ADMINISTRATIVE COMMITTEE

§ 983.41 Establishment and membership.

There is hereby established an administrative committee for pistachios to administer the terms and provisions of this part. This committee, consisting of twelve (12) member positions, each of whom shall have an alternate, shall be allocated as follows:

(a) *Handlers*. Two of the members shall represent handlers, as follows:

(1) One handler member nominated by one vote for each handler; and

(2) One handler member nominated by voting based on each handler casting one vote for each ton (or portion thereof) of the assessed weight of pistachios processed by such handler during the two production years preceding the production year in which the nominations are made.

(b) *Producers*. Nine members shall represent producers. Producers within the respective districts shall nominate four producers from District 1, three producers from District 2, one producer from District 3, and one producer from District 4. The Secretary, upon recommendation of the committee, may reapportion producer representation among the districts to ensure proper representation.

(c) *Public member*. One member shall be a public member who is neither a producer nor a handler and shall have all the powers, rights and privileges of any other member of the committee. The public member and alternate public member shall be nominated by the committee and selected by the Secretary.

[69 FR 17850, Apr. 4, 2004. Redesignated and amended at 74 FR 56541, Nov. 2, 2009]

§ 983.42 Initial members and nomination of successor members.

Nomination of committee members and alternates shall follow the procedure set forth in this section or as may be changed as recommended by the committee and approved by the Secretary.

(a) *Initial members*. Nominations for initial producer and handler members shall be conducted by the Secretary by either holding meetings of handlers and producers, or by mail.

(b) *Successor members.* Subsequent to the first nomination of committee members under this part, persons to be nominated to serve on the committee as producer or handler members shall be selected pursuant to nomination procedures that shall be established by the committee with the approval of the Secretary: *Provided, That:*

(1) Any qualified individuals who seek nomination as a producer member shall submit to the committee an intent to seek office in one designated district on such form and with such information as the committee shall designate; ballots, accompanied by the names of all such candidates, with spaces to indicate voters' choices and spaces for write-in candidates, together with voting instructions, shall be mailed to all producers who are on record with the committee within the respective districts; the person(s) receiving the highest number of votes shall be the member nominee(s) for that district, and the person(s) receiving the second highest number of votes shall be the alternate member nominee(s). In case of a tie vote, the nominee shall be selected by a drawing.

(2) Any qualified individuals who seek nomination as a handler member shall submit to the committee an intent to seek office with such information as the committee shall designate; ballots, accompanied by the names of all such candidates, with spaces to indicate voters' choices and spaces for write-in candidates, together with voting instructions, shall be mailed to all handlers who are on record with the committee. For the first handler member seat, the person receiving the highest number of votes shall be the handler member nominee for that seat, and the person receiving the second highest number of votes shall be the alternate member nominee. For the second handler member seat, the person receiving the highest number of votes representing handler volume shall be the handler member nominee for that seat, and the person receiving the second highest number of votes representing handler volume shall be the alternate member nominee. In case of a tie vote, the nominee shall be selected by a drawing.

(c) *Handlers.* Only handlers, including duly authorized officers or employees of handlers, may participate in the nomination of the two handler member nominees and their alternates. Nomination of the two handler members and their alternates shall be as follows:

(1) For one handler member nomination, each handler entity shall be entitled to one vote;

(2) For the second handler member nomination, each handler entity shall be entitled to cast one vote respectively for each ton of assessed weight of pistachios processed by that handler during the two production years preceding the production year in which the nominations are made. For the purposes of nominating handler members and alternates by volume, the assessed weight of pistachios shall be credited to the handler responsible under the order for the payment of assessments of those pistachios. The committee with the approval of the Secretary, may revise the handler representation on the committee if the committee ceases to be representative of the industry.

(d) *Producers.* Only producers, including duly authorized officers or employees of producers, may participate in the nomination of nominees for producer members and their alternates. Each producer shall be entitled to cast only one vote, whether directly or through an authorized officer or employee, for each position to be filled in the district in which the producer produces pistachios. If a producer is engaged in producing pistachios in more than one district, such producer shall select the district in which to participate in the nomination. If a person is both a producer and a handler of pistachios, such person may participate in both producer and handler nominations, provided, however, that a single member may not hold concurrent seats as both a producer and handler.

