

the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. HANSEN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 2464, the bill just passed.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

CARBON HILL NATIONAL FISH HATCHERY CONVEYANCE ACT

Mr. SAXTON. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2982) to amend the Water Resources Research Act of 1984 to extend the authorizations of appropriations through fiscal year 2000, and for other purposes.

The Clerk read as follows:

H.R. 2982

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Carbon Hill National Fish Hatchery Conveyance Act".

SEC. 2. CONVEYANCE OF CARBON HILL NATIONAL FISH HATCHERY TO THE STATE OF ALABAMA.

(a) CONVEYANCE REQUIREMENT.—Within 180 days after the date of the enactment of this Act, the Secretary of the Interior shall convey to the State of Alabama without reimbursement, all right, title, and interest of the United States in and to the property described in subsection (b), for use by the Game and Fish Division of the Alabama Department of Conservation and Natural Resources, as part of the State of Alabama fish culture program.

(b) PROPERTY DESCRIBED.—The property referred to in subsection (a) is the property known as the Carbon Hill National Fish Hatchery, located on County Road 63 at Carbon Hill, Alabama, in Walker County, Alabama, consisting of 67 acres (more or less), and all improvements and related personal property under the control of the Secretary that is located on that property, including buildings, structures, equipment, and all easements, leases, and water rights relating to that property.

(c) USE AND REVERSIONARY INTEREST.—The property conveyed to the State of Alabama pursuant to this section shall be used by the State for purposes of fishery resources management and fisheries-related activities, and if it is used for any other purpose detrimental to those purposes and activities, all right, title, and interest in and to all property conveyed pursuant to this section shall revert to the United States. The State of Alabama shall ensure that the property reverting to the United States is in substantially the same or better condition as at the time of transfer.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey [Mr. SAXTON] and the gentleman from Massachusetts [Mr. STUDDS] will each be recognized for 20 minutes.

The Chair recognizes the gentleman from New Jersey [Mr. SAXTON].

Mr. SAXTON. Mr. Speaker, I yield myself such time as I may consume.

(Mr. SAXTON asked and was given permission to revise and extend his remarks.)

Mr. SAXTON. Mr. Speaker, I strongly support H.R. 2982, introduced by our colleague, TOM BEVILL, to convey the Carbon Hill National Fish Hatchery to the State of Alabama.

This legislation is virtually identical to measures enacted into law last year which transferred three Federal fish hatcheries to the States of Arkansas, Iowa, and Minnesota.

Under the terms of H.R. 2982, the Secretary of the Interior will convey within 180 days of enactment all rights, title, and interest to this 67-acre facility to the Alabama Department of Conservation and Natural Resources. The bill also contains the standard reversionary clause the stipulates that the property will be returned to the Federal Government if it is used for any purpose other than the State's fish cultural program.

This hatchery, which has been in operation for nearly 60 years, produces about one million fish each year which are used to restock ponds, lakes, and rivers throughout the Southeast.

For the past 2 years, the Clinton administration has proposed to provide title to the State because Carbon Hill is no longer essential to the U.S. Fish and Wildlife Service's nationwide hatchery program. In fact, the facility is already being operated by the State under a long-term memorandum of agreement.

By enacting H.R. 2982, the Federal Government will save thousands of dollars a year in operating costs, a Federal-State partnership will be fostered, and Carbon Hill will continue to produce thousands of bluegill, channel catfish, striped bass, and walleye for recreational, stocking, and restoration efforts.

I urge an "aye" vote on H.R. 2982.

Mr. Speaker, I reserve the balance of my time.

Mr. STUDDS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the gentleman from New Jersey has said it all, although I must say, at inexplicable length. This bill is without controversy. Except for the astonishing assertion that there might be striped bass in Alabama, I find no objection whatsoever on this.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. SAXTON. Mr. Speaker, I yield back the balance of my time.

GENERAL LEAVE

Mr. SAXTON. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 2982.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey [Mr. SAXTON] that the House suspend the rules and pass the bill, H.R. 2982.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

AUTHORIZING ACQUISITION OF PROPERTY FOR INCLUSION IN AMAGANSETT NATIONAL WILDLIFE REFUGE

Mr. SAXTON. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the bill (H.R. 1836) to authorize the Secretary of the Interior to acquire property in the town of East Hampton, Suffolk County, NY, for inclusion in the Amagansett National Wildlife Refuge, with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Senate amendment:

Page 2, after line 14, insert:

SEC. 2. CORRECTIONS TO COASTAL BARRIER RESOURCES MAP.

