**Subtitle C—Missile Defense**

**SEC. 231. SHORT TITLE.**

This subtitle may be cited as the “Missile Defense Act of 1995”.

**SEC. 232. FINDINGS.**

Congress makes the following findings:

(1) The threat that is posed to the national security of the United States by the proliferation

of ballistic and cruise missiles is significant and growing, both quantitatively and qualitatively.

(2) The deployment of effective Theater Missile Defense systems can deny potential adversaries the option of escalating a conflict by threatening or attacking United States forces, coalition partners of the United States, or allies of the United States with ballistic missiles armed with weapons of mass destruction to offset the operational and technical advantages of the United States and its coalition partners and allies.

(3) The intelligence community of the United States has estimated that (A) the missile proliferation trend is toward longer range and more sophisticated ballistic missiles, (B) North Korea may deploy an intercontinental ballistic missile capable of reaching Alaska or beyond within 5 years, and (C) although a new indigenously developed ballistic missile threat to the continental United States is not forecast within the next 10 years there is a danger that determined countries will acquire intercontinental ballistic missiles in the near future and with little warning by means other than indigenous development.

(4) The deployment by the United States and its allies of effective defenses against ballistic missiles of all ranges, as well as against cruise missiles, can reduce the incentives for countries to acquire such missiles or to augment existing missile capabilities.

(5) The Cold War distinction between strategic ballistic missiles and nonstrategic ballistic missiles and, therefore, the ABM Treaty's distinction between strategic defense and nonstrategic defense, has changed because of technological advancements and should be reviewed.

(6) The concept of mutual assured destruction, which was one of the major philosophical rationales for the ABM Treaty, is now questionable as a basis for stability in a multipolar world in which the United States and the states of the former Soviet Union are seeking to normalize relations and eliminate Cold War attitudes and arrangements.

(7) Theater and national missile defenses can contribute to the maintenance of stability as missile threats proliferate and as the United States and the former Soviet Union significantly reduce the number of strategic nuclear forces in their respective inventories.

(8) Although technology control regimes and other forms of international arms control can contribute to nonproliferation, such measures alone are inadequate for dealing with missile proliferation, and should not be viewed as alternatives to missile defenses and other active and passive defenses.

(9) Due to limitations in the ABM Treaty which preclude deployment of more than 100 ground-based ABM interceptors at a single site, the United States is currently prohibited from deploying a national missile defense system capable of defending the continental United States, Alaska, and Hawaii against even the most limited ballistic missile attacks.

#### SEC. 233. MISSILE DEFENSE POLICY.

It is the policy of the United States to—

(1) deploy as soon as possible affordable and operationally effective theater missile defenses capable of countering existing and emerging theater ballistic missiles;

(2)(A) develop for deployment a multiple-site national missile defense system that: (i) is affordable and operationally effective against limited, accidental, and unauthorized ballistic missile attacks on the territory of the United States, and (ii) can be augmented over time as the threat changes to provide a layered defense against limited, accidental, or unauthorized ballistic missile threats;

(B) initiate negotiations with the Russian Federation as necessary to provide for the national missile defense systems specified in section 235; and

(C) consider, if those negotiations fail, the option of withdrawing from the ABM Treaty in

accordance with the provisions of Article XV of the Treaty, subject to consultations between the President and the Senate;

(3) ensure congressional review, prior to a decision to deploy the system developed for deployment under paragraph (2), of: (A) the affordability and operational effectiveness of such a system; (B) the threat to be countered by such a system; and (C) ABM Treaty considerations with respect to such a system.

(4) improve existing cruise missile defenses and deploy as soon as practical defenses that are affordable and operationally effective against advanced cruise missiles;

(5) pursue a focused research and development program to provide follow-on ballistic missile defense options;

(6) employ streamlined acquisition procedures to lower the cost and accelerate the pace of developing and deploying theater missile defenses, cruise missile defenses, and national missile defenses;

(7) seek a cooperative transition to a regime that does not feature mutual assured destruction and an offense-only form of deterrence as the basis for strategic stability; and

(8) carry out the policies, programs, and requirements of subtitle C of title II of this Act through processes specified within, or consistent with, the ABM Treaty, which anticipates the need and provides the means for amendment to the Treaty.

#### SEC. 234. THEATER MISSILE DEFENSE ARCHITECTURE.

(a) ESTABLISHMENT OF CORE PROGRAM.—To implement the policy established in section 233, the Secretary of Defense shall establish a top priority core theater missile defense program consisting of the following systems:

(1) The Patriot PAC-3 system, with a first unit equipped (FUE) in fiscal year 1998.

(2) The Navy Lower Tier (Area) system, with a user operational evaluation system (UOES) capability in fiscal year 1997 and an initial operational capability (IOC) in fiscal year 1999.

(3) The Theater High-Altitude Area Defense (THAAD) system, with a user operational evaluation system (UOES) capability in fiscal year 1997 and an initial operational capability (IOC) no later than fiscal year 2002.

(4) The Navy Upper Tier (Theater Wide) system, with a user operational evaluation system (UOES) capability in fiscal year 1999 and an initial operational capability (IOC) in fiscal year 2001.

(b) INTEROPERABILITY AND SUPPORT OF CORE SYSTEMS.—To maximize effectiveness and flexibility, the Secretary of Defense shall ensure that core theater missile defense systems are interoperable and fully capable of exploiting external sensor and battle management support from systems such as the Navy's Cooperative Engagement Capability (CEC), the Army's Battlefield Integration Center (BIC), air and space-based sensors including, in particular, the Space and Missile Tracking System (SMTS).

(c) TERMINATION OF PROGRAMS.—The Secretary of Defense shall terminate the Boost Phase Interceptor (BPI) program.

(d) FOLLOW-ON SYSTEMS.—(1) The Secretary of Defense shall develop an affordable development plan for follow-on theater missile defense systems which leverages existing systems, technologies, and programs, and focuses investments to satisfy military requirements not met by the core program.

(2) Before adding new theater missile defense systems to the core program from among the follow-on activities, the Secretary of Defense shall submit to the congressional defense committees a report describing—

(A) the requirements for the program and the specific threats to be countered;

(B) how the new program will relate to, support, and leverage off existing core programs;

(C) the planned acquisition strategy; and

(D) a preliminary estimate of total program cost and budgetary impact.

(e) REPORT.—(1) Not later than the date on which the President submits the budget for fiscal year 1997 under section 1105 of title 31, United States Code, the Secretary of Defense shall submit to the congressional defense committees a report detailing the Secretary's plans for implementing the guidance specified in this section.

(2) For each deployment date for each system described in subsection (a), the report required by paragraph (1) of this subsection shall include the funding required for research, development, testing, evaluation, and deployment for each fiscal year beginning with fiscal year 1997 through the end of the fiscal year in which deployment is projected under subsection (a).

#### SEC. 235. NATIONAL MISSILE DEFENSE SYSTEM ARCHITECTURE.

(a) IN GENERAL.—To implement the policy established in section 233, the Secretary of Defense shall develop an affordable and operationally effective national missile defense system to counter a limited, accidental, or unauthorized ballistic missile attack, and which is capable of attaining initial operational capability (IOC) by the end of 2003. Such system shall include the following:

(1) Ground-based interceptors capable of being deployed at multiple sites, the locations and numbers of which are to be determined so as to optimize the defensive coverage of the continental United States, Alaska, and Hawaii against limited, accidental, or unauthorized ballistic missile attacks.

(2) Fixed ground-based radars and space-based sensors, including the Space and Missile Tracking system, the mix, siting and numbers of which are to be determined so as to optimize sensor support and minimize total system cost.

(3) Battle management, command, control, and communications (BM/C3).

(b) INTERIM OPERATIONAL CAPABILITY.—To provide a hedge against the emergence of near-term ballistic missile threats against the United States and to support the development and deployment of the objective system specified in subsection (a), the Secretary of Defense shall develop an interim national missile defense plan that would give the United States the ability to field a limited operational capability by the end of 1999 if required by the threat. In developing this plan the Secretary shall make use of—

(1) developmental, or user operational evaluation system (UOES) interceptors, radars, and battle management, command, control, and communications (BM/C3), to the extent that such use directly supports, and does not significantly increase the cost of, the objective system specified in subsection (a);

(2) one or more of the sites that will be used as deployment locations for the objective system specified in subsection (a);

(3) upgraded early warning radars; and

(4) space-based sensors.

