

Purpose Shipments—Certificate of Privilege” and notify the handler of approval or disapproval. The committee may contact the receiver or receiver’s agent of the special purpose shipment for verification and request the receiver or receiver’s agent to complete a “Special Purpose Shipment Receiver Certification”

(2) Bill or consign each shipment directly to the applicable receiver or receiver’s agent of the special purpose shipment;

(3) Furnish “Onion Diversion Report” and such other information to the committee as required. Failure of the handler to furnish such report and information as required to the committee may be cause for cancellation of such handlers’ Certificate of Privilege. Upon cancellation of any such Certificate of Privilege the handler may appeal to the committee for reconsideration. The committee may audit a receiver or receiver’s agent of the special purpose shipment to verify reports and information submitted by handlers. Failure of a receiver or receiver’s agent of a special purpose shipment to comply with the committee may be cause for cancellation of the receiver’s or receiver agent’s eligibility to receive further special purpose shipments from the production area. Upon cancellation of any such Certificate of Privilege the receiver or the receiver’s agent may appeal to the committee for reconsideration.

(g) *Minimum quantity exemption.* Each handler may ship up to, but not to exceed, one ton of onions each day without regard to the inspection and assessment requirements of this part, if such onions meet minimum grade, size and maturity requirements of this section. This exception shall not apply to any portion of a shipment that exceeds one ton of onions.

(h) *Definitions.* The terms “U.S. No. 1”, “U.S. Commercial,” and “U.S. No. 2” have the same meaning as defined in the United States Standards for Grades of Onions (Other than Bermuda Granex-Grano and Creole Types), as amended (7 CFR 51.2830 through 51.2854), or the United States Standards for Grades of Bermuda-Granex-Grano Type Onions (7 CFR 51.3195 through 51.3209), as amended, whichever is ap-

plicable to the particular variety, or variations thereof specified in this section. The term “braided red onions” means onions of red varieties with tops braided (interlaced). “Pearl onions” means onions produced using specific cultural practices that limit growth to the same general size as boilers and picklers (defined in the United States Standards specified in this paragraph), and that have been inspected and certified as measuring 2 inches in diameter or less. The term “moderately cured” means the onions are mature and are more nearly well cured than fairly well cured. Other terms used in this section have the same meaning as when used in Marketing Agreement No. 130 and this part.

(k) To cause the books of the committee to be audited by a competent accountant at least once each fiscal period, and at such other time as the committee may deem necessary or as the Secretary may request. The report of such audit shall show the receipt and expenditure of funds collected pursuant to this part. A copy of each such report shall be made available at the principal office of the committee for inspection by producers and handlers, and a copy of each such report shall be furnished the Secretary;

(l) To consult, cooperate, and exchange information with other marketing agreement committees and other individuals or agencies in connection with all proper committee activities and objectives under this part.

EXPENSES AND ASSESSMENTS

§ 959.40 Expenses.

The committee is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred during each fiscal period for its maintenance and functioning, and for such purposes as the Secretary, pursuant to this subpart, determines to be

Agricultural Marketing Service, USDA

§ 959.43

appropriate. Handlers shall share expenses on the basis of a fiscal period. Each handler's share of such expenses shall be proportionate to the ratio between the total quantity of onions handled by him as the first handler thereof during a fiscal period and the quantity of onions handled by all handlers as first handlers thereof during such fiscal period.

§ 959.41 Budget.

As soon as practicable after the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare an estimated budget of income and expenditures necessary for the administration of this part. The committee may recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its calculations.

§ 959.42 Assessments.

(a) The funds to cover the committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles onions, which are regulated under this part, shall pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of the committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations and other available information. Such rates may be applied to specified containers used in the production area.

(c) At any time during, or subsequent to, a given fiscal period the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendations, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all onions which were regulated under this part and which were handled by the first handlers thereof during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(e) If a handler does not pay assessments within the time prescribed by the committee, the assessment may be increased by a late payment charge and/or an interest rate charge at amounts prescribed by the committee with approval of the Secretary.

[26 FR 704, Jan. 25, 1961, as amended at 73 FR 10976, Feb. 29, 2008]

§ 959.43 Accounting.