(a) IN GENERAL.—Not later than 30 days after the date of enactment of this Act, the Secretary of the Interior shall make such corrections to the map described in subsection (b) as are necessary—

(1) to move the eastern boundary of the excluded area covering Ocean Beach, Seaview, Ocean Bay Park, and part of Point O'Woods to the western boundary of the Sunken Forest Preserve; and

(2) to ensure that the depiction of areas as "otherwise protected areas" does not include any area that is owned by the Point O'Woods Association (a privately held corporation under the laws of the State of New York).

(b) MAP DESCRIBED.—The map described in this subsection is the map that is included in a set of maps entitled "Coastal Barrier Resources System", dated October 24, 1990, that relates to the unit of the Coastal Barrier Resources System entitled "Fire Island Unit NY-59P".

Mr. SAXTON (during the reading). Mr. Speaker, I ask unanimous consent that the Senate amendment be considered as read and printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

The SPEAKER pro tempore. Is there objection to the original request of the gentleman from New Jersey?

Mr. STUDDS. Mr. Speaker, reserving the right to object, I do not have the slightest intention of objecting. I would simply give the gentleman from New Jersey [Mr. SAXTON] the opportunity to explain, as briefly as possible, the substance of this request.

Mr. SAXTON. Mr. Speaker, will the gentleman yield?

Mr. STUDDS. I yield to the gentleman from New Jersey.

Mr. SAXTON. Mr. Speaker, I thank the gentleman for yielding to me.

Mr. Speaker, once again I am pleased to present to the House H.R. 1836, a bill introduced by the gentleman from New York, MIKE FORBES, to add a 98-acre oceanfront parcel of land to the Long Island National Wildlife Refuge.

Mr. Speaker, it is obvious this bill was passed by the House on another occasion. It was sent over to the Senate, and it is back with an amendment. Mr. Speaker, I urge passage of the bill in its current form.

Mr. Speaker, I am pleased to once again present to the House H.R. 1836, a bill introduced by Congressman MIKE FORBES to add a 98-acre ocean-front parcel of land to the Long Island National Wildlife Refuge.

This legislation was overwhelmingly adopted in the House on April 23 of this year, and was approved by the other body on May 3. While the other body had no objection to the provisions of H.R. 1836, the text of H.R. 2005 was added to this measure and it is, therefore, necessary for the House to once again act affirmatively before sending this proposal to the President.

H.R. 2005 was unanimously approved by the House on October 30, 1995, and this non-controversial measure will correct a mapping error in the Coastal Barrier Resources System.

In 1982, when unit NY-59P was created, a portion of privately owned land was incorrectly mapped as being part of an adjacent "otherwise protected area", the Fire Island National Seashore. This 88-acre tract is owned by a private homeowners group, the Point O'Woods Association, and has never been part of the National Seashore. This small, but important change in the Coastal Barrier Resources System has broad bipartisan support and has been endorsed by the administration.

Finally, I would like to compliment the gentleman from New York [MIKE FORBES] for his outstanding leadership in this matter. MIKE is the author of both H.R. 1836 and H.R. 2005 and he has done an outstanding job of not only gaining support for these measures but also representing his constituents in a most effective manner.

I urge an aye vote on H.R. 1836.

Mr. STUDDS. Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. SAXTON. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H.R. 1836 and the Senate amendment thereto.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

WATER RESOURCES RESEARCH ACT OF 1984 AUTHORIZATION EXTENSION

Mr. DOOLITTLE. Mr. Speaker, I ask unanimous consent to take from the

Speaker's table the bill (H.R. 1743) to amend the Water Resources Research Act of 1984 to extend the authorizations of appropriations through fiscal year 2000, and for other purposes, with a Senate amendment thereto, and concur in the Senate amendment.

The SPEAKER pro tempore. The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Senate Amendment: Strike out all after the enacting clause and insert:

SECTION 1. FINDINGS.

Section 102 of the Water Resources Research Act of 1984 (42 U.S.C. 10301) is amended—

(1) in paragraph (2), by inserting "productivity of natural resources and agricultural systems," after "environmental quality";

(2) in paragraph (6), by striking "and" at the end;

(3) in paragraph (7), by striking the period at the end and inserting "and"; and

(4) by adding at the end the following:

"(8) long-term planning and policy development are essential to ensure the availability of an abundant supply of high quality water for domestic and other uses; and

"(9) the States must have the research and problem-solving capacity necessary to effectively manage their water resources."