(c) USE OF STREAMLINED ACQUISITION PROCEDURES.—The Secretary of Defense shall prescribe and use streamlined acquisition procedures to—

(1) reduce the cost and increase the efficiency of developing the national missile defense system specified in subsection (a); and

(2) ensure that any interim national missile defense capabilities developed pursuant to subsection (b) are operationally effective and on a path to fulfill the technical requirements and schedule of the objective system.

(d) ADDITIONAL COST SAVING MEASURES.—In addition to the procedures prescribed pursuant to subsection (c), the Secretary of Defense shall employ cost saving measures that do not decrease the operational effectiveness of the systems specified in subsections (a) and (b), and which do not pose unacceptable technical risk. The cost saving measures should include the following:

(1) The use of existing facilities and infrastructure.

(2) The use, where appropriate, of existing or upgraded systems and technologies, except that

Minuteman boosters may not be used as part of a National Missile Defense architecture.

(3) Development of systems and components that do not rely on a large and permanent infrastructure and are easily transported, emplaced, and moved.

(e) REPORT ON PLAN FOR DEPLOYMENT.—Not later than the date on which the President submits the budget for fiscal year 1997 under section 1105 of title 31, United States Code, the Secretary of Defense shall submit to the congressional defense committees a report containing the following matters:

(1) The Secretary's plan for carrying out this section.

(2) For each deployment date in subsections (a) and (b), the report shall include the funding required for research, development, testing, evaluation, and deployment for each fiscal year beginning with fiscal year 1997 through the end of the fiscal year in which deployment is projected under subsection (a) or (b). The report shall also describe the specific threat to be countered and provide the Secretary's assessment as to whether deployment is affordable and operationally effective.

(3) An analysis of options for supplementing or modifying the national missile defense architecture specified in subsection (a) before attaining initial operational capability, or evolving such architecture in a building block manner after attaining initial operational capability, to improve the cost-effectiveness or the operational effectiveness of such system by adding one or a combination of the following:

(A) Additional ground-based interceptors at existing or new sites.

(B) Sea-based missile defense systems.

(C) Space-based kinetic energy interceptors.

(D) Space-based directed energy systems.

#### SEC. 236. CRUISE MISSILE DEFENSE INITIATIVE.

(a) IN GENERAL.—The Secretary of Defense shall undertake an initiative to coordinate and strengthen the cruise missile defense programs, projects, and activities of the military departments, the Advanced Research Projects Agency and the Ballistic Missile Defense Organization to ensure that the United States develops and deploys affordable and operationally effective defenses against existing and future cruise missile threats.

(b) ACTIONS OF THE SECRETARY OF DEFENSE.—In carrying out subsection (a), the Secretary of Defense shall ensure that—

(1) to the extent practicable, the ballistic missile defense and cruise missile defense efforts of the Department of Defense are coordinated and mutually reinforcing;

(2) existing air defense systems are adequately upgraded to provide an affordable and operationally effective defense against existing and near-term cruise missile threats; and

(3) the Department of Defense undertakes a high priority and well coordinated technology development program to support the future deployment of systems that are affordable and operationally effective against advanced cruise missiles, including cruise missiles with low observable features.

(c) IMPLEMENTATION PLAN.—Not later than the date on which the President submits the budget for fiscal year 1997 under section 1105 of title 31, United States Code, the Secretary of Defense shall submit to the congressional defense committees a detailed plan, in unclassified and classified forms, as necessary, for carrying out this section. The plan shall include an assessment of—

(1) the systems that currently have cruise missile defense capabilities, and existing programs to improve these capabilities;

(2) the technologies that could be deployed in the near- to mid-term to provide significant advances over existing cruise missile defense capabilities, and the investments that would be required to ready the technologies for deployment;

(3) the cost and operational tradeoffs, if any, between upgrading existing air and missile de-

fense systems and accelerating follow-on systems with significantly improved capabilities against advanced cruise missiles; and

(4) the organizational and management changes that would strengthen and further coordinate the cruise missile defense efforts of the Department of Defense, including the disadvantages, if any, of implementing such changes.

#### SEC. 237. POLICY REGARDING THE ABM TREATY.

(a) Congress makes the following findings:

(1) Article XIII of the ABM Treaty envisions "possible changes in the strategic situation which have a bearing on the provisions of this treaty".

(2) Articles XIII and XIV of the ABM Treaty establish means for the Parties to amend the Treaty, and the Parties have employed these means to amend the Treaty.

(3) Article XV of the ABM Treaty establishes the means for a party to withdraw from the Treaty, upon 6 months notice, "if it decides that extraordinary events related to the subject matter of this treaty have jeopardized its supreme interests".

(4) The policies, programs, and requirements of subtitle C of title II of this Act can be accomplished through processes specified within, or consistent with, the ABM Treaty, which anticipates the need and provides the means for amendment to the Treaty.

(b) SENSE OF CONGRESS.—In light of the findings and policies provided in this subtitle, it is the sense of Congress that—

(1) Given the fundamental responsibility of the Government of the United States to protect the security of the United States, the increasingly serious threat posed to the United States by the proliferation of weapons of mass destruction and ballistic missile technology, and the effect this threat could have on the options of the United States to act in a time of crisis—

(A) it is in the vital national security interest of the United States to defend itself from the threat of a limited, accidental, or unauthorized ballistic missile attack, whatever its source; and

(B) the deployment of a national missile defense system, in accord with section 233, to protect the territory of the United States against a limited, accidental, or unauthorized missile attack can strengthen strategic stability and deterrence; and

(2)(A) the Senate should undertake a comprehensive review of the continuing value and validity of the ABM Treaty with the intent of providing additional policy guidance on the future of the ABM Treaty during the second session of the One Hundred Fourth Congress; and

(B) upon completion of the review, the Committee on Foreign Relations, in consultation with the Committee on Armed Services and other appropriate committees, should report its findings to the Senate.

#### SEC. 238. PROHIBITION ON FUNDS TO IMPLEMENT AN INTERNATIONAL AGREEMENT CONCERNING THEATER MISSILE DEFENSE SYSTEMS.

(a) FINDINGS.—Congress makes the following findings:

(1) Section 234 of the National Defense Authorization Act for Fiscal Year 1994 provides that the ABM Treaty does not apply to or limit research, development, testing, or deployment of missile defense systems, system upgrades, or system components that are designed to counter modern theater ballistic missiles, regardless of the capabilities of such missiles, unless those systems, system upgrades, or system components are tested against or have demonstrated capabilities to counter modern strategic ballistic missiles.

(2) Section 232 of the National Defense Authorization Act for Fiscal Year 1995 provides that the United States shall not be bound by any international agreement that would substantially modify the ABM Treaty unless the agreement is entered into pursuant to the treaty making power of the President under the Constitution.

(3) the demarcation standard described in subsection (b)(1) is based upon current technology.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) unless a missile defense system, system upgrade, or system component, including one that exploits data from space-based or other external sensors, is flight tested against a ballistic missile target that exceeds a range of 3,500 kilometers or a velocity of 5 kilometers per second, such missile defense system, system upgrade, or system component has not been tested in an ABM mode nor deemed to have been given capabilities to counter strategic ballistic missiles, and

(2) any international agreement that would limit the research, development, testing, or deployment of missile defense systems, system upgrades, or system components that are designed to counter modern theater ballistic missiles in a manner that would be more restrictive than the criteria in paragraph (1) should be entered into only pursuant to the treaty making powers of the President under the Constitution.

(c) PROHIBITION ON FUNDING.—Funds appropriated or otherwise made available to the Department of Defense for fiscal year 1996 may not be obligated or expended to implement an agreement with any of the independent states of the former Soviet Union entered into after January 1, 1995 that would establish a demarcation between theater missile defense systems and anti-ballistic missile systems for purposes of the ABM Treaty or that would restrict the performance, operation, or deployment of United States theater missile defense systems except: (1) to the extent provided in an Act enacted subsequent to this Act; (2) to implement that portion of any such agreement that implements the criteria in subsection (b)(1); or (3) to implement any such agreement that is entered into pursuant to the treaty making power of the President under the Constitution.

