AMENDMENT NO. 1: At the end of the bill, insert after the last section (preceding the short title) the following new section:

SEC. . (a) LIMITATION ON USE OF FUNDS FOR CERTAIN DEPARTMENT OF JUSTICE PROJECTS.—None of the funds made available in this Act may be used to provide to a State more than \$100,000 in Federal assistance for any substance abuse counseling project under the residential substance abuse treatment for States prisoners program, except when it is made known to the Federal official having authority to obligate or expend such funds that—

(1) at least 30 days before entering a contract or agreement with a private business entity for the performance of work usually performed by employees of a State under which the State will obligate more than \$100,000, the State has conducted and submitted a cost-benefit analysis of the project;

(2) the cost-benefit analysis includes a detailed description of—

(A) the costs of labor;

(B) the costs of employer-provided fringe benefits;

(C) the costs of equipment or materials, whether supplied by the State or private contractor;

(D) the costs directly attributable to transferring the work being performed by State employees to a private business entity;

(E) the costs of administering and inspecting the contracted service; and

(F) the costs of any anticipated unemployment compensation or other benefits which are likely to be paid to State employees who are displaced as a result of the contracted service;

(3) the cost-benefit analysis includes an analysis of whether it is more cost effective to use employees of a private business entity than to use State employees to perform the work required;

(4) the cost-benefit analysis is accompanied by an analysis of the State's finances and personnel and an analysis of the ability of the State to reassume the contracted service if contracting of the service ceases to serve the public interest;

(5) in the case of contract or agreement described in paragraph (1) that will result in a decrease in the amount of work assigned to State employees, the cost-benefit analysis demonstrates that—

(A) the contract or agreement will result in a substantial cost savings to the State; and

(B) the potential cost savings of contracting of services are not outweighed by the public's interest in having a particular function performed directly by the State;

(6) at least 30 days before entering into a contract or agreement described in paragraph (1), the State has submitted a past performance history of the private business entity with whom the State is entering into the contract or agreement, which includes—

(A) work performed for the State under contracts and agreements described in paragraph (1) in the 5-year period ending on the 45th day before the date of entry into the contract or agreement;

(B) if no work was performed for the State under such contracts and agreements during such 5-year period, then any work performed for other States under contracts and agreements described in paragraph (1) in such 5-year period;

(C) with respect to each contract or agreement to which subparagraph (A) or (B) applies, the amount of funds originally committed by the State under the contract or agreement and the amount of funds actually expended by the State under the contract or agreement; and

(D) with respect to each contract or agreement to which subparagraph (A) or (B) applies, deadlines originally established for all work performed under the contract or agreement and the actual date or dates on which performance of such work was completed;

(7) at least 30 days before entering into a contract or agreement described in paragraph (1), the State has submitted a copy of any performance bond or any similar instrument that ensures performance by the private business entity under the contract or agreement or certifies the amount of such bond;

(8) at least 30 days before entering into a contract or agreement described in paragraph (1), the State has submitted a political contribution history of the private business entity with whom the State is entering into the contract or agreement, which political contribution history lists all political contributions the private business entity has made to political parties and candidates for political office in the 5-year period ending on the 45th day before the date of entry into the contract or agreement; and

(9) not later than 5 days after submission of the cost-benefit analysis and other documents under this section, the public has been notified of the availability of the cost-benefit analysis and other documents for public inspection, and the analysis and other documents have been made available for inspection upon request.

(b) EXCEPTIONS.—The limitation established by subsection (a) shall not apply to any project when it is made known to the Federal official having authority to obligate or expend the funds that—

(1) the project is a pilot project for a particular type of work that has not previously been performed by the State and is being undertaken to evaluate whether contracting for that particular type of work can result in savings to the State; or

(2) the analysis of the State's finances and personnel under subsection (a)(4) demonstrates that the State cannot perform the work with existing or additional departmental employees because the work would be of such an intermittent nature as to be likely to cause regular periods of unemployment for State employees.
