

A QUESTION FOR MIDDLE-CLASS AMERICANS

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Georgia [Mr. KINGSTON] is recognized for 5 minutes.

Mr. KINGSTON. Mr. Speaker, to the middle class in America, there is one question now: Are you working longer and harder and have less to show for it? Are you concerned that, while you may be better off than your parents were, will your children be better off than you are? Are you concerned that your children will not be able to share in the American dream; or has big government, irresponsible bureaucratic policies, command and control Washington politics, stolen the American dream from our children?

I believe that it has. I am not going to say it is the only cause, the only threat to the American dream, but it certainly is a significant one. As Washington grows, our own personal freedoms contract. We lose freedom with every new regulation, with every new law, with every new tax, with every new bureaucracy.

In the 1950's, the average American family paid 5 percent Federal income tax. Today it is 24 percent. That means that the average family is a two-income family, with 38 percent of the family income going to pay the Federal Government.

What does that mean? Mom and dad wake up in the morning all over America at 6:30 a.m., run downstairs, put Pop Tarts in the toaster, wake up Junior and little Sally, say, "It is time to get ready for school. I know you are tired because you stayed up last night doing your homework and playing soccer, and so forth."

Then they try to give them a quick breakfast, hoping everybody remembers to make his or her bed, brush his or her teeth. They rush them out the door. Dad kisses mom good-bye, she runs off to her job, he runs off to his job, they see each other again at 6 o'clock at night.

At 6 o'clock at night it is car pool time, it is quick dinnertime, it is bath time, it is homework, and it is bedtime at 8:30 to 9, and then they start all over again. It is a doggoned rat race. The problem is, the Federal Government is as guilty of creating it as everything that has ever happened inside the homeplace.

The reason why, as much as anything else, is this huge, growing bureaucracy that has to feed upon the taxes of the middle-class members of society. The people who are out there busting their tail, day in and day out, are feeding the Washington bureaucracy. It is time to say enough is enough.

In the early 1960's when President Kennedy cut taxes, with the top rate from 91 percent to 70 percent, the economy grew by over 42 percent. In the 1980's Reagan cut the top tax rate from 70 percent to 28 percent. As a result, the economy grew by 32 percent. Even in the 1920's, when income taxes were

cut from 73 percent to 25 percent, the economy grew by 59 percent.

What does that mean? That means that businesses grow and, as businesses grow, jobs are created. Jobs are created, more revenue comes into the folks in Washington, DC, so you can balance the budget and lower the deficit by cutting taxes.

Just look at the tax cut that Dole and Kemp have proposed. If you are making \$30,000 a year, if that is your family income, under the current tax plan, you are paying \$1,700 in taxes. With this, you would be paying \$500. The savings to families are \$1,200.

I ask the middle class in America today, what would you do if you had \$1,200 more today in spendable income? Maybe a little bit for college education accounts, maybe a few more shoes, a few more hamburgers, a few more CD's, maybe fixing your car up from that dent you got 6 months ago that you cannot quite fix. That is what it means. This is the real world.

In Washington, the elitists up here in the bureaucracy and the press always say, how are you going to pay for it? I do not remember any of them asking in 1993 when President Clinton passed the largest tax increase in the history of America, I do not remember anybody going back to the middle class of America and saying, how are you going to pay for this? You know, the President is about to stick it to you. He is going to get another \$500 or \$600 from you. How are you going to pay for it? Because they know the answer.

□ 2300

Mom and dad are going to continue working hard and busting their tail and doing the right thing, and the fat cat bureaucrats in Washington are going to continue to lap it up and enjoy it.

Think about what this tax cut means to a single mother with two children making \$30,000 a year. Under the current tax system, under President Clinton, that lady pays \$2,300 a year. Under the Dole plan she would pay \$1,000 a year. That means to that single woman with two children, she would have another \$1,300 in her wallet. Do you not think she can spend that money a lot better than the Department of Human Resources or the Department of Education, or the Department of the Interior up here in Washington?

Let us give the middle class in America a break. Let us return to them the freedom that they have earned that has been handed down from the previous generation, and let us not kill them and choke them off with excessive taxes the way we are going now.

TITLE I—THE PRESIDIO OF SAN FRANCISCO

SEC. 101. FINDINGS.

The Congress finds that—
 (1) the Presidio, located amidst the incomparable scenic splendor of the Golden Gate, is one of America's great natural and historic sites;

(2) the Presidio is the oldest continuously operated military post in the Nation dating from 1776, and was designated a National Historic Landmark in 1962;

(3) preservation of the cultural and historic integrity of the Presidio for public use recognizes its significant role in the history of the United States;

(4) the Presidio, in its entirety, is a part of the Golden Gate National Recreation Area, in accordance with Public Law 92-589;

(5) as part of the Golden Gate National Recreation Area, the Presidio's significant natural, historic, scenic, cultural, and recreational resources must be managed in a manner which is consistent with sound principles of land use planning and management, and which protects

the Presidio from development and uses which would destroy the scenic beauty and historic and natural character of the area and cultural and recreational resources;

(6) removal and/or replacement of some structures within the Presidio must be considered as a management option in the administration of the Presidio; and

(7) the Presidio will be managed through an innovative public/private partnership that minimizes cost to the United States Treasury and makes efficient use of private sector resources.

SEC. 102. AUTHORITY AND RESPONSIBILITY OF THE SECRETARY OF THE INTERIOR.

(a) INTERIM AUTHORITY.—The Secretary of the Interior (hereinafter in this title referred to as the "Secretary") is authorized to manage leases in existence on the date of this Act for properties under the administrative jurisdiction of the Secretary and located at the Presidio. Upon the expiration of any such lease, the Secretary may extend such lease for a period terminating not later than 6 months after the first meeting of the Presidio Trust. The Secretary may not enter into any new leases for property at the Presidio to be transferred to the Presidio Trust under this title, however, the Secretary is authorized to enter into agreements for use and occupancy of the Presidio properties which are assignable to the Trust and are terminable with 30 days notice. Prior to the transfer of administrative jurisdiction over any property to the Presidio Trust, and notwithstanding section 1341 of title 31 of the United States Code, the proceeds from any such lease shall be retained by the Secretary and such proceeds shall be available, without further appropriation, for the preservation, restoration, operation and maintenance, improvement, repair and related expenses incurred with respect to Presidio properties. The Secretary may adjust the rental charge on any such lease for any amounts to be expended by the lessee for preservation, maintenance, restoration, improvement, repair and related expenses with respect to properties and infrastructure within the Presidio.

(b) PUBLIC INFORMATION AND INTERPRETATION.—The Secretary shall be responsible, in cooperation with the Presidio Trust, for providing public interpretive services, visitor orientation and educational programs on all lands within the Presidio.

Notwithstanding section 3503 of title 5, United States Code, the Trust shall have sole discretion over whether to hire any such employee or request a detail of such employee.

(2) Any career employee of the National Park Service employed at the Presidio on the date of enactment of this title shall be given priority placement for any available position within the National Park System notwithstanding any priority reemployment lists, directives, rules, regulations or other orders from the Department of the Interior, the Office of Management and Budget, or other Federal agencies.

Any parcel of land, the jurisdiction over which is transferred pursuant to this subsection, shall remain within the boundary of the Golden Gate National Recreation Area. With the consent of the Secretary, the Trust may at any time transfer to the administrative jurisdiction of the Secretary any other properties within the Presidio which are surplus to the needs of the Trust and which serve essential purposes of the Golden Gate National Recreation Area. Within 1 year after the first meeting of the Board of Directors of the Trust, the Trust and the Secretary shall determine cooperatively what, if any, additional records, equipment, and other personal property used by the Secretary in the administration of the properties to be transferred should be transferred to the Trust.

(3) The Secretary shall transfer, with the transfer of administrative jurisdiction over any property, the unobligated balance of all funds appropriated to the Secretary, all leases, concessions, licenses, permits, and other agreements affecting such property.

(c) **MANAGEMENT PROGRAM.**—The Trust shall develop a comprehensive program for management of those lands and facilities within the Presidio which are transferred to the administrative jurisdiction of the Trust. Such program shall be designed to reduce expenditures by the National Park Service and increase revenues to the Federal Government to the maximum extent possible. In carrying out this program, the Trust shall be treated as a successor in interest to the National Park Service with respect to compliance with the National Environmental Policy Act and other environmental compliance statutes. Such program shall consist of—

(1) demolition of structures which in the opinion of the Trust, cannot be cost-effectively rehabilitated, and which are identified in the management plan for demolition,

The Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, United States Code, and the purposes for which securities may be issued under such chapter are extended to include any purchase of such notes or obligations acquired by the Secretary of the Treasury under this subsection. Obligations issued under this subparagraph shall be in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary of the Treasury, and shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration current market yields on outstanding marketable obligations of the United States of comparable maturities. No funds appropriated to the Trust may be used for repayment of principal or interest on, or redemption of, obligations issued under this paragraph.

(4) The aggregate amount of obligations issued under this subsection which are outstanding at any one time may not exceed \$50,000,000.

The Secretary of the Treasury shall invest excess moneys of the Trust in public debt securities which shall bear interest at rates determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturity.

(h) SUITS.—The Trust may sue and be sued in its own name to the same extent as the Federal Government. Litigation arising out of the activities of the Trust shall be conducted by the Attorney General; except that the Trust may retain private attorneys to provide advice and counsel. The Trust is authorized, in consultation with the Secretary, to adopt and to enforce those rules and regulations that are applicable to the Golden Gate National Recreation Area and that may be necessary and appropriate to carry out its duties and responsibilities under this title. The Trust shall give notice of the adoption of such rules and regulations by publication in the Federal Register.

(k) DIRECT NEGOTIATIONS.—For the purpose of compliance with applicable laws and regulations concerning properties transferred to the Trust by the Secretary, the Trust shall negotiate directly with regulatory authorities.

(2) In 1909, the Cuprum Townsite patent (Number 52817) was granted, based on an aliquot parts description which was intended to circumscribe the Hesse survey.

as the official townsite plat and basis for conveyance of title within the townsite.

(4) Recent boundary surveys conducted by the United States Department of Agriculture, Forest Service, and the United States Department of the Interior, Bureau of Land Management, discovered inconsistencies between the official aliquot parts description of the patented Cuprum Townsite and the Hesse survey. Many lots along the south and east boundaries of the townsite are now known to extend onto National Forest System lands outside the townsite.

(5) It is the determination of Congress that the original intent of the Cuprum Townsite application was to include all the lands described by the Hesse survey.

(b) **PURPOSE.**—It is the purpose of this section to amend the 1909 Cuprum Townsite patent to include those additional lands described by the Hesse survey in addition to other lands necessary to provide an administratively acceptable boundary to the National Forest System.

Such additional lands are hereby conveyed to the original patentee, Pitts Ellis, trustee, and Probate Judge of Washington County, Idaho, or any successors or assigns in interest in accordance with State law. The Secretary of Agriculture may correct clerical and typographical errors in such plat.

(d) **SURVEY.**—The Federal Government shall survey the Federal property lines and mark and post the boundaries necessary to implement this section.

SEC. 302. ANAKTUVUK PASS LAND EXCHANGE.

(a) FINDINGS.—The Congress makes the following findings:

(1) The Alaska National Interest Lands Conservation Act (94 Stat. 2371), enacted on December 2, 1980, established Gates of the Arctic National Park and Preserve and Gates of the Arctic Wilderness. The village of Anaktuvuk Pass, located in the highlands of the central Brooks Range, is virtually surrounded by these national park and wilderness lands and is the only Native village located within the boundary of a National Park System unit in Alaska.

(2) Unlike most other Alaskan Native communities, the village of Anaktuvuk Pass is not located on a major river, lake, or coastline that can be used as a means of access. The residents of Anaktuvuk Pass have relied increasingly on snow machines in winter and all-terrain vehicles in summer as their primary means of access to pursue caribou and other subsistence resources.

(3) In a 1983 land exchange agreement, linear easements were reserved by the Inupiat Eskimo people for use of all-terrain vehicles across certain national park lands, mostly along stream and river banks. These linear easements proved unsatisfactory, because they provided inadequate access to subsistence resources while causing excessive environmental impact from concentrated use.

(4) The National Park Service and the Nunamiut Corporation initiated discussions in 1985 to address concerns over the use of all-terrain vehicles on park and wilderness land. These discussions resulted in an agreement, originally executed in 1992 and thereafter amended in 1993 and 1994, among the National Park Service, Nunamiut Corporation, the City of Anaktuvuk Pass, and Arctic Slope Regional Corporation. Full effectuation of this agreement, as amended, by its terms requires ratification by the Congress.

(b) RATIFICATION OF AGREEMENT.—

(1) RATIFICATION.—

(A) IN GENERAL.—The terms, conditions, procedures, covenants, reservations, and other provisions set forth in the document entitled "Donation, Exchange of Lands and Interests in Lands and Wilderness Redesignation Agreement Among Arctic Slope Regional Corporation, Nunamiut Corporation, City of Anaktuvuk Pass and the United States of America" (hereinafter referred to in this section as "the Agreement"), executed by the parties on December 17, 1992, as amended, are hereby incorporated in this title, are ratified and confirmed, and set forth the obligations and commitments of the United States,

Arctic Slope Regional Corporation, Nunamiut Corporation and the City of Anaktuvuk Pass, as a matter of Federal law.

(B) LAND ACQUISITION.—Lands acquired by the United States pursuant to the Agreement shall be administered by the Secretary of the Interior (hereinafter referred to as the "Secretary") as part of Gates of the Arctic National Park and Preserve, subject to the laws and regulations applicable thereto.

(2) MAPS.—The maps set forth as Exhibits C1, C2, and D through I to the Agreement depict the lands subject to the conveyances, retention of surface access rights, access easements and all-terrain vehicle easements. These lands are depicted in greater detail on a map entitled "Land Exchange Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve", Map No. 185/80,039, dated April 1994, and on file at the Alaska Regional Office of the National Park Service and the offices of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska. (2) NOATAK NATIONAL PRESERVE.—Section 201(8)(a) of the Alaska National Interest Land Conservation Act (94 Stat. 2380) is amended by—

(A) striking "approximately six million four hundred and sixty thousand acres" and inserting in lieu thereof "approximately 6,477,168 acres"; and

(B) inserting "and the map entitled 'Noatak National Preserve and Noatak Wilderness Addition' dated September 1994" after "July 1980".

(c) **EXCHANGE.**—

(1) **FEDERAL SELECTED LANDS.**—(A) Not later than 45 days after the final determination of value of the Federal selected lands, the Secretary shall, subject to this section, transfer all right, title, and interest of the United States in and to the lands referred to in subparagraph (B) to the Sun Valley Company.

(B) The lands referred to in subparagraph (A) are certain lands within the Cache National Forest in the State of Utah comprising 1,320 acres, more or less, as generally depicted on the map entitled "Snowbasin Land Exchange—Proposed" and dated October 1995.

(2) **NON-FEDERAL OFFERED LANDS.**—Upon transfer of the Federal selected lands under paragraph (1), and in exchange for those lands, the Sun Valley Company shall simultaneously convey to the Secretary all right, title and interest of the Sun Valley Company in and to so much of the following offered lands which have been previously identified by the United States Forest Service as desirable by the United States, or which are identified pursuant to subparagraph (E) prior to the transfer of lands under paragraph (1), as are of approximate equal value to the Federal selected lands:

(A) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, which comprise approximately 640 acres and are generally depicted on a map entitled "Lightning Ridge Offered Lands", dated October 1995.

(B) Certain lands located within the Cache National Forest in Weber County, Utah, which comprise approximately 635 acres and are generally depicted on a map entitled "Wheeler Creek Watershed Offered Lands—Section 2" dated October 1995.

(C) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, and lying immediately adjacent to the outskirts of the City of Ogden, Utah, which comprise approximately 800 acres and are generally depicted on a map entitled "Taylor Canyon Offered Lands", dated October 1995.

(D) Certain lands located within the exterior boundaries of the Cache National Forest in

Weber County, Utah, which comprise approximately 2,040 acres and are generally depicted on a map entitled "North Fork Ogden River—Devil's Gate Valley", dated October 1995.

(E) Such additional offered lands in the State of Utah as may be necessary to make the values of the lands exchanged pursuant to this section approximately equal, and which are acceptable to the Secretary.

(3) **SUBSTITUTION OF OFFERED LANDS.**—If one or more of the precise offered land parcels identified in subparagraphs (A) through (D) of paragraph (2) is unable to be conveyed to the United States due to appraisal or other reasons, or if the Secretary and the Sun Valley Company mutually agree and the Secretary determines that an alternative offered land package would better serve long term public needs and objectives, the Sun Valley Company may simultaneously convey to the United States alternative offered lands in the State of Utah acceptable to the Secretary in lieu of any or all of the lands identified in subparagraphs (A) through (D) of paragraph (2).

(4) **VALUATION AND APPRAISALS.**—(A) Values of the lands to be exchanged pursuant to this section shall be equal as determined by the Secretary utilizing nationally recognized appraisal standards and in accordance with section 206 of the Federal Land Policy and Management Act of 1976. The appraisal reports shall be written to Federal standards as defined in the Uniform Appraisal Standards for Federal Land Acquisitions. If, due to size, location, or use of lands exchanged under this section, the values are not exactly equal, they shall be equalized by the payment of cash equalization money to the Secretary or the Sun Valley Company as appropriate in accordance with section 206(b) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(b)). In order to expedite the consummation of the exchange directed by this section, the Sun Valley Company shall arrange and pay for appraisals of the offered and selected lands by a qualified appraiser with experience in appraising similar properties and who is mutually acceptable to the Sun Valley Company and the Secretary. The appraisal of the Federal selected lands shall be completed and submitted to the Secretary for technical review and approval no later than 120 days after the date of enactment of this Act, and the Secretary shall make a determination of value not later than 30 days after receipt of the appraisal. In the event the Secretary and the Sun Valley Company are unable to agree to the appraised value of a certain tract or tracts of land, the appraisal, appraisals, or appraisal issues in dispute and a final determination of value shall be resolved through a process of bargaining or submission to arbitration in accordance with section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)).

(B) In order to expedite the appraisal of the Federal selected lands, such appraisal shall—

(i) value the land in its unimproved state, as a single entity for its highest and best use as if in private ownership and as of the date of enactment of this Act;

(ii) consider the Federal lands as an independent property as though in the private marketplace and suitable for development to its highest and best use;

(iii) consider in the appraisal any encumbrance on the title anticipated to be in the conveyance to Sun Valley Company and reflect its effect on the fair market value of the property; and

(iv) not reflect any enhancement in value to the Federal selected lands based on the existence of private lands owned by the Sun Valley Company in the vicinity of the Snowbasin Ski Resort, and shall assume that private lands owned by the Sun Valley Company are not available for use in conjunction with the Federal selected lands.

(d) **GENERAL PROVISIONS RELATING TO THE EXCHANGE.**—

(1) *IN GENERAL.*—The exchange authorized by this section shall be subject to the following terms and conditions:

(A) *RESERVED RIGHTS-OF-WAY.*—In any deed issued pursuant to subsection (c)(1), the Secretary shall reserve in the United States a right of reasonable access across the conveyed property for public access and for administrative purposes of the United States necessary to manage adjacent federally-owned lands. The terms of such reservation shall be prescribed by the Secretary within 30 days after the date of the enactment of this Act.

(B) *RIGHT OF RESCISSION.*—This section shall not be binding on either the United States or the Sun Valley Company if, within 30 days after the final determination of value of the Federal selected lands, the Sun Valley Company submits to the Secretary a duly authorized and executed resolution of the Company stating its intention not to enter into the exchange authorized by this section.

(2) *WITHDRAWAL.*—Subject to valid existing rights, effective on the date of enactment of this Act, the Federal selected lands described in subsection (c)(1) and all National Forest System lands currently under special use permit to the Sun Valley Company at the Snowbasin Ski Resort are hereby withdrawn from all forms of appropriation under the public land laws (including the mining laws) and from disposition under all laws pertaining to mineral and geothermal leasing.

(3) *DEED.*—The conveyance of the offered lands to the United States under this section shall be by general warranty or other deed acceptable to the Secretary and in conformity with applicable title standards of the Attorney General of the United States.

(4) *STATUS OF LANDS.*—Upon acceptance of title by the Secretary, the land conveyed to the United States pursuant to this section shall become part of the Wasatch or Cache National Forests as appropriate, and the boundaries of such National Forests shall be adjusted to encompass such lands. Once conveyed, such lands shall be managed in accordance with the Act of March 1, 1911, as amended (commonly known as the "Weeks Act"), and in accordance with the other laws, rules and regulations applicable to National Forest System lands. This paragraph does not limit the Secretary's authority to adjust the boundaries pursuant to section 11 of the Act of March 1, 1911 ("Weeks Act"). For the purposes of section 7 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-9), the boundaries of the Wasatch and Cache National Forests, as adjusted by this section, shall be considered to be boundaries of the forests as of January 1, 1965.

(e) *PHASE FACILITY CONSTRUCTION AND OPERATION.*—

(1) *PHASE I FACILITY FINDING AND REVIEW.*—(A) The Congress has reviewed the Snowbasin Ski Area Master Development Plan dated October 1995 (hereinafter in this subsection referred to as the "Master Plan"). On the basis of such review, and review of previously completed environmental and other resource studies for the Snowbasin Ski Area, Congress hereby finds that the "Phase I" facilities referred to in the Master Plan to be located on National Forest System land after consummation of the land exchange directed by this section are limited in size and scope, are reasonable and necessary to accommodate the 2002 Olympics, and in some cases are required to provide for the safety of skiing competitors and spectators.

(B) Within 60 days after the date of enactment of this Act, the Secretary and the Sun Valley Company shall review the Master Plan insofar as such plan pertains to Phase I facilities which are to be constructed and operated wholly or partially on National Forest System lands retained by the Secretary after consummation of the land exchange directed by this section. The Secretary may modify such Phase I facilities upon mutual agreement with the Sun Valley

Company or by imposing conditions pursuant to paragraph (2) of this subsection.

(C) Within 90 days after the date of enactment of this Act, the Secretary shall submit the reviewed Master Plan on the Phase I facilities, including any modifications made thereto pursuant to subparagraph (B), to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives for a 30-day review period. At the end of the 30-day period, unless otherwise directed by Act of Congress, the Secretary may issue all necessary authorizations for construction and operation of such facilities or modifications thereof in accordance with the procedures and provisions of paragraph (2) of this subsection.

(2) *PHASE I FACILITY APPROVAL, CONDITIONS, AND TIMETABLE.*—Within 120 days of receipt of an application by the Sun Valley Company to authorize construction and operation of any particular Phase I facility, facilities, or group of facilities, the Secretary, in consultation with the Sun Valley Company, shall authorize construction and operation of such facility, facilities, or group of facilities, subject to the general policies of the Forest Service pertaining to the construction and operation of ski area facilities on National Forest System lands and subject to reasonable conditions to protect National Forest System resources. In providing authorization to construct and operate a facility, facilities, or group of facilities, the Secretary may not impose any condition that would significantly change the location, size, or scope of the applied for Phase I facility unless—

(A) the modification is mutually agreed to by the Secretary and the Sun Valley Company; or

(B) the modification is necessary to protect health and safety.

Nothing in this subsection shall be construed to affect the Secretary's responsibility to monitor and assure compliance with the conditions set forth in the construction and operation authorization.

(3) *CONGRESSIONAL DIRECTIONS.*—Notwithstanding any other provision of law, Congress finds that consummation of the land exchange directed by this section and all determinations, authorizations, and actions taken by the Secretary pursuant to this section pertaining to Phase I facilities on National Forest System lands, or any modifications thereof, to be non-discretionary actions authorized and directed by Congress and hence to comply with all procedural and other requirements of the laws of the United States. Such determinations, authorizations, and actions shall not be subject to administrative or judicial review.

(f) *NO PRECEDENT.*—Nothing in subsection (c)(4)(B) of this section relating to conditions or limitations on the appraisal of the Federal lands, or any provision of subsection (e), relating to the approval by the Congress or the Forest Service of facilities on National Forest System lands, shall be construed as a precedent for subsequent legislation.

SEC. 305. ARKANSAS AND OKLAHOMA LAND EXCHANGE.

(a) *FINDINGS.*—Congress finds that:

(2) acquisition of the Arkansas Cossatot lands by the United States will remove the lands in the heart of a critical wetland ecosystem from sustained timber production and other development;

(3) the acquisition of the Arkansas Ouachita lands and the Oklahoma lands by the United States for administration by the Forest Service will provide an opportunity for enhancement of ecosystem management of the National Forest System lands and resources;

(4) the Arkansas Ouachita lands and the Oklahoma lands have outstanding wildlife habitat and important recreational values and should continue to be made available for activities such as public hunting, fishing, trapping, nature observation, enjoyment, education, and timber management whenever these activities are consistent with applicable Federal laws and land and resource management plans; these lands, especially in the riparian zones, also harbor endangered, threatened and sensitive plants and animals and the conservation and restoration of these areas are important to the recreational and educational public uses and will represent a valuable ecological resource which should be conserved;

(5) the private use of the lands the United States will convey to Weyerhaeuser will not conflict with established management objectives on adjacent Federal lands;

(6) the lands the United States will convey to Weyerhaeuser as part of the exchange described in paragraph (1) do not contain comparable fish, wildlife, or wetland values;

(7) the values of all lands, mineral interests, and oil and gas interests to be exchanged between the United States and Weyerhaeuser are approximately equal in value; and

(8) the exchange of lands, mineral interests, and oil and gas interests between Weyerhaeuser and the United States is in the public interest.

(b) *PURPOSE.*—The purpose of this section is to authorize and direct the Secretary of the Interior and the Secretary of Agriculture, subject to the terms of this title, to complete, as expeditiously as possible, an exchange of lands, mineral interests, and oil and gas interests with Weyerhaeuser that will provide environmental, land management, recreational, and economic benefits to the States of Arkansas and Oklahoma and to the United States.

In the case of a discrepancy between the description of lands, mineral interests, or oil and gas interests to be exchanged pursuant to subsections (d) and (e) and the lands, mineral interests, or oil and gas interests depicted on a map referred to in such subsection, the map shall control. The maps referenced in this section shall be subject to such

and appurtenant structures, including but not limited to, outlets, measuring devices, spillways, wasteways, toe drains, canals, abutments, and the Peterson Lake operations cabin, as generally depicted on such map. The access area to the east of Long Draw Reservoir will be limited to the extent necessary to convey only those lands within the boundary of the National Forest.

(C) Those Federal lands which would be occupied by an enlargement of Seaman Reservoir to an approximate capacity of 43,000 acre feet (but not to exceed 50,000 acre feet), including an average 50 foot horizontally projected buffer zone around the enlarged water line and structures, and an 80-acre parcel of Federal land south of Seaman Reservoir potentially required for a downstream damsite on the North Fork of the Cache la Poudre River, as generally depicted on such map.

