BOXER AMENDMENT NO. 1134

Mrs. BOXER proposed an amendment to the concurrent resolution Senate Concurrent Resolution 13, supra; as follows:

On page 89, strike lines 1 through 17 and insert the following:

SEC. 306. PROHIBITION OF LEGISLATION THAT WOULD INCLUDE A TAX CUT UNLESS 90 PERCENT OF THE BENEFITS GO TO THE MIDDLE CLASS.

(a) FINDINGS.—The Congress finds that—
(1) the incomes of middle-class families have stagnated since the early 1980's, with family incomes growing more slowly between 1979 and 1989 than in any other business cycle since World War II; and

(2) according to the Department of the Treasury, in 1996, approximately 90 percent of American families will have incomes less than \$100,000.

(b) POINT OF ORDER.—It shall not be in order in the Senate to consider any bill, resolution, amendment, motion, or conference report that contains a reduction in revenues unless at least 90 percent of the benefits of that reduction goes to working families with annual incomes less than \$100,000.

(c) APPEALS.—Appeals in the Senate from decisions of the Chair relating to this section shall be limited to 1 hour, to be equally divided between and controlled by, the appellant and the manager of the bill or resolution, as the case may be. An affirmative vote of three-fifths of the Members of the Senate, duly chosen and sworn, shall be required in the Senate to sustain an appeal of the ruling of the Chair on a point of order raised under this section.

(d) CONGRESSIONAL BUDGET OFFICE REPORTS.—Whenever the Director of the Congressional Budget Office shall prepare a report pursuant to section 308 of the Congressional Budget Act of 1974 in connection with a bill, resolution, or conference report that contains a reduction in revenues, the Director shall so state in that report, and, to the extent practicable, shall include an estimate of the amount of the reduction in revenues and the percent of the benefits of that reduction in revenue that will go to working families with annual incomes less than \$100,000.

(e) ESTIMATES.—Solely for the purposes of enforcement of this section on the Senate floor, the percentage of benefits of a reduction in revenues going to working families with annual incomes less than \$100,000 shall be determined on the basis of estimates made by the Congressional Budget Office.

(f) SUNSET.—This section shall expire at the close of the 104th Congress.

KERRY (AND OTHERS)
AMENDMENT NO. 1135

(Ordered to lie on the table.)
Mr. KERRY (for himself, Mr. SIMON, and Mr. FEINGOLD) submitted an amendment intended to be proposed by them to the concurrent resolution Senate Concurrent Resolution 13, supra; as follows:

On page 64, strike lines 17 through 19 and insert the following: "\$2,000,000 in fiscal year 1996, \$37,000,000 for the period of fiscal years 1996 through 2000, and \$72,000,000 for the period of fiscal years 1996"

On page 66, line 6, decrease the amount by \$70,000,000.

On page 66, line 13, decrease the amount by \$70,000,000.

On page 66, line 14, decrease the amount by \$28,000,000.

On page 66, line 20, decrease the amount by \$70,000,000.

On page 66, line 21, decrease the amount by \$215,000,000.

On page 67, line 2, decrease the amount by \$70,000,000.

On page 67, line 3, decrease the amount by \$4,000,000.

On page 67, line 9, decrease the amount by \$70,000,000.

Mr. KERRY. Mr. President, the Kerry amendment reduces the reconciliation

instructions to the Rules Committee by the amount attributable to repeal of the existing system of public financing and spending limits for Presidential campaigns, which the Rules Committee would be able to meet only by repealing that system. In order to offset the budget effect of reducing the instructions to the Rules Committee to save the amount of funding attributable to the Presidential public financing system, the amendment will leave a requirement for the same amount of savings in Function 800—general government—without specifying how the savings are to be achieved, but will lower the nondefense discretionary caps beginning in 1999 by the equivalent amount. This will have the effect of giving the responsibility to the Appropriations Committee beginning in that year to allocate the aggregate amount of approximately \$250 million over the period covered by the budget resolution to administrative and overhead savings in various Federal agencies, leaving the judgment to the Appropriations Committee as to which agencies, for what Function 800 purposes, and in what amounts to allocate the spending reductions.

This leaves the deficit reduction effects of the budget resolution unchanged. It means that this amendment is not subject to a point of order.

**WELLSTONE (AND FEINGOLD)
AMENDMENT NO. 1136**

(Ordered to lie on the table.)

Mr. WELLSTONE (for himself and Mr. FEINGOLD) submitted an amendment intended to be proposed by them to the concurrent resolution Senate Concurrent Resolution 13, supra; as follows:

On page 63, line 7, strike the period and insert the following: “. The Senate Committee on Finance shall report changes in laws within its jurisdiction to increase revenues \$10,000,000,000 in fiscal year 1996, \$50,000,000,000 for the period of fiscal years 1996 through 2000, and \$70,000,000,000 for the period of fiscal years 1996 through 2002.”.