(e) *Member's affiliation.* Not more than two members and not more than two alternate members shall be persons employed by or affiliated with producers or handlers that are affiliated with the same handler and/or producer. Additionally, only one member and one

Agricultural Marketing Service, USDA

§ 983.42

alternate in any one district representing producers and only one member and one alternate representing handlers shall be employed by, or affiliated with the same handler and/or producer. No handler, and all of its affiliated handlers, can be represented by more than one handler member.

(f) *Cooperative affiliation.* In the case of a producer cooperative, a producer shall not be deemed to be connected in a proprietary capacity with the cooperative notwithstanding any outstanding retains, contributions or financial indebtedness owed by the cooperative to a producer if the producer has not marketed pistachios through the cooperative during the current and one preceding production year. A cooperative that has as its members one or more other cooperatives that are handlers shall not be considered as a handler for the purpose of nominating or voting under this part.

(g) *Alternate members.* Each member of the committee shall have an alternate member to be nominated in the same manner as the member. Any alternate serving in the same district as a member where both are employed by, or connected in a proprietary capacity with the same corporation, firm, partnership, association, or business organization, shall serve as the alternate to that member. An alternate member, in the absence of the member for whom that alternate is selected shall serve in place of that member on the committee, and shall have and be able to exercise all the rights, privileges, and powers of the member when serving on the committee. In the event of death, removal, resignation, or the disqualification of a member, the alternate shall act as a member on the committee until a successor member is selected and has been qualified.

(h) *Selection by Secretary.* Nominations under paragraph (g) of this section received by the committee for all handler and producer members and alternate member positions shall be certified and sent to the Secretary at least 60 days prior to the beginning of each two-year term of office, together with all necessary data and other information deemed by the committee to be pertinent or requested by the Secretary. From those nominations, the

Secretary shall select the ten producer and handler members of the committee and an alternate for each member.

(i) *Acceptance.* Each person to be selected by the Secretary as a member or as an alternate member of the committee shall, prior to such selection, qualify by advising the Secretary that if selected, such person agrees to serve in the position for which that nomination has been made.

(j) *Failure to nominate.* If nominations are not made within the time and manner specified in this part, the Secretary may, without regard to nominations, select the committee members and alternates qualified to serve on the basis of the representation provided for in § 983.41.

(k) *Term of office.* Selected members and alternate members of the committee shall serve for terms of two years: *Provided*, That four of the initially selected producer members and one handler member and their alternates shall, by a drawing, be seated for terms of one year so that approximately half of the memberships' terms expire each year. Each member and alternate member shall continue to serve until a successor is selected and has qualified. The term of office shall begin on July 1st of each year. Committee members and alternates may serve up to four consecutive, two-year terms of office. In no event shall any member or alternate serve more than eight consecutive years on the committee. For purposes of determining when a member or alternate has served four consecutive terms, the accrual of terms shall begin following any period of at least twelve consecutive months out of office.

(1) *Qualifications.* (1) Each producer member and alternate shall be, at the time of selection and during the term of office, a producer or an officer, or employee, of a producer in the district for which nominated.

(2) Each handler member and alternate shall be, at the time of selection and during the term of office, a handler or an officer or employee of a handler.

(3) Any member or alternate member who at the time of selection was employed by or affiliated with the person who is nominated, that member shall, upon termination of that relationship,

§ 983.43

become disqualified to serve further as a member and that position shall be deemed vacant.

(4) No person nominated to serve as a public member or alternate public member shall have a financial interest in any pistachio growing or handling operation.

(m) *Vacancy.* Any vacancy on the committee occurring by the failure of any person selected to the committee to qualify as a member or alternate member due to a change in status making the member ineligible to serve, or due to death, removal, or resignation, shall be filled, by a majority vote of the committee for the unexpired portion of the term. However, that person shall fulfill all the qualifications set forth in this part as required for the member whose office that person is to fill. The qualifications of any person to fill a vacancy on the committee shall be certified in writing to the Secretary. The Secretary shall notify the committee if the Secretary determines that any such person is not qualified.

(n) The committee, with the approval of the Secretary, may issue rules and regulations implementing §§ 983.41, 983.42 and 983.43.

§ 983.51 Quality regulations.

For any production year, the committee may establish, with the approval of the Secretary, such quality and inspection requirements applicable to pistachios shipped for human consumption in domestic or export markets as will contribute to orderly marketing or be in the public interest. In such production year, no handler shall ship pistachios for human consumption in domestic, or if applicable, export

markets unless they meet the applicable requirements as evidenced by certification acceptable to the committee. The committee may, with the approval of the Secretary, establish different quality and inspection requirements for different markets.

§ 983.52 Failed lots/rework procedure.

(a) *Substandard pistachios.* Each lot of substandard pistachios may be reworked to meet aflatoxin or quality requirements. The committee may establish, with the Secretary's approval, appropriate rework procedures.

(b) *Failed lot reporting.* If a lot fails to meet the aflatoxin and/or the quality requirements of this part, a failed lot notification report shall be completed and sent to the committee within 10 working days of the test failure. This form must be completed and submitted to the committee each time a lot fails either aflatoxin or quality testing. The accredited laboratories shall send the failed lot notification reports for aflatoxin tests to the committee, and the handler, under the supervision of an inspector, shall send the failed lot notification reports for the lots that do not meet the quality requirements to the committee.

§ 983.53 Testing of minimal quantities.

(a) *Aflatoxin.* Handlers who handle less than 1 million pounds of assessed weight per year have the option of utilizing both of the following methods for testing for aflatoxin:

(1) The handler may have an inspector sample and test his or her entire inventory of hulled and dried pistachios for the aflatoxin certification before further processing.

(2) The handler may segregate receipts into various lots at the handler's discretion and have an inspector sample and test each specific lot. Any lots that are found to have less aflatoxin than the level established by the committee and approved by the Secretary can be certified by an inspector to be negative as to aflatoxin. Any lots that are found to have aflatoxin exceeding the level established by the committee and approved by the Secretary may be

Agricultural Marketing Service, USDA

§ 983.59

tested after reworking in the same manner as specified in §983.52.

(b) *Quality.* The committee may, with the approval of the Secretary, establish regulations regarding the testing of minimal quantities of pistachios for quality.

§ 983.54 Commingling.

Certified lots may be commingled with other certified lots, but the commingling of certified and uncertified lots shall cause the loss of certification for the commingled lots.

[74 FR 56540, Nov. 2, 2009]

§ 983.55 Reinspection.

The Secretary, upon recommendation of the committee, may establish rules and regulations to establish conditions under which pistachios would be subject to reinspection.

§ 983.56 Inspection, certification and identification.

Upon recommendation of the committee and approval of the Secretary, all pistachios that are required to be inspected and certified in accordance with this part shall be identified by appropriate seals, stamps, tags, or other identification to be affixed to the containers by the handler. All inspections shall be at the expense of the handler, *Provided*, That for handlers making shipments from facilities located in an area where inspection costs for inspector travel and shipment of samples for aflatoxin testing would otherwise exceed the average of those same inspection costs for comparable handling operations located in Districts 1 and 2, such handlers may be reimbursed by the committee for the difference between their respective inspection costs and such average, or as otherwise recommended by the committee and approved by the Secretary.

[74 FR 56540, Nov. 2, 2009]

§ 983.57 Substandard pistachios.

The committee shall, with the approval of the Secretary, establish such

reporting and disposition procedures as it deems necessary to ensure that pistachios which do not meet aflatoxin and quality requirements are not shipped for human consumption in those markets for which such requirements exist pursuant to §§983.50 and 983.51.

[77 FR 36123, June 18, 2012]

§ 983.58 Interhandler transfers.

Within the production area, any handler may transfer pistachios to another handler for additional handling, and any assessments, inspection requirements, aflatoxin testing requirements, and any other marketing order requirements with respect to pistachios so transferred may be assumed by the receiving handler. The committee, with the approval of the Secretary, may establish methods and procedures, including necessary reports, to maintain accurate records for such transfers.