(b) **TERMS AND CONDITIONS RELATING TO LAND EXCHANGE.**—The land exchange under subsection (a) shall be processed in accordance with Forest Service Land Exchange Regulations in part 254 of title 36, Code of Federal Regulations, subpart A subject to the direction in subsection (a) and the following terms and conditions:

(1) The United States shall grant perpetual access easements to the city of Greeley and to The Water Supply and Storage Company to the lands conveyed by the United States under subsection (a) as part of the consideration of this exchange. The United States shall reserve easements for all designated roads and trails crossing any Federal lands to be conveyed that are necessary to assure public access to adjoining National Forest lands.

(2) The city of Greeley, Colorado, and The Water Supply and Storage Company shall continue to make the following facilities accessible to visitors to the Roosevelt National Forest: Chambers, Long Draw, Peterson, Barnes Meadow, Comanche, Seaman and Twin Lakes Reservoirs, under rules and restrictions as determined by the city and the company.

(3)(A) All special use permits and/or easements or other instruments authorizing occupancy of the Federal lands identified in subsection (a)(3) are rescinded upon completion of the exchange.

(B) The conditions specified in the December 28, 1994, and the January 4, 1995, easements for Long Draw, Peterson Lake and Barnes Meadow Reservoirs requiring a joint operations plan providing instream winter flows to the mainstream of the Cache La Poudre River from Chambers Lake and Barnes Meadow shall continue to be fulfilled regardless of land ownership unless mutually agreed otherwise.

(C) No further consultation with the United States Fish and Wildlife Service shall be required for completion of this land exchange.

(D) No additional conditions, including instream or bypass flow requirements, shall be required as a condition of this land exchange.

(4) The exchange under subsection (a) does not include any water right owned by the city of Greeley, Colorado, or The Water Supply and Storage Company, except as provided in paragraph (5).

(5) The city of Greeley's one-half interest in the following rights associated with the Rockwell Ranch property, to wit: Rockwell Ditches No. 1 in the volume of 1.2 c.f.s., No. 2 in the volume of 1.7 c.f.s., No. 3 in the volume of 2.68 c.f.s., No. 4 in the volume of 1.87 c.f.s., No. 5 in the volume of 1.95 c.f.s. and No. 6 in the volume of 2.5 c.f.s., diverting from the South Fork of the Cache la Poudre River, and its tributaries, Little Beaver Creek and the North Fork of Little Beaver Creek, and all with the appropriation date of December 31, 1888, shall be dedicated to the Colorado Water Conservation Board in perpetuity for the instream flow program of the State of Colorado upon completion of the exchange in accordance with substantive and procedural requirements of the laws of Colorado.

(7) Values of the respective lands exchanged between the United States and the city of Greeley and The Water Supply and Storage Company pursuant to subsection (a) are deemed to be of approximately equal value, without any need for cash equalization, as based on statements of value prepared by a qualified Forest Service Review Appraiser.

(8) It is recognized that some Federal lands to be conveyed to the city of Greeley and The Water Supply and Storage Company will create new holdings in otherwise consolidated areas of Federal ownership. If the city or the company decide to permanently discontinue reservoir operations on any of the properties acquired through this exchange, the United States Forest Service, Arapaho-Roosevelt National Forest Supervisor shall be advised of the intent to perform nonreconstructive breaching of the dam for purposes of permanently terminating reservoir operations. Upon such notification, the United States Forest Service will be afforded the opportunity to reacquire property at fair market value or exchange or upon such other terms and conditions as the parties may agree for a period of time not to exceed one year.

(9) The Federal lands to be exchanged under subsection (a), with the exception of the Seaman Reservoir enlargement area and potential new damsite below Seaman Reservoir on the North Fork of the Cache la Poudre River, are already fully developed and authorized for occupancy by the city of Greeley and The Water Supply and Storage Company. Therefore, this land exchange may be completed without further inventory or consultation under the National Historic Preservation Act. Should the city of Greeley seek enlargement of Seaman Reservoir or construction of a new dam on the North Fork of the Poudre River below Seaman Reservoir for a Seaman Reservoir Enlargement, the site will be subject to all Federal statutes and regulations applicable at the time of proposed construction.

(10) The Forest Service shall grant a 20-year easement to the city of Greeley for use of the existing cabin in the north half of the southwest quarter of Section 30, Township 8 North, Range 72 West. The easement shall allow the use of the cabin, other improvements, and access to the forest lands nearby. The access road shall be available for city employees to access the cabin for recreational purposes and to the United States Forest Service for administrative purposes.

(11) The Forest Service shall grant a 20-year easement to the city of Greeley for use of approximately 1 acre of land under the existing cabin in the vicinity of Jacks Gulch Campground on Pingree Road as depicted on the attached map. The easement shall include the administrative use of the access road to the cabin and the reservation of the use of the cabin to those permitted under the existing special use permit.

(c) **ADMINISTRATION OF LANDS ACQUIRED BY THE UNITED STATES.**—The Rockwell Ranch, Timberline Lake, and Cameron Pass Lands acquired by the United States under this section shall be added to and administered as part of the Roosevelt National Forest. The private lands described in paragraph (1) may be acquired by the Secretary with the consent of the Arctic Slope Regional Corporation. Thereafter, the Secretary shall request an identification by the State of Alaska of one township of land within the area of overlap and such township shall be available only for acquisition by the State of Alaska. Thereafter, the Secretary shall

request alternating identifications by the Arctic Slope Regional Corporation and by the State of Alaska of one township of land within the area of overlap until all lands within the area of overlap shall have been identified by either the Arctic Slope Regional Corporation or the State of Alaska.

(5) The withdrawal of lands required pursuant to paragraph (1) shall terminate either upon the consummation of land exchanges with the Arctic Slope Regional Corporation and the State of Alaska or upon the expiration of a period of 3 years from the date of the withdrawal, whichever first occurs: Provided, That the Secretary may terminate the withdrawal of any lands withdrawn under this subsection whenever the Secretary and the party identifying such lands for withdrawal mutually agree to exclude such lands from further consideration for exchange under this section; and, Provided further, That the Secretary may conduct activities preparatory to leasing oil and gas on lands withdrawn pursuant to this subsection.

(f) OTHER USES.—Subsistence, cultural, traditional, and other uses of the Arctic Slope Regional Corporation's shareholders and local residents on the lands to be acquired under subsections (a) and (b) shall continue to be permitted.

The conveyance restrictions imposed by section 22(g) of ANCSA (i) shall then be ineffective and cease to apply to such interests of KNA and CIRI, and (ii) shall not be applicable to the interests received by KNA in accordance with subsection (b)(2)(B) or to the CIRI interests underlying them. The Secretary shall adjust the boundaries of the Refuge so as to exclude all interests in lands retained or received in exchange by KNA in accordance with this section, including both surface and subsurface, and shall also exclude all interests currently held by CIRI. On lands within the Swanson River Road East Tract, the boundary adjustment shall only include the surface estate where the subsurface estate is retained by the United States.

(B) AGREEMENT.—(i) The Secretary, KNA, and CIRI shall execute an agreement within 45 days of the date of enactment of this section which

(ii) In the event that no agreement is executed as provided for in clause (i), solely for the purposes of administering CIRI's rights and obligations under paragraph 1(B)(1) of the Terms and Conditions, the Secretary and CIRI shall be deemed to have retained their respective rights and obligations with respect to CIRI's subsurface interests under the requirements of the terms and Conditions in effect on June 18, 1996. Notwithstanding the boundary adjustments made pursuant to this section, conveyances to KNA shall be deemed to remain subject to the Secretary's and CIRI's rights and obligations under paragraph 1(B)(1) of the Terms and Conditions.

(C) AUTHORIZATION.—The Secretary is authorized to acquire by purchase or exchange, on a willing seller basis only, any lands retained by or conveyed to KNA. In the event that any lands owned by KNA are subsequently acquired by the United States, they shall be automatically included in the Refuge System. The laws and regulations applicable to Refuge lands shall then apply to these lands and the Secretary shall then adjust the boundaries accordingly.

(D) CERTAIN CIRI AND KNA RIGHTS.—Nothing in this section is intended to enlarge or diminish the authorities, rights, duties, obligations, or the property rights held by CIRI under the Terms and Conditions, or otherwise except as set forth in this section. SEC. 603. RICHMOND NATIONAL BATTLEFIELD PARK.

(a) FINDINGS AND PURPOSE.—Section 1 of the Act of March 2, 1936 (chapter 113, 49 Stat. 1155; 16 U.S.C. 423j), is amended to read as follows:

"SECTION 1. FINDINGS AND PURPOSE.

"(a) FINDINGS.—In 1996 the Congress finds that:

"(1) In 1936 the Congress established the Richmond National Battlefield Park in and around the city of Richmond, Virginia. The park's boundary was established to permit the inclusion of all military battlefield areas related to the battles fought during the Civil War in defense of and against the city of Richmond. The park originally included the area then known as the Richmond Battlefield State Park.

"(2) The total acreage of the area identified in 1936 for consideration for inclusion in the Richmond National Battlefield Park encompasses approximately 225,000 acres in and around the city of Richmond, Virginia. A study undertaken by the congressionally authorized Civil War Sites Advisory Committee determined that within those 225,000 acres, the historically significant areas in and around Richmond relating to the campaigns against and in defense of Richmond encompass approximately 38,000 acres. The National Park Service, through its general management planning process for Richmond National Battlefield Park, has identified approximately 7,121 acres which satisfy the National Park Service criteria of significance, integrity, feasibility, and suitability for inclusion in Richmond National Battlefield Park.

"(3) There is national interest in protecting and preserving sites of historic significance associated with the Civil War and Richmond.

"(4) The Commonwealth of Virginia and its local units of government have authority to prevent or minimize adverse uses of these historic resources and can play a significant role in the protection of the historic resources related to the battles of Richmond.

"(b) PURPOSES.—Therefore, it is the purpose of this Act—

"(1) to establish a revised boundary for the Richmond National Battlefield Park based on the findings of the Civil War Sites Advisory Committee and the National Park Service; and

"(2) to direct the Secretary of the Interior to work in cooperation with the Commonwealth of Virginia, the city of Richmond, and other political subdivisions of the Commonwealth, other public entities, and the private sector in the management, protection, and interpretation of the resources associated with the Civil War and the Battles of Richmond in and around the city of Richmond, Virginia."

(b) MODIFICATION OF BOUNDARY.—Section 2 of the Act of March 2, 1936 (chapter 113, 49 Stat. 1155; 16 U.S.C. 423k), is amended to read as follows:

"SEC. 2. BOUNDARY.

"The boundary of the Richmond National Battlefield Park (hereinafter in this Act referred to as the 'park') is hereby modified to comprise the lands, waters, and interests in lands therein that, on the day before the date of the enactment of this Act, were in Federal ownership and were administered by the Secretary of the Interior as part of the park."

(c) LAND ACQUISITION.—The Act of March 2, 1936 (chapter 113, 49 Stat. 1155; 16 U.S.C. 423j

and following), is amended by adding the following new section after section 3:

"SEC. 4. LAND ACQUISITION.

"(a) The Secretary is authorized to acquire any lands and interests in lands identified in the general management plan for the park approved June 7, 1996, and depicted within the area delineated as 'Park Boundary' on the map entitled 'Richmond National Battlefield Park Boundary Map', as numbered 367-NEFA 80026 and dated August 1996, which shall be on file and available for inspection in the Office of the Director of the National Park Service, Department of the Interior.

"(b) The Secretary is authorized to acquire the lands identified in subsection (a) by donation, purchase with donated or appropriated funds, exchange, or otherwise. Privately owned lands or the interest therein may be acquired only with the consent of the property owner. In acquiring lands and interest in lands under this Act, the Secretary shall acquire the minimum Federal interests necessary to achieve the objectives of the park.

"(c) Upon acquisition by the Secretary of any lands and interests in lands identified in subsection (a), the Secretary shall revise the boundary of the park to include those lands within the boundary of the park and shall manage them as part of the park and consistent with the purposes of the Act."

(d) **PARK MANAGEMENT AND ADMINISTRATION.**—The Act of March 2, 1936 (chapter 113, 49 Stat. 1155; 16 U.S.C. 423j and following), is amended by adding the following new section after section 4:

"SEC. 5. PARK MANAGEMENT AND ADMINISTRATION.

"(a) In administering the park, the Secretary shall interpret, for the benefit of visitors to the park and the general public, the Battles of Richmond in the larger context of the Civil War and American history, including the causes and consequences of the Civil War and the effects of the war on all the American people.

"(b) The Secretary is directed to work with the Commonwealth of Virginia, its political subdivisions, including the city of Richmond, private property owners, and the private sector to develop mechanisms to protect and interpret the resources identified within the boundary as depicted on the map identified in section 2 of this Act. In order to carry out this section, the Secretary is authorized to enter into cooperative agreements with the public and private sectors to carry out the purposes of this Act, and to find means of protecting and interpreting the historic resources for the benefit of present and future generations in a manner that would allow for continued private ownership and use where compatible with the purposes of the park. The Secretary is also authorized to provide technical assistance to governmental entities, nonprofit organizations, and private property owners in the development of comprehensive plans, land use guidelines, and other activities which are consistent with conserving the historic, cultural, natural, and scenic resources found within the park boundary.

"(c) The Secretary is authorized to provide technical assistance to the Commonwealth of Virginia, its political subdivisions, nonprofit entities, and private property owners engaged in the protection, interpretation, or commemoration of historically significant Civil War resources located outside of the park boundary. Such technical assistance does not authorize the Secretary to own or manage any of the resources outside the park boundary."

