

rights violations in Kashmir. Specifically, the resolution calls for prosecution of those responsible for human rights violations, since far too often those implicated in abuses have gone unpunished, and it requests the Indian Government to permit international human rights and humanitarian groups access to Kashmir. This is long overdue.

In addition, the resolution recognizes the Pakistani Government's efforts to reduce its support for Kashmiri militants, and calls on the Pakistani Government to take further steps including using its influence with private Pakistani sources to stop the acts of intimidation and violence by Kashmiri militants. A recent report by the Arms Project of Human Rights Watch described the flow of military assistance from Pakistan that has contributed to the violence and bloodshed in Kashmir.

The resolution does not express a position on what the future status of Kashmir should be. Rather, we urge the Indian and Pakistani Governments to enter into negotiations with legitimate representatives of Jammu and Kashmir in order to resolve the conflict in a peaceful manner. It is widely recognized that there is no military solution to the Kashmir conflict. It is long past time that the various parties with an interest in the future of Kashmir engaged in a serious dialogue to end the violence.

Mr. President, this is a balanced resolution that seeks to encourage and support a search for peace in Kashmir, and I want to thank the Senator from South Carolina, the chairman of the Foreign Relations Committee, for the constructive role he played in the drafting of the resolution. Our goal is to diffuse tensions in a dangerous region and to help resolve a bloody conflict that has caused enormous suffering over many years. The resolution should pass unanimously.
