STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. LOTT:

S. 252. A bill to amend title II of the Social Security Act to eliminate the earnings test for individuals who have attained retirement age; to the Committee on Finance.

THE OLDER AMERICANS' FREEDOM TO WORK ACT

Mr. LOTT. Mr. President, today I am introducing the Older Americans Freedom to Work Act of 1995 to eliminate the Social Security earnings test for individuals who have attained retirement age.

As the Social Security Act is designed, the Government seems to give little thought to older Americans' ability to make an important contribution to our work force. Senior citizens are subject to taxes such as the Federal Contributions Act [FICA], even in situations where they are receiving Social Security benefits. They are also subject to various Federal, State, and local taxes.

This brings me to the biggest outrage: the Social Security retirement earnings limit. Presently, this limit reduces benefits to persons between ages 65 and 69 who earn more than \$11,280 yearly. These reductions amount to \$1 in reduced benefits for every \$3 in earnings above the aforementioned limit—\$1 for \$3 withholding rate.

The earnings test is very unfair, but it also poses a serious threat to the labor work force. Demographers tell us that between the years 2000 and 2010 the baby boom generation will be in their retirement years. With fewer babies being born to replace them, this Nation is looking at a severe labor shortage. The skills and expertise of older workers is desperately needed.

An earnings limit for Social Security beneficiaries is an ill conceived idea and an administrative nightmare for the Social Security Administration [SSA]. SSA spends a great deal of money and devotes a full 8 percent of its employees to police the income levels of retirees. For beneficiaries, the income limit is a frustrating experience of estimating and reporting income levels to SSA.

In the 1930's, when the earned income limit was devised, encouraging the elderly to leave the workplace was seen as a positive act, designed to increase job opportunities for younger workers. Today, with our shrinking labor force, such a policy is absurd. We need the skills, wisdom, and experience of our older workers, and my proposal will encourage them to remain in the labor force.

In the 102d Congress, the Senate adopted an amendment to the older Americans reauthorization amendments to repeal the earnings test. While it was dropped from final passage, this legislation has perennial bipartisan interest and support.

It is a pleasure to again sponsor legislation in the Senate to abolish the onerous retirement earnings test. This begins the process of providing employment opportunities for older Americans without punishing them for their efforts. It is my understanding that the President supports lifting the earnings test for retirees, and I urge my colleagues to join me in supporting this