At the end of title III, insert the following:
SEC. . SENSE OF THE SENATE REGARDING TAX EXPENDITURES.

It is the sense of the Senate that the Committee on Finance, in meeting its reconciliation instructions for revenue, will limit or eliminate excessive and unnecessary tax expenditures, including those tax expenditures which provide special tax treatment to a single taxpayer or to a group of taxpayers.

LEVIN (AND SIMON) AMENDMENT NO. 1142

At the appropriate place, insert the following new section:

SEC. . DEFENSE OVERHEAD.

(a) FINDINGS.—The Senate finds that—

(2) the Committee Report (104-82) on this concurrent budget resolution states that "this assumption would not reduce funding for the programmatic activities of agencies."

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the Committees on Armed Services and Appropriations should make a reduction of at least three percent in overhead for Fiscal Year 1996 programs of defense agencies, and should do so in a manner so as not to reduce funding for the programmatic activities of these agencies.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the essential air service program of the Department of Transportation under subchapter II of chapter 417 of title 49, United States Code, should receive a sufficient level of funding to continue to provide air service to small rural communities that qualify for assistance under the program.

SEC. 305. SENSE OF THE CONGRESS ON A UNIFORM ACCOUNTING SYSTEM IN THE FEDERAL GOVERNMENT AND NON-PARTISAN COMMISSION ON ACCOUNTING AND BUDGETING.

(A) FINDINGS.—The Congress finds the following:

(1) Much effort has been devoted to strengthening Federal internal accounting controls in the past. Although progress has been made in recent years, there still exists no uniform Federal accounting system for Federal Government entities and institutions.

(2) As a result, Federal financial management continues to be seriously deficient, and Federal financial management and fiscal practices have failed to identify costs, failed to reflect the total liabilities of congressional actions, and failed to accurately report the financial condition of the Federal Government.

(3) Current Federal accounting practices do not adequately report financial problems of the Federal Government or the full cost of programs and activities. The continued use of these practices undermines the Government's ability to provide credible and reliable financial data, contributes to waste and inefficiency, and will not assist in achieving a balanced budget.

(4) Waste and inefficiency in Federal Government undermine the confidence of the American people in the Government and reduces the Federal Government's ability to address adequately vital public needs.

(5) To rebuild the accountability and credibility of the Federal Government and restore public confidence in the Federal Government, a uniform Federal accounting system, that fully meets the accounting standards and reporting objectives for the Federal Government, must be immediately established so that all assets and liabilities, revenues and expenditures or expenses, and the full cost of programs and activities of the Federal Government can be consistently and accurately recorded, monitored, and uniformly

reported throughout all government entities for budgeting and control and management evaluation purposes.

(b) SENSE OF THE SENATE.—It is the sense of the Congress that the assumptions underlying the functional totals in this resolution include the following assumptions:

(1) UNIFORM FEDERAL ACCOUNTING SYSTEM.—(A) A uniform Federal accounting system should be established to consistently compile financial data across the Federal Government, and to make full disclosure of Federal financial data, including the full cost of Federal programs and activities, to the citizens, the Congress, the President, and agency management.

(B) Beginning with fiscal year 1997, the President should require the heads of agencies to—

- (i) implement and maintain a uniform Federal accounting system; and
- (ii) provide financial statements;

in accordance with generally accepted accounting principles applied on a consistent basis and established in accordance with proposed Federal accounting standards and interpretations recommended by the Federal Accounting Standards Advisory Board and other applicable law.

(2) NONPARTISAN ADVISORY COMMISSION ON ACCOUNTING AND BUDGETING.—(A) A temporary advisory commission should be established to make objective and nonpartisan recommendations for the appropriate treatment of capital expenditures under a uniform Federal accounting system that is consistent with generally accepted accounting principles.

(B) The Commission should be appointed on a nonpartisan basis, and should be composed of public and private experts in the fields of finance, economics, accounting, and other related professions.

(C) The Commission should report to the President and the Congress by August 1, 1995, on its recommendations, and should include in its report a detailed plan for implementing such recommendations.

- (a) FINDINGS.—Congress finds as follows:
 - (1) Whereas over 26,000,000 veterans are eligible for veterans health care;
 - (2) Whereas the Veterans Health Administration of the Department of Veterans Affairs operates the largest Federal medical care delivery system in the United States, providing for the medical care needs of our Nation's veterans;
 - (3) Whereas the veterans' service organizations have provided a plan, known as the Independent Budget for Veterans Affairs, to reform the veterans' health care delivery system to adapt it to the modern health care environment and improve its ability to meet the health the health care needs of veterans in a cost-effective manner;
 - (4) Whereas current budget proposals assume a change in the definition of service-connected veterans;
 - (5) Whereas proposals contained within the Independent Budget may provide improved service to veterans;
 - (6) Whereas budget proposals may not have fully considered the measures proposed by

the veterans' service organizations in the Independent Budget.

(b) SENSE OF CONGRESS.—It is the Sense of Congress: the reforms and proposals contained within the Independent Budget for Veterans Affairs, Fiscal Year 1996 should be given careful consideration in an effort to ensure the nation's commitment to its veterans.

(2) RECONCILIATION.—Any change in the statutory limit on the public debt that is recommended pursuant to a directive of the type described in paragraph (3) of section 310(a) shall be included in the reconciliation legislation reported pursuant to section 310 (b) for that fiscal year.

(b) POINT OF ORDER.—

(1) IN GENERAL.—

(A) Notwithstanding any other rule of the Senate, except as provided in subparagraph (B), it shall not be in order in the Senate to consider any bill or joint resolution (or any amendment thereto or conference report thereon) that increases the statutory limit on the public debt during a fiscal year above the level set forth as appropriate for such fiscal year in the concurrent resolution on the budget for such fiscal year agreed to under section 301 of the Congressional Budget Act of 1974.

(B) Subparagraph (A) shall not apply to any reconciliation resolution reported pursuant to section 310(b) of the Congressional Budget Act of 1974 during any fiscal year (or any conference report thereon) that contains a provision that—

(i) increases the statutory limit on the public debt pursuant to a directive of the type described in section 310(a)(3) of such Act; and

(ii) becomes effective on or after the first day of the following fiscal year.

(2) PROHIBITION ON STRIKING PROPER DEBT LIMIT CHANGES.—Notwithstanding any other rule of the Senate, it shall not be in order in the Senate to consider any amendment to a reconciliation bill or resolution that would strike a provision reported pursuant to a directive of the type described in section 310(a)(3) of the Congressional Budget Act of 1974.

(c) EXERCISE OF RULEMAKING POWERS.—The Senate adopts the provisions of this title—

(1) as an exercise of the rulemaking power of the Senate, and as such they shall be considered as part of the rules of the Senate, and such rules shall supersede other rules only to the extent that they are inconsistent therewith; and

(2) with full recognition of the constitutional right of the Senate to change those rules (so far as they relate to the Senate) at any time, in the same manner, and to the same extent as in the case of any other rule of the Senate.

At the end of the concurrent resolution, add the following:

SEC. . SENSE OF THE SENATE ON THE IMPORTANCE OF RESEARCH, TECHNOLOGY, AND TRADE PROMOTION AND TRADE LAW ENFORCEMENT PROGRAMS.

(a) FINDINGS.—The Senate finds that—

(1) the public welfare, economy, and national security of the United States have benefited enormously from the investments the Federal Government has made over the past fifty years in research, technology, and trade promotion and trade law enforcement;

(2) these investments are even more important at the dawn of the twenty-first century

in order to ensure that future generations of Americans can remain at the forefront of exploring the endless scientific and technological frontier in the face of ever greater challenges from abroad and thereby maintain and improve their health, standard of living, and national security; and

(3) enforcement of United States trade laws and promotion of United States exports, especially programs in support of small and medium sized businesses, serve an invaluable function in creating jobs, promoting national economic growth, and allowing American workers and businesses to have the resources to compete in an ever more competitive global economy.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that, in the assumptions for the overall accounts, it is assumed that—

(1) in allocating discretionary spending in fiscal years 1996 through 2002 within the discretionary spending limits established in section 201, the Committee on Appropriations will make it a high priority to maintain the overall fiscal year 1995 investment level (without adjustment for inflation) in research, technology and trade promotion, and trade law enforcement programs; and

(2) the conferees on the concurrent budget resolution will not agree to any revenue reductions below current law unless the discretionary spending limit established in the conference report will permit the Committee on Appropriations to achieve the goal established in paragraph (1).

MURRAY AMENDMENT NO. 1163

Mr. EXON (for Mrs. MURRAY) proposed an amendment to the concurrent resolution, Senate Concurrent Resolution 13, supra; as follows:

On page 79, between lines 3 and 4, insert the following:

SEC. . PROHIBITION OF LEGISLATION THAT WOULD DEPRIVE CHILDREN OF THEIR HEALTH INSURANCE UNDER MEDICAID.

(b) WAIVER.—This section may be waived or suspended in the Senate by a majority vote of the Members voting, a quorum being present, or by the unanimous consent of the Senate.

(c) APPEALS.—Appeals in the Senate from the decisions of the Chair relating to this section shall be limited to 1 hour, to be equally divided between and controlled by, the appellant and the manager of the bill or resolution, as the case may be. An affirmative vote of a majority of the Members of the Senate, duly chosen and sworn, shall be required in the Senate to sustain an appeal of the ruling of the Chair on a point of order raised under this provision.

(d) CONGRESSIONAL BUDGET OFFICE REPORTS.—Whenever the Director of the Congressional Budget Office prepares a report pursuant to section 308 of the Congressional Budget Act of 1974 in connection with a bill, resolution, or conference report that the Director believes would cause children eligible to receive benefits under Medicaid (whether currently or in the future) to lose any of those benefits, the Director shall so state in that report and, to the extent practicable, shall include an estimate of the number of children eligible to receive benefits under Medicaid (whether currently or in the future) who would lose any of those benefits as a result of that legislation.

(e) ESTIMATES.—Solely for the purposes of enforcement of this section in the Senate,

the number of children eligible to receive benefits under Medicaid shall be determined on the basis of estimates made by the Committee on the Budget of the Senate.

MURRAY (AND OTHERS) AMENDMENT NO. 1164

Mr. EXON (for Mrs. MURRAY for herself, Mr. DASCHLE, Mr. PRESSLER, Mr. AKAKA, Mrs. HUTCHISON, Mr. LEVIN, Mr. BINGAMAN, Mr. PELL, Mr. DORGAN, Mr. BAUCUS, Mr. KERREY, Mr. EXON, Mrs. KASSEBAUM, and Mr. KEMPTHORNE) proposed an amendment to the concurrent resolution, Senate Concurrent Resolution 13, supra; as follows:

At the end of title III, insert the following:

SEC. . SENSE OF THE SENATE.

(A) FINDINGS.—The Senate finds as follows:

(1) In order to fulfill its responsibility to communities that were adversely affected by Federal activities, the Congress established the Impact Aid program in 1950.

(2) The Impact Aid program is intended to ease the burden on local school districts for educating children who live on Federal property. Since Federal property is exempt from local property taxes, such districts are denied the primary source of revenue used to finance elementary and secondary education. Most Impact Aid payments are made for students whose parents are in the uniformed services, or for students who reside on Indian lands or in federally subsidized low-rent housing projects. Over 1,600 local educational agencies enrolling over 17,000,000 children are provided assistance under the Impact Aid program.

(3) The Impact Aid program is one of the few Federal education programs where funds are sent directly to the school district. Such funds go directly into the general fund and may be used as the local educational agency decides.

(4) The Impact Aid program covers less than half of what it costs to educate each federally connected student in some school districts, requiring local school districts or States to provide the remainder.

(5) Added to the burden described in paragraph (4) is the fact that some States do not rely upon an income tax for State funding of education. In these cases, the loss of property tax revenue makes State and local education funding even more difficult to obtain.

(6) Given the serious budget constraints facing State and local governments it is critical that the Federal Government continue to fulfill its responsibility to the federally impacted school districts in our Nation's States.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that in the assumptions for the overall accounts it is assumed that—the Federal Government has a financial responsibility to schools in our Nation's communities which are adversely affected by Federal activities and that funding for such responsibilities should not be reduced or eliminated.

PELL AMENDMENT NO. 1165

Mr. EXON (for Mr. PELL) proposed an amendment to the concurrent resolution, Senate Concurrent Resolution 13, supra; as follows:

At the end of title III, insert the following:

SEC. . STUDENT LOAN CUTS.

(a) FINDINGS.—The Senate finds that—

(1) in the 20th century, educational increases in the workforce accounted for 30 percent of the growth in our Nation's wealth, and advances in knowledge accounted for 55 percent of such growth;

(2) the Federal Government provides 75 percent of all college financial aid;

(3) the Federal student loan program was created to make college accessible and affordable for the middle class;

(4) increased fees and interest costs discourage college participation by making higher education more expensive, and more of a risk, for students and their families;

(5) full-time students already work an average of 25 hours per week, taking time away from their studies; and

(6) student indebtedness is already increasing rapidly, and any reduction of the in-school interest subsidy will increase the indebtedness burden on students and families.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the assumptions underlying the functional totals in this resolution assume the Labor and Human Resources Committee, in seeking to achieve mandatory savings, should not increase the cost of borrowing for students participating in the Robert T. Stafford Federal Student Loan Program.
