

proposed actions where FSA determines at an early stage that there is a need to prepare an EA or EIS.

Subpart D—Categorical Exclusions

§ 799.30 Purpose of categorical exclusion process.

(a) FSA has determined that the categories of proposed actions listed in §§ 799.31 and 799.32 do not normally individually or cumulatively have a significant effect on the human environment and do not threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, including requirements of Executive Orders and other USDA regulations in this chapter. Based on FSA's previous experience implementing these actions and similar actions through the completion of EAs, these proposed actions are categorically excluded.

(b) If a proposed action falls within one of the categories of proposed actions listed in § 1b.3 of this title, § 799.31, or § 799.32, and there are no extraordinary circumstances present as specified in § 799.33, then the proposed action is categorically excluded from the requirements to prepare an EA or an EIS.

(c) Those proposed actions in categories in § 799.31 or § 799.32 will be considered categorical exclusions unless it is determined there are extraordinary circumstances, as specified in § 799.33.

§ 799.31 Categorical exclusions to be recorded on an ESW.

(a) Proposed actions listed in this section involve no new ground disturbance below the existing plow zone (does not exceed the depth of previous tillage or disturbance) and therefore only need to be recorded on the ESW; no further review will be required. Unless otherwise noted, the proposed actions in this section also do not have the potential to cause effects to historic properties, and will therefore not be reviewed for compliance with section 106 of NHPA (54 U.S.C. 306108) or its implementing regulations, 36 CFR part 800. However, some proposed actions may require other Federal consultation to determine if there are extraordinary circumstances as specified in § 799.33.

(b) The following proposed actions are categorically excluded. These proposed actions are grouped into broader categories of similar types of proposed actions. Those proposed actions that are similar in scope (purpose, intent, and breadth) and the potential significance of impacts to those listed in this section, but not specifically listed in § 799.31 or § 799.32, will be considered categorical exclusions in this category, unless it is determined that extraordinary circumstances exist, as specified in § 799.33:
