H.R. 1977

OFFERED BY: MR. OWENS

AMENDMENT No. 35: Page 94, after line 24, insert the following new section:

SEC. 318. (a) RESERVATION OF ROYALTY.—Production of all locatable minerals from any mining claim located under the general mining laws, or mineral concentrates or products derived from locatable minerals from any mining claim located under the general mining laws, as the case may be, shall be subject to a royalty of 8 percent of the gross income from such production. The claimholder and any operator to whom the claimholder has assigned the obligation to make royalty payments under the claim and any person who controls such claimholder or operator shall be jointly and severally liable for payment of such royalties.

(b) DUTIES OF CLAIM HOLDERS, OPERATORS, AND TRANSPORTERS.—(1) A person—

(A) who is required to make any royalty payment under this section shall make such payments to the United States at such times and in such manner as the Secretary may by rule prescribe; and

(B) shall notify the Secretary, in the time and manner as may be specified by the Secretary, of any assignment that such person may have made of the obligation to make any royalty or other payment under a mining claim.

(2) Any person paying royalties under this section shall file a written instrument, together with the first royalty payment, affirming that such person is liable to the Secretary for making proper payments for all amounts due for all time periods for which such person as a payment responsibility. Such liability for the period referred to in the preceding sentence shall include any and all additional amounts billed by the Secretary and determined to be due by final agency or judicial action. Any person liable for royalty payments under this section who assigns any payment obligation shall remain jointly and severally liable for all royalty payments due for the claim for the period.

(3) A person conducting mineral activities shall—

(A) develop and comply with the site security provisions in operations permit designed to protect from theft the locatable minerals,

concentrates or products derived therefrom which are produced or stored on a mining claim, and such provisions shall conform with such minimum standards as the Secretary may prescribe by rule, taking into account the variety of circumstances on mining claims; and

(B) not later than the 5th business day after production begins anywhere on a mining claim, or production resumes after more than 90 days after production was suspended, notify the Secretary, in the manner prescribed by the Secretary, of the date on which such production has begun or resumed.

(4) The Secretary may by rule require any person engaged in transporting a locatable mineral, concentrate, or product derived therefrom to carry on his or her person, in his or her vehicle, or in his or her immediate control, documentation showing, at a minimum, the amount, origin, and intended destination of the locatable mineral, concentrate, or product derived therefrom in such circumstances as the Secretary determines is appropriate.

(c) RECORDKEEPING AND REPORTING REQUIREMENTS.—(1) A claim holder, operator, or other person directly involved in developing, producing, processing, transporting, purchasing, or selling locatable minerals, concentrates, or products derived therefrom, subject to this Act, through the point of royalty computation shall establish and maintain any records, make any reports, and provide any information that the Secretary may reasonably require for the purposes of implementing this section or determining compliance with rules or orders under this section. Such records shall include, but not be limited to, periodic reports, records, documents, and other data. Such reports may also include, but not be limited to, pertinent technical and financial data relating to the quantity, quality, composition volume, weight, and assay of all minerals extracted from the mining claim. Upon the request of any officer or employee duly designated by the Secretary or any State conducting an audit or investigation pursuant to this section, the appropriate records, reports, or information which may be required by this section shall be made available for inspection and duplication by such officer or employee or State.

(2) Records required by the Secretary under this section shall be maintained for 6 years after cessation of all mining activity at the claim concerned unless the Secretary notifies the operator that he or she has initiated an audit or investigation involving such records and that such records must be maintained for a longer period. In any case when an audit or investigation is underway, records shall be maintained until the Secretary releases the operator of the obligation to maintain such records.

(d) AUDITS.—The Secretary is authorized to conduct such audits of all claim holders, operators, transporters, purchasers, processors, or other persons directly or indirectly involved in the production or sales of minerals covered by this title, as the Secretary deems necessary for the purposes of ensuring compliance with the requirements of this section. For purposes of performing such audits, the Secretary shall, at reasonable times and upon request, have access to, and may copy, all books, papers and other documents that relate to compliance with any provision of this section by any person.

(e) COOPERATIVE AGREEMENTS.—(1) The Secretary is authorized to enter into cooperative agreements with the Secretary of Agriculture to share information concerning the royalty management of locatable minerals, concentrates, or products derived therefrom,

to carry out inspection, auditing, investigation, or enforcement (not including the collection of royalties, civil or criminal penalties, or other payments) activities under this section in cooperation with the Secretary, and to carry out any other activity described in this section.