(e) **TECHNICAL AMENDMENT.**—Section 3 of the Act of March 2, 1936 (chapter 113, 49 Stat. 1156; 16 U.S.C. 423i) is amended by striking the period and inserting "; and the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461-467)."

TITLE VII—FEES

SEC. 701. SKI AREA PERMIT RENTAL CHARGE.

(a) The Secretary of Agriculture shall charge a rental charge for all ski area permits issued pursuant to section 3 of the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b), the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), or the 9th through 20th paragraphs under the heading "SURVEYING THE PUBLIC LANDS" under the heading "UNDER THE DEPARTMENT OF THE INTERIOR" in the Act of June 4, 1897 (30 Stat. 34, chapter 2), on National Forest System lands. Permit rental charges for permits issued pursuant to the National Forest Ski Area Permit Act of 1986 shall be calculated as set forth in subsection (b). Permit rental charges for existing ski area permits issued pursuant to the Act of March 4, 1915, and the Act of June 4, 1897, shall be calculated in accordance with those existing permits: Provided, That a permittee may, at the permittee's option, use the calculation method set forth in subsection (b).

(b)(1) The ski area permit rental charge (SAPRC) shall be calculated by adding the permittee's gross revenues from lift ticket/year-round ski area use pass sales plus revenue from ski school operations (LT+SS) and multiplying such total by the slope transport feet percentage (STFP) on National Forest System land. That amount shall be increased by the gross year-round revenue from ancillary facilities (GRAF) physically located on national forest land, including all permittee or subpermittee lodging, food service, rental shops, parking and other ancillary operations, to determine the adjusted gross revenue (AGR) subject to the permit rental charge. The final rental charge shall be calculated by multiplying the AGR by the following percentages for each revenue bracket and adding the total for each revenue bracket:

(A) 1.5 percent of all adjusted gross revenue below \$3,000,000;

(B) 2.5 percent for adjusted gross revenue between \$3,000,000 and \$15,000,000;

(C) 2.75 percent for adjusted gross revenue between \$15,000,000 and \$50,000,000; and

(D) 4.0 percent for the amount of adjusted gross revenue that exceeds \$50,000,000.

Utilizing the abbreviations indicated in this subsection the ski area permit fee (SAPF) formula can be simply illustrated as:

$$\text{SAPF} = ((\text{LT} + \text{SS}) \text{ STFP}) + \text{GRAF} = \text{AGR}; \text{AGR} \% \text{ BRACKETS}$$

(2) In cases where ski areas are only partially located on national forest lands, the slope transport feet percentage on national forest land referred to in subsection (b) shall be calculated as generally described in the Forest Service Manual in effect as of January 1, 1992. Revenues from Nordic ski operations shall be included or excluded from the rental charge calculation according to the percentage of trails physically located on national forest land.

(3) In order to ensure that the rental charge remains fair and equitable to both the United States and the ski area permittees, the adjusted gross revenue figures for each revenue bracket in paragraph (1) shall be adjusted annually by the percent increase or decrease in the national

Consumer Price Index for the preceding calendar year. No later than 3 years after the date of enactment of this Act and every 5 years thereafter the Secretary shall submit to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives a report analyzing whether the ski area permit rental charge legislated by this Act is returning a fair market value rental to the United States together with any recommendations the Secretary may have for modifications of the system.

(c) The rental charge set forth in subsection (b) shall be due on June 1 of each year and shall be paid or pre-paid by the permittee on a monthly, quarterly, annual or other schedule as determined appropriate by the Secretary in consultation with the permittee. Unless mutually agreed otherwise by the Secretary and the permittee, the payment or prepayment schedule shall conform to the permittee's schedule in effect prior to enactment of this Act. To reduce costs to the permittee and the Forest Service, the Secretary shall each year provide the permittee with a standardized form and worksheets (including annual rental charge calculation brackets and rates) to be used for rental charge calculation and submitted with the rental charge payment. Information provided on such forms shall be compiled by the Secretary annually and kept in the Office of the Chief, United States Forest Service.

(d) The ski area permit rental charge set forth in this section shall become effective on June 1, 1996 and cover receipts retroactive to June 1, 1995: Provided however, That if a permittee has paid rental charges for the period June 1, 1995, to June 1, 1996, under the graduated rate rental charge system formula in effect prior to the date of enactment of this Act, such rental charges shall be credited toward the new rental charge due on June 1, 1996. In order to ensure increasing rental charge receipt levels to the United States during transition from the graduated rate rental charge system formula to the formula of this Act, the rental charge paid by any individual permittee shall be—

(1) for the 1995–1996 permit year, either the rental charge paid for the preceding 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher;

(2) for the 1996–1997 permit year, either the rental charge paid for the 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher; and

(3) for the 1997–1998 permit year, either the rental charge for the 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher.

If an individual permittee's adjusted gross revenue for the 1995–1996, 1996–1997, or 1997–1998 permit years falls more than 10 percent below the 1994–1995 base year, the rental charge paid shall be the rental charge calculated pursuant to this Act.

(e) Under no circumstances shall revenue, or subpermittee revenue (other than lift ticket, area use pass, or ski school sales) obtained from operations physically located on non-national forest land be included in the ski area permit rental charge calculation.

(f) To reduce administrative costs of ski area permittees and the Forest Service the terms "revenue" and "sales", as used in this section, shall mean actual income from sales and shall not include sales of operating equipment, refunds, rent paid to the permittee by sublessees, sponsor contributions to special events or any amounts attributable to employee gratuities or employee lift tickets, discounts, or other goods or services (except for bartered goods and complimentary lift tickets) for which the permittee does not receive money.

(g) In cases where an area of national forest land is under a ski area permit but the permittee does not have revenue or sales qualifying for

rental charge payment pursuant to subsection (a), the permittee shall pay an annual minimum rental charge of \$2 for each national forest acre under permit or a percentage of appraised land value, as determined appropriate by the Secretary.

(h) Where the new rental charge provided for in subsection (b)(1) results in an increase in permit rental charge greater than one-half of 1 percent of the permittee's adjusted gross revenue as determined under subsection (b)(1), the new rental charge shall be phased in over a five year period in a manner providing for increases of approximately equal increments.

(i) To reduce Federal costs in administering the provisions of this Act, the reissuance of a ski area permit to provide activities similar in nature and amount to the activities provided under the previous permit shall not constitute a major Federal action for the purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4331 et seq.).

(j) Subject to valid existing rights, all lands located within the boundaries of ski area permits issued prior to, on or after the date of enactment of this Act pursuant to authority of the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), and the Act of June 4, 1897, or the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b) are hereby and henceforth automatically withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral and geothermal leasing and all amendments thereto. Such withdrawal shall continue for the full term of the permit and any modification, reissuance, or renewal thereof. Unless the Secretary requests otherwise of the Secretary of the Interior, such withdrawal shall be canceled automatically upon expiration or other termination of the permit and the land automatically restored to all appropriation not otherwise restricted under the public land laws.

"RECREATION FEE PROGRAM

"SEC. 4. (a) PROGRAM GOALS AND POLICIES.—

"(1) CONGRESSIONAL GOALS.—It is the policy of Congress that the Federal land management agencies develop and implement high quality recreation programs adequate to meet the needs of the American people and to fund a portion of the cost of providing recreation services through recreation fees.

"(C) provide that comparable fees be charged by the several Federal agencies for similar services and facilities;

"(E) define administrative overhead and specify accounting procedures to ensure that administrative overhead is not included in the cost of visitor services provided;

"(F) provide for a uniform procedure for accounting for fees collected under this section; and

"(G) recognize the importance of the convenience of the public by avoiding fee programs which are overly complex or which would require the payment of numerous fees at a particular area.

"(b) DEFINITIONS.—For the purposes of this section:

"(1) ADMINISTERING SECRETARIES.—The term 'administering Secretaries' means—

"(A) the Secretary of Agriculture with respect to the Forest Service; and

"(9) CONCESSION FEES.—The term 'concession fees' means fees paid to the United States pursuant to provisions of law other than this section for the privilege of providing concession services, fees paid for the lease of government-owned facilities, and non-Federal amounts paid for construction of visitor facilities.

"(c) ESTABLISHMENT.—

"(1) IN GENERAL.—In order to improve the quality of the visitor experience on Federal lands, the administering Secretaries shall establish and implement a fee program in accordance with this section which provides for partial recovery of the costs of visitor services provided through admission fees, recreation use fees, and concession fees. In carrying out such program, the administering Secretaries are authorized and directed to collect admission fees in accordance with this section at areas administered by the National Park Service and areas of concentrated public use. In addition, the administering Secretaries shall collect recreation use fees at areas under their administration.

"(2) FACTORS IN ESTABLISHING AND ADJUSTING AMOUNT OF FEES.—(A) All fees established pursuant to this section shall be fair and equitable, taking into consideration the cost to the Federal Government, the benefits to the recipient, the public policy or interest served, the comparable recreation fees charged by other public and private entities, the economic and administrative feasibility of fee collection, convenience to the recreation user, and other pertinent factors.

"(B) Any adjustments in fees shall take into account the factors specified in subparagraph (A). Any increases in fees shall be on an incremental basis over time.

"(3) PUBLIC COMMENT AND FEDERAL REGISTER NOTICE ON ADMISSION AND COMMERCIAL TOUR FEES.—(A) In the case of public admission fees, the administering Secretaries shall publish in the Federal Register, for a 30-day comment period, a proposed schedule of all changes to such fees not later than six months prior to such fee changes.

"(6) FEE COLLECTION PERSONNEL.—Personnel exclusively assigned to fee collection duties, which are over and above the number of such personnel assigned exclusively to fee collection duties on the day prior to enactment of the Visitor Services Improvement and Outdoor Legacy Act of 1996, shall not be counted against any full-time equivalent ceiling established for that agency.

"(d) RECREATION FEES.—

“(1) **ADMISSION FEES.**—Reasonable admission fees for a single visit to any designated area shall be established by the administering Secretary. A ‘single visit’ means a more or less continuous stay within a designated area. Payment of a single visit admission fee shall authorize exits from and reentries to a single designated area for a period of from one to fifteen days, such period to be defined for each designated area by the administering Secretary based on a determination of the period of time reasonably and ordinarily necessary for such a single visit. The entrance fee for private parties and commercial tours shall be set in accordance with this section by the administering Secretaries and may be adjusted, taking into account the factors specified in subsection (c)(2). The Secretaries shall ensure that where appropriate the admission fee schedule developed provides economic incentives for use of alternative modes of transportation, including mass transportation, at areas experiencing high levels of automobile traffic. The administering Secretaries are authorized to implement admission fee practices which vary by day of the week, season, expedite entry and reduce congestion. The fee for single admission visits shall be no greater than \$10 per person or \$25 per vehicle.

“(2) **ANNUAL ADMISSION PERMITS: GOLDEN EAGLE PASSPORT.**—(A) **GOLDEN EAGLE PASSPORT.**—For admission into any area at which admission fees are charged pursuant to this section, an admission permit, to be known as the ‘Golden Eagle Passport’, valid for a 12-month period, shall be available. The fee for the passport shall be set jointly by the administering Secretaries, taking into account the factors specified in subsection (c)(2). The permittee and all persons accompanying the permittee in a single, private, non-commercial vehicle or, alternatively, the permittee and the permittee’s spouse, children, and parents accompanying the permittee shall be entitled to general admission into any area designated pursuant to this section. “(B) **NON-FEDERAL SALE.**—The administering Secretaries may authorize units of State or local government, organizations, businesses, and non-profit entities to sell and collect admission fees, including the Golden Eagle Passport, subject to such conditions as the Secretaries may jointly prescribe. The Secretaries shall develop detailed guidelines for promotional advertising of non-Federal passport sales and monitor compliance with those guidelines. The Secretaries may authorize the seller or sellers to maintain an inventory of Golden Eagle Passports for periods not to exceed six months and to withhold amounts up to, but not exceeding, eight percent of the gross fees collected from Golden Eagle Passport sales as reimbursement for actual expenses of the sales.

“(C) **DISCOUNT FOR PERSONS 62 YEARS OF AGE OR OLDER.**—The administering Secretaries shall provide for the sale of the Golden Eagle Passport to persons 62 years of age or older at a rate which is no more than 50 percent of the established rate for the Golden Eagle Passport. Such passport shall provide the same privileges as any other passport issued pursuant to this subsection, except that such passport shall cover admission only for the purchaser and one accompanying individual.

“(3) **ANNUAL GEOGRAPHIC ADMISSION PERMITS.**—For admission into a specific designated area or into several specific areas located in a particular geographic region at which admission fees are charged pursuant to this section, the administering Secretary or Secretaries are authorized to make available an annual admission permit. The permit shall convey the privileges of, and shall be subject to the same terms and

conditions as, the Golden Eagle Passport, except that it shall be valid only for admission into the specific area or areas indicated at the time of purchase. The fee for an annual geographic admission permit shall be no greater than \$25.

“(4) **GOLDEN ACCESS PASSPORT.**—The Secretary of the Interior and the Secretary of Agriculture shall establish procedures providing for the issuance of a lifetime admission permit to any citizen of, or person legally domiciled in, the United States, if such citizen or person applies for such permit and is permanently disabled. Such procedures shall ensure that a lifetime admission permit shall be issued only to persons who have been medically determined to be permanently disabled. A lifetime admission permit shall be nontransferable, shall be issued without charge, and shall entitle the permittee and one accompanying individual to general admission into any area designated pursuant to this section, notwithstanding the method of travel.

