

functions. In making this determination, OMB will take into account the criteria set forth in paragraph (d) of this section, and will consider whether the burden of the collection of information is justified by its practical utility. In addition:

(1) OMB will consider necessary any collection of information specifically mandated by statute or court order, but will independently assess any collection of information to the extent that the agency exercises discretion in its implementation; and

(2) OMB will consider necessary any collection of information specifically required by an agency rule approved or not acted upon by OMB under § 1320.11 or § 1320.12, but will independently assess any such collection of information to the extent that it deviates from the specifications of the rule.

(f) Except as provided in § 1320.15, to the extent that OMB determines that all or any portion of a collection of information is unnecessary, for any reason, the agency shall not engage in such collection or portion thereof. OMB will reconsider its disapproval of a collection of information upon the request of the agency head or Senior Official only if the sponsoring agency is able to provide significant new or additional information relevant to the original decision.

(g) An agency may not make a substantive or material modification to a collection of information after such collection of information has been approved by OMB, unless the modification has been submitted to OMB for review and approval under this Part.

(h) An agency should consult with OMB before using currently approved forms or other collections of information after the expiration date printed thereon (in those cases where the actual form being used contains an expiration date that would expire before the end of the use of the form).

§ 1320.6 Public protection.

(a) Notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information that is subject to the requirements of this part if:

(1) The collection of information does not display, in accordance with § 1320.3(f) and § 1320.5(b)(1), a currently valid OMB control number assigned by the Director in accordance with the Act; or

(2) The agency fails to inform the potential person who is to respond to the collection of information, in accordance with § 1320.5(b)(2), that such person is not required to respond to the collection of information unless it displays a currently valid OMB control number.

(b) The protection provided by paragraph (a) of this section may be raised in the form of a complete defense, bar, or otherwise to the imposition of such penalty at any time during the agency administrative process in which such penalty may be imposed or in any judicial action applicable thereto.

(c) Whenever an agency has imposed a collection of information as a means for proving or satisfying a condition for the receipt of a benefit or the avoidance of a penalty, and the collection of information does not display a currently valid OMB control number or inform the potential persons who are to respond to the collection of information, as prescribed in § 1320.5(b), the agency shall not treat a person's failure to comply, in and of itself, as grounds for withholding the benefit or imposing the penalty. The agency shall instead permit respondents to prove or satisfy the legal conditions in any other reasonable manner.

(1) If OMB disapproves the whole of such a collection of information (and the disapproval is not overridden under § 1320.15), the agency shall grant the benefit to (or not impose the penalty on) otherwise qualified persons without requesting further proof concerning the condition.

(2) If OMB instructs an agency to make a substantive or material change to such a collection of information (and the instruction is not overridden under § 1320.15), the agency shall permit respondents to prove or satisfy the condition by complying with the collection of information as so changed.

(d) Whenever a member of the public is protected from imposition of a penalty under this section for failure to

§ 1320.7

comply with a collection of information, such penalty may not be imposed by an agency directly, by an agency through judicial process, or by any other person through administrative or judicial process.

(e) The protection provided by paragraph (a) of this section does not preclude the imposition of a penalty on a person for failing to comply with a collection of information that is imposed on the person by statute—e.g., 26 U.S.C. §6011(a) (statutory requirement for person to file a tax return), 42 U.S.C. §6938(c) (statutory requirement for person to provide notification before exporting hazardous waste).

§ 1320.7 Agency head and Senior Official responsibilities.

(a) Except as provided in paragraph (b) of this section, each agency head shall designate a Senior Official to carry out the responsibilities of the agency under the Act and this part. The Senior Official shall report directly to the head of the agency and shall have the authority, subject to that of the agency head, to carry out the responsibilities of the agency under the Act and this part.

(b) An agency head may retain full undelegated review authority for any component of the agency which by statute is required to be independent of any agency official below the agency head. For each component for which responsibility under the Act is not delegated to the Senior Official, the agency head shall be responsible for the performance of those functions.

(c) The Senior Official shall head an office responsible for ensuring agency compliance with and prompt, efficient, and effective implementation of the information policies and information resources management responsibilities established under the Act, including the reduction of information collection burdens on the public.

(d) With respect to the collection of information and the control of paperwork, the Senior Official shall establish a process within such office that is sufficiently independent of program responsibility to evaluate fairly whether proposed collections of information should be approved under this Part.

5 CFR Ch. III (1–1–23 Edition)

(e) Agency submissions of collections of information for OMB review, and the accompanying certifications under §1320.9, may be made only by the agency head or the Senior Official, or their designee.

§ 1320.8 Agency collection of information responsibilities.

The office established under §1320.7 shall review each collection of information before submission to OMB for review under this part.

(a) This review shall include:

(1) An evaluation of the need for the collection of information, which shall include, in the case of an existing collection of information, an evaluation of the continued need for such collection;

(2) A functional description of the information to be collected;

(3) A plan for the collection of information;

(4) A specific, objectively supported estimate of burden, which shall include, in the case of an existing collection of information, an evaluation of the burden that has been imposed by such collection;

(5) An evaluation of whether (and if so, to what extent) the burden on respondents can be reduced by use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses;

(6) A test of the collection of information through a pilot program, if appropriate; and

(7) A plan for the efficient and effective management and use of the information to be collected, including necessary resources.

(b) Such office shall ensure that each collection of information:

(1) Is inventoried, displays a currently valid OMB control number, and, if appropriate, an expiration date;

(2) Is reviewed by OMB in accordance with the clearance requirements of 44 U.S.C. §3507; and

(3) Informs and provides reasonable notice to the potential persons to whom the collection of information is addressed of—

(i) The reasons the information is planned to be and/or has been collected;