#### SEC. 239. BALLISTIC MISSILE DEFENSE PROGRAM ELEMENTS.

**SEC. 242. SENSE OF SENATE ON THE DIRECTOR OF OPERATIONAL TEST AND EVALUATION.**

(a) FINDINGS.—The Senate makes the following findings:

(1) The Office of the Director of Operational Test and Evaluation of the Department of Defense was created by Congress to provide an independent validation and verification on the suitability and effectiveness of new weapons, and to ensure that the United States military departments acquire weapons that are proven in an operational environment before they are produced and used in combat.

(2) The office is currently making significant contributions to the process by which the Department of Defense acquires new weapons by providing vital insights on operational weapons tests to be used in this acquisition process.

(3) The office provides vital services to Congress in providing an independent certification on the performance of new weapons that have been operationally tested.

(4) A provision of H.R.1530, an Act entitled "An Act to authorize appropriations for fiscal year 1996 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Forces, and for other purposes", agreed to by the House of Representatives on June 15, 1995, contains a provision that could substantially diminish the authority and responsibilities of the office and perhaps cause the elimination of the office and its functions.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) the authority and responsibilities of the Office of the Director of Operational Test and Evaluation of the Department of Defense should not be diminished or eliminated; and

(2) the conferees on H.R.1530, an Act entitled "An Act to authorize appropriations for fiscal year 1996 for military activities of the Department of Defense, for military construction, and

for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Forces, and for other purposes" should not propose to Congress a conference report on that Act that would either diminish or eliminate the Office of the Director of Operational Test and Evaluation or its functions.

(2) To store data from the missile defense technology programs of the Armed Forces using computer facilities of the Missile Defense Data Center.

(c) TECHNOLOGY PROGRAM COORDINATION WITH CENTER.—The Secretary of Defense, acting through the Director of the Ballistic Missile Defense Organization, shall require the head of each element or activity of the Department of Defense beginning a new missile defense program referred to in subsection (b)(1) to first coordinate the program with the Ballistic Missile Defense Technology Center in order to prevent duplication of effort.

"(b) ENTITLEMENT TO BENEFITS.—(1) An insured member ordered into covered service shall be entitled to payment of a benefit for each month (and fraction thereof) of covered service that exceeds 30 days of covered service, except that no member may be paid under the insurance program for more than 12 months of covered service served during any period of 18 consecutive months.

"(2) Payment shall be based solely on the insured status of a member and on the period of covered service served by the member. Proof of loss of income or of expenses incurred as a result of covered service may not be required.

**"§ 12524. Enrollment and election of benefits**

"(a) ENROLLMENT.—(1) Except as provided in subsection (f), upon first becoming a member of the Ready Reserve, a member shall be automatically enrolled for coverage under the insurance program. An automatic enrollment of a member shall be void if within 30 days after first becoming a member of the Ready Reserve the member declines insurance under the program in accordance with the regulations prescribed by the Secretary.

"(2) Promptly after the insurance program is established, the Secretary shall offer to members of the reserve components who are then members of the Ready Reserve (other than members ineligible under subsection (f)) an opportunity to enroll for coverage under the insurance program. A member who fails to enroll within 30 days after being offered the opportunity shall be considered as having declined to be insured under the program.

"(3) A member of the Ready Reserve ineligible to enroll under subsection (f) shall be afforded an opportunity to enroll upon being released from active duty if the member has not previously had the opportunity to be enrolled under paragraph (1) or (2). A member who fails to enroll within 30 days after being afforded that opportunity shall be considered as having declined to be insured under the program.

"(b) ELECTION OF BENEFIT AMOUNT.—The amount of a member's monthly benefit under an enrollment shall be the basic benefit under subsection (a) of section 12525 of this title unless the member elects a different benefit under subsection (b) of such section within 30 days after first becoming a member of the Ready Reserve or within 30 days after being offered the opportunity to enroll, as the case may be.

"(c) ELECTIONS IRREVOCABLE.—(1) An election to decline insurance pursuant to paragraph (1) or (2) of subsection (a) is irrevocable.

"(2) Subject to subsection (d), the amount of coverage may not be changed after enrollment.

"(d) ELECTION TO TERMINATE.—A member may terminate an enrollment at any time.

"(e) INFORMATION TO BE FURNISHED.—The Secretary shall ensure that members referred to in subsection (a) are given a written explanation of the insurance program and are advised that they have the right to decline to be insured and, if not declined, to elect coverage for a reduced benefit or an enhanced benefit under subsection (b).

"(f) MEMBERS INELIGIBLE TO ENROLL.—Members of the Ready Reserve serving on active duty

(or full-time National Guard duty) are not eligible to enroll for coverage under the insurance program. The Secretary may define any additional category of members of the Ready Reserve to be excluded from eligibility to purchase insurance under this chapter.

"(d) ADJUSTMENT OF AMOUNTS.—(1) The Secretary shall determine annually the effect of inflation on benefits and shall adjust the amounts set forth in subsections (a) and (b)(2) to maintain the constant dollar value of the benefit.

"(2) If the amount of a benefit as adjusted under paragraph (1) is not evenly divisible by \$10, the amount shall be rounded to the nearest multiple of \$10, except that an amount evenly divisible by \$5 but not by \$10 shall be rounded to the next lower amount that is evenly divisible by \$10.

#### **"§ 12526. Premiums**

"(a) ESTABLISHMENT OF RATES.—(1) The Secretary, in consultation with the Board of Actuaries, shall prescribe the premium rates for insurance under the insurance program.

"(2) The Secretary shall prescribe a fixed premium rate for each \$1,000 of monthly insurance benefit. The premium amount shall be equal to the share of the cost attributable to insuring the member and shall be the same for all members of the Ready Reserve who are insured under the insurance program for the same benefit amount. The Secretary shall prescribe the rate on the basis of the best available estimate of risk and financial exposure, levels of subscription by members, and other relevant factors.

"(b) LEVEL PREMIUMS.—The premium rate prescribed for the first year of insurance coverage of an insured member shall be continued without change for subsequent years of insurance coverage, except that the Secretary, after consultation with the Board of Actuaries, may adjust the premium rate in order to fund inflation-adjusted benefit increases on an actuarially sound basis.

#### **"§ 12527. Payment of premiums**

"(a) METHODS OF PAYMENT.—(1) The monthly premium for coverage of a member under the insurance program shall be deducted and withheld from the insured member's basic pay for inactive duty training each month.

"(b) ADVANCE PAY FOR PREMIUM.—The Secretary concerned may advance to an insured member the amount equal to the first insurance premium payment due under this chapter. The advance may be paid out of appropriations for military pay. An advance to a member shall be collected from the member either by deducting and withholding the amount from basic pay payable for the member or by collecting it from

the member directly. No disbursing or certifying officer shall be responsible for any loss resulting from an advance under this subsection.

"(c) PREMIUMS TO BE DEPOSITED IN FUND.—Premium amounts deducted and withheld from the basic pay of insured members and premium amounts paid directly to the Secretary shall be credited to the Fund.

#### **"§ 12528. Department of Defense Ready Reserve Income Insurance Fund**

"(a) ESTABLISHMENT.—There is established on the books of the Treasury a fund to be known as the 'Department of Defense Ready Reserve Income Insurance Fund', which shall be administered by the Secretary of the Treasury. The Fund shall be used for the accumulation of funds in order to finance the liabilities of the insurance program on an actuarially sound basis.

"(b) ASSETS OF FUND.—There shall be deposited into the Fund the following:

"(c) AVAILABILITY.—Amounts in the Fund shall be available for paying insurance benefits under the insurance program.

"(d) INVESTMENT OF ASSETS OF FUND.—The Secretary of the Treasury shall invest such portion of the Fund as is not in the judgment of the Secretary of Defense required to meet current liabilities. Such investments shall be in public debt securities with maturities suitable to the needs of the Fund, as determined by the Secretary of Defense, and bearing interest at rates determined by the Secretary of the Treasury, taking into consideration current market yields on outstanding marketable obligations of the United States of comparable maturities. The income on such investments shall be credited to the Fund.