(a) Assessments collected in excess of expenses incurred shall be accounted for in accordance with one of the following:

(1) Excess funds not retained in a reserve, as provided in paragraph (a)(2) of this section shall be refunded proportionately to the persons from whom they were collected.

(2) The committee, with the approval of the Secretary, may carry over excess funds into subsequent fiscal periods as reserves: *Provided*, That funds already in reserves do not equal approximately two fiscal periods' expenses. Such reserve funds may be used (i) to defray expenses during any fiscal period prior to the time assessment income is sufficient to cover such expenses, (ii) to cover deficits incurred during any fiscal period when assessment income is less than expenses, (iii) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative, (iv) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall

§ 959.48

7 CFR Ch. IX (1-1-24 Edition)

be accounted for in the manner provided for in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

(d) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods of suspension of this subpart, or during any period or periods when regulations are not in effect and if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

[26 FR 12751, Dec. 30, 1961, as amended at 34 FR 6440, Apr. 12, 1969]

RESEARCH AND DEVELOPMENT

§ 959.48 Research and development.

The committee, with the approval of the Secretary, may establish or provide for the establishment of production research, marketing research, and development projects designed to assist, improve, or promote the marketing, distribution, consumption or efficient production of onions. The expenses of such projects shall be paid from funds collected pursuant to § 959.42.

lations contemplated during the ensuing season, and, to the extent practical, shall include recommendations for specific regulations. Notice of such marketing policy shall be given to producers, handlers, and other interested parties by bulletins, newspapers, or other appropriate media, and copies thereof shall be submitted to the Secretary and shall be available generally.

(b) Marketing policy statements relating to recommendations for regulations shall give appropriate consideration to onion supplies for the season, with special consideration to:

- (3) Market prices by grades, sizes, containers, and packs;

- (6) Level and trend of consumer income; and
- (7) Other relevant factors.

§ 959.51 Recommendations for regulations.

Upon complying with the requirements of § 959.50 the committee may recommend regulations to the Secretary whenever it finds that such regulations as are provided for in this subpart will tend to effectuate the declared policy of the act.

§ 959.52 Issuance of regulations.

(a) The Secretary shall limit the handling of onions by regulations specified in this section whenever he finds from the recommendations and information submitted by the committee, or from other available information, that such regulations would tend to effectuate the declared policy of the act.

(b) Such regulations may:

- (1) Limit in any or all portions of the production area the handling of particular grades, sizes, qualities or packs, or any combination thereof, of any or all varieties of onions during any period;

(c) Regulations issued hereunder may be amended, modified, suspended, or terminated whenever it is determined:

(1) That such action is warranted upon recommendation of the committee or other available information;

(2) That such action is essential to provide relief from inspection, assessment, or regulations under paragraph (b) of this section for minimum quantities less than customary commercial transactions; or

(3) That regulations issued hereunder no longer tend to effectuate the declared policy of the act.

(d) No handler may handle onions that were packaged or loaded or both during any period when such packaging

or loading or both was prohibited by any regulation issued pursuant to paragraphs (b)(5) or (6) of this section, except such onions as were exempted thereunder.

[26 FR 704, Jan. 25, 1961. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 34 FR 6440, Apr. 12, 1969]

§ 959.53 Handling for special purposes.

Regulations in effect pursuant to §§ 959.42, 959.52, or 959.60 may be modified, suspended, or terminated to facilitate handling of onions for:

(a) Relief or charity;

(b) Experimental purposes;

(c) Export; and

(d) Other purposes which may be recommended by the committee and approved by the Secretary.

§ 959.54 Safeguards.

The committee, with the approval of the Secretary, may establish through rules such requirements as may be necessary to establish that shipments made pursuant to § 959.53 were handled and used for the purpose stated.

§ 959.55 Notification of regulation.

The Secretary shall promptly notify the committee of regulations issued or of any modification, suspension, or termination thereof. The committee shall give reasonable notice thereof to handlers.

INSPECTION

§ 959.60 Inspection and certification.