[74 FR 56541, Nov. 2, 2009]

§ 983.59 Modification or suspension of regulations.

(a) In the event that the committee, at any time, finds that by reason of changed conditions, any regulations issued pursuant to §§983.50 through 983.58 should be modified or suspended, it shall, pursuant to §983.43, so recommend to the Secretary.

(b) Whenever the Secretary finds from the recommendations and information submitted by the committee or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of pistachios in order to effectuate the declared policy of the Act, the Secretary shall modify or suspend such provisions. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the Act, the Secretary shall suspend or terminate such regulation.

(c) The Secretary, upon recommendation of committee, may issue rules and regulations implementing §§983.50 through 983.58.

§ 983.74 Accounting.

(a) If, at the end of a production year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, it shall be refunded proportionately to the persons from whom it was collected in accordance with § 983.71: *Provided*, That any sum paid by

a person in excess of his/her *pro rata* share of the expenses during any production year may be applied by the committee at the end of such production year as credit for such person, toward the committee's fiscal operations of the following production year;

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent production years as a reserve: *Provided*, That funds already in the reserve do not exceed approximately two production years' budgeted expenses. In the event that funds exceed two production years' budgeted expenses, future assessments will be reduced to bring the reserves to an amount that is less than or equal to two production years' budgeted expenses. Such reserve funds may be used:

(i) To defray expenses, during any production year, prior to the time assessment income is sufficient to cover such expenses;

(ii) To cover deficits incurred during any production year when assessment income is less than expenses;

(iii) To defray expenses incurred during any period when any or all provisions of this part are suspended; and

Subpart B—Administrative Requirements

§ 983.150 Aflatoxin regulations.

(a) *Maximum level.* No handler shall ship for domestic human consumption, pistachios that exceed an aflatoxin level of 15 ppb. All shipments must also be covered by an aflatoxin inspection certificate. Pistachios that fail to meet the aflatoxin requirements shall be disposed in such manner as described in Failed lots/rework procedure of this part.

(b) *Change in level.* The committee may recommend to the Secretary changes in the aflatoxin level specified in this section. If the Secretary finds, on the basis of such recommendation or other information, that such an adjustment of the aflatoxin level would tend to effectuate the declared policy of the Act, such change shall be made accordingly.

(c) *Transfers between handlers.* Transfers between handlers within the production area are exempt from the aflatoxin regulation of this section.

(d) *Aflatoxin testing procedures.* To obtain an aflatoxin inspection certificate,

each lot to be certified shall be uniquely identified, be traceable from testing through shipment by the handler, and be subjected to the following:

(1) *Samples for testing.* Prior to testing, each handler shall cause a representative sample to be drawn from each lot (“lot samples”) of sufficient weight to comply with Tables 1 and 2 of this section.

(i) At premises with mechanical sampling equipment (auto-samplers) approved by the USDA Federal-State Inspection Service, samples shall be drawn by the handler in a manner acceptable to the Committee and the USDA Federal-State Inspection Service.

(ii) At premises without mechanical sampling equipment, sampling shall be conducted by or under the supervision of an inspector, or as approved under an alternative USDA-recognized inspection program.

(2) *Test samples for aflatoxin.* Prior to submission of samples to an accredited laboratory for aflatoxin analysis, one sample (“test sample”) shall be created from the pistachios designated for aflatoxin testing in compliance with Tables 1 and 2 of this paragraph for inshell and kernel pistachio lots that weigh up to and including 4,400 pounds. For lot sizes larger than 4,400 pounds, two samples (“test samples”) shall be created equally from the pistachios designated for aflatoxin testing in compliance with the requirements to Tables 1 and 2 of this paragraph. The test samples shall be prepared by, or under the supervision of an inspector, or as approved under an alternative USDA-recognized inspection program. The test samples shall be designated by an inspector as Test Sample #1 and Test Sample #2. Each sample shall be placed in a suitable container, with the lot number clearly identified, and then submitted to an accredited laboratory. The gross weight of the inshell lot sample for aflatoxin testing and the minimum number of incremental samples required are shown in Table 1 of this paragraph. The gross weight of the kernel lot sample for aflatoxin testing and the minimum number of incremental samples required is shown in the Table 2 of this paragraph.

