

benefits, heightened community awareness on the evils of pornography, and called attention to the location of a toxic waste facility in Newark Bay.

The CCB continuously reaffirms its belief that a strong and vibrant community exists only where its citizens get involved and stay involved. They accomplish this by initiating community efforts to support projects such as building an indoor ice skating rink, keeping parks clean, and supporting programs like Toys for Tots and Pennies for Miss Liberty. They have participated in and led fundraising drives to assist the Bayonne Hospital, the high school football team, Italian earthquake victims, and the starving millions in Ethiopia.

Mr. Frank Perrucci, while carving out his own career as a leader with the Laborers' International Union of North America, always found time for others. He served as an aide to Congressmen Dominick Daniels and Joseph LeFante and is a former director of community development in Bayonne. Over the years, as captain of the Catholic War Veterans color guard, he has travelled extensively throughout New Jersey, participating in veterans events and parades.

Frank, himself a member of the merchant marine and a soldier during WWII, made sure that his organization always remembered to support American military troops during peacetime and war.

During Desert Storm, CCB members regularly corresponded with military personnel overseas, as well as conducted drives to send "goodies" and necessities to those supporting democracy so far from home.

Aside from being the proud husband of Jean, the father of four wonderful children and seven grandchildren, Frank Perrucci is quoted as saying that the proudest part of his life is serving others through the committed, loyal, and hard-working members of the Concerned Citizens of Bayonne.

Therefore, Mr. President, I take special pleasure in standing before you today to thank and congratulate Mr. Frank Perrucci and the members of the Concerned Citizens of Bayonne. They are a special group of people who know what it takes to make a strong community. They have unselfishly committed themselves time after time to keeping Bayonne one of the safest, cleanest, and proudest cities in the United States.●

BISHOP KENNETH POVISH

● Mr. ABRAHAM. Mr. President, I rise today to honor an exemplary individual, Bishop Kenneth Povish. This year Bishop Povish will celebrate his 45th year as a priest, his 25th year as a Bishop and his 20th year as bishop of the diocese of Lansing, MI.

I was lucky enough to grow up in Lansing and attend college in that community. Thus I came to know Bishop Povish as a man who has dedi-

cated his life to serving his community's spiritual needs.

Bishop Povish was born in Alpena, MI. There he attended parochial grammar schools and public high school. After graduating from Detroit Sacred Heart Seminary in 1946, he went on to earn his master's degree in education from the Catholic University of America in 1950. In that same year Bishop Povish was ordained a priest in Saginaw, MI, and began his pastoral duties in Rogers City. In 1952 he became assistant at Saint Hyacinth Catholic Church in Bay City, MI.

Among his many accomplishments, Bishop Povish helped found Saint Paul's Seminary in Saginaw, MI. There he taught Latin, history, and religion and, from 1960 to 1966, served as dean of the college. He then went on to train over 400 lay catechists as diocesan director of the Confraternity of Christian Doctrine. In 1970 Pope Paul VI named him bishop and assigned him to Crookston, MN, until 1975.

Luckily for Lansing, Bishop Povish then was named to current position as bishop of that city. Since then he has enriched the spiritual life of his community in many ways. He established the Bishop's Council on Alcoholism and has written extensively on that subject. He has reached out to the less fortunate and shown his deep faith by teaching others the ways of Jesus Christ.

Mr. President, it is an honor to stand before my colleagues on behalf of the citizens of Michigan to congratulate Bishop Povish on his 45 years of selfless dedication to the Catholic Church and to the Lansing community. May God bless Bishop Povish and allow him to continue his service to those in need of faith, hope, and charity, especially in my hometown of Lansing, MI.●

HONORING ENGINEERS DURING NATIONAL ENGINEERS WEEK

● Mr. D'AMATO. Mr. President, I rise today to honor our Nation's engineers during National Engineers Week. Although we might not realize their presence, engineers have worked tirelessly to improve our world through science and technology.

Without engineers, there would be no transportation. Engineers design cars, trains, and buses, as well as devices that improve them. If not for engineers, we would have no structurally sound buildings, bridges, or highways. And their achievements do not end there.

Engineers create the technology that help doctors diagnose illnesses. Working with the medical profession, they have developed sensitive equipment used in medical research. Options are now available for so many people that would not otherwise be able to lead normal and productive lives.

Transportation, infrastructure, and medicine are just some of the areas influenced by the mastery of the engineer. Engineers' effect on the commu-

nications industry has catapulted us into a new age of technology. Magnetic tape recording, developed by an engineer, is used in audio cassettes, videotape, computer floppy disks, and credit card magnetic strips. We use these items everyday and never even think twice about it, thanks to engineers.

And who is responsible for the progress in the entertainment industry? We are seeing more of the morphing technique in movies and commercials. Animation has become so advanced because of these technological geniuses. This profession has brought us some of the most complex special effects that keep us spellbound during a movie.

For their efforts to improve the world we live in, the engineering profession should be applauded. For their work to improve our future, they should be admired.

That is why, during this National Engineers Week, I am taking the opportunity to thank engineers, in all fields, for their accomplishments.●

IN HONOR OF CHARLIE RODGERS

● Mr. MCCONNELL. Mr. President, it is with great sadness that I rise today to honor an outstanding Kentuckian who recently passed away. Charlie Rodgers of Hopkins County, KY was an outstanding citizen as well as a leader in his profession and community.

Mr. Rodgers gave wholeheartedly to his community. Mr. Rodgers was the retired owner of Hales Furniture Store. During his lifetime he served as president of the Downtown Retail Merchants Association, president of the Rotary Club, chairman of the Salvation Army, and charter member of the Salvation Army Board of Directors. Mr. Rodgers was also the recipient of the Salvation Army's Other Award. He was a member of the Providence Rural Methodist Church and dedicated many hours to religious service.

Mr. Rodgers was actively involved in both local and State level politics. He served as a leader in the development of the Republican Party in his county. Mr. Rodgers served on the State Board of Elections for two 4-year terms, and was as member of the State Republican Party for 20 years. Although he had always shown an interest in politics, he never sought election to public office until 1993 when he ran for the third district magistrate seat. He won this election upsetting a long time democratic stronghold.

While we all admire Mr. Rodgers' success in serving his community, church, and the Republican Party to the best of his ability, I believe that Charlie Rodgers was even more prosperous as an individual. All who encountered him knew that they were dealing with a true Kentucky gentleman. He was looked upon as a very honest, kind, and compassionate man.

Charlie Rodgers, and his wife Peggy, are both long-time friends of mine. Mr.

President, I can say with great certainty that his commitment to integrity and honesty was unwavering and shone through in everything that he was involved in.

Mr. President, I ask my colleagues to join me in honoring Charlie Rodgers. Hopkins County will certainly miss his presence and sense of devotion. I am confident that Mr. Rodgers strength of character and breadth of accomplishment will remain a standard of excellence for generations to come.●
