

and Technology, the Office of the Civil Engineer of the U.S. Air Force and the National Academy of Engineering are also supporting this year's celebration.

Mr. Speaker, the President in his message on National Engineering Week "thank[ed] our engineers for their remarkable achievements." I join him in those sentiments and am pleased to honor with him the 1.8 million Americans who proudly call themselves engineers.

SALUTE TO THE 27 ALL-STATE
MUSICIANS FROM LYONS TOWNSHIP
HIGH SCHOOL

HON. WILLIAM O. LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 27, 1996

Mr. LIPINSKI. Mr. Speaker, I rise today to pay tribute to 27 outstanding students at Lyons Township High School in my district who were recently named All-State Musicians.

These talented young people were selected by Illinois music educators during auditions to perform with either the jazz band, jazz choir, band, or chorus, during the all-State conference, held February 1-3, 1996. While many schools will send three or four musicians to this conference, Lyons Township High School will be represented by many times that number.

The musicians include: Lettie Bowers, T.J. Ow, Karen Riccio, Christina Castelli, Jennifer Hsieh, Stephanie Majewski, Christopher May, John Alletto, Molly Comiskey, Kathleen Eich, Ann Fitzgerald, Jim King, Matt Kiverts, Betsy Klaric, Leah Kwilosz, Matt Lauterbach, Dan McKeever, Eric Meyer, Eric Nysten, Tommy Parker, Mike Penney, Amy Ruzic, Justin Sisul, Andrew Stott, Brian Webb, Shane Weber, and Beth Wilkinson.

Mr. Speaker, I congratulate these fine young musicians and their teachers on this fine honor.

IN HONOR OF WILLIE GARY,
FLORIDA PHILANTHROPIST

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 27, 1996

Mr. HASTINGS of Florida. Mr. Speaker, I would like to join the American Jewish Committee in honoring Willie Gary of Stuart, FL.

Willie Gary is an outstanding American whose story must be told. His parents were sharecroppers and migrant farm workers who raised 11 children. When Willie was 13 his father Turner settled his family in Indiantown, FL, where he started a produce business from the back of a truck he had bought with the help of his son, Willie, who had earned the money mowing lawns.

Willie, a high school football star who was determined to go to college, secured an athletic scholarship to Shaw University in Raleigh, NC. While at Shaw he married Gloria Royal. By the time he graduated in 1971 Willie had one son and an successful lawn care business.

But Willie wanted more. In 1974 he graduated from North Carolina Central University

with a law degree and a second son. After his graduation from law school the Gary family returned to Florida. Willie was admitted to the Florida bar and their third and fourth sons were born.

In 1975 Willie opened the first black law firm in Martin County. In 1976 he opened a second office in Ft. Pierce. Today, the law firm of Gary, Williams, Parenti, Finney, Lewis & McManus is a large, sophisticated law firm with a national reputation.

Willie Gary and his wife Gloria have given new meaning to the word philanthropy. God blessed Willie Gary with a magnificent legal talent which Willie has used to amass a measure of wealth. But what is really important about Willie Gary is that he has been abundantly generous with both his time and his money to his family, church, community, educational institutions, his alma mater, civic organizations, professional groups, friends, and individuals too numerous to mention.

Willie Gary deserves the American Jewish Committee's Learned Hand Award because he is a mensch. He is a brilliant man who has dedicated his life to his family and ensuring that all members of his community have outstanding legal representation.

Judge Edward Rodgers and I were given the privilege of being honorary cochairs of the event honoring Willie. We are both so very pleased to be associated with the American Jewish Committee in honoring this great American.

IN RECOGNITION OF PORTLAND
STATE UNIVERSITY'S 50TH ANNI-
VERSARY

HON. ELIZABETH FURSE

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 27, 1996

Ms. FURSE. Mr. Speaker, I rise today to pay tribute to Portland State University in recognition of its 50th anniversary. This remarkable urban institution, located in my district, has made important contributions, not only in the Portland metropolitan region, but also on State and national levels.

Portland State University is Oregon's only urban university and its mission is unique among all the other higher education institutions in the State. As an urban university, Portland State seeks to enhance the intellectual, social, cultural, and economic qualities of urban life. It also works to promote the development of community-based networks and collaborations to address community priorities through academic and research programs. PSU is a national model for service learning as its faculty are integrally involved in community issues and concerns and work to include such issues in both research and teaching.

Portland State is important to my constituents. Many residents of Washington and Multnomah Counties choose to attend PSU because of its strong academic reputation. These students select Portland State because they can live at home, they can work, raise a family, and go to school at the same time. For many reasons, Portland State is making a difference in the lives of its students.