“(5) **RECREATION USE FEES.**—Each agency developing, administering, providing, or furnishing at Federal expense services for such activities as camping at campgrounds with basic sanitation and public safety services, back country camping under permit, developed swimming sites, boat launch facilities, group activities including picnic sites, managed parking lots, motorized recreation use and other recreation uses, shall in accordance with this section provide for the collection of recreation use fees at the place of use or any reasonably convenient location. The administering Secretary may establish both daily and annual recreation use fees. Fees may not be charged by any such agency for the use, either singly or in any combination, of drinking water, wayside exhibits, overlook sites, toilet facilities, picnic tables, or visitor centers for areas where admission fees are charged.

“(6) **COMMERCIAL TOUR USE FEE.**—(A) For each area for which an admission fee is charged under this section, the administering Secretary shall charge an admission fee for each vehicle entering the area for the purpose of providing commercial tour services. Such admission fees shall be charged on a per vehicle basis and shall be deposited into the special account established under subsection (e).

“(B) The administering Secretary shall establish fees per commercial tour entry as follows:

“(i) \$25 per vehicle with a passenger capacity of 25 persons or less; and

“(ii) \$50 per vehicle with a passenger capacity of 26 or more persons

“(C) The administering Secretary may periodically make adjustments to such fees in accordance with subsection (c)(3)(B).

“(D) At Grand Canyon, Hawaii Volcanoes, and Haleakala National Parks only, the Secretary of the Interior is authorized to charge a fee for aircraft providing scenic tours of these areas. Fees for such aircraft use shall be in accordance with subparagraph (B), except as provided in subparagraph (E).

“(E) Within 12 months after the date of enactment of the Visitor Services Improvement and Outdoor Legacy Act of 1996, the Secretary of the Interior and the Secretary of Transportation shall jointly submit a report to the appropriate committees of Congress outlining revisions to the commercial tour fee schedule for aircraft which encourages the use of quiet aircraft technology.

“(7) **TRANSPORTATION PROVIDED BY THE SECRETARY.**—Where the administering Secretary provides transportation to visit all or a portion of any area, he may impose a charge for such service in lieu of an admission fee. Collection of such fees may occur at the transportation staging area or any reasonably convenient location, whether inside or outside of the area boundary. The administering Secretary may enter into arrangements with qualified public or private entities pursuant to which such entities may collect such fees. Such funds collected shall be retained at the area where the service was provided and expended for costs associated with the transpor-

tation system. The charge imposed under this paragraph shall not exceed the limits established in subsection (d)(1).

“(8) **ACCESS PROVIDED BY CONCESSIONER.**—Where the primary public access to an area at which an admission fee is charged is provided by a concessioner, the administering Secretary may not charge an admission fee.

“(9) **FREE ADMISSION FOR PERSONS 12 YEARS OF AGE OR UNDER.**—A person who is 12 years of age or under shall be charged no admission fee at any area at which admission fees are charged.

“(e) **ESTABLISHMENT OF ACCOUNTS AND DEPOSIT OF RECREATION FEES.**—

“(1) **ESTABLISHMENT.**—The Secretary of the Treasury shall establish a special account in the Treasury for each agency which collects recreation fees under this section. Within each such account, the administering Secretary shall separately account for receipts and disbursements of funds for each area.

“(2) **DEPOSITS.**—(A) The administering Secretary shall deposit in each agency account all receipts from fees collected pursuant to this section by any Federal agency (or by any public or private entity under contract with a Federal agency).

“(B) All funds from the sale of the Golden Eagle Passport shall be divided among the agencies based on a formula which the administering Secretaries shall devise and which considers total recreation admission fees collected by the agency and total recreation use at designated admission fee areas provided by the agency. Funds from the sale of the Golden Eagle Passport shall be deposited as recreation fees collected into the appropriate agency account.

“(C) All funds from the sale of geographic admission permits under subsection (d)(3) shall be divided among the areas for which such permits were issued on the basis of visitor use, length of stay, and other pertinent factors as determined by the administering Secretaries and shall be deposited as recreation fees collected from those areas into the appropriate agency account.

“(3) **FEE COLLECTION COSTS.**—Notwithstanding any other provision of law, the administering Secretary may, in any fiscal year, withdraw from the special account established under paragraph (1) an amount up to 15 percent of all receipts collected under this section in the preceding fiscal year. The amounts so withdrawn shall be retained by the administering Secretaries, and shall be available, without further appropriation, for expenditure by the Secretary concerned to cover fee collection costs, and shall remain available until expended. For the purposes of this paragraph, for any fiscal year, the term ‘fee collection costs’ means those costs for personnel and infrastructure directly associated with the collection of fees imposed under this section.

“(4) **USE OF SPECIAL ACCOUNTS.**—Amounts covered into the special account for each agency during each fiscal year shall be available after the end of such fiscal year for appropriation for visitor services, except as provided in paragraphs (3) and (5). Funds credited to the special account shall remain available until expended.

“(5) **AVAILABILITY OF RECREATION FEES.**—(A) Of amounts deposited in special accounts (as established in paragraph (1)) in the Treasury for the National Park Service, beginning in fiscal year 1998, 100 percent of the amounts earned in the previous year in excess of the following amounts (except for amounts made available for fee collection costs under paragraph (3)) shall be made available to the National Park Service without further appropriation as follows:

Amount	Fiscal year
\$ 85,000,000	1998
88,000,000	1999
91,000,000	2000
94,000,000	2001
97,000,000	2002
100,000,000	2003
103,000,000	2004

106,000,000 2005
109,000,000 2006.

“(B) Of the funds deposited in special accounts (as established in paragraph (1)) in the Treasury for the Forest Service and the Bureau of Land Management, beginning in fiscal year 1998 and extending through fiscal year 2006, 100 percent of the amounts earned in the previous year in excess of \$10,000,000 and \$4,000,000 respectively (except for amounts made available for fee collection costs under paragraph (3)) shall be made available without further appropriations.

“(C) Beginning in fiscal year 2007, and each fiscal year thereafter, the amount which shall be available without further appropriation for each agency shall be the amount in excess of the amounts specified for deposit in the Treasury in fiscal year 2006 under subparagraph (A) or (B), as the case may be.

“(6) USE OF RECREATION FEES.—Of the amounts made available without appropriation under paragraph (5), after the application of paragraph (3), 75 percent shall be allocated among the areas of each agency in the same proportion as fees collected from that specific area bear to the total amount of fees collected from all areas of that agency for the fiscal year. The remainder of the fees collected pursuant to this section shall be allocated among each agency's areas on the basis of need as determined by the Secretary. All such funds shall remain available until expended. Funds deposited into accounts under this paragraph may only be used (A) to fund visitor services on Federal lands, (B) for repair, rehabilitation, or replacement of visitor use facilities, and (C) for construction of new facilities as necessary to establish a recreation fee program at any area.

“(f) ENFORCEMENT OF FEE COLLECTION POLICIES.—In accordance with the provisions of this section, the administering Secretaries may prescribe rules and regulations for areas under their administration for the collection of any fee established pursuant to this section. Persons authorized by the administering Secretaries to enforce any such rules or regulations issued under this section may, within areas under the administration or authority of such administering Secretary and with or, if the offense is committed in his presence, without a warrant, arrest any person who violates such rules and regulations. Any person so arrested may be tried and sentenced by the United States magistrate specifically designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided in subsections (b), (c), (d), and (e) of section 3401 of title 18, United States Code. Any violations of the rules and regulations issued under this subsection shall be punishable by a fine as provided by law.

“(g) NON-FEDERAL RESERVATIONS.—The administering Secretary, under such terms and conditions as he deems appropriate, may contract with any public or private entity to provide visitor reservation services. Any such contract may provide that the contractor shall be permitted to deduct a commission to be fixed by the agency head from the amount charged the public for providing such services and to remit the net proceeds therefrom to the contracting agency.

“(h) USE OF VOLUNTEERS FOR FEE COLLECTION.—When authorized by the administering Secretary, volunteers at designated areas may collect fees authorized or established pursuant to this section. The administering Secretary shall ensure that such volunteers have adequate training for this purpose. The administering Secretary may require a surety bond for any such volunteer performing services under this subsection. Funds available to the collecting agency may be used to cover the cost of any such surety bond.

“(i) MITIGATION OF ANY IMPACTS OF RECREATIONAL FEES ON LOW-INCOME INDIVID-

UALS.—In carrying out this section, the administering Secretaries shall implement such programs as are necessary to ensure any impacts of recreational fees on low-income persons are minimized. costs of planning, construction, or rehabilitation of quarters on or off Federal lands under a lease under this paragraph.

(15) STUDY OF HOUSING ALLOWANCES.—Within 12 months after the date of enactment of this Act, the Secretary shall conduct a study to determine the feasibility of providing eligible employees of the National Park Service with housing allowances rather than government housing. The study shall specifically examine the feasibility of providing rental allowances to temporary and lower paid permanent employees. Whenever the Secretary submits a copy of such study to the Office of Management and Budget, he shall concurrently transmit copies of the report to the Resources Committee of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate.

(B) RENTAL RATES.—To the extent practicable, the Secretary shall establish rental rates for all quarters occupied by field employees of the National Park Service that are based on the reasonable value of the quarters in accordance with requirements applicable under section 5911 of title 5, United States Code.

(C) EXEMPTION FROM LEASING REQUIREMENTS.—The provisions of section 5 of the Act of July 15, 1968 (82 Stat. 354, 356; 16 U.S.C. 4601-22), and section 321 of the Act of June 30, 1932 (40 U.S.C. 303b; 47 Stat. 412), shall not apply to leases issued by the Secretary under this section.

(1) working with ULEP to develop or assemble comprehensive scientific and other information (including comprehensive and integrated mapping) concerning the Umpqua River basin's resources of forest, plants, wildlife, fisheries (anadromous and other), recreational opportunities, wetlands, riparian habitat and other physical or natural resources;

(2) working with ULEP to identify general or specific areas within the basin where land exchanges could promote consolidation of forestland ownership for long-term, sustained timber production; protection and restoration of habitat for plants, fish and wildlife (including any federally listed threatened or endangered species); protection of drinking water supplies; recovery of threatened and endangered species; protection and restoration of wetlands, riparian lands and other environmentally sensitive areas; consolidation of land ownership for improved public access and a broad array of recreational uses; and consolidation of land ownership to achieve management efficiency and reduced costs of administration; and

(3) developing a joint report for submission to the Congress which discusses land exchange opportunities in the basin and outlines either a specific land exchange proposal or proposals which may merit consideration by the Secretaries or the Congress, or ideas and recommendations for new authorizations, direction, or changes in existing law or policy to expedite and facilitate the consummation of beneficial land exchanges in the basin via administrative means.

(b) MATTERS FOR SPECIFIC STUDY.—In analyzing land exchange opportunities with ULEP, the Secretaries shall give priority to assisting ULEP's ongoing efforts in:

land exchanges could promote the goals of long term species and watershed protection and utilization, including but not limited to the goals of the Endangered Species Act of 1973 more effectively than current land ownership patterns and whether any changes in law or policy applicable to such lands after consummation of an exchange would be advisable or necessary to achieve such goals;

(4) identifying issues and studying whether possible changes in law, special appraisal instruction, or changes in certain Federal appraisal procedures might be advisable or necessary to facilitate the appraisal of potential exchange lands which may have special characteristics or restrictions affecting land values;

(5) identifying issues and studying options and alternatives, including changes in existing laws or policy, for achieving land exchanges without reducing the net supply of timber available to small business;

(6) identifying, mapping, and recommending potential changes in land use plans, land classifications, or other actions which might be advisable or necessary to expedite, facilitate or consummate land exchanges in certain areas;

(7) analyzing potential sources for new or enhanced Federal, State, or other funding to promote improved resource protection, species recovery, and management in the basin; and

(b) *RED FISH DEFINED.*—For the purposes of subsection (a), the term “red fish” means spawned-out sockeye salmon that has no significant commercial value.

(c) *TITLE.*—No provision of this section shall be construed to invalidate or validate or in any other way affect any claim by the State of Alaska to title to any or all submerged lands, nor shall any actions taken pursuant to or in accordance with this Act operate under any provision or principle of the law to bar the State of Alaska from asserting at any time its claim of title to any or all of the submerged lands.

(d) **JURISDICTION.**—Nothing in this section nor in any actions taken pursuant to this section shall be construed as expanding or diminishing Federal or State jurisdiction, responsibility, interests, or rights in management, regulation, or control over waters of the State of Alaska or submerged lands under any provision of Federal or State law.

SEC. 1043. CREDIT FOR RECONVEYANCE.

Within 24 months after the date of the enactment of this Act, the Cape Fox Corporation may transfer all or part of its right, title, and interest in and to the approximately 320-acre parcel that includes Beaver Falls Hydroelectric powerhouse site to the United States. In exchange for the transfer, the acreage entitlement of the Cape Fox Corporation shall be credited in the amount of the number of acres returned to the United States under this section.

SEC. 1044. RADIO SITE REPORT.

The Secretary of Agriculture (1) shall have a period of 180 days from the date of enactment of this Act to review management of Inspiration Point, San Bernadino National Forest, make a determination whether the continued presence of the KATY-FM antenna on the site is in the public interest, and report the determination with the reasons therefor to the Committee on Energy and Natural Resources, United States Senate, and the Committee on Resources, House of Representatives, and (2) shall take no action within such period which causes or results in, directly or indirectly, the removal of the antenna from the site.

SEC. 1045. MANAGEMENT OF EXISTING DAMS AND WEIRS.

