§ 247.9 Eligibility requirements.

(a) *Who is eligible for CSFP?* To be eligible for CSFP, individuals must be at least 60 years of age and meet the income eligibility requirements outlined in paragraph (b) of this section.

(b) *What are the income eligibility requirements for CSFP applicants?* The State agency must use a household income limit at or below 130 percent of the Federal Poverty Income Guidelines. Elderly persons in households with income at or below this level must be considered eligible for CSFP benefits (assuming they meet other requirements contained in this part). However, elderly persons certified before September 17, 1986 (*i.e.*, under the three elderly pilot projects) must remain subject to the eligibility criteria in effect at the time of their certification.

(c) *When must the State agency revise the CSFP income guidelines to reflect the annual adjustments of the Federal Poverty Income Guidelines?* Each year, FNS will notify State agencies, by memorandum, of adjusted income guidelines by household size at 130 percent and 100 percent of the Federal Poverty Income Guidelines. The memorandum will reflect the annual adjustments to the Federal Poverty Income Guidelines issued by the Department of Health and Human Services. The State agency must implement the adjusted guidelines immediately upon receipt of the memorandum.

(d) *How is income defined and considered as it relates to CSFP eligibility?* (1) Income means gross income before deductions for such items as income taxes, employees’ social security taxes, insurance premiums, and bonds.

(2) The State agency may exclude from consideration the following sources of income listed under the regulations for the Special Supplemental Nutrition Program for Women, Infants, and Children at § 246.7(d)(2)(iv) of this chapter:

(i) Any basic allowance for housing received by military services personnel residing off military installations; and

(ii) The value of inkind housing and other inkind benefits.

(3) The State agency must exclude from consideration all income sources excluded by legislation, which are listed in § 246.7(d)(2)(iv)(D) of this chapter. FNS will notify State agencies of any new forms of income excluded by statute through program policy memoranda.

(4) The State agency may authorize local agencies to consider the household’s average income during the previous 12 months and current household income to determine which more accurately reflects the household’s status. In instances in which the State makes the decision to authorize local agencies to determine a household’s income in this manner, all local agencies must comply with the State’s decision and apply this method of income determination in situations in which it is warranted.

(e) *What other options does the State agency have in establishing eligibility requirements for CSFP?* (1) The State agency may require that an individual be at nutritional risk, as determined by a physician or by local agency staff.

(2) The State agency may require that an individual reside within the service area of the local agency at the time of application for CSFP benefits. However, the State agency may not require that an individual reside within the area for any fixed period of time.

(a) *What are the requirements for distributing CSFP commodities to participants?* The local agency must distribute a package of commodities to participants each month, or a two-month supply of commodities to participants every other month, in accordance with the food package guide rates established by FNS.

(b) *What must the local agency do to ensure that commodities are distributed only to CSFP participants?* The local agency must require each participant, or participant’s proxy, to present some