"(e) ANNUAL ACCOUNTING.—At the beginning of each fiscal year, the Secretary, in consultation with the Board of Actuaries and the Secretary of the Treasury, shall determine the following:

"(1) The projected amount of the premiums to be collected, investment earnings to be received, and any transfers or appropriations to be made for the Fund for that fiscal year.

"(b) VALUATIONS AND PREMIUM RECOMMENDATIONS.—The Board of Actuaries shall carry out periodic actuarial valuations of the benefits under the insurance program and determine a premium rate methodology for the Secretary to use in setting premium rates for the insurance program. The Board shall conduct the first valuation and determine a premium rate methodology not later than six months after the insurance program is established.

"(c) EFFECTS OF CHANGED BENEFITS.—If at the time of any actuarial valuation under subsection (b) there has been a change in benefits under the insurance program that has been made since the last such valuation and such change in benefits increases or decreases the present value of amounts payable from the Fund, the Board of Actuaries shall determine a premium rate methodology, and recommend to the Secretary a premium schedule, for the liquidation of any liability (or actuarial gain to the Fund) resulting from such change and any previous such changes so that the present value of the sum of the scheduled premium payments (or reduction in payments that would otherwise

be made) equals the cumulative increase (or decrease) in the present value of such benefits.

"(d) ACTUARIAL GAINS OR LOSSES.—If at the time of any such valuation the Board of Actuaries determines that there has been an actuarial gain or loss to the Fund as a result of changes in actuarial assumptions since the last valuation or as a result of any differences, between actual and expected experience since the last valuation, the Board shall recommend to the Secretary a premium rate schedule for the amortization of the cumulative gain or loss to the Fund resulting from such changes in assumptions and any previous such changes in assumptions or from the differences in actual and expected experience, respectively, through an increase or decrease in the payments that would otherwise be made to the Fund.

"(e) INSUFFICIENT ASSETS.—If at any time liabilities of the Fund exceed assets of the Fund as a result of members of the Ready Reserve being ordered to active duty as described in section 12521(2) of this title, and funds are unavailable to pay benefits completely, the Secretary shall request the President to submit to Congress a request for a special appropriation to cover the unfunded liability. If appropriations are not made to cover an unfunded liability in any fiscal year, the Secretary shall reduce the amount of the benefits paid under the insurance program to a total amount that does not exceed the assets of the Fund expected to accrue by the end of such fiscal year. Benefits that cannot be paid because of such a reduction shall be deferred and may be paid only after and to the extent that additional funds become available.

"(f) DEFINITION OF PRESENT VALUE.—The Board of Actuaries shall define the term 'present value' for purposes of this subsection.

#### **"§ 12530. Payment of benefits**

"(a) COMMENCEMENT OF PAYMENT.—An insured member who serves in excess of 30 days of covered service shall be paid the amount to which such member is entitled on a monthly basis beginning not later than one month after the 30th day of covered service.

"(b) METHOD OF PAYMENT.—The Secretary shall prescribe in the regulations the manner in which payments shall be made to the member or to a person designated in accordance with subsection (c).

"(c) DESIGNATED RECIPIENTS.—(1) A member may designate in writing another person (including a spouse, parent, or other person with an insurable interest, as determined in accordance with the regulations prescribed by the Secretary) to receive payments of insurance benefits under the insurance program.

"(2) A member may direct that payments of insurance benefits for a person designated under paragraph (1) be deposited with a bank or other financial institution to the credit of the designated person.

"(d) RECIPIENTS IN EVENT OF DEATH OF INSURED MEMBER.—Any insurance payable under the insurance program on account of a deceased member's period of covered service shall be paid, upon the establishment of a valid claim, to the beneficiary or beneficiaries which the deceased member designated in writing. If no such designation has been made, the amount shall be payable in accordance with the laws of the State of the member's domicile.

#### **"§ 12531. Purchase of insurance**

"(a) PURCHASE AUTHORIZED.—The Secretary may, instead of or in addition to underwriting the insurance program through the Fund, purchase from one or more insurance companies a policy or policies of group insurance in order to provide the benefits required under this chapter. “(2) For the purposes of carrying out this chapter, the Secretary may use the facilities and services of any insurance company issuing any policy for purposes of subsection (a), may designate one such company as the representative of the other companies for such purposes, and may contract to pay a reasonable fee to the designated company for its services.

“(d) REINSURANCE.—The Secretary shall arrange with each insurance company issuing any policy for purposes of subsection (a) to reinsure, under conditions approved by the Secretary, portions of the total amount of the insurance under such policy or policies with such other insurance companies (which meet qualifying criteria prescribed by the Secretary) as may elect to participate in such reinsurance.

**SEC. 542. MERITORIOUS AND VALOROUS SERVICE DURING VIETNAM ERA: REVIEW AND AWARDS.**

(a) **FINDINGS.**—Congress makes the following findings:

(1) The Ia Drang Valley (Pleiku) campaign, carried out by the Armed Forces of the United States in the Ia Drang Valley of Vietnam from October 23, 1965, to November 26, 1965, is illustrative of the many battles which pitted forces of the United States against North Vietnamese Army regulars and Viet Cong in vicious fighting in which many members of the Armed Forces displayed extraordinary heroism, sacrifice, and bravery which has not yet been officially recognized through award of appropriate decorations.

(2) Accounts of these battles published since the war ended authoritatively document repeated acts of extraordinary heroism, sacrifice, and bravery on the part of many members of the Armed Forces who were engaged in these battles, many of whom have never been officially recognized for those acts.

(3) In some of the battles United States military units suffered substantial losses, in some cases a majority of the strength of the units.

(4) The incidence of heavy casualties throughout the war inhibited the timely collection of comprehensive and detailed information to support recommendations for awards for the acts of heroism, sacrifice, and bravery performed.

(5) Requests to the Secretaries of the military departments for review of award recommendations for those acts have been denied because of restrictions in law and regulations that require timely filing of recommendations and documented justification.

(6) Acts of heroism, sacrifice, and bravery performed in combat by members of the Armed Forces of the United States deserve appropriate and timely recognition by the people of the United States.

(7) It is appropriate to recognize military personnel for acts of extraordinary heroism, sacrifice, or bravery that are belatedly, but properly, documented by persons who witnessed those acts.

(b) **WAIVER OF RESTRICTIONS ON AWARDS.**—(1) Notwithstanding any other provision of law, the Secretary of Defense or the Secretary of the military department concerned may award or upgrade a decoration to any person for an act, an achievement, or service that the person performed in a campaign while serving on active duty during the Vietnam era.

(2) Paragraph (1) applies to any decoration (including any device in lieu of a decoration) that, during or after the Vietnam era and before the date of the enactment of this Act, was authorized by law or under regulations of the De-

partment of Defense or the military department concerned to be awarded to a person for an act, an achievement, or service performed by that person while serving on active duty.

(c) **REVIEW OF AWARD RECOMMENDATIONS.**—(1) The Secretary of each military department shall review all recommendations for awards for acts, achievements, or service described in subsection (b)(1) that have been received by the Secretary during the period of the review.

(2) The Secretaries shall begin the review within 30 days after the date of the enactment of this Act and shall complete the review within one year after such date.

(3) The Secretary may use the same process for carrying out the review as the Secretary uses for reviewing other recommendations for awarding decorations to members of the armed force or armed forces under the Secretary's jurisdiction for acts, achievements, or service.

(4)(A) Upon completing the review, the Secretary shall submit a report on the review to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives.

(B) The report shall contain the following information on each recommendation for award reviewed:

(i) A summary of the recommendation.

(ii) The findings resulting from the review.

(iii) The final action taken on the recommendation.

(d) **DEFINITIONS.**—In this section:

(1) The term “Vietnam era” has the meaning given that term in section 101(29) of title 38, United States Code.

(2) The term “active duty” has the meaning given such term in section 101(d)(1) of title 10, United States Code.