Since its inception in 1946, PSU has worked to develop a positive national reputation. Today, the university is playing a significant

role in shaping national policy on urban issues. The university is gaining national recognition for its innovative approach to the undergraduate general education experience. PSU's faculty include nationally recognized scholars and its students win regional and national competitions. And, its men's and women's athletic teams often finish at the top of their divisions.

Mr. Speaker, I have been involved with Portland State University for many years. I have attended classes at the university. Students from the institution have been interns and employees in my office. I have also worked with the faculty and administration on many partnership programs that are important to my constituents and the residents of Oregon.

One that I am especially proud of is the work Portland State University is doing with Clatsop Community College and the Oregon Graduate Institute in Astoria, OR. Led by the community college, these three institutions are working with the community to develop the Marine Environmental Research and Training Station, [MERTS]. MERTS will be unique in the Nation. It will combine the assets of two major research institutions with a community college to deliver a continuum of job training and education programs focused on environmental technology. This is just one example of the ways in which Portland State University fulfills its mission.

I am also very pleased that Portland State University has embraced the principles of administrative reform and efficiency. One of this administration's priorities is to "reinvent government" and change the way we do business. Well, Mr. Speaker, Portland State University is a national success story. Under the leadership of President Judith Ramaley, the University has undertaken a major reorganization of its management operation. As a result, Portland State University has continued to maintain high quality academic programs at a time of diminishing state resources. The University was recognized for its efforts by KPMG Peat Marwick as a "national model" for efficient management.

On the august occasion of its golden anniversary, I would like to recognize the contributions Portland State University's faculty staff, and students have made in improving Oregon and the Nation. As the University works towards its 100th anniversary we can expect the same commitment to community and innovative excellence that has characterized its work since 1946.

COMMENDING MONTGOMERY
COUNTY CHURCHES FOR FAITH
IN ACTION

HON. ALBERT RUSSELL WYNN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 27, 1996

Mr. WYNN. Mr. Speaker, I would like to commend a wonderful project going on in my district that is helping children with disabilities. The Easter Seal Society and a group of Montgomery County churches have created a Faith in Action project that will help youngsters living with disabilities, along with their families.

What is Faith in Action? It is a program funded by the Robert Wood Johnson Foundation that helps religious congregations and social service agencies create community volunteer service projects aimed at families, elderly persons, and children. The Easter Seal Society for Disabled Children and Adults will work with seven churches, a school, the Montgomery County Department of Disability Services, and Catholic Charities on this effort.

The Robert Wood Johnson Foundation has awarded hundreds of Faith in Action grants to organizations all over the country. Volunteers target families and offer to help in any way they can. In Montgomery County, this can be offering to take a child to the park, drive a youngster in a wheelchair to the doctor, or care for youngsters while parents take a much needed break. In the Washington, DC, region, over 30,000 children under 5 years of age are at risk for developing a disability. That's over a 1,000 classrooms of kindergartners. Also, because of advanced technology, infants born prematurely and with birth defects have a much better chance of survival today than in years past. Often, however, they will need long-term care.

Volunteers from Takoma Park Presbyterian Church and St. Matthew's United Presbyterian Church are good listeners, they have comfortable laps, and are wonderful huggers. They

love to read and tell stories and to sing. They can help feed a child or practice speech therapy exercises, take siblings to the playground, accompany fearful parents to their child's medical appointments, and help advocate for the child. One of the most valuable things a volunteer gives a family is the gift of time and respite for harried parents.

When children are diagnosed with a disability, parents often struggle by themselves. Parents need the right support to insure that their child is receiving the proper medical care, therapy and education. Too many families don't know where to turn. Now, Easter Seals and a group of churches in my district want to help. I congratulate them and wish them good luck.

TRIBUTE TO THE WATER RECLAMATION DISTRICT OF GREATER CHICAGO'S STICKNEY FACILITY

HON. WILLIAM O. LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 27, 1996

Mr. LIPINSKI. Mr. Speaker, I rise today to pay tribute to an organization that is indispen-

sable to the health and quality of life to the people of not only my district and most of the Chicago area, but anybody who uses Illinois waterways as well, the Water Reclamation District of Greater Chicago.

One of the district's main plants, the Stickney sewage treatment facility, was recently recognized with a gold medal for excellence from the Association of Municipal Sewage Agencies for its complete and consistent compliance with National Pollutant Discharge Elimination System permits. The facility takes in more than three-quarters of a billion gallons of waste water, every day, and successfully removes pollutants and other solids before discharging the water back into the State waterway system.

Mr. Speaker, I want to congratulate the district's Board of Commissioners, led by President Thomas Fuller, as well as Stickney plant manager Allan Crowther, Deputy Chief Engineer Don Wunderlich, and all the district workers who made this achievement possible.