(a) Whenever the handling of onions is regulated pursuant to § 959.52, or at other times when recommended by the committee and approved by the Secretary, no handlers shall handle onions unless they are inspected by an authorized representative of the Federal or Federal-State Inspection Service and are covered by a valid inspection certificate, except when relieved from such requirements pursuant to § 959.52(c) or § 959.54, or paragraph (b) of this section.

(b) Regarding, resorting, or repacking any lot of onions shall invalidate any prior inspection certificate insofar as the requirements of this section are

§ 959.80

7 CFR Ch. IX (1-1-24 Edition)

concerned. No handler shall handle onions after they have been regraded, resorted, or repacked unless such onions are inspected by an authorized representative of the Federal or Federal-State Inspection Service. Such inspection requirements on regraded, resorted, or repacked onions may be modified, suspended, or terminated upon recommendation by the committee and approval of the Secretary.

(c) Upon recommendation of the committee and approval by the Secretary, any or all onions so inspected and certified shall be identified by appropriate seals, stamps, or tags to be affixed to the containers by the handler under the direction and supervision of a Federal or Federal-State Inspector or the Committee. Master containers may bear the identification instead of the individual containers within said master container.

(d) At any time this marketing order is inoperative, compulsory inspection is not required.

(e) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate is valid may be established by the committee with the approval of the Secretary.

(f) When onions are inspected in accordance with the requirements of this section, a copy of each inspection certificate issued shall be made available to the committee by the Inspection Service.

(g) The committee may recommend and the Secretary may require that no handler shall transport or cause the transportation of onions by motor vehicle or by other means unless such shipment is accompanied by a copy of the inspection certificate issued thereon, or other document authorized by the committee to indicate that such inspection has been performed. Such certificate or document shall be surrendered to such authority as may be designated.

REPORTS

§ 959.80 Reports.

Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner or form and at

such time as it may prescribe, such reports and other information as may be necessary for the committee to perform its duties under this part.

(a) Such reports may include, but are not necessarily limited to, the following:

(1) The quantities of onions received by a handler;

(2) The quantities disposed of by him segregated as to the respective quantities subject to regulation and not subject to regulation;

(3) The date of each such disposition and the identification of the carrier transporting such onions; and

(4) Identification of the inspection certificates relating to the onions which were handled pursuant to § 959.52 or § 959.53, or both.

(b) All such reports shall be held under appropriate protective classification and custody by the committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilations of general reports from data submitted by handlers is authorized, subject to the prohibition of disclosure of individual handlers' identities or operations.

(c) Each handler shall maintain for at least two succeeding years such records and documents on onions received and onions disposed of by him as may be necessary to verify reports he submits to the committee pursuant to this section.

COMPLIANCE

§ 959.81 Compliance.

Except as provided in this subpart, no handler shall handle onions, the handling of which has been prohibited by the Secretary in accordance with provisions of this subpart, or the rules and regulations thereunder, and no handler shall handle onions except in conformity to the provisions of this subpart.

MISCELLANEOUS PROVISIONS

§ 959.82 Right of the Secretary.

The members of the committee (including successors and alternates), and

Agricultural Marketing Service, USDA

§ 959.86

any agent or employee appointed or employed by the committee, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the said committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 959.83 Effective time.

The provisions of this subpart, or any amendment thereto, shall become effective at such time as the Secretary may declare and shall continue in force until terminated in one of the ways specified in this subpart.

§ 959.84 Termination.

(a) The Secretary may, at any time, terminate the provisions of this subpart by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(b) The Secretary shall terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during a representative period, have been engaged in the production of onions for market: *Provided*, That such majority has, during such representative period, produced for market more than fifty percent of the volume of such onions produced for market.

(d) The Secretary shall conduct a referendum within six years after the effective date of this paragraph and every sixth year thereafter to ascertain whether continuance is favored by producers. The Secretary would consider termination of this part if less than two-thirds of the growers voting in the referendum and growers of less than two-thirds of the volume of onions rep-

resented in the referendum favor continuance.

(e) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

[26 FR 704, Jan. 25, 1961, as amended at 73 FR 10976, Feb. 29, 2008]

§ 959.85 Proceeding after termination.

