

them, you vowed never again, these are European human beings. What are you doing? Good idea, BOB, good plan. Cannot get involved. Not our deal.

I said, what are you going to do, wait for the Europeans until the death toll is so bad that we will have to get involved. Then Clinton fritters away 3 years. Now we are in there when there are so many blood debts built up over the last 4 years and they are still killing one another, still burning homes in the suburbs, that I drove through, of Sarajevo. Unbelievable that we are involved also on the ground to relieve what I said when I opened up, European young men and women to work in their industries, to build Airbus aircraft at Air France in Toulouse, France so they can sell them to our big airlines here.

Let me close, Mr. Speaker, on a few notes on the greatest health tragedy to ever hit the United States of America.

Mr. Speaker, nobody has made as many speeches on the floor of the House or on the floor of the Senate about AIDS as I have. Not Mr. Danne-meyer, who is retired, 4 years ago, not Mr. WAXMAN, when he was chairman of the Health Committee and Subcommittee of Commerce, no one has made as many speeches as I have.

My speeches have been rooted in mercy and compassion, and I have voted for every AIDS money appropriation in my last 10 years that I have been here because this is young people dying in their prime, where cancer and cardiac problems hit people generally at the later end of their life. Here are the new figures that I got out of the Atlanta Centers for Disease Control.

Mr. Speaker, you are an historian. You know that depending on your encyclopedia, 295,000 people died in combat in World War II or 312,000 is the high number. AIDS deaths, as of New Year's Eve, 315,928. We have 513,486 infected with AIDS and over 1 million positive with the human immunodeficiency virus, 1 million infected, half a million with AIDS and 62.3 percent dead. Let me add to that, children, almost 4,000, 3,921, for a cumulative total of 319,849.

You can add to that Dr. Koop, the former surgeon general, told me 30 to 40,000 who died in 1981, 1982, 1983, 1984, where the doctors, mercifully to protect the family, only put down the proximate cause of death, heart, lungs, pneumonia, cancer, and did not say it was caused by a breakdown in their immune system.

So the figure is closer to 350,000, 50,000 more than died in the jungles, the deserts, the Arctic, the sea, the air, all over this planet in World War II, Americans. Now we are heading toward the Civil War figure. We have already passed Civil War combat deaths, but pneumonia, disease, and Andersonville, the Auschwitz of its time, we lost 618,000, another half a decade and we will pass the Civil War death toll. Never has a disease ever cut down so many young Americans, and it has always been handled as a public relations

problem, never as a pandemic, that is a worldwide epidemic, a pandemic killing plague, because people's reputations are more important than saving those innocent victims, those 4,000 children.

My heart goes out to the 1,049 people in our military. I am going to find out who is an innocent victim. I will prevail over Mr. Clinton again. During this break I am going to become a walking encyclopedia with visits to Walter Reed, Bethesda, and maybe to San Antonio's Wilford Hall, Air Force. I will not be beaten on this by Senator KENNEDY who does not have a clue of what this is all about.
