

(ii) *Acquiring DAS.* A state-operated permit bank may not acquire DAS through a lease from a vessel permit (including permits held by other state-operated permit banks), as described in § 684.82(k). If a vessel leases DAS from a state-operated permit bank, NMFS may authorize the return of the unused portion of such DAS to the state-operated permit bank upon written agreement by both parties, provided none of the DAS had been used. The state-operated permit bank may then redistribute the available DAS to another vessel during the same fishing year.

(5) *Annual report.* A state-operated permit bank shall report to the Council annually on the performance of the state-operated permit bank. Such reports shall include at a minimum and to the extent that the information does not conflict with any regulations regarding the protection of personal and/or proprietary information, all elements listed in paragraph (e)(1)(v) of this section.

(6) *Use of additional funds.* If additional funds from any source become available to a state-operated permit bank, the state-operated permit bank may not allocate or transfer any ACE that may be associated with any new permit purchased with those funds, until the state-operated permit bank provides the Council the opportunity to review the implications of the expanded state-operated permit bank to the goals and objectives of the NE Multispecies FMP.

(7) *Violation of the terms and conditions applicable to a state-operated permit bank.* If a state or state-operated permit bank violates or fails to comply with any of the requirements and conditions specified in this section or in the MOA referenced in paragraph (e)(1) of this section, the state or state-operated permit bank is subject to the actions and penalties specified in § 648.4(n) or the MOA.

§ 648.88 Multispecies open access permit restrictions.

(a) *Handgear permit.* A vessel issued a valid open access NE multispecies Handgear permit is subject to the following restrictions:

(1) The vessel may possess and land up to 75 lb (90.7 kg) of cod, and up to the landing and possession limit restrictions for other NE multispecies specified in § 648.86, provided the vessel complies with the restrictions specified in paragraph (a)(2) of this section. If either the GOM or GB cod trip limit applicable to a vessel fishing under a NE multispecies DAS permit, as specified in § 648.86(b)(1) and (2), respectively, is adjusted by NMFS, the cod trip limit specified in this paragraph (a)(1) shall be adjusted proportionally (rounded up to the nearest 25 lb (11.3 kg)). For example, if the GOM cod trip limit specified at § 648.86(b)(1) doubled, then the cod trip limit for the Handgear B category fishing in the GOM Regulated Mesh Area would also double to 150 lb (68 kg).

(2) *Restrictions:* (i) The vessel may not use or possess on board gear other than handgear while in possession of, fishing for, or landing NE multispecies, and must have at least one standard tote on board;

(ii) The vessel may not fish for, possess, or land regulated species from March 1 through March 20 of each year; and

(iii) The vessel, if fishing with tub-trawl gear, may not fish with more than a maximum of 250 hooks.

(iv) *Declaration.* To fish for GB cod south of the GOM Regulated Mesh Area, as defined at § 648.80(a)(1), a vessel owner or operator must obtain, and retain on board, a letter of authorization from the Regional Administrator declaring an intent to fish south of the GOM Regulated Mesh Area, and may not fish in any other area for a minimum of 7 consecutive days from the effective date of the letter of authorization. Such a vessel may transit the GOM Regulated Mesh Area, provided that their gear is stowed and not available for immediate use as defined in § 648.2.

(b) *Charter/party permit.* A vessel that has been issued a valid open access NE multispecies charter/party permit is

§ 648.89

50 CFR Ch. VI (10–1–23 Edition)

subject to the additional restrictions on gear, recreational minimum fish sizes, possession limits, and prohibitions on sale specified in § 648.89, and any other applicable provisions of this part.

(c) *Scallop NE multispecies possession limit permit.* With the exception of vessels fishing in the Sea Scallop Access Areas as specified in § 648.59(b) through (d), a vessel that has been issued a valid open access scallop NE multispecies possession limit permit may possess and land up to 300 lb (136.1 kg) of regulated NE multispecies when fishing under a scallop DAS allocated under § 648.53, provided the vessel does not fish for, possess, or land haddock from January 1 through June 30, as specified under § 648.86(a)(2)(i), and provided that the amount of regulated NE multispecies on board the vessel does not exceed any of the pertinent trip limits specified under § 648.86, and provided the vessel has at least one standard tote on board. A vessel fishing in the Sea Scallop Access Areas as specified in § 648.59(b) through (d) is subject to the possession limits specified in § 648.60(a)(5)(ii).

(d) *Non-regulated NE multispecies permit.* A vessel issued a valid open access non-regulated NE multispecies permit may possess and land one Atlantic halibut and unlimited amounts of the other non-regulated NE multispecies, unless otherwise restricted by § 648.86. The vessel is subject to restrictions on gear, area, and time of fishing specified

in § 648.80 and any other applicable provisions of this part.

§ 648.89 Recreational and charter/party vessel restrictions.

(a) *Recreational gear restrictions.* Persons aboard charter/party vessels permitted under this part and not fishing under the DAS program or under the restrictions and conditions of an approved sector operations plan, as specified in § 648.87(c), and recreational fishing vessels in the EEZ, are prohibited from fishing with more than one line per angler, and all other gear on board must be stowed and not available for immediate use as defined in § 648.2.

(b) *Recreational minimum and maximum fish sizes—(1) Minimum and maximum fish sizes.* Unless further restricted under this section, persons aboard charter or party boats permitted under this part and not fishing under the NE multispecies DAS program or under the restrictions and conditions of an approved sector operations plan, and private recreational fishing vessels may not possess fish in or from the EEZ that are smaller than the minimum fish sizes or larger than the maximum fish sizes, measured in total length, as follows:
