles for the described model, but only certified the sedan for the U.S. market, the wagon body style would not be eligible for importation under that determination.

§ 594.1 Scope.

This part establishes the fees authorized by 49 U.S.C. 30141.

[61 FR 51045, Sept. 30, 1996]

§ 594.2 Purpose.

The purposes of this part is to ensure that NHTSA is reimbursed for costs incurred in administering the importer registration program, in making determinations whether a nonconforming vehicle is eligible for importation into the United States, and in processing the bond furnished to the Secretary of the Treasury given to ensure that an imported vehicle not originally manufactured to conform to all applicable Federal motor vehicle safety standards is brought into compliance with the safety standards, or will be exported, or abandoned to the United States.

§ 594.3 Applicability.

This part applies to any person who applies to NHTSA to be granted the status of Registered Importer under part 592 of this chapter, to any person who has been granted such status, to