SEC. 2. PURPOSE.

Section 103 of the Water Resources Research Act of 1984 (42 U.S.C. 10302) is amended—

(1) in paragraph (5)—

(A) by striking "to"; and

(B) by striking "and" at the end;

(2) in paragraph (6), by striking the period at the end and inserting "and"; and

(3) by adding at the end the following:

"(7) encourage long-term planning and research to meet future water management, quality, and supply challenges."

SEC. 3. GRANTS; MATCHING FUNDS.

Section 104(c) of the Water Resources Research Act of 1984 (42 U.S.C. 10303(c)) is amended by striking "one non-Federal dollar" and all that follows through "thereafter" and inserting "2 non-Federal dollars for every 1 Federal dollar".

SEC. 4. GENERAL AUTHORIZATIONS OF APPROPRIATIONS.

Section 104(f)(1) of the Water Resources Research Act of 1984 (42 U.S.C. 10303(f)(1)) is amended by striking "of \$10,000,000 for each of the fiscal years ending September 30, 1989, through September 30, 1995," and inserting "of \$5,000,000 for fiscal year 1996, \$7,000,000 for each of fiscal years 1997 and 1998, and \$9,000,000 for each of fiscal years 1999 and 2000".

SEC. 5. AUTHORIZATION OF APPROPRIATIONS FOR RESEARCH FOCUSED ON WATER PROBLEMS OF INTERSTATE NATURE.

The first sentence of section 104(g)(1) of the Water Resources Research Act of 1984 (42 U.S.C. 10303(g)(1)) is amended by striking "of \$5,000,000 for each of the fiscal years 1991, 1992, 1993, 1994, and 1995" and inserting "of \$3,000,000 for each of fiscal years 1996 through 2000".

SEC. 6. COORDINATION.

Section 104 of the Water Resources Research Act of 1984 (42 U.S.C. 10303) is amended by adding at the end the following:

"(h) COORDINATION.—

"(1) IN GENERAL.—To carry out this Act, the Secretary—

"(A) shall encourage other Federal departments, agencies (including agencies within the Department of the Interior), and instrumentalities to use and take advantage of the

expertise and capabilities that are available through the institutes established by this section, on a cooperative or other basis;

"(B) shall encourage cooperation and coordination with other Federal programs concerned with water resources problems and issues;

"(C) may enter into contracts, cooperative agreements, and other transactions without regard to section 3709 of the Revised Statutes (41 U.S.C. 5);

"(D) may accept funds from other Federal departments, agencies (including agencies within the Department of the Interior), and instrumentalities to pay for and add to grants made, and contracts entered into, by the Secretary;

"(E) may promulgate such regulations as the Secretary considers appropriate; and

"(F) may support a program of internships for qualified individuals at the undergraduate and graduate levels to carry out the educational and training objectives of this Act.

"(2) REPORT.—The Secretary shall report to Congress annually on coordination efforts with other Federal departments, agencies, and instrumentalities under paragraph (1).

"(3) RELATIONSHIP TO STATE RIGHTS.—Nothing in this Act shall preempt the rights and authorities of any State with respect to its water resources or management of those resources."

Mr. DOOLITTLE (during the reading). Mr. Speaker, I ask unanimous consent that the Senate amendment be considered as read and printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There be no objection.

The SPEAKER pro tempore. Is there objection to the original request of the gentleman from California?

Mr. STUDDS. Mr. Speaker, reserving the right to object, I do so to yield to the gentleman from California [Mr. DOOLITTLE] for a brief explanation of the matter.

Mr. DOOLITTLE. Mr. Speaker, will the gentleman yield?

Mr. STUDDS. I yield to the gentleman from California.

Mr. DOOLITTLE. Mr. Speaker, I thank the gentleman for yielding to me.

Mr. Speaker, the primary intent of H.R. 1743 is to extend the authorization for the State Water Resources Research Institutes. There are 54 of these institutes located at the land grant university in each of the 50 States and several of the territories. These institutes are a primary link between the academic community, the water-related personnel, and the Federal and State governments and the private sector.

H.R. 1743 would expand the act's findings and focus on the need for long-term planning and policy development and maintaining productivity of national resources and agricultural systems. In the fiscal year 1996 interior appropriations conference, there was a request to introduce an additional element of competition into this program. Subsequent discussions resulted in the USGS crafting a competitive element of the program, which takes funding out of the grants to the States and creates a competitive regional program.