With respect to the Emigrant Wilderness in the Stanislaus National Forest, California, as designated by section 2(b) of Public Law 93-632 (88 Stat. 2154; 16 U.S.C. 1132 note), the Secretary of Agriculture shall retain and maintain the 18 concrete dams and weirs that were located within the boundaries of the Emigrant Wilderness on the date of the enactment of such Public Law, January 3, 1975. If personnel of the Forest Service are unavailable to perform the maintenance of the dams and weirs, or to supplement the maintenance activities of Forest Service personnel, the Secretary shall contract with other persons to perform the maintenance at Government expense or permit other persons to perform the maintenance at private expense.

SEC. 1046. UNIVERSITY OF ALASKA LAND NEGOTIATION.

(a) Subject to valid existing rights and the conditions set forth in this legislation, the Secretary of the Interior is authorized to convey to the University of Alaska, as a grant and in fee simple, a basic Federal entitlement of 350,000 acres of Federal lands in Alaska.

(b) The University of Alaska may submit to the Secretary a list of properties the university has selected to receive under the conditions of this grant. The university may submit selections that exceed the basic entitlement, except that such selections shall not exceed 385,000 acres.

(c) The Secretary shall not approve or convey, under this grant—

(1) any Federal lands which, at the time of enactment of this Act, are included in a Conservation System Unit as defined in the Alaska National Interests Lands Conservation Act or a National Forest.

(2) any Federal lands validly selected but not conveyed to the State of Alaska or the corporations organized pursuant to the Alaska Native Claims Settlement Act.

(d) Lands shall be conveyed to the university only to the extent that the State of Alaska conveys, or has conveyed an equivalent amount of acreage to the university subsequent to enactment of this Act.

TITLE XI—CALIFORNIA BAY DELTA ENVIRONMENTAL ENHANCEMENT

SEC. 1101. PROGRAM FUNDING.

(a) **AUTHORIZATION OF APPROPRIATIONS.**—For each of the fiscal years 1998, 1999, and 2000,

there are authorized to be appropriated an additional \$143,300,000 for both—

(1) the initial Federal share of the cost of developing and implementing that portion of an ecosystem protection plan for the Bay-Delta, referred to as “the Category III program” emanating out of the document entitled “Principles for Agreement on Bay-Delta Standards Between the State of California and the Federal Government”, dated December 15, 1994, and

(2) the initial Federal share of the cost of developing and implementing the ecosystem restoration elements of the long-term CALFED Bay-Delta Program, pursuant to the cost sharing agreement required by section 78684.10 of California Senate Bill 900, Chapter 135, Statutes of 1996, signed by the Governor of California on July 11, 1996.

Funds appropriated pursuant to this section shall remain available until expended and shall be administered in accordance with procedures established by CALFED Bay-Delta Program until Congress authorizes another entity that is recommended by CALFED Bay-Delta Program to carry out this section.

(b) **TREATMENT OF FUNDS.**—Funds authorized to be appropriated pursuant to this section to those agencies that are currently or subsequently become participants in the CALFED Bay-Delta Program shall be in addition to the baseline funding levels established pursuant to subsection (e), for currently authorized projects and programs under the Central Valley Project Improvement Act (title XXXIV of Public Law 102-575) and other currently authorized Federal programs for the purpose of Bay-Delta ecosystem protection and restoration.

(c) **LONG-TERM SOLUTION.**—Nothing in this section shall be deemed to diminish the Federal interest in and responsibility for working with the State of California through the CALFED Bay-Delta Program in developing, funding, and implementing a balanced, long-term solution to the problems of ecosystem quality, water quality, water supply and reliability, and system vulnerability affecting the San Francisco Bay/Sacramento-San Joaquin Delta Watershed in California. Participation in such long term solution shall only be undertaken pursuant to authorization provided by law other than this section, and shall be based on the equitable allocation of program costs among beneficiary groups that the CALFED Bay-Delta programs shall develop.

(d) **ACTIVITIES.**—To the extent not otherwise authorized, those agencies and departments that are currently or subsequently become participants in the CALFED Bay-Delta Program are hereby authorized to undertake the activities and programs for which Federal cost sharing is provided by this section. The United States shall immediately initiate coordinated consultations and negotiations with the State of California to expeditiously execute the cost-sharing agreement required by section 78684.10 of California Senate Bill 900, Chapter 135, Statutes of 1996, signed by the Governor of California on July 11, 1996. Such activities shall include, but not be limited to, planning, design, technical assistance, and construction for ecosystem restoration programs and projects.

(e) **BUDGET CROSSCUT.**—The Office of Management and Budget is directed to submit to the House and Senate Committees on Appropriations, as part of the President's Fiscal Year 1998 Budget, an interagency budget crosscut that displays Federal spending for fiscal years 1993 through 1998 on ecosystem restoration and other purposes in the Bay-Delta region, separately showing funding provided previously or requested under both pre-existing authorities and new authorities granted by this section.

(f) **EFFECTIVE DATE.**—Subsections (a) through (d) of this section shall take effect on the date of passage of California State Proposition 204.

And the Senate agree to the same.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The Managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 1296), to provide for the administration of certain Presidio properties at minimal cost to the Federal taxpayer, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The Senate amendment struck all of the House bill after the enacting clause and inserted a substitute text.

The House recedes from its disagreement to the amendment of the Senate with an amendment that is a substitute for the House bill and the Senate amendment.

TITLE I: PRESIDIO OF SAN FRANCISCO

Title I is very similar to H.R. 1296 passed by the House and described in House Report 104-202. The Managers have made a number of relatively small refinements to the language as passed.

Perhaps most importantly, the Managers have clarified that all lands within the Presidio will remain within the boundary of Golden Gate National Recreation Area, even after formation of the Presidio Trust. This location within a unit of the National Park System is expected to have a strong influence on the future management of the area.

The Managers have made adjustments to the language regarding the transition of the Presidio from management by the National Park Service to management by the Presidio Trust. Those adjustments include clarification of how previously appropriated funds would be handled, how current employees of the National Park Service would be dealt with, and the manner in which the National Park Service would continue to oversee certain ongoing activities, particularly construction projects. In addition, the Managers have provided guidance with respect to the transfer of personal property. The Managers are aware that the National Park Service inherited a substantial amount of personal property from the Army when they departed. In fact, there was so much personal property transferred that some of the equipment has already been transferred to other park units in the Bay area. The Managers have therefore specified that personal property received by the National Park Service should be transferred to the Trust for their ongoing management of the property, rather than remain with the National Park Service.

The Managers have provided for the U.S. Park Police to provide for continued law enforcement presence at the Presidio. Currently, the National Park Service has both park rangers and park police performing such services; and the Managers concur with the position of the Senate that the park police are best suited to carry out this function.

The Managers have agreed to provide reasonable flexibility to the Trust in terms of compliance with Federal procurement laws. The flexibility provided to the Trust in this legislation is consistent with overall efforts by both the Administration and the Congress to reduce the administrative burden of procurement laws.

Finally, the Managers have agreed to extend the timeframe for providing federal funding to the Trust from 12 to 15 years. While analysis conducted by the Trust indicates that it is feasible to eliminate the need for Federal funds in 12 years, extending such authority for 15 years provides a greater level of assurance of success for the Trust. In recognition of the overall level of funding which will still be required to implement this legislation, as well as in the interest of charting the progress of this relatively unique partnership, the Managers have agreed to a strong commitment on behalf of the General Accounting Office to provide oversight and feedback to the Congress.

SECTION 218

The Managers agreed to certain changes in language pertaining to the establishment of Shenandoah National Park as contained in the House-passed version of H.R. 1091. While

the boundary of the park is established to consist of lands in Federal ownership as of the date of enactment of the provision, the Secretary is provided additional flexibility in making future minor boundary adjustments at the park. The original House version of H.R. 1091 permitted future minor boundary adjustments only where essential to facilitate trailhead access. The Managers agreed to permit minor boundary adjustments where the Secretary determines it would further the purposes of the park. H.R. 1091 as passed by the House limited the methods for future boundary adjustments to donation only, while the Managers agreed to permit such adjustments by donation, exchange or acquisition from willing sellers. The Managers also agreed to direct the National Park Service to undertake a comprehensive boundary study, which would guide all future boundary modifications after its completion.

SECTION 219

The purpose of this provision is to validate certain conveyances made by the Southern Pacific Transportation Company within the city of Tulare, California.

From 1862 through 1871, Congress adopted the Pacific Railroad Acts (The Charter Acts) to establish a system of railroads in the western United States. The Charter Acts gave railroads a right-of-way to strips of land 200 feet wide on each side of the railroad tracks where the tracks were laid along routes established in the Charter Acts.

The right-of-way for the railroad tracks and a strip 200 feet wide on either side within the Downtown Redevelopment Area of the City of Tulare (Railroad Right-of-Way) was granted to the Central Pacific Railroad Company of California and the Southern Pacific Railroad Company under the Charter Acts in 1862.

Currently, the Railroad Rights-of-Way through Tulare are an active and essential part of the railroad corridor. There is only a remote possibility that the railroad tracks through downtown Tulare will ever be abandoned; however, that possibility means title to eight parcels of land is somewhat clouded and could be impaired or lost. Congressional action is the only relief to clear title to the eight parcels.

The Managers have agreed to correct the problem by validating and confirming title to the eight parcels in accordance with 43 U.S.C. 912. On seven previous occasions, Congress has validated similar conveyances under the same authority.

The City of Greeley, Colorado and the Water Supply and Storage Company operate eight reservoirs in the Roosevelt National Forest in Colorado. This provision would provide the framework for the agreement that has been reached between the United States Forest Service and the City of Greeley and Water Supply and Storage.

The agreement has been negotiated over the last twelve months and would provide for the Forest Service with 708 acres of land to improve the administration of the Roosevelt National Forest. Some of this land is within the boundaries of Federally designated Wilderness Areas.

SECTION 312

The Conference Committee has adopted language which could lead to a major expansion of the Gates of the Arctic National Park and Preserve and to significant additions to the Maritime National Wildlife Refuge and other conservation system units in Alaska. These expansions would be made if mutually agreeable land exchanges are negotiated by the Secretary of the Interior with the Arctic Slope Regional Corporation (ASRC) and the State of Alaska. In return for conveying to the United States title to lands long sought for addition to the Park and other conservation units, ASRC and the State could receive title to lands located within the 23 million acre National Petroleum Reserve-Alaska (NPR-A).

The Managers agree that establishment of the memorial to Black Revolutionary War Patriots is an important effort. SECTION 509

The authorization for the Advisory Council on Historic Preservation is scheduled to expire at the end of the current fiscal year. The Managers are aware that under the current Section 106 process for implementation of the National Historic Preservation Act, the Advisory Council plays an important role in assessing and mitigating the impacts of Federal actions on significant historic properties. The Managers are also aware that in the recent past, the Advisory Council has attempted to promulgate regulations which could have led to significant increases in the cost of compliance with the National Historic Preservation Act, and which would have provided little additional benefit in terms of resource protection. While the Advisory Council has subsequently withdrawn those regulations in the face of overwhelming public opposition, the Managers remain concerned about the nature of final regulations to be adopted.

The Managers agreed to a four-year extension of the authorization of the Advisory Council, but within that time frame have directed that the Council provide recommendations for modifying the overly complex historic preservation compliance process. In particular, the Managers are seeking alternative ways to carry out the Historic Preservation Act which will be less burdensome on both the public and private sectors.

The Managers have also agreed on a number of technical amendments which are needed to improve the day-to-day operations of the Advisory Council.

*Richmond National Battlefield Park**Subsection a: Findings and purposes*

This subsection establishes the findings and purposes. Congress finds that the boundaries of the Richmond National Battlefield Park do not include all of the historically significant areas important to the Civil War campaigns in and around the City of Richmond which served as the capital of the Confederacy.

The purposes of this section are to establish a revised boundary for the park to consist of the lands currently in Federal ownership and to provide for procedures for the National Park Service to expand the boundaries.

Subsection b: Modification of boundary

This subsection designates the boundary of the park to comprise those lands in Federal ownership and administered by the National Park Service before the date of enactment of this legislation.

Subsection c: Land acquisition

This subsection authorizes the Secretary to expand the boundaries of the park to include those lands identified in the general management plan for the park approved in June 1996 and depicted on the National Park Service map dated August 1993. The Secretary may acquire lands for addition to the park by donation, purchase with donated or appropriated funds or exchange with the consent of the land owner. Upon acquisition of any lands by the Secretary, the park boundary is modified to include those lands without further action by Congress.

Subsection d: Park management and administration

This subsection directs the Secretary to interpret for the benefit of the public the sig-

nificance of the Battles of Richmond on the Civil War and the effects of the Civil War on all American people. To further the interpretation and preservation of the historic resources of the park identified in the general management plan, the Secretary is directed to provide technical assistance and to enter into cooperative agreements with local governments, nonprofit organizations and land owners. The Secretary is also authorized to provide technical assistance to local governments, nonprofit organizations and land owners to protect and preserve historically significant Civil War resources located outside of the boundary of the park.

Subsection e: Administration

This subsection clarifies that Richmond National Battlefield Park is to be managed in accord with the Historic Sites Act of 1935.

SECTION 607

*Title 607. Shenandoah Valley Battlefields National Historic District**Subsection (a.): Short title*

This subsection entitles this section as the Shenandoah Valley National Battlefields National Historic District comprising 10 Civil War battlefields in Virginia's Shenandoah Valley.

Subsection (b.): Congressional findings

In 1990, Congress enacted the Civil War Sites Study Act (section 1204 of Public Law 101-628). That law directed the Secretary of the Interior to prepare a study of Civil War sites within the Shenandoah Valley in Virginia. The study was completed in September 1992, and transmitted to Congress in summer of 1993.