(2) Except as provided in paragraph (4)(A) of this subsection (relating to trade secrets), and pursuant to a cooperative agreement, the Secretary of Agriculture shall, upon request, have access to all royalty accounting information in the possession of the Secretary respecting the production, removal, or sale of locatable minerals, concentrates, or products derived therefrom from claims on lands open to location under the general mining laws.

(3) Trade secrets, proprietary, and other confidential information shall be made available by the Secretary pursuant to a cooperative agreement under this subsection to the Secretary of Agriculture upon request only if—

(A) the Secretary of Agriculture consents in writing to restrict the dissemination of the information to those who are directly involved in an audit or investigation under this section and who have a need to know;

(B) the Secretary of Agriculture accepts liability for wrongful disclosure; and

(C) the Secretary of Agriculture demonstrates that such information is essential to the conduct of an audit or investigation under this subsection.

(f) INTEREST AND SUBSTANTIAL UNDERREPORTING ASSESSMENTS.—(1) In the case of mining claims where royalty payments are not received by the Secretary on the date that such payments are due, the Secretary shall charge interest on such underpayments at the same interest rate as is applicable under section 6621(a)(2) of the Internal Revenue Code of 1986. In the case of an underpayment, interest shall be computed and charged only on the amount of the deficiency and not on the total amount.

(2) If there is any underreporting of royalty owed on production from a claim for any production month by any person liable for royalty payments under this section, the Secretary may assess a penalty of 10 percent of the amount of that underreporting.

(3) If there is a substantial underreporting of royalty owed on production from a claim for any production month by any person responsible for paying the royalty, the Secretary may assess an additional penalty of 10 percent of the amount of that underreporting.

(4) For the purposes of this subsection, the term "underreporting" means the difference between the royalty on the value of the production which should have been reported and the royalty on the value of the production which was reported, if the value which should have been reported is greater than the value which was reported. An underreporting constitutes a "substantial underreporting" if such difference exceeds 10 percent of the royalty on the value of production which should have been reported.

(5) The Secretary shall not impose the assessment provided in paragraphs (2) or (3) of this subsection if the person liable for royalty payments under this section corrects the underreporting before the date such person receives notice from the Secretary that an underreporting may have occurred, or before 90 days after the date of the enactment of this section, whichever is later.

(6) The Secretary shall waive any portion of an assessment under paragraph (2) or (3) of this subsection attributable to that portion of the underreporting for which the person responsible for paying the royalty demonstrates that—

(A) such person had written authorization from the Secretary to report royalty on the

value of the production on basis on which it was reported, or

(B) such person had substantial authority for reporting royalty on the value of the production on the basis on which it was reported, or

(C) such person previously had notified the Secretary, in such manner as the Secretary may by rule prescribe, of relevant reasons or facts affecting the royalty treatment of specific production which led to the underreporting, or

(D) such person meets any other exception which the Secretary may, by rule, establish.

(7) All penalties collected under this subsection shall be deposited in the Treasury.

(g) EXPANDED ROYALTY OBLIGATIONS.—Each person liable for royalty payments under this section shall be jointly and severally liable for royalty on all locatable minerals, concentrates, or products derived therefrom lost or wasted from a mining claim located or converted under this section when such loss or waste is due to negligence on the part of any person or due to the failure to comply with any rule, regulation, or order issued under this section.

(h) EXCEPTION.—No royalty shall be payable under subsection (a) with respect to minerals processed at a facility by the same person or entity which extracted the minerals if an urban development action grant has been made under section 119 of the Housing and Community Development Act of 1974 with respect to any portion of such facility.

(i) EFFECTIVE DATE.—The royalty under this section shall take effect with respect to the production of locatable minerals after the enactment of this Act, but any royalty payments attributable to production during the first 12 calendar months after the enactment of this Act shall be payable at the expiration of such 12-month period.

AMENDMENT NO. 49: Page 94, after line 24, insert the following new sections:

SEC. 318. DEFICIT REDUCTION TRUST FUND.

(a) ESTABLISHMENT.—A trust fund known as the "Deficit Reduction Trust Fund" (hereinafter in this Act referred to as the "Fund") shall be established in the Treasury of the United States.

(b) CONTENTS.—The Fund shall consist only of amounts contained in the deficit reduction lock box provision of any appropriation Act. Such amounts shall be transferred to the Fund as specified in subsection (c).

(c) TRANSFERS OF MONEYS TO THE FUND.—Within 10 days of enactment of any appropriation Act which has a deficit reduction lock box provision, there shall be transferred from the general fund to the Fund an amount equal to that amount.

