

I urge my colleagues to move quickly to pass the Interjurisdictional Fisheries Amendment Act of 1995.

By Mr. HATFIELD:

S. 1499. A bill to amend the Interjurisdictional Fisheries Act of 1986 to provide for direct and indirect assistance for certain persons engaged in commercial fisheries, and for other purposes; to the Committee on Commerce, Science, and Transportation.

THE FISHING FAMILIES RELIEF ACT OF 1995

Mr. HATFIELD. Mr. President, the Pacific Northwest has been presented with a number of significant challenges in the last decade. Most recently, heavy rains and winds in excess of 100 miles per hour ravaged the Oregon coast and the Willamette Valley. Additionally, the timber and fishing industries, which once constituted a substantial portion of Oregon's economy, have been severely restricted in recent years. Many individuals involved in those industries have been forced to find alternative sources of employment.

In 1994, the National Oceanic and Atmospheric Administration [NOAA] and the Pacific Northwest States initiated three programs to mitigate the financial hardship caused by the total closure of the coastal salmon fishing season. These programs were designed to assist the fishers impacted by the closing and include: a permit buyback program—Washington State only; a habitat restoration jobs program; and a data collection and at sea research jobs program. Both jobs programs employed over 100 dislocated fishers while contributing to the improvement of fishery habitat. NOAA has approved the request of the Governors of Oregon and Washington for an additional \$13 million to continue these programs for a second year.

The changes in the Interjurisdictional Fisheries Act made by the legislation I am introducing today would allow these three programs to continue working for dislocated fishers who are severely limited in their ability to earn a living through commercial fishing. The current language restricts the number of dislocated fishers who have been eligible to participate in these programs. Additionally, fishers may lose the eligibility to participate in the programs due to the uninsured loss determination and the cap on assistance.

Mr. President, this legislation does not seek additional Federal funds for these important assistance programs. However, it does attempt to find ways to spend Federal dollars in a more effective and flexible manner, with broader participation from those the funds are intended to serve. This legislation will also be beneficial for the fishing industries in the Northeast and the Gulf Coast areas. I urge my colleagues to give their full consideration to this attempt to restore economic stability to the fisherman of Oregon and the Pacific Northwest.

ADDITIONAL STATEMENTS

PENSION INCOME TAXATION LIMITATION

● Mr. D'AMATO. Mr. President, I am pleased to support this bill and would like to submit this statement for the RECORD and to clarify that the language contained in the proposed legislation adds to the types of retirement income eligible for exemption. This language clearly intends to exempt from tax nonqualified deferred compensation that constitutes legitimate retirement income. Because it affects retirement income, only income from qualified retirement plans and non-qualified retirement plans that are paid out over at least 10 years, or from a mirror-type nonqualified plan after termination of employment, is exempt from State taxation.

The language does not prohibit States from imposing an income tax on non-residents' regular wages or compensation. Cash bonuses or other compensation arrangements that defer the receipt of salary, bonuses, and other types of wage-related compensation that are not paid out over at least 10 years or from a mirror-type non-qualified retirement plan are not exempt from State taxation. One example would be if a salary is earned in a State by an individual, whether a resident or nonresident, but is voluntarily deferred for a few years until the individual exits the state, and then is paid over in a lump sum, even while the individual is still employed by the company, that kind of payment should not qualify for exemption from nonresident taxation of pensions. It is the intent of this bill to permit the States to continue to tax this income, while protecting from taxation those deferred payments that are for retirement income, paid from plans designed for that purpose.●

HENRY KNOTT, SR.

● Mr. SARBANES. Mr. President, I am proud to join with the Baltimore community and the friends of education throughout Maryland in honoring the memory of Henry Knott, Sr., an exemplary family man and a great philanthropist. Mr. Knott was an extraordinary citizen whose public generosity