(a) Upon the termination of the provisions of this subpart the then functioning members of the committee shall continue as joint trustees for the purpose of settling the affairs of the committee by liquidating all of the funds and property then in the possession of or under control of the committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such persons full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant to this subpart.

(c) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 959.86 Effect of termination or amendments.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendments to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any

§ 959.87

provisions of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or of any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

§ 959.87 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination of this subpart, except with respect to acts done under and during the existence of this subpart.

§ 959.88 Agents.

The Secretary may, by designation in writing, name any person, including any officer or employee of the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

§ 959.89 Derogation.

Nothing contained in this subpart is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 959.90 Personal liability.

No member or alternate of the committee nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, agent, or employee, except for acts of dishonesty, willful misconduct, or gross negligence.

§ 959.91 Separability.

If any provision of this subpart is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this subpart, or the applicability thereof to any other person,

7 CFR Ch. IX (1-1-24 Edition)

circumstance, or thing, shall not be affected thereby.

§ 959.92 Amendments.

Amendments to this subpart may be proposed, from time to time, by the committee or by the Secretary.

Subpart B—Administrative Provisions

SOURCE: 26 FR 2560, Mar. 25, 1961, unless otherwise noted. Redesignated at 26 FR 12751, Dec. 30, 1961.

GENERAL

§ 959.100 Order.

Order means Order No. 959 (§§ 959.1 to 959.92; 26 FR 704) regulating the handling of onions grown in South Texas.

§ 959.101 Terms.

The terms used in this subpart shall have the same meaning as when used in the order.

§ 959.102 Communications.

Unless otherwise provided in the order, or by specific direction of the committee, all reports, applications, submittals, requests and communications in connection with the order shall be addressed to the South Texas Onion Committee, at its principal office.

§ 959.103 Registered handler.

For purposes of this part any person who operates an established packing house within the production area with commonly accepted adequate facilities for grading and packing onions for market, and who customarily buys onions from producers for grading, packing, and marketing shall be recorded by the committee as a registered handler. Any other person who wishes to be listed as a registered handler may make application for registration on forms furnished by the committee. If such applicant has facilities available to him that are determined by the committee to be adequate for grading and packing onions for market, and he assumes responsibility for inspection of onions handled by him, and for assessments thereon, he may be approved and recorded as a registered handler. If the

Agricultural Marketing Service, USDA

§ 959.123

committee determines from the available information that the applicant is not entitled to be registered with the committee, he shall be so informed by written notice stating the reason for denial of his application. Any registration of a handler pursuant to this section may be canceled by the committee under circumstances which would have justified denial of his application. Any handler whose registration has been canceled shall be so informed by written notice thereof stating the reason therefor. The committee shall also notify producers of each such cancellation of handler registration through committee bulletins or published notice in local newspapers of general distribution, or both.

§ 959.104 Fiscal period.

[53 FR 7330, Mar. 8, 1988]

SAFEGUARDS

§ 959.120 Policy.

Whenever shipments of onions for special purposes pursuant to § 959.53 are relieved in whole or in part from regulations issued under § 959.52, the committee may require information and evidence on the manner, methods, and timing of such shipments as safeguards against the entry of any such onions in trade channels other than those for which intended. Such information and evidence shall include requirements set forth below with respect to Certificates of Privilege.

§ 959.121 Qualification.

Before handling onions for special purposes which do not meet regulations issued pursuant to § 959.52, a handler, when required by such regulations, must qualify with the committee to handle shipments for special purposes. To qualify he must (a) apply for and receive a Certificate of Privilege indicating his intent to so handle onions, (b) agree to comply with reporting and other requirements set forth in §§ 959.120 to 959.125, inclusive, with respect to such shipments, and (c) receive approval of the committee, or its duly authorized agents, to so handle onions. Such approval will be based upon evidence furnished in his application for Certificate of Privilege and other information available to the committee.

§ 959.122 Application.

(a) Applications for a Certificate of Privilege shall be made on forms furnished by the committee. Each application may contain, but need not be limited to, the name and address of the handler; the quantity by grade, size, and quality of the onions to be shipped; the mode of transportation; the consignee; the destination; the purpose for which the onions are to be used; and certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown thereon, and any other appropriate information or documents deemed necessary by the committee or its duly authorized agents for the purposes stated in § 959.120.