**SEC. 543. MILITARY INTELLIGENCE PERSONNEL PREVENTED BY SECRECY FROM BEING CONSIDERED FOR DECORATIONS AND AWARDS.**

(2) Paragraph (1) applies to any decoration (including any device in lieu of a decoration) that, during or after the period described in paragraph (1) and before the date of the enactment of this Act, was authorized by law or under the regulations of the Department of Defense or the military department concerned to be awarded to a person for an act, achievement, or service performed by that person while serving on active duty.

(b) **REVIEW OF AWARD RECOMMENDATIONS.**—

(1) The Secretary of each military department shall review all recommendations for awards of decorations for acts, achievements, or service described in subsection (a)(1) that have been received by the Secretary during the period of the review.

(2) The Secretary shall begin the review within 30 days after the date of the enactment of this Act and shall complete the review within one year after such date.

(3) The Secretary may use the same process for carrying out the review as the Secretary uses for reviewing other recommendations for awarding decorations to members of the armed force or armed forces under the Secretary's jurisdiction for acts, achievements, or service.

(4) The Secretary may reject a recommendation if the Secretary determines that there is a justifiable basis for concluding that the recommendation is specious.

(5) The Secretary shall take reasonable actions to publicize widely the opportunity to recommend awards of decorations under this section.

(6)(A) Upon completing the review, the Secretary shall submit a report on the review to the

Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives.

(B) The report shall contain the following information on each recommendation for an award reviewed:

**SEC. 1012. TRANSFER OF NAVAL VESSELS TO CERTAIN FOREIGN COUNTRIES.**

(a) **AUTHORITY.**—The Secretary of the Navy is authorized to transfer—

(3) This Act authorizes the LHD-7, the final ship of the Wasp class of amphibious assault

ships that will replace the Iwo Jima class of ships.

(5) The Department of Defense evaluates license applications for the export of commodities whose export is controlled for national security reasons if such commodities are exported to certain countries, but the Department does not evaluate license applications for the export of such commodities if such commodities are exported to other countries.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the maintenance of the military advantage of the United States depends on effective export controls on dual-use items and technologies that are critical to the military capabilities of the Armed Forces;

(2) the Government should identify the dual-use items and technologies that are critical to the military capabilities of the Armed Forces, including the military use made of such items and technologies, and should reevaluate the export control policy of the United States in light of such identification; and

(3) the Government should utilize unilateral export controls on dual-use items and technologies that are critical to the military capabilities of the Armed Forces (regardless of the availability of such items or technologies overseas) with respect to the countries that—

(A) pose a threat to the national security interests of the United States; and

(B) are not members in good standing of bilateral or multilateral agreements to which the United States is a party on the use of such items and technologies.

(D) A description of United States policy on sharing satellite imagery that has military significance and a discussion of the criteria for determining the imagery that has that significance.

(E) A description of the relationship between United States policy on the export of space launch vehicle technology and the Missile Technology Control Regime.

(F) An assessment of United States efforts to support the inclusion of additional countries in the Missile Technology Control Regime.

(G) An assessment of the on-going efforts made by potential participant countries in the Missile Technology Control Regime to meet the guidelines established by the Missile Technology Control Regime.

(H) A brief discussion of the history of the space launch vehicle programs of other countries, including a discussion of the military origins and purposes of such programs and the current level of military involvement in such programs.

(2) The Secretary of Defense, in consultation with the Secretary of State and the intelligence

community, shall periodically inform the Secretary of Commerce as to the countries known or suspected to have an offensive biological weapons program.

(3) In order to facilitate the review of an application for an export license by appropriate elements of the intelligence committee under paragraph (1), the Secretary of Defense shall submit a copy of the application to such appropriate elements.

(4) The Secretary of Defense shall carry out the review of an application under this subsection not later than 30 days after the date on which the Secretary of Commerce forwards a copy of the application to the Secretary of Defense for review.

(5) Upon completion of the review of an application for an export license under this subsection, the Secretary of Defense shall notify the Secretary of Commerce if the export of a biological pathogen pursuant to the license would be contrary to the national security interests of the United States.

(6) Notwithstanding any other provision of law, upon receipt of a notification with respect to an application for an export license under paragraph (5), the Secretary of Commerce shall deny the application.

#### SEC. 1055. STRATEGIC COOPERATION BETWEEN THE UNITED STATES AND ISRAEL.

(a) FINDINGS.—Congress makes the following findings:

(1) The President and Congress have repeatedly declared the long-standing United States commitment to maintaining the qualitative superiority of the Israel Defense Forces over any combination of potential adversaries.

(2) Congress continues to recognize the many benefits to the United States from its strategic relationship with Israel, including that of enhanced regional stability and technical cooperation.

(3) Despite the historic peace effort in which Israel and its neighbors are engaged, Israel continues to face severe potential threats to its national security that are compounded by terrorism and by the proliferation of weapons of mass destruction and ballistic missiles.

(4) Congress supports enhanced United States cooperation with Israel in all fields and, especially, in finding new ways to deter or counter mutual threats.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the President should ensure that any conventional defense system or technology offered by the United States for sale to any member nation of the North Atlantic Treaty Organization (NATO) or to any major non-NATO ally is concurrently made available for purchase by Israel unless the President determines that it would not be in the national security interests of the United States to do so; and

(2) the President should make available to Israel, within existing technology transfer laws, regulations, and policies, advanced United States technology necessary for achieving continued progress in cooperative United States-Israel research and development of theater missile defenses.

#### SEC. 1056. SUPPORT SERVICES FOR THE NAVY AT THE PORT OF HAIFA, ISRAEL.

It is the sense of Congress that the Secretary of the Navy should promptly undertake such actions as are necessary—

(1) to improve the services available to the Navy at the Port of Haifa, Israel; and

(2) to ensure that the continuing increase in commercial activities at the Port of Haifa does not adversely affect the availability to the Navy of the services required by the Navy at the port.

#### SEC. 1057. PROHIBITION ON ASSISTANCE TO TERRORIST COUNTRIES.

“(A) grants sanctuary from prosecution to any individual or group that has committed an act of international terrorism; or

“(b) WAIVER.—(1) The President may waive the application of subsection (a) to a country if the President determines that it is in the national security interests of the United States to do so or that the waiver should be granted for humanitarian reasons.

“(2) The President shall—

“(A) notify the Committees on Armed Services and Foreign Relations of the Senate and the Committees on National Security and on International Relations of the House of Representatives at least 15 days before the waiver takes effect; and

“(B) publish a notice of the waiver in the Federal Register.

“(c) DEFINITION.—In this section, the term ‘international terrorism’ has the meaning given that term in section 140(d) of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (22 U.S.C. 2656f(d)).”.

#### SEC. 1058. INTERNATIONAL MILITARY EDUCATION AND TRAINING.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) it is in the national security interest of the United States to promote military professionalism (including an understanding of and respect for the proper role of the military in a civilian-led democratic society), the effective management of defense resources, the recognition of internationally recognized human rights, and an effective military justice system within the armed forces of allies of the United States and of countries friendly to the United States;

(2) it is in the national security interest of the United States to foster rapport, understanding, and cooperation between the Armed Forces of the United States and the armed forces of allies of the United States and of countries friendly to the United States;

(3) the international military education and training program is a low-cost method of promoting military professionalism within the armed forces of allies of the United States and of countries friendly to the United States and fostering better relations between the Armed Forces of the United States and those armed forces;

(4) the dissolution of the Soviet Union and the Warsaw Pact alliance and the spread of democracy in the Western Hemisphere have created an opportunity to promote the military professionalism of the armed forces of the affected nations;

(5) funding for the international military education and training program of the United States has decreased dramatically in recent years;

(6) the decrease in funding for the international military education and training pro-

gram has resulted in a major decrease in the participation of personnel from Asia, Latin America, and Africa in the program;

(7) the Chairman of the Joint Chiefs of Staff and the commanders in chief of the regional combatant commands have consistently testified before congressional committees that the international military education and training program fosters cooperation with and improves military management, civilian control over the military forces, and respect for human rights within foreign military forces; and

(8) the delegation by the President to the Secretary of Defense of authority to perform functions relating to the international military education and training program is appropriate and should be continued.