(d) USE OF MONEYS IN THE FUND.—Notwithstanding any other provision of law, the amounts in the Fund shall not be available, in any fiscal year, for appropriation, obligation, expenditure, or transfer.

SEC. 319. DOWNWARD ADJUSTMENTS OF DISCRETIONARY SPENDING LIMITS.

(a) DOWNWARD ADJUSTMENTS.—The discretionary spending limit for new budget authority for any fiscal year set forth in section 601(a)(2) of the Congressional Budget Act of 1974, as adjusted in strict conformance with section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985, shall be reduced by the amount of budget authority transferred to the Fund for that fiscal year under section 2(c), as calculated by the Director of the Office of Management and Budget. The adjusted discretionary spending limit for outlays for that fiscal year and each outyear as set forth in such section 601(a)(2) shall be reduced as a result of the reduction of such budget authority, as calculated by the Director of the Office of Management and Budget based upon such programmatic and other assumptions set forth in the joint explanatory statement of managers accompanying the conference report on that bill. All such reductions shall occur on the same day that the amounts triggering the reductions are transferred to the Fund.

(b) DEFINITION.—As used in this section, the term "appropriation bill" means any general or special appropriation bill, and any bill or joint resolution making supplemental, deficiency, or continuing appropriations.

SEC. 320. DEFICIT REDUCTION LOCK-BOX PROVISIONS OF APPROPRIATION MEASURES.

(a) DEFICIT REDUCTION LOCK-BOX PROVISIONS.—Title III of the Congressional Budget Act of 1974 is amended by adding at the end the following new section:

"DEFICIT REDUCTION LOCK-BOX PROVISIONS OF APPROPRIATION BILLS

"SEC. 314. (a) Any appropriation bill that is being marked up by the Committee on Appropriations (or a subcommittee thereof) of either House shall contain a line item entitled 'Deficit Reduction Lock-box'. The dollar amount set forth under that heading shall be an amount equal to the section 602(b)(1) or section 302(b)(1) allocations, as the case may be, to the subcommittee of jurisdiction over the bill of the Committee on Appropriations minus the aggregate level of budget authority or outlays contained in the bill being considered.

"(b) Whenever the Committee on Appropriations of either House reports an appropriation bill, that bill shall contain a line item entitled 'Deficit Reduction Account' comprised of the following:

"(1) Only in the case of any general appropriation bill containing the appropriations for Treasury and Postal Service (or resolution making continuing appropriations (if applicable)), an amount equal to the amounts by which the discretionary spending limit for new budget authority and outlays set forth in the most recent OMB sequestration preview report pursuant to section 601(a)(2) exceed the section 602(a) allocation for the fiscal year covered by that bill.

"(2) Only in the case of any general appropriation bill (or resolution making continuing appropriations (if applicable)), an amount not to exceed the amount by which the appropriate section 602 (b) allocation of new budget authority exceeds the amount of new budget authority provided by that bill (as reported by that committee).

"(3) Only in the case of any bill making supplemental appropriations following en-

actment of all general appropriation bills for the same fiscal year, an amount not to exceed the amount by which the section 602(a) allocation of new budget authority exceeds the sum of all new budget authority provided by appropriation bills enacted for that fiscal year plus that supplemental appropriation bill (as reported by that committee).

"(c) Whenever a Member of either House of Congress offers an amendment (whether in subcommittee, committee, or on the floor) to an appropriation bill to reduce spending, that reduction shall be placed in the deficit reduction lock-box unless that Member indicates that it is to be utilized for another program, project, or activity covered by that bill. If the amendment is agreed to and the reduction was placed in the deficit reduction lock-box, then the line item entitled 'Deficit Reduction Lock-box' shall be increased by the amount of that reduction.

"(d) It shall not be in order in the House of Representatives or the Senate to consider a conference report that modifies any Deficit Reduction Lock-box provision that is beyond the scope of that provision as so committed to the conference committee."

(b) CONFORMING AMENDMENT.—The table of contents set forth in section 1(b) of the Congressional Budget and Impoundment Control Act of 1974 is amended by inserting after the item relating to section 313 the following new item:

"Sec. 314. Deficit reduction lock-box provisions of appropriation measures."

SEC. 321. CBO TRACKING.

Section 202 of the Congressional Budget Act of 1974 is amended by adding at the end the following new subsection:

"(i) SCOREKEEPING ASSISTANCE.—To facilitate compliance by the Committees on Appropriations with section 314, the Office shall score all general appropriation measures as passed the House of Representatives and as passed the Senate and have such scorecard published in the Congressional Record."