(b) The committee may require each handler making shipments of onions for export to include with his application a copy of the Department of Commerce Shippers Export Declaration Form No. 7525-V applicable to such shipment.

§ 959.123 Approval.

The committee or its duly authorized agents shall give prompt consideration to each application for a Certificate of Privilege. Approval of an application, based upon the determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a Certificate of Privilege to

§ 959.124

the applicant. Each certificate shall cover a specified period and specified qualities and quantities of onions to be sold or transported to a designated consignee for the purpose declared.

§ 959.124 Reports.

Each handler of onions shipping under Certificates of Privilege shall supply the committee with reports as requested by the committee, or its duly authorized agents, showing the name and address of the shipper; the car or truck identification; the loading point; destination; consignee; the inspection certificate number when inspection is required; and any other information deemed necessary by the committee.

§ 959.125 Disqualification.

The committee from time to time may conduct surveys of handling of onions for special purposes requiring Certificates of Privilege to determine whether handlers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that the handler or consignee is failing to comply with requirements and regulations applicable to handling of onions in special outlets and requiring such certificates, a Certificate or Certificates of Privilege issued such handler may be rescinded and subsequent certificates denied. Such disqualification shall apply to, and not exceed, a reasonable period of time as determined by the committee, but in no event shall it extend beyond the date of the succeeding fiscal period. Any handler who has a Certificate rescinded or denied may appeal to the committee in writing for reconsideration of his disqualification.

§ 959.126 Handling of culls.

(a) The handling of culls, i.e., onions which fail to meet the grade, size and quality requirements established under § 959.52(b) of this part, is prohibited, unless such onions are:

- (1) Mechanically mutilated at the packing shed rendering them unsuitable for fresh market;
- (2) Handled for special purpose outlets approved under § 959.53 of this part; or
- (3) Handled for canning or freezing.

7 CFR Ch. IX (1–1–24 Edition)

(b) As a safeguard against culls entering fresh market channels each handler of culls under paragraphs (a) (2) or (3) of this section shall apply for and obtain a certificate from the committee which shall require the handler to furnish such reports or other information as the committee may request.

[28 FR 60, Jan. 3, 1963]

§ 959.237 Assessment rate.

On and after August 1, 2019, an assessment rate of \$0.05 per 50-pound equivalent is established for South Texas onions.

[85 FR 39049, June 30, 2020]

§ 959.322 Handling regulation.

During the period beginning March 1 and ending June 4, no handler shall handle any onions, including onions for peeling, chopping, and slicing, unless they comply with paragraphs (a) through (c) or (d) or (e) of this section; except that onions handled during the period June 5 through July 15 shall comply with paragraphs (c) or (d) or (e) of this section.

(a) *Grade requirements.* Not to exceed 20 percent defects of U.S. No. 1 grade. In percentage grade lots, tolerances for serious damage shall not exceed 10 percent including not more than 2 percent decay. Double the lot tolerance shall be permitted in individual packages in percentage grade lots. Application of tolerances in U.S. onion standards shall apply to in-grade lots.

(b) *Size requirements.* (1) “Small”—1 to 2¼ inches in diameter, and limited to whites only;

(2) “Repacker”—1¾ to 3 inches in diameter, with 60 percent or more 2 inches in diameter or larger;

(3) “Medium”—2 to 3½ inches in diameter; or

(4) “Jumbo” or “Large”—3 inches or larger in diameter; or

(5) “Colossal”—3¾ inches or larger in diameter.

(6) Tolerances for size in the U.S. onion standards shall apply except that for “repacker” and “medium” sizes not more than 20 percent, by weight, of onions in any lot may be larger than the maximum diameter specified. Application of tolerances in the U.S. onion standards shall apply.

(c) *Inspection.* (1) No handler may handle any onions regulated hereunder, except pursuant to paragraphs (d), (e)(1), or (e)(2) of this section unless an inspection certificate has been issued by the Federal or Federal-State Inspection Service, Texas Cooperative Inspection Program, covering them and the certificate is valid at the time of shipment. City destinations shall be listed on inspection certificates and release forms.

