#### THE MISSISSIPPI SIOUX TRIBES JUDGMENT FUND DISTRIBUTION ACT OF 1996

Mr. DORGAN. Mr. President, I rise today to introduce legislation which will fairly resolve a longstanding problem with respect to a judgment distribution to Sioux tribes in the Dakotas and Montana. Specifically, the bill would distribute the accrued interest on funds awarded by the Indian Claims Commission in 1967 to the Mississippi Sioux tribes. I am pleased to be joined by Senators DASCHLE and PRESSLER in introducing this measure.

In 1972, Congress enacted legislation that authorized the Secretary of the Interior to distribute 75 percent of a \$5,900,000 judgment award to the Devils Lake Sioux Tribe of North Dakota, the Sisseton and Wahpeton Sioux Tribe of North and South Dakota, and the As-

siniboine and Sioux Tribes of the Fort Peck Reservation in Montana. The remaining 25 percent was to be distributed to individuals who could trace their lineal ancestry to a member of the aboriginal Sisseton and Wahpeton Sioux Tribe.

The three Sioux tribes received their respective shares of the judgment award by the mid-1970's. To date, though, the funds allocated for the lineal descendants have never been distributed. This has resulted in a situation where the accrued interest on the original principal of approximately \$1.5 million has now grown to more than \$13 million.

If the 1,969 lineal descendants identified by the Department of the Interior receive per capita payments, they would receive more than 18 times what the 11,829 enrolled tribal members received in the 1970's.

In 1987, the three Sioux tribes filed suit in Federal court to challenge the constitutionality of the lineal descendancy provisions of the 1972 Act. This litigation is currently in its second appeal. In 1992, Congress enacted legislation which authorized the Attorney General to settle the case on any terms agreed to by the parties involved. However, the Department of Justice has refused to proceed with any settlement negotiations and has taken the position that the 1992 law did not authorize the Department to settle the case on any terms other than those laid out in the original 1972 act. While I believe this interpretation flies in the face of congressional intent, the Department has been unwilling to actively pursue this issue.

The legislation I am introducing on behalf of the three Sioux tribes represents a reasonable solution to this matter and a substantial compromise on behalf of the tribes. In the past, the tribes have sought to repeal the lineal descendancy provisions of the 1972 act altogether, and, in 1986, a bill was reported by the Senate Committee on Indian Affairs which would have achieved this goal.

In contrast, the Mississippi Sioux Tribes Judgment Fund Distribution Act of 1996 would retain the undistributed principal for the lineal descendants and distribute the accrued interest to the three Sioux tribes. There would be no per capita payments of the interest, which would have to be used by the tribes for economic development, resource development, or for other programs that collectively benefit tribal members, such as educational and social welfare programs. In addition, the legislation contains an audit requirement by the Secretary of the Interior to ensure that the funds are properly managed.

I believe that this legislation is fundamentally fair. It keeps the commitment that the Federal Government made to provide compensation to lineal descendants while ensuring that most of the remaining undistributed funds go to the tribes. It was, after all, the