(b) ACTIVITIES AUTHORIZED.—(1) Part I of subtitle A of title 10, United States Code, is amended by adding at the end the following:

#### “CHAPTER 23—CONTACTS UNDER PROGRAMS IN SUPPORT OF FOREIGN MILITARY FORCES

“(b) RELATIONSHIP TO OTHER FUNDING.—Any amount provided pursuant to subsection (a) shall be in addition to amounts otherwise available for international military education and training for that fiscal year.”.

(2) Section 168 of title 10, United States Code, is redesignated as section 461, is transferred to chapter 23 (as added by paragraph (1)), and is inserted after the table of sections at the beginning of such chapter.

(d) RELATIONSHIP TO AUTHORITY OF SECRETARY OF STATE.—Nothing in this section or section 462 of title 10, United States Code (as added by subsection (b)(1)), shall impair the authority or ability of the Secretary of State to coordinate policy regarding international military education and training programs.

#### SEC. 1059. REPEAL OF LIMITATION REGARDING AMERICAN DIPLOMATIC FACILITIES IN GERMANY.

Section 1432 of the National Defense Authorization Act for Fiscal Year 1994 (Public Law 103-160; 107 Stat. 1833) is repealed.

**SEC. 1060. IMPLEMENTATION OF ARMS CONTROL AGREEMENTS.**

(a) **FUNDING.**—Of the amounts authorized to be appropriated under sections 102, 103, 104, 201, and 301, \$228,900,000 shall be available for implementing arms control agreements to which the United States is a party.

(b) **LIMITATION.**—(1) Except as provided in paragraph (2), none of the funds authorized to be appropriated under subsection (a) for the costs of implementing an arms control agreement may be used to reimburse expenses incurred by any other party to the agreement for which, without regard to any executive agreement or any policy not part of an arms control agreement—

(A) the other party is responsible under the terms of the arms control agreement; and

(B) the United States has no responsibility under the agreement.

(2) The limitation in paragraph (1) does not apply to a use of funds to fulfill a policy of the United States to reimburse expenses incurred by another party to an arms control agreement if—

(A) the policy does not modify any obligation imposed by the arms control agreement;

(B) the President—

(i) issued or approved the policy before the date of the enactment of this Act; or

(ii) has entered into an agreement on the policy with the government of another country or has approved an agreement on the policy entered into by an official of the United States and the government of another country; and

(C) the President has notified the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on International Relations of the House of Representatives of the policy or the policy agreement (as the case may be), in writing, at least 30 days before the date on which the President issued or approved the policy or has entered into or approved the policy agreement.

(c) **DEFINITIONS.**—In this section:

(1) The term “arms control agreement” means an arms control treaty or other form of international arms control agreement.

(2) The term “executive agreement” is an international agreement entered into by the President that is not authorized by statute or approved by the Senate under Article II, section 2, clause 2 of the Constitution.

**SEC. 1061. SENSE OF CONGRESS ON LIMITING THE PLACING OF UNITED STATES FORCES UNDER UNITED STATES COMMAND OR CONTROL.**

(a) **FINDINGS.**—Congress finds that—

(1) the President has made United Nations peace operations a major component of the foreign and security policies of the United States;

(2) the President has committed United States military personnel under United Nations operational control to missions in Haiti, Croatia, and Macedonia that could endanger those personnel;

(3) the President has committed the United States to deploy as many as 25,000 military personnel to Bosnia-Herzegovina as peacekeepers under United Nations command and control in the event that the parties to that conflict reach a peace agreement;

(4) although the President has insisted that he will retain command of United States forces at all times, in the past this has meant administrative control of United States forces only, while operational control has been ceded to United Nations commanders, some of whom were foreign nationals;

(5) the experience of United States forces participating in combined United States-United Nations operations in Somalia, and in combined United Nations-NATO operations in the former Yugoslavia, demonstrate that prerequisites for effective military operations such as unity of command and clarity of mission have not been met by United Nations command and control arrangements; and

(6) despite the many deficiencies in the conduct of United Nations peace operations, there

may be occasions when it is in the national security interests of the United States to participate in such operations.

(b) **POLICY.**—It is the sense of Congress that—

(1) the President should consult closely with Congress regarding any United Nations peace operation that could involve United States combat forces, and that such consultations should continue throughout the duration of such activities;

(2) the President should consult with Congress prior to a vote within the United Nations Security Council on any resolution which would authorize, extend, or revise the mandates for such activities;

(3) in view of the complexity of United Nations peace operations and the difficulty of achieving unity of command and expeditious decisionmaking, the United States should participate in such operations only when it is clearly in the national security interest to do so;

(4) United States combat forces should be under the operational control of qualified commanders and should have clear and effective command and control arrangements and rules of engagement (which do not restrict their self-defense in any way) and clear and unambiguous mission statements; and

(5) none of the Armed Forces of the United States should be under the operational control of foreign nationals in United Nations peace enforcement operations except in the most extraordinary circumstances.

(c) **DEFINITIONS.**—For purposes of this section—

(1) the term “United Nations peace enforcement operations” means any international peace enforcement or similar activity that is authorized by the United Nations Security Council under chapter VII of the Charter of the United Nations; and

(2) the term “United Nations peace operations” means any international peacekeeping, peacemaking, peace enforcement, or similar activity that is authorized by the United Nations Security Council under chapter VI or VII of the Charter of the United Nations.

**SEC. 1062. SENSE OF SENATE ON PROTECTION OF UNITED STATES FROM BALLISTIC MISSILE ATTACK.**

(a) **FINDINGS.**—The Senate makes the following findings:

(1) The proliferation of weapons of mass destruction and ballistic missiles presents a threat to the entire World.

(2) This threat was recognized by Secretary of Defense William J. Perry in February 1995 in the Annual Report to the President and the Congress which states that “[b]eyond the five declared nuclear weapons states, at least 20 other nations have acquired or are attempting to acquire weapons of mass destruction—nuclear, biological, or chemical weapons—and the means to deliver them. In fact, in most areas where United States forces could potentially be engaged on a large scale, many of the most likely adversaries already possess chemical and biological weapons. Moreover, some of these same states appear determined to acquire nuclear weapons.”

(3) At a summit in Moscow in May 1995, President Clinton and President Yeltsin commented on this threat in a Joint Statement which recognizes “. . . the threat posed by worldwide proliferation of missiles and missile technology and the necessity of counteracting this threat . . .”

(4) At least 25 countries may be developing weapons of mass destruction and the delivery systems for such weapons.

(5) At least 24 countries have chemical weapons programs in various stages of research and development.

(6) Approximately 10 countries are believed to have biological weapons programs in various stages of development.

(7) At least 10 countries are reportedly interested in the development of nuclear weapons.

(8) Several countries recognize that weapons of mass destruction and missiles increase their ability to deter, coerce, or otherwise threaten the United States. Saddam Hussein recognized this when he stated, on May 8, 1990, that “[o]ur missiles cannot reach Washington. If they could reach Washington, we would strike it if the need arose.”

(9) International regimes like the Non-Proliferation Treaty, the Biological Weapons Convention, and the Missile Technology Control Regime, while effective, cannot by themselves halt the spread of weapons and technology. On January 10, 1995, Director of Central Intelligence, James Woolsey, said with regard to Russia that “. . . we are particularly concerned with the safety of nuclear, chemical, and biological materials as well as highly enriched uranium or plutonium, although I want to stress that this is a global problem. For example, highly enriched uranium was recently stolen from South Africa, and last month Czech authorities recovered three kilograms of 87.8 percent-enriched HEU in the Czech Republic—the largest seizure of near-weapons grade material to date outside the Former Soviet Union.”

(10) The possession of weapons of mass destruction and missiles by developing countries threatens our friends, allies, and forces abroad and will ultimately threaten the United States directly. On August 11, 1994, Deputy Secretary of Defense John Deutch said that “[i]f the North Koreans field the Taepo Dong 2 missile, Guam, Alaska, and parts of Hawaii would potentially be at risk.”