11,001–22,000	80	8.0	4.0
22,001–150,000	100	10.0	5.0

(3) *Testing of pistachios.* Test samples shall be received and logged by an accredited laboratory and each test sample shall be prepared and analyzed using High Pressure Liquid Chromatography (HPLC), Vicam Method (Aflatest), or other methods as recommended by not fewer than eight members of the committee and approved by the Secretary. The aflatoxin level shall be calculated on a kernel weight basis.

(4) *Certification of lots “negative” as to aflatoxin.* (i) Lots which require a single test sample will be certified as “negative” on the aflatoxin certificate if the sample has an aflatoxin level at or below 15 ppb. If the aflatoxin level is above 15 ppb, the lot fails and the accredited laboratory shall fill out a failed lot notification report as specified in §§ 983.52 and 983.152.

(ii) Lots which require two test samples will be certified as “negative” on the aflatoxin inspection certificate if Test Sample #1 has an aflatoxin level at or below 10 ppb. If the aflatoxin level of Test Sample #1 is above 20 ppb, the lot fails and the accredited laboratory shall fill out a failed lot notification

report as specified in §§ 983.52 and 983.152. If the aflatoxin level of Test Sample #1 is above 10 ppb and at or below 20 ppb, the accredited laboratory may at the handler's discretion analyze Test Sample #2 and the test results of Test Samples #1 and #2 will be averaged. Alternately, the handler may elect to withdraw the lot from testing, rework the lot, and resubmit it for testing after reworking. If the handler directs the laboratory to proceed with the analysis of Test Sample #2, a lot will be certified as negative to aflatoxin and the laboratory shall issue an aflatoxin inspection certificate if the averaged results of Test Sample #1 and Test Sample #2 is at or below 15 ppb. If the averaged aflatoxin level of Test Samples #1 and #2 is above 15 ppb, the lot fails and the accredited laboratory shall fill out a failed lot notification report as specified in §§ 983.52 and 983.152.

(iii) The accredited laboratory shall send a copy of the failed lot notification report to the Committee and to the failed lot's owner within 10 working days of any failure described in this

§ 983.152

section. If the lot is certified as negative as described in this section, the aflatoxin inspection certificate shall certify the lot using a certification form identifying each lot by weight, grade, and date. The certification expires for the lot or remainder of the lot after 12 months.

(5) *Certification of aflatoxin levels.* Each accredited laboratory shall complete aflatoxin testing and reporting and shall certify that every lot of pistachios shipped domestically does not exceed the aflatoxin levels as required in paragraph (a) of this section or as provided under § 983.50. Each handler shall keep a record of each test, along with a record of final shipping disposition. These records must be maintained for three years beyond the production year of their applicability, and are subject to audit by the Secretary or the committee at any time.

(6) *Test samples that are not used for analysis.* If a handler does not elect to use Test Sample #2 for certification purposes, the handler may request that the laboratory return it to the handler.

[74 FR 56530, Nov. 2, 2009, as amended at 75 FR 43048, July 23, 2010; 79 FR 37932, July 3, 2014]

§ 983.152 Failed lots/rework procedure.

(a) *Inshell rework procedure for aflatoxin.* If inshell rework is selected as a remedy to meet the aflatoxin regulations of this part, then 100% of the product within that lot shall be removed from the bulk and/or retail packaging containers and reworked to remove the portion of the lot that caused the failure. Reworking shall consist of mechanical, electronic, or manual procedures normally used in the handling of pistachios. After the rework procedure has been completed, the total weight of the accepted product and the total weight of the rejected product shall be reported to the committee. The reworked lot shall be sampled and tested for aflatoxin as specified in § 983.150, except that the lot sample size and the test sample size shall be doubled. If, after the lot has been reworked and tested, it fails the aflatoxin test for a second time, the lot may be shelled and the kernels reworked, sampled, and tested in the manner specified for an original lot of