(2) No handler may transport by motor vehicle or cause such transportation of any shipment of onions for which an inspection certificate is required unless each such shipment is accompanied by a copy of the inspection certificate applicable thereto or the shipment release form furnished by the inspection service identifying truck lots to which a valid inspection certificate is applicable. A copy of such inspection certificate or shipment release form shall be surrendered upon request to Texas Department of Agriculture personnel designated by the committee.

(3) For purposes of operation under this part, each inspection certificate, shipment release form, or committee form required as evidence of inspection is hereby determined to be valid for a period not to exceed 72 hours following completion of inspection as shown on the certificate.

(4) Handlers shall pay assessment on all assessable onions according to the provisions of § 959.42.

(d) *Minimum quantity exemption.* Any handler may handle, other than for resale, up to, but not to exceed 110 pounds of onions per day without regard to the requirements of this section, but this exemption shall not apply to any shipment or any portion thereof of over 110 pounds of onions.

(e) *Special purpose shipments.* (1) The minimum grade, size, quality, and inspection requirements set forth in paragraphs (a) through (c) of this section shall not be applicable to shipments of onions for charity, relief, export, and processing if handled in accordance with paragraph (f) of this section.

(2) *Experimental shipments.* Upon approval by the committee, onions may be shipped for experimental purposes

exempt from regulations issued pursuant to §§ 959.42, 959.52 and 959.60, provided they are handled in accordance with the safeguard provisions of paragraph (f) of this section.

(3) *Onions failing to meet requirements.* Onions failing to meet the grade and size requirements of this section, and not exempt under paragraphs (d) or (e) of this section, may be handled only pursuant to § 959.126. Such onions not handled in accordance with paragraph (f) of this section shall be mechanically mutilated at the packing shed rendering them unsuitable for fresh market.

(f) *Safeguards.* Each handler making shipments of onions for charity, relief, export, processing, or experimental purposes shall:

(1) Apply to the committee for and obtain a Certificate of Privilege to make such shipments;

(2) Furnish reports of each shipment made under the applicable Certificate of Privilege;

(3) Such reports, in accordance with § 959.80, shall be furnished to the committee in such manner, on such forms and at such times as it may prescribe. Each handler shall maintain records of such shipments pursuant to § 959.80(c), and the records shall be subject to review and audit by the committee to verify reports thereon.

(4) In addition to provisions in the preceding paragraphs, each handler making shipments for processing shall:

(i) Weigh or cause to be weighed each shipment prior to, or upon arrival at, the processor.

(ii) Attach a copy of the weight ticket to a completed copy of the Report of Special Purpose Onion Shipment and return both promptly to the committee office.

(iii) Make each shipment directly to the processor or the processor's subcontractor and attach a copy of the Report of Special Purpose Onion Shipment.

(v) Each processor who receives cull onions shall make available at its business office at any reasonable time during business hours, copies of all applicable purchase orders, sales contracts, or disposition documents for examination by the Department or by the committee, together with any other information which the committee or the Department may deem necessary to enable it to determine the disposition of the onions.

(vi) If a processor employs a subcontractor for any stage of processing, such processor shall be responsible for ensuring that the subcontractor accounts for all quantities of onions received and processed or otherwise disposed of, and that the subcontractor reports to the committee in the same manner and frequently as the processor.

(5) Cull onions transported in bags shall be transported in unlabelled bags, or shall have labelled bags reversed so that the label is not visible.

(g) *Definitions.* *U.S. onion standards* means the United States Standards for Grades of Bermuda-Granex-Grano Type Onions (7 CFR 51.3195-51.3209), or the United States Standards for Grades of Onions (Other Than Bermuda-Granex-Grano and Creole Types) (7 CFR 51.2830-51.2854), whichever is applicable to the particular variety, or variations thereof specified in this section. The term *U.S. No. 1* shall have the same meaning as set forth in these standards. *Processing* means cooking or freezing the onions in such a way, or with such other food components, that the consistency of the product is changed. Canning and freezing shall be considered forms of processing. All other terms used in this section shall have the same meaning as when used in Marketing Agreement No. 143, as amended, and this part.