(11) The end of the Cold War has changed the strategic environment facing and between the United States and Russia. That the Clinton Administration believes the environment to have changed was made clear by Secretary of Defense William J. Perry on September 20, 1994, when he stated that “[w]e now have the opportunity to create a new relationship, based not on MAD, not on Mutual Assured Destruction, but rather on another acronym, MAS, or Mutual Assured Safety.”

(12) The United States and Russia have the opportunity to create a relationship based on trust rather than fear.

(b) **SENSE OF SENATE.**—It is the sense of the Senate that all Americans should be protected from accidental, intentional, or limited ballistic missile attack. It is the further sense of the Senate that front-line troops of the United States Armed Forces should be protected from missile attacks.

(c) **FUNDING FOR CORPS SAM AND BOOST-PHASE INTERCEPTOR PROGRAMS.**—

(1) Notwithstanding any other provision in this Act, of the funds authorized to be appropriated by section 201(4), \$35,000,000 shall be available for the Corps SAM/MEADS program.

(2) With a portion of the funds authorized in paragraph (1) for the Corps SAM/MEADS program, the Secretary of Defense shall conduct a study to determine whether a Theater Missile Defense system derived from Patriot technologies could fulfill the Corps SAM/MEADS requirements at a lower estimated life-cycle cost than is estimated for the cost of the United States portion of the Corps SAM/MEADS program.

(3) The Secretary shall provide a report on the study required under paragraph (2) to the congressional defense committees not later than March 1, 1996.

(4) Of the funds authorized to be appropriated by section 201(4), not more than \$3,403,413,000 shall be available for missile defense programs within the Ballistic Missile Defense Organization.

(d) **OBLIGATION OF FUNDS.**—Of the amounts referred to in section (c)(1), \$10,000,000 may not be obligated until the report referred to in subsection (c)(2) is submitted to the congressional defense committees.

**SEC. 1063. IRAN AND IRAQ ARMS NONPROLIFERATION.**

(A) engage in the exportation of potentially sensitive or dual-use technologies; and

(4) Antipersonnel landmines are routinely used against civilian populations and kill and

maim an estimated 70 people each day, or 26,000 people each year.

(5) The Secretary of State has noted that landmines are "slow-motion weapons of mass destruction".

(6) There are hundreds of varieties of anti-personnel landmines, from a simple type available at a cost of only two dollars to the more complex self-destructing type, and all landmines of whatever variety kill and maim civilians, as well as combatants, indiscriminately.

(b) **CONVENTIONAL WEAPONS CONVENTION REVIEW.**—It is the sense of Congress that, at the United Nations conference to review the 1980 Conventional Weapons Convention, including Protocol II on landmines, that is to be held from September 25 to October 13, 1995, the President should actively support proposals to modify Protocol II that would implement as rapidly as possible the United States goal of eventually eliminating antipersonnel landmines.

(c) **MORATORIUM ON USE OF ANTIPERSONNEL LANDMINES.**—

(1) **UNITED STATES MORATORIUM.**—(A) For a period of one year beginning three years after the date of the enactment of this Act, the United States shall not use antipersonnel landmines except along internationally recognized national borders or in demilitarized zones within a perimeter marked area that is monitored by military personnel and protected by adequate means to ensure the exclusion of civilians.

(B) If the President determines, before the end of the period of the United States moratorium under subparagraph (A), that the governments of other nations are implementing moratoria on use of antipersonnel landmines similar to the United States moratorium, the President may extend the period of the United States moratorium for such additional period as the President considers appropriate.

(2) **OTHER NATIONS.**—It is the sense of Congress that the President should actively encourage the governments of other nations to join the United States in solving the global landmine crisis by implementing moratoria on use of antipersonnel landmines similar to the United States moratorium as a step toward the elimination of antipersonnel landmines.

(d) **ANTIPERSONNEL LANDMINE EXPORTS.**—It is the sense of Congress that, consistent with the United States moratorium on exports of antipersonnel landmines and in order to further discourage the global proliferation of antipersonnel landmines, the United States Government should not sell, license for export, or otherwise transfer defense articles and services to any foreign government which, as determined by the President, sells, exports, or otherwise transfers antipersonnel landmines.

(e) **DEFINITIONS.**—

For purposes of this Act:

(1) **ANTIPERSONNEL LANDMINE.**—The term "antipersonnel landmine" means any munition placed under, on, or near the ground or other surface area, delivered by artillery, rocket, mortar, or similar means, or dropped from an aircraft and which is designed, constructed, or adapted to be detonated or exploded by the presence, proximity, or contact of a person.

(2) **1980 CONVENTIONAL WEAPONS CONVENTION.**—The term "1980 Conventional Weapons Convention" means the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed To Be Excessively Injurious or To Have Indiscriminate Effects, together with the protocols relating thereto, done at Geneva on October 10, 1980.

#### **SEC. 1099B. SENSE OF SENATE ON MIDWAY ISLANDS.**

(a) **FINDINGS.**—The Senate makes the following findings:

(1) September 2, 1995, marks the 50th anniversary of the United States victory over Japan in World War II.

(2) The Battle of Midway proved to be the turning point in the war in the Pacific, as United States Navy forces inflicted such severe losses on the Imperial Japanese Navy during the battle that the Imperial Japanese Navy never again took the offensive against United States or allied forces.

(3) During the Battle of Midway, an outnumbered force of the United States Navy, consisting of 29 ships and other units of the Armed Forces under the command of Admiral Nimitz and Admiral Spruance, out-maneuvered and out-fought 350 ships of the Imperial Japanese Navy.

(4) It is in the public interest to erect a memorial to the Battle of Midway that is suitable to express the enduring gratitude of the American people for victory in the battle and to inspire future generations of Americans with the heroism and sacrifice of the members of the Armed Forces who achieved that victory.

(b) **SENSE OF SENATE.**—It is the sense of the Senate that—

(1) the Midway Islands and the surrounding seas deserve to be memorialized;

(2) the historic structures related to the Battle of Midway should be maintained, in accordance with the National Historic Preservation Act, and subject to the availability of appropriations for that purpose.

(3) appropriate access to the Midway Islands by survivors of the Battle of Midway, their families, and other visitors should be provided in a manner that ensures the public health and safety on the Midway Islands and the conservation and natural resources of those islands in accordance with existing Federal law.

(D) the economic effects of closure, realignment, or reutilization of the facilities referred to in paragraph (1) on the communities referred to in that paragraph; and

(E) the unique problems that such communities face with respect to the reuse of such facilities as a result of the operations referred to in paragraph (1).

(b) **REPORT.**—Not later than 90 days after the date of the enactment of this Act, the Secretary shall submit to Congress a report on the study carried out under subsection (a). **SEC. 1099F. SENSE OF THE SENATE ON CHEMICAL WEAPONS CONVENTION AND START II TREATY RATIFICATION.**

(a) **FINDINGS.**—The Senate makes the following findings:

(1) Proliferation of chemical or nuclear weapons materials poses a danger to United States national security, and the threat or use of such materials by terrorists would directly threaten United States citizens at home and abroad.

(2) The Chemical Weapons Convention negotiated and signed by President Bush would make it more difficult for would-be proliferators, including terrorists, to acquire or use chemical

weapons, if ratified and fully implemented as signed, by all signatories.

(3) The START II Treaty negotiated and signed by President Bush would help reduce the danger of potential proliferators, including terrorists, acquiring nuclear warheads and materials, and would contribute to United States-Russian bilateral efforts to secure and dismantle nuclear warheads, if ratified and fully implemented as signed by both parties.

(4) It is in the national security interest of the United States to take effective steps to make it harder for proliferators or would-be terrorists to obtain chemical or nuclear materials for use in weapons.

(5) The President has urged prompt Senate action on, and advice and consent to ratification of, the START II Treaty and the Chemical Weapons Convention.

(6) The Chairman of the Joint Chiefs of Staff has testified to Congress that ratification and full implementation of both treaties by all parties is in the United States national interest, and has strongly urged prompt Senate advice and consent to their ratification.

(b) **SENSE OF THE SENATE.**—It is the sense of the Senate that the United States and all other parties to the START II and Chemical Weapons Convention should promptly ratify and fully implement, as negotiated, both treaties.

