

films, socially significant amateur footage, regional historical films and other features of cultural and historical importance that otherwise could not survive.

All of this is done with an extremely modest authorization level. The film board is kept at \$250,000, and the foundation authorized for no funds until the fiscal year 2000 when an annual ceiling of \$250,000 takes effect. While Hollywood films have the commercial value which will ensure their preservation, the same cannot be said for much of our film heritage, which nonetheless has enormous cultural and historical significance.

It is for these latter works, the public domain or educational films, historical footage, documentaries, and other films that this bill is so vitally important.

Let me mention one example of a film now available to the American public because of the efforts of the Film Preservation Board. A film entitled "Within Our Gates," the oldest film directed by an African-American, was selected and preserved by the film board. It was a film that very few people had seen because so few copies were available.

A copy of this important but essential lost work, a 1920 film directed by Oscar Micheaux, was found in the Spanish film archives as a result of the preservation board efforts. The Library of Congress has been able to release this film on video and make it widely available to the public. But for the existence of the film board, this important bit of African-American cultural heritage would be languishing, unseen in the Spanish film archives.

H.R. 1734 uses creative and collaborative approaches to ensure that America's rich film heritage is preserved for future generations. I urge my colleagues to support it.

GENERAL LEAVE

Mr. HOKE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the bill, H.R. 3435, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

Mr. HOKE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 3435, the Lobbying Disclosure Technical Amendments Act of 1996 addresses several technical issues which have been raised during the initial months of implementation of the Lobbying Disclosure Act of 1995. The amendments made by the bill will strengthen what is already widely viewed as a significant and successful law.

The Lobbying Disclosure Act of 1995 was the first substantive reform in the

laws governing lobbying disclosure since the Federal Regulation of Lobbying Act of 1946. This reform was necessary due to the Supreme Court's narrow construction of the 1946 Regulation of Lobbying Act in United States versus Harriss which effectively eviscerated that act. Last fall, this House passed this landmark legislation in identical form to the Senate-passed language. This action enabled the 104th Congress to send the bill directly to the President, thus passing the first meaningful lobbying disclosure legislation in over 40 years.

Section 2 of the bill would clarify the definition of a covered executive branch official under the act. Section 3 of the bill would add a clarification of the exception to a lobbying contact so that any communication compelled by a Federal contract, grant, loan, permit or license would not be considered a lobbying contact. Section 3 also would make plain that groups of governments acting together as international organizations would not be required to register under the Lobbying Disclosure Act. Section 4 of the bill would clarify what a "direct interest" is when a registrant has an affiliation with a foreign interest.

In addition, section 5 of the bill would clarify how estimates based on the tax reporting system can and should be used in relation to reporting lobbying expenses. This section also would provide that registrants engaging in executive branch lobbying and who make a section 15 election must use the Tax Code uniformly for all of their executive branch lobbying registration and reporting under the act.

Section 6 of the bill would make the reporting requirement of the act consistent with the registration requirement by eliminating the duplicative reporting requirement of maintaining a list of lobbyists for each general issue area under the act. This section would make uniform the registration requirement that the name of each employee of the registrant who acts as a lobbyist on behalf of a client be disclosed in a similar fashion in the registration's semiannual reports.

Moreover, section 7 of H.R. 3435 would clarify the original intent of the act by providing that anyone engaged in even a de minimis level of lobbying activities on behalf of a foreign commercial entity can register under the Lobbying Disclosure Act rather than the Foreign Agents Registration Act of 1938. This change would reaffirm the Congressional intent of requiring disclosure of foreign non-government representations under the Lobbying Disclosure Act and disclosure of foreign governmental representations under the Foreign Agents Registration Act.

Finally Mr. Speaker, section 8 of the bill would make a purely technical change to the Foreign Agents Registration Act by striking the term "political propaganda" and inserting in its place "informational materials." The changes made by section 8 would com-

plete the changes made to the terminology that were first made in the Lobbying Disclosure Act.

Mr. Speaker, I reserve the balance of my time.

Mr. SCOTT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 3435. Last session, with strong bipartisan support, this Congress passed a major overhaul of the lobbying disclosure rules which require the reporting of meaningful and important information from registered lobbyists.

Since the passage of that measure, the Secretary of the Senate and the Clerk of the House have worked hard to provide the specific rules to implement this legislation. During the course of the promulgation of the rules, suggestions have been made to improve and in some cases strengthen the reporting requirements of the Lobbying Disclosure Act of 1995.

Further suggestions have been made to simplify what in this case may have been duplicative and burdensome requirements on some not-for-profit institutions.

Mr. Speaker, the technical amendments in today's bill reflect those improvements.

□ 1430

We have corrected unnecessary requirements, we have provided fairness for those whose lobbying efforts are negligible, and we have streamlined the duplicative reporting requirements.

The measure was passed out of the Committee on the Judiciary unanimously, and I urge its passage today under the suspension of the rules.

Mr. Speaker, I yield back the balance of my time.

Mr. HOKE. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. CALVERT). The question is on the motion offered by the gentleman from Ohio [Mr. HOKE] that the House suspend the rules and pass the bill, H.R. 3435, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.