The study notes that "the battlefields identified in this study collectively appear to meet criteria for national significance. The study shows that the Shenandoah Valley represents a unique geographic and historic resource: that it possesses tremendous scenic beauty and exceptional potential for interpreting aspects of the Civil War that are currently not represented in the National Park System; . . . and that many portions of the Valley retain a high degree of historic, rural, and scenic integrity."

The study identifies the historical significance of the battles in the Valley associated with Confederate General Thomas J. (Stonewall) Jackson's campaign of 1862 and the decisive Union campaigns of 1864 led by Union General Philip Sheridan.

Subsection (c.): Statement of purposes

Until recently, most of the Shenandoah Valley had remained in the same type of agricultural use since the Civil War. However, increasing development within the Valley has begun to threaten the integrity of many of these battlefield sites. This subsection sets forth the purposes of the Historic District to provide a coordinated strategy for protection involving the National Park Service, the Commonwealth of Virginia, local governments, private organizations and land owners.

Partnerships between all levels of government, private landowners and non-profit organizations will foster the protection of the natural, cultural, and historic resources within the historic district linking the battlefields.

Subsection (d.): Definitions

This subsection defines certain key terms used in this section.

Subsection (e.): Shenandoah Valley Battlefields National Historic District

This subsection establishes the Shenandoah Valley Battlefields National Historic District consisting of lands identified in the Park Service study, the battlefield areas identified on the National Park Service map at Cedar Creek, Cross Keys, Fisher's Hill, McDowell, New Market, Opequon, Port Republic, Second Kernstown, Second Winchester, and Tom's Brook, and the historic transportation routes linking these battlefields.

Subsection (f.): Shenandoah Valley Battlefields National Historic District Plan

This subsection provides that the District is to be managed by the Commission and the management entity pursuant to this Act and the Shenandoah Valley Battlefields Historic District Plan (the "plan"), pursuant to this section.

It also sets forth the specific provisions of the plan, including the development of an inventory of lands that should be acquired, managed or preserved because of its historical significance; provisions for the establishment of a management entity which may be either a unit of government or a private non-profit organization; identification of partnerships between state, local and regional entities and the private sector; and, provisions for the protection and interpretation of natural, cultural and historic resources in the Historic District.

The purpose of the management entity is to administer the District consistent with the plan. The management entity would have legal ability to receive and disburse Federal funds, enter into agreements with all levels of governments or organizations to provide for the implementation of the plan, and to acquire lands from willing sellers for the purposes of preserving the historic resources in the District.

This subsection directs the Commission to prepare a draft plan within 3 years. The Commission is required to ensure that appropriate notice of the draft plan is provided to local communities.

It also requires that the Secretary review the plan and within 90 days after receiving the plan, either approve it or reject the plan and recommend modifications that would make the plan acceptable.

Subsection (g.): Duties of the Secretary

This subsection authorizes the Secretary to award grants, provide technical assistance and enter into cooperative agreements with local governments, property owners and non-profit organizations to preserve and interpret the historic resources in the District.

The Secretary may acquire land from a willing seller that has been identified by the Commission as important to the preservation of battlefields within the District.

The Secretary is directed, upon request of the Commission, to detail two employees of the Department of the Interior to the Commission to assist with the preparation of the plan.

Following the approval of the plan, the Secretary is to report to Congress on whether the Historic District or specific components should be added as units of the National Park System.

Subsection (h.): Shenandoah Valley Battlefields National Heritage Corridor Commission

This subsection establishes the Shenandoah Valley National Battlefields Historic District Commission (the "Commission") consisting of 19 members. The Commission is to be composed of local governments, property owners, a member with expertise in historic preservation, a Civil War historian, and the Governor of Virginia and the Director of

the National Park Service, in an ex-officio capacity.

Subsection (I.): Duties of the Commission

The duties of the Commission are the development of the plan; assisting in the management, protection and interpretation of the natural, cultural and historical resources within the District; and, taking appropriate action to encourage protection of the resources within the District by landowners, local governments, and other organizations.

Section (j.): Authorization of appropriations

This subsection authorizes the appropriation of \$250,000 annually from the amounts available to carry out the National Historic Preservation Act for the establishment and operation of the Commission.

There is authorized to be appropriated to the Secretary \$2,000,000 annually from the National Historic Preservation Act to make grants, provide technical assistance and enter into cooperative agreements pursuant to Section 7.

For the purposes of land acquisition within the Historic District, \$2,000,000 is authorized to be appropriated from the National Historic Preservation Act pursuant to Section 7(d).

A total of \$500,000 annually is authorized to be appropriated from the National Historic Preservation Act for the establishment and operation of the management entity.

SECTION 702

For an explanation of the text see House Report 104-57 (HR 536).

SECTION 703

The Managers agree that many provisions of the existing recreation fee policy, as provided in Section 4 of the Land and Water Conservation Act are outdated and unworkable. The Managers have therefore agreed that current law should be replaced in its entirety. The policy adopted by the Managers is similar to the recreation fee policy contained in HR 2107 as reported by the House Resources Committee. However, the Managers have agreed to include a number of limitations on fee increases, similar to those included in the Balanced Budget Act which was vetoed by the President.

The inclusion of caps in the legislation is probably one of the biggest changes to the fee policy reported by the House Resources Committee. The Managers have agreed to caps of \$10 per person or \$25 per car for single admission visits, \$25 for annual geographic permits and \$50 for Golden Eagle Passports. The Managers have also provided that Golden Eagle Passports would be available to persons 62 years of age or older for no more than 50 percent of the rate charged for other persons. In addition, the Managers have agreed that all children 12 and under should be charged no admission fee. The Managers have included language which provides that increases in fees will be implemented over a reasonable period of time in order to minimize rapid escalation of fees charged to recreation users. The Managers do not anticipate that agencies will begin to immediately charge fees as provided for in this legislation at the maximum allowable rate.

The Managers have agreed to limit the scope of this provision to the National Park Service, Bureau of Land Management and Forest Service only, at this time. The Managers recognize that over the long term, it is desirable for the public to have a single recreation fee policy for all Federal lands. However, since other agencies have recreation fee authority conformance is not es-

sential at this time. The Managers expect that other such agencies will undertake no program inconsistent with this provision, unless otherwise specifically provided in law.

The Managers have also simplified the recreation fee program as contained in HR 2107. Specifically, the Managers have agreed to delete target recreation revenue goals, delete appropriation language and simplify the calculation of how much revenue should be retained by each of the collecting areas.

The Managers have included in the text the current fee schedule for admission fees for commercial tour operators. The Managers recognize that in some cases agencies may already be charging rates higher than those specifically included in this text, but does not intend in any way to imply that current fees schedules should be modified. Rather, the Managers intend simply that future increases in such commercial tour entry fees be in accord with the provisions of this section.

The Managers recognize that the four land management agencies were recently authorized under the FY 96 Interior Appropriation Act (Public Law 104-134) to implement recreation fee demonstration programs. Unfortunately, none of the agencies with this authority, except the Forest Service, have elected to implement it. Therefore, in order to develop a consistent policy, this legislation repeals that authority for all agencies except the Forest Service.

SECTION 704

This section provides for the protection of the natural resources of Glacier Bay National Park by the Secretary of the Interior while preserving the authority of other Federal agencies to enforce environmental laws under their authority in the Park. The Secretary of the Interior issues permits and charges fees to concessionaires in the Glacier Bay national park, including cruise ships. The fees collected by the Secretary be used to protect Park resources within the Park. Therefore, this section provides that 60 percent of the fees charged to certain permittees be used by the Secretary to protect park resources, including prepositioned oil spill prevention equipment.

In addition, the Committee on Conference is concerned that recent rulemakings by the Secretary of the Interior regarding permit conditions for park concessionaires appear to overstep the authority of the Secretary and usurp the authority of other Federal agencies, such as the Coast Guard and the Environmental Protection Agency, to enforce the Oil Pollution Act, the Federal Water Pollution Control Act and the Clean Air Act. Accordingly, this provision limits the authority of the Secretary to condition permits, including permits for vessel operations, in the Park.

Finally, the Committee is concerned that the permit conditions being considered by the Secretary be based on substantial, verifiable scientific information. Therefore, this section allows permit fees to be used for further scientific investigations to help the Secretary to develop appropriate and justified permit conditions to protect Glacier Bay National Park resources.

SECTION 815

The Managers agreed to a broad array of administrative reforms for the National Park Service as generally provided by H.R. 2941 (see House Report 104-802, Part I). However, the Managers did agree to make changes to the language from H.R. 2941 pertaining to both housing and construction of administrative facilities outside of the boundaries of park areas.

The most significant change to the housing authority is the elimination of the authority to sell government housing to cooperatives consisting of field employees. While Managers agree that this provision has merit, they also agree that there are potential problems and have therefore agreed to a study of such a program prior to its authorization. The Managers have also agreed to direct the Secretary to refine the concept of required occupancy. The Managers have found evidence that this concept is not applied uniformly and believe that employees who are required to occupy government quarters due to isolation deserve similar treatment regardless of occupation.

The Managers deleted the generic authority for the National Park Service to construct facilities outside of park boundaries on non-federal land and substituted the site-specific authority for such construction at Zion National Park. The Managers are aware of several similar proposals currently receiving congressional consideration. However, the Managers generally believe that park facilities should be located in the park, and that other federal leasing authorities are generally adequate to provide needed building space outside the parks. It is the conclusion of the Managers that the need for facilities outside of park boundaries should continue to be evaluated on a case-by-case basis.

SECTION 816

Section 816 is based on legislation passed by the House Resources Committee (H.R. 3534) which authorizes the National Park Service to continue to issue special use permits to cabin owners at Mineral King in Sequoia National Park, after the death of the permittee of record.

There is no accurate count of persons living within areas designated by Congress as units of the national park system, either on private property or on Federally-owned property. For example, Indiana Dunes National Lakeshore reports that at one point, there were over 700 use and occupancy agreements at that park alone.

Individuals currently reside inside parks under three basic sets of conditions. The first is on private property within the park boundary which has not yet been acquired by the Federal government. The second is when property has been acquired by the Federal government under terms of a use and occupancy agreement. The third is when the Federal government permits persons to reside on Federal lands.

Since 1972, acquisition of Federal lands has been guided by the Uniform Relocation and Assistance Act. That law generally provides for the government to authorize the lease back of an improved residence which has been acquired, for up to 25 years or the life of the occupant, depending on any limitations contained in the specific authorizing statute. For example, if the Federal government is acquiring the area for road construction purposes, the resident would typically not be offered a lifetime estate. The homeowner pays for this extended use of the property through a reduction in the purchase price paid by the government. These persons have a property right which is reflected as a use and occupancy agreement. Such use of the property can be bought and sold.

In the 1970's, when the Federal government was acquiring extensive lands for park purposes, it has been alleged that some of the acquisition was heavy-handed. It is unclear whether residents were fully advised of their rights, and there were a number of bitter land acquisition disputes across the park system. Congress has addressed this issue at least once before, when an Act was passed which permitted residents of Minute Man National Historic Park to extend their original use and occupancy agreements (PL 102-488).

The history of the National Park Service permitting persons to use park lands for residential purposes is less clear. Typically these situations arise due to prevailing conditions at the time of park establishment. However, there has been a wide discrepancy among parks with regard to how any generic authority is interpreted. Some park superintendents claim they have no authority to permit such non-park residential use of the land, while others have seen no problem with the issuance of special use permits for residential purposes.

Mineral King was Forest Service land added to Sequoia-Kings Canyon National Park in the 1970's in order to prevent Disney from developing a ski area. When the land was added, there were a number of residents within the addition; both persons who owned their property and persons who occupied cabins under a special use permit from the Forest Service. The legislation establishing the area stated that such "special use" permits would only be issued to the owner or lessee of record at the time. Now, nearly 20 years after enactment of the original law, some original owners have died and their heirs are seeking to continue their permits.

This provision amends the 1978 statute adding the Mineral King area to Sequoia-

Kings Canyon National Park by specifically authorizing the National Park Service to issue cabin leases to the heirs of the original permittees of record until the death of the last permittee of record.

The language of the bill requires permittees to pay fair market value for such use, and specifically provides for protection of park resources and termination of the use if lands are needed for other purposes. The legislation provides that the Secretary must have the funds to implement such alternative use, rather than simply prepare a plan calling for such use. The Managers do not believe that these persons should be forced out of their cabins until such alternative use is a reality.

SECTION 817

Language is self-explanatory.

SECTION 818

This section directs the Secretary of the Interior to conduct a study of the Lake Calumet area to analyze alternative ways to manage the area.

SECTION 819

This section provides for a legislative taking of the balance of private property in the Gherini Ranch on Santa Cruz Island in Channel Islands National Park. The National Park Service currently owns a three-fourths undivided interest in the Gherini Ranch, which is a 6,200-acre parcel located on the east end of Santa Cruz Island. This parcel of land is currently being severely impacted by uncontrolled populations of feral sheep. While the Federal government has acquired three undivided one-fourth interest portions of this ranch on a willing seller basis, there is little hope of the Federal government reaching agreement with the remaining property owner regarding the value of the land. Therefore, in order to bring an end to overgrazing, and resultant impacts on park resources, including irreversible destruction of archeological sites, the Managers support this legislative taking.

TITLE IX: HERITAGE AREAS

SECTION 901

For an explanation of the text see Senate Report 104-42 (S. 601).

SECTION 902

The language is self-explanatory. The Managers agreed to direct the Administration to study the area.