“(4)(A) When the committee to which a resolution is referred has reported, or has been deemed to be discharged (under paragraph (3)) from further consideration of, a resolution described in paragraph (1), it is at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) for any Member of the respective House to move to proceed to the consideration of the resolution, and all points of order against the resolution (and against consideration of the resolution) are waived. The motion is highly privileged in the House of Representatives and is privileged in the Senate and is not debatable. The motion is not subject to amendment, or to a motion to postpone, or to a motion to proceed to the consideration of other business. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. “(B) With respect to a resolution described in paragraph (2) of the House receiving the resolution—

“(i) the procedure in that House shall be the same as if no resolution had been received from the other House; but

“(o) RECONSIDERATION OF PROCESS OF SALE.—(1) If during the course of the sale of the reserve the Secretary of Energy and the Director of the Office of Management and Budget jointly determine that—

“(A) the sale is proceeding in a manner inconsistent with achievement of a sale price that reflects the full value of the reserve, or

“(B) a course of action other than the immediate sale of the reserve is in the best interests of the United States, the Secretary shall submit a notification of the determination to the Committee on Armed Services of the Senate and the Committees on National Security and on Commerce of the House of Representatives.

#### DIVISION D—INFORMATION TECHNOLOGY MANAGEMENT REFORM

##### SEC. 4001. SHORT TITLE.

This division may be cited as the "Information Technology Management Reform Act of 1995".

##### SEC. 4002. FINDINGS.

Congress makes the following findings:

(1) Federal information systems are critical to the lives of every American.

(2) The efficiency and effectiveness of the Federal Government is dependent upon the effective use of information.

(3) The Federal Government annually spends billions of dollars operating obsolete information systems.

(4) The use of obsolete information systems severely limits the quality of the services that the Federal Government provides, the efficiency of Federal Government operations, and the capabilities of the Federal Government to account for how taxpayer dollars are spent.

(5) The failure to modernize Federal Government information systems and the operations they support, despite efforts to do so, has resulted in the waste of billions of dollars that cannot be recovered.

(6) Despite improvements achieved through implementation of the Chief Financial Officers Act of 1990, most Federal agencies cannot track the expenditures of Federal dollars and, thus, expose the taxpayers to billions of dollars in waste, fraud, abuse, and mismanagement.

(7) Poor planning and program management and an overburdened acquisition process have resulted in the American taxpayers not getting their money's worth from the expenditure of \$200,000,000,000 on information systems during the decade preceding the enactment of this Act.

(8) The Federal Government's investment control processes focus too late in the system lifecycle, lack sound capital planning, and pay inadequate attention to business process improvement, performance measurement, project milestones, or benchmarks against comparable organizations.

(9) Many Federal agencies lack adequate personnel with the basic skills necessary to effectively and efficiently use information technology and other information resources in support of agency programs and missions.

(10) Federal regulations governing information technology acquisitions are outdated, focus on paperwork and process rather than results, and prevent the Federal Government from taking timely advantage of the rapid advances taking place in the competitive and fast changing global information technology industry.

(11) Buying, leasing, or developing information systems should be a top priority for Federal agency management because the high potential for the systems to substantially improve Federal Government operations, including the delivery of services to the public.

(12) Structural changes in the Federal Government, including elimination of the Brooks Act (section 111 of the Federal Property and Administrative Services Act of 1949), are necessary in order to improve Federal information management and to facilitate Federal Government acquisition of the state-of-the-art information technology that is critical for improving the efficiency and effectiveness of Federal Government operations.

##### SEC. 4003. PURPOSES.

The purposes of this division are as follows:

(1) To create incentives for the Federal Government to strategically use information technology in order to achieve efficient and effective operations of the Federal Government, and to provide cost effective and efficient delivery of Federal Government services to the taxpayers.

(2) To provide for the cost effective and timely acquisition, management, and use of effective information technology solutions.

(3) To transform the process-oriented procurement system of the Federal Government, as it relates to the acquisition of information technology, into a results-oriented procurement system.

(4) To increase the responsibility and authority of officials of the Office of Management and Budget and other Federal Government agencies, and the accountability of such officials to Congress and the public, in the use of information technology and other information resources in support of agency missions.

(5) To ensure that Federal Government agencies are responsible and accountable for achieving service delivery levels and project management performance comparable to the best in the private sector.

(6) To promote the development and operation of multiple-agency and Governmentwide, interoperable, shared information resources to support the performance of Federal Government missions.

(7) To reduce fraud, waste, abuse, and errors resulting from a lack of, or poor implementation of, Federal Government information systems.

(8) To increase the capability of the Federal Government to restructure and improve processes before applying information technology.

(9) To increase the emphasis placed by Federal agency managers on completing effective capital planning and process improvement before applying information technology to the execution of plans and the performance of agency missions.

(10) To coordinate, integrate, and, to the extent practicable, establish uniform Federal information resources management policies and practices in order to improve the productivity, efficiency, and effectiveness of Federal Government programs and the delivery of services to the public.

(11) To strengthen the partnership between the Federal Government and State, local, and tribal governments for achieving Federal Government missions, goals, and objectives.

(12) To provide for the development of a well-trained core of professional Federal Government information resources managers.

(13) To improve the ability of agencies to share expertise and best practices and coordinate the development of common application systems and infrastructure.

(C) Conduct of as many successive program definition phases with the alternative sources (in the order ranked) as is necessary in order to

award a contract in accordance with subparagraph (B).

(10) SYSTEM IMPLEMENTATION PHASING.—System implementation to be executed in phases that are tailored to the solution, with various contract arrangements being used, as appropriate, for various phases and activities.

**ADDITIONAL STATEMENTS**

**LEE ROY SELMON**

• Mr. MACK. Mr. President, my good friend and colleague, the senior Senator from Florida, BOB GRAHAM, joins me today on this occasion to honor one of the greatest football players of all time, Lee Roy Selmon.

Lee Roy Selmon was born on October 20, 1954 in Eufaula, OK to Lucious and Jessie Selmon. He played football at Eufaula High School before earning a scholarship to the University of Oklahoma in 1972. He led the Sooners to the national championship while earning a number of post-season individual awards. He was selected to the All Big Eight Conference team his junior and senior years. He was also selected a Consensus All-American and won both the Outland and Lombardi trophies for best collegiate lineman.

In 1976, he became the first draft pick in the history of the Tampa Bay Buccaneers' organization. The Bucs selected Lee Roy not only for his outstanding football ability, but also for his extraordinary leadership and work ethic.

Lee Roy played each game with tremendous tenacity, both physically and mentally. Despite the fact that he was consistently being double and triple

teamed throughout his illustrious 10-year career, he still registered an amazing 78½ sacks. His inspirational play was instrumental in guiding the Tampa Bay Buccaneers to their only NFC Championship game appearance in 1979. He went on to play in six consecutive Pro Bowls, earn three All-Pro selections and win the NFL Players Association's NFC Defensive Lineman of the Year Award.

Lee Roy's rare combination of strength, speed and agility transformed the way in which future players would play his position.

On July 29th of this year, Lee Roy was inducted into the Pro Football Hall of Fame. In doing so, he became the first Buccaneer to accomplish this feat. Lee Roy on his induction stated, “It's more than a dream come true because I never dreamt it. I'm very humbled by it and very thankful for it. I guess sometimes when you don't dream things yourself, then other people have bigger dreams for you.”

Lee Roy's accomplishments are not limited to his play on the gridiron. Since his retirement in 1984, he has remained active in local community efforts.

Lee Roy has always approached his off the field endeavors with the same tenacity that characterized his play on the field. He was chosen one of America's Ten Outstanding Young Men by the United States Jaycees and selected Kiwanis Citizen of the Year for Florida's west coast.

Currently, Lee Roy serves as an associate athletic director at the University of South Florida, where he has been the driving force behind USF's efforts to field an intercollegiate football team.

Mr. President, it is an honor for us, as United States Senators from the great State of Florida, to recognize a man that is revered by many, respected by many more, and well-liked by all. Lee Roy Selmon; a hero in every sense of the word.●