TITLE X: MISCELLANEOUS

SUBTITLE A

The conference agreement includes language to create a tallgrass prairie national preserve in the Flint Hills of Kansas. The preserve will be created through a unique private/public partnership between the federal government and a private conservation group. The partnership is the culmination of decades of discussions between agriculture and conservation interests who, until now, have disagreed over issues such as federal ownership and cattle grazing as part of a tallgrass prairie preserve in Kansas. The language drafted in this legislation is the result of consensus building and compromise between these various groups.

While the conference agreement only provides for federal ownership, by donation, of 180 acres of land on the preserve, it is hoped that the National Park Service, through the cooperative agreement language contained in this bill, will be able to work with the private land owners (and its lessee) of the rest of the 10,894-acre ranch to provide interpretive and recreation opportunities within the boundaries of the preserve, but beyond the federally owned-core.

The stated purposes of this bill remain broad to give the National Park Service

maximum flexibility in determining land use practices within the preserve through the general management planning process, with input from an advisory committee created by this bill. We believe a public planning process, with input from all Kansans, including local citizens and adjacent landowners, will enable the National Park Service to identify the best use for the 180 federally-owned acres, and provide guidance for possible cooperative agreements between the federal government and the private owner and its leasee.

The conferees note that the Kansas congressional delegation is united in its belief that a strong emphasis of the preserve should include the management of range lands through historic and contemporary ranching practices. While the conferees are unwilling to include language in the act that would require any predetermined use of private property mentioned within this bill, the conferees agree with the Kansas congressional delegation that current cattle ranching activities, consistent with the ecologically sound and sustainable management of this property, should continue after the preserve is created. Cattle ranching, as practiced under the current grazing lease, is consistent with the interpretation of the history and culture of the Flint Hills region of the tallgrass prairie.

SUBTITLE C

SECTION 1021

This provision establishes a national recreation area, changes the designation of the black canyon of the Gunnison National Monument to a National Park, and designates a new BLM conservation area on the Lower Black Canyons.

The conferees intend that all agencies operating within the newly designated complex share personnel, supplies, materials and equipment to the extent practicable for a more efficient and effective overall operation.

SECTION 1037

Despite Alaska's stature as the largest State in the Union and the millions of acres of federal lands in the State, Alaska ranks 10th in Payment in Lieu of Taxes (PILT) receipts. This is because the definition of "unit of local government" includes only organized boroughs and certain independent cities in Alaska. Yet over 60 percent of the federal lands in Alaska are located outside any organized borough.

This section will not increase the current entitlement ceiling of PILT, it will only change the way the PILT fund is divided by providing a small additional share of the PILT fund distribution to those Alaskan communities that are outside unorganized boroughs. The legislation also will not reduce other states PILT funding significantly because PILT calculations also include population statistics.

SECTION 1038

The conferees have included bill language that prohibits termination of a timber sale contract solely for failure to operate a pulp mill. This provision is necessary to provide flexibility to the Administration so that jobs in the sawmill portion of the contract holder's operation are not lost along with pulp mill jobs. The Forest Service shall work with the contract holder to make any excess volume available to sawmills in Southeast Alaska closed for lack of timber.

SECTION 1039

This provision directs the Secretary of the Interior to undertake a negotiation with several Alaska Native Corporations in the Cook Inlet region of Alaska to resolve disagreements over final land conveyances to the Native Corporations under the Alaska Native Claims Settlement Act. The Secretary is required to report to the relevant authorizing committees the results of the negotiation by March 1, 1997. To facilitate the negotiation, the amendment extends a statute of limitations which could be interpreted as requiring the filing of a suit by the corporations against the Secretary for failure to convey lands described in the Deficiency Agreement of August 31, 1976.

SECTION 1040

This section authorizes the Native residents of the Southeast Alaska Native villages of Haines, Ketchikan, Petersburg, Tenakee and Wrangell to organize as urban or group corporations under an amendment to the Alaska Native Claims Settlement Act of 1971 (ANCSA). ANCSA authorized the creation of village, urban and regional corporations to receive settlements and manage assets distributed to settle aboriginal claims of Natives and Native groups in Alaska. The original ANCSA language failed to include the Native villages of Haines, Ketchikan, Petersburg, Tenakee or Wrangell in the exclusive list of villages in Southeast Alaska eligible to create village or urban corporation. Unlike the treatment of other Native villages elsewhere in Alaska, ANCSA did not provide an appeal right or other procedures for qualification of Southeast Native villages not included in the original list. Although Natives enrolled to Haines, Ketchikan, Petersburg, Tenakee and Wrangell during the ANCSA process did become at-large share-

holders in the regional corporation for Southeast Alaska, Natives from these five communities were denied the benefits from rights to land and local resources that other village and urban corporations in Southeast Alaska received under ANCSA.

SECTION 1041

This section would transfer legal title to approximately 160 acres of land to Daniel and Douglas Gross. The Gross brothers are the surviving sons of Mr. and Mrs. Lee Gross of Wrangell, Alaska, the original homesteaders.

SECTION 1042

For an explanation of the text see House Report 104-687 (HR 1786).

SECTION 1043

The Conferees adopted a provision recognizing that in 1982, Cape Fox Corporation (CFC) selected approximately 320 acres surrounding the Beaver Falls hydro-project's powerhouse. The facility was constructed in 1945 and licensed by the FPC, now FERC. It is owned and operated by the City of Ketchikan through the Ketchikan Public Utilities. The City of Ketchikan protested CFC's selection of the site to the Interior Board of Land Appeals (IBLA). The IBLA upheld CFC's selection in a decision made in 1983. In this decision IBLA essentially ruled that the City could continue to operate the hydro facility under the terms of Section 14(g) of ANCSA until their license expired in 1995. At license expiration, use of the land by the City would be subject to acquisition of a real property interest from CFC.

A FERC order dated November 7, 1994, issuing the "new" license for this facility, Project No. 1922-008, includes a clause that directs the City to pay all land use fees including use of CFC land to the federal government. The effect of this decision removes CFC's property rights, which deprive CFC of its ability to make economic use of its land. The FERC order also creates a conflict between two federal agencies, IBLA and FERC.

This section grants authority for CFC to return the 320 acre Beaver Falls selection area to the federal government and expands CFC's selection area accordingly.

SECTION 1044

The conferees have included bill language requiring the Secretary to report to the relevant committees of the House and Senate on a determination of whether the continued presence of a small antenna at an existing radio communications site barely within the San Bernardino National Forest at Inspiration Point is in the public interest. The conferees regret the need to direct that such a report, given the overwhelming community support for continued presence of the antenna, is necessary for public safety and emergency broadcasts.

SECTION 1045

Between 1931 and 1954 local sporting enthusiasts and back country users built and constructed a series of 18 dams and concrete weirs throughout the area which later came to be known as the Immigrant Wilderness Area. These dams were built from native rock so as to blend in naturally with their surroundings, most of these dams do not exceed two feet in height. The last dam was built 20 years before wilderness designation was considered for the area.

Report language for H.R. 12884 which established the Immigrant Wilderness Area indicated that "the weirs and small dams will be retained." Inclusion of this provision in the conference report to preserve these dams will maintain traditional wilderness and recreation uses.

SECTION 1046

This provision concerns a longstanding inequity affecting the University of Alaska,

the State's only federal land grant institution of higher learning. The University was established in 1890. However, because of Alaska's territorial status, it did not benefit from the original Morrill School Lands Act, which only benefited states. Congress sought to address this problem in 1915 and 1929 through legislation which reserved certain public lands in Alaska for the benefit of the University. Unfortunately, the University has as of today received less than one-third of the acres it was entitled to receive from the federal government. As a result, even though Alaska is the largest of the fifty states, it ranks 48th in terms of land devoted to higher education. This language begins to address both of these problems by authorizing the Secretary of the Interior to convey up to 350,000 acres of federal lands, on a matching basis with the State of Alaska, to the University.

**TITLE XI: CALIFORNIA BAY-DELTA
ENVIRONMENTAL ENHANCEMENT**

The Managers agreed to the inclusion of this proposal which will authorize \$430 million for fiscal years 1998 through 2000 for ecosystem protection and restoration in the San Francisco Bay-Delta region. These funds will represent the three-year federal match of state funds allocated in accordance with California Proposition 204. This provision is only effective if the corresponding state proposition 204 is adopted by the voters in November of 1996. If passed, the corresponding state proposition would provide \$995 million in state dollars for the program.

**FBI AGENT'S BOOK RAISES
CONCERNS**

The SPEAKER pro tempore (Mr. ROTH). There being no Member to claim the minority leader's hour, under the Speaker's announced policy of May 12, 1995, the gentleman from Indiana [Mr. BURTON] is recognized for 60 minutes as the designee of the majority leader.

Mr. BURTON of Indiana. Mr. Speaker, we had two FBI agents who worked at the White House, both of whom have retired now, who are very concerned about the policies of the Clinton administration. I have talked with both of those individuals, and they have for the most part corroborated what each other said about what was going at the White House and it has been very disturbing. As a matter of fact, Gary Aldrich, one of the two FBI agents who worked at the White House, wrote a book called "Unlimited Access", and it raises a number of serious issues that I believe should be of concern to the American people. Much of the information in the book directly relates to matters that have been the subjects of investigation by the Committee on Government Reform and Oversight on which I serve. Much of the Aldrich book focuses on the security problems

that he and his colleague Dennis Sculimbrine directly observed. The background investigation process is very thorough and probing because we need to ensure that persons working at the White House do not have character or other problems that would endanger the President or otherwise jeopardize our national security.

The White House is no doubt very familiar with the book "Unlimited Access". In February, 4 months before the book was published, FBI general counsel Howard Shapiro gave the White House counsel Jack Quinn a copy of the manuscript of the book, even though the White House is supposed to play no role whatsoever in the FBI's prepublication review of books by former agents.

We were very concerned about that, because Mr. Shapiro was the assistant counsel to FBI Director Louis Freeh when he was a chief prosecutor in New York City, and Mr. Freeh was prosecuting some very high-profile figures, in the Mafia and otherwise. And for Mr. Shapiro not to know the policies of the FBI and the legal profession was just beyond me. Nevertheless, he went to the White House with this book, 4 months, to give the White House a heads up on what was going to be in the book so they could protect their derriere, and we thought that that was totally out of order.

Recently the Committee on Government Reform and Oversight learned that the White House attempted to send the manuscript of "Unlimited Access" back to the FBI. John Collingwood, the inspector in charge of the Office of Public and Congressional Affairs, returned the manuscript back to the White House. In a letter to Jack Quinn dated September 17, 1996 he said, "Because this is a document in the possession of the White House, which you have described as responsive to a congressional subpoena, we believe it would be inappropriate for the FBI to become involved in this matter."

I have a copy of this letter I want to submit for the RECORD, Mr. Speaker.

U.S. DEPARTMENT OF JUSTICE,
FEDERAL BUREAU OF INVESTIGATION,
Washington, DC, September 17, 1996.

Mr. JOHN M. QUINN,
Counsel to the President,
The White House, Washington, DC.

DEAR MR. QUINN: This is in response to your letter to Director Freeh, dated September 13, 1996, in which you enclosed a copy of the manuscript of Gary Aldrich's book. Although your letter is marked "By Hand," it and the enclosure were sent by United States Priority Mail and received by the FBI only today.

We are returning the manuscript to you with this letter. Because this is a document in the possession of the White House which you have described as "responsive" to a congressional subpoena, we believe it would be inappropriate for the FBI to become involved in this matter.

You correctly note that Mr. Aldrich made certain deletions at the request of the FBI. However, the FBI prepublication review process should not affect your consideration

of the subpoena. Nothing in the manuscript contains classified information.

Sincerely,
JOHN E. COLLINGWOOD,
Inspector-in-Charge,
Office of Public and Congressional Affairs.

This is very important, because they gave this book to the White House. The White House then tried to get it back to cover their tracks and the FBI said, "Hey, wait a minute, we don't want to be involved in this," and so they were not.

Now, a lot of things were pointed out in this book that I think the American people ought to know about, Mr. Speaker.

Illegal drug use in the Clinton administration was higher than in the Bush administration and not confined to minor use of marijuana that was used in the past. There were cases of several decades of use of marijuana. Clinton staffers' drug use included hard drugs such as cocaine, crack, LSD, and methamphetamine. These were people who went to work at the White House and they had been using hard drugs, cocaine, crack, LSD and methamphetamine, and those people were involved in issues of national security, and they had not had background FBI checks.

According to Mr. Aldrich in his book, he said, if I had to guess, about 10 percent of the persons coming to the Bush White House had tried an illegal drug, which was about a third of the national average, and it was almost always marijuana and only once. Prior use of cocaine was almost never, on occasion; use of more serious drugs was unheard of. The illegal drug use was invariably confined to an individual's college days.

Though the age breakdown in the Bush and Clinton administration was probably about the same, illegal drug use in the Clinton administration was much higher and not confined to minor drugs like marijuana. Generally if marijuana was used, it was not confined to the college years, either. In fact, a striking number of cases began to emerge in which the use of marijuana, once started in high school or college, continued into one's twenties, thirties and sometimes the forties. We were talking about decades of illegal drug use.

There was another important difference between the Bush and Clinton staffers. In the Bush administration, more of the younger, post-baby boom staffers had managed to get through college with no drug use at all. They were a reflection of the national downward trend in drug use inspired by Nancy Reagan's much mocked but effective "just say no" campaign, but in the Clinton administration it was harder to find young staffers who had not experimented with marijuana, cocaine, and heavier drugs. Evidently they just could not say no.

The minority of Bush applicants who experimented and admitted inhaling did not try to defend their use of illegal drugs. They were invariably apologetic.
