TITLE I—THE PRESIDIO OF SAN FRANCISCO

SECTION 101. FINDINGS.

The Congress finds that—

(1) the Presidio, located amidst the incomparable scenic splendor of the Golden Gate, is one of America's great natural and historic sites;

(2) the Presidio is the oldest continuously operated military post in the Nation dating from 1776, and was designated a National Historic Landmark in 1962;

(3) preservation of the cultural and historic integrity of the Presidio for public use recognizes its significant role in the history of the United States;

(4) the Presidio, in its entirety, is a part of the Golden Gate National Recreation Area, in accordance with Public Law 92-589;

(5) as part of the Golden Gate National Recreation Area, the Presidio's significant natural, historic, scenic, cultural, and recreational resources must be managed in a manner which is consistent with sound principles of land use planning and management, and which protects the Presidio from development and uses which would destroy the scenic beauty and historic and natural character of the area and cultural and recreational resources;

(6) removal and/or replacement of some structures within the Presidio must be considered as a management option in the administration of the Presidio; and

(7) the Presidio will be managed through an innovative public/private partnership that minimizes cost to the United States Treas-

ury and makes efficient use of private sector resources.

SECTION 102. AUTHORITY AND RESPONSIBILITY OF THE SECRETARY OF THE INTERIOR.

(a) INTERIM AUTHORITY.—The Secretary of the Interior (hereinafter in this Act referred to as the "Secretary") is authorized to manage leases in existence on the date of this Act for properties under the administrative jurisdiction of the Secretary and located at the Presidio. Upon the expiration of any such lease, the Secretary may extend such lease for a period terminating not later than 6 months after the first meeting of the Presidio Trust. The Secretary may not enter into any new leases for property at the Presidio to be transferred to the Presidio Trust under this Title, however, the Secretary is authorized to enter into agreements for use and occupancy of the Presidio properties which are assignable to the Trust and are terminable within 30 days notice by the Trust. (a) FINDINGS.—Congress finds and declares that—

(1) certain scattered parcels of Federal land located within Gilpin County, Colorado, are currently administered by the Secretary of the Interior as part of the Royal Gorge Resource Area, Canon City District, United States Bureau of Land Management;

(2) these land parcels, which comprises approximately 133 separate tracts of land, and range in size from approximately 38 acres to much less than an acre have been identified as suitable for disposal by the Bureau of Land Management through its resource management planning process and are appropriate for disposal; and

(3) even though the Federal land parcels in Gilpin County, Colorado, are scattered and small in size, they nevertheless by virtue of their proximity to existing communities ap-

pear to have a fair market value which may be used by the Federal Government to exchange for lands which will better lend themselves to Federal management and have higher values for future public access, use and enjoyment, recreation, the protection and enhancement of fish and wildlife and fish and wildlife habitat, and the protection of riparian lands, wetlands, scenic beauty and other public values.

(b) PURPOSE.—It is the purpose of this Title to authorize, direct, facilitate and expedite the land exchange set forth herein in order to further the public interest by disposing of Federal lands with limited public utility and acquire in exchange therefor lands with important values for permanent public management and protection.

SECTION 1102. LAND EXCHANGE.

(a) IN GENERAL.—The exchange directed by this Title shall be consummated if within 90 days after enactment of this Act, Lake Gulch, Inc., a Colorado Corporation (as defined in section 1104 of this Title) offers to transfer to the United States pursuant to the provisions of this Title the offered lands or interests in land described herein.

(b) CONVEYANCE BY LAKE GULCH.—Subject to the provisions of section 1103 of this Title, Lake Gulch shall convey to the Secretary of the Interior all right, title, and interest in and to the following offered lands—

(1) certain lands comprising approximately 40 acres with improvements thereon located in Larimer County, Colorado, and lying within the boundaries of Rocky Mountain National Park as generally depicted on a map entitled "Circle C Church Camp", dated August 1994, which shall upon their acquisition by the United States and without further action by the Secretary of the Interior be incorporated into Rocky Mountain National Park and thereafter be administered in accordance with the laws, rules and regulations generally applicable to the National Park System and Rocky Mountain National Park;

(2) certain lands located within and adjacent to the United States Bureau of Land Management San Luis Resource Area in Conejos County, Colorado, which comprise approximately 3,993 acres and are generally depicted on a map entitled "Quinlan Ranches Tract", dated August 1994; and

(3) certain lands located within the United States Bureau of Land Management Royal Gorge Resource Area in Huerfano County, Colorado, which comprise approximately 4,700 acres and are generally depicted on a map entitled "Bonham Ranch-Cucharas Canyon", dated June 1995: *Provided, however*, That it is the intention of Congress that such lands may remain available for the grazing of livestock as determined appropriate by the Secretary in accordance with applicable laws, rules, and regulations: *Provided further*, That if the Secretary determines that certain of the lands acquired adjacent to Cucharas Canyon hereunder are not needed for public purposes they may be sold in accordance with the provisions of section 203 of the Federal Land Policy and Management Act of 1976 and other applicable law.

(c) SUBSTITUTION OF LANDS.—If one or more of the precise offered land parcels identified above is unable to be conveyed to the United States due to appraisal or other problems, Lake Gulch and the Secretary may mutually agree to substitute therefor alternative offered lands acceptable to the Secretary.

(d) COVEYANCE BY THE UNITED STATES.—(1) Upon receipt of title to the lands identified in subsection (a) the Secretary shall simultaneously convey to Lake Gulch all right, title, and interest of the United States, subject to valid existing rights, in and to the following selected lands—

(A) certain surveyed lands located in Gilpin County, Colorado, Township 3 South, Range 72 West, Sixth Principal Meridian, Section 18, Lots 118–220, which comprise approximately 195 acres and are intended to include all federally owned lands in section 18, as generally depicted on a map entitled "Lake Gulch Selected Lands", dated July 1994;

If any such additional lands are located in section 13 they may be transferred to Lake Gulch without survey based on such legal or other description as the Secretary determines appropriate as long as the Secretary determines that the boundaries of any adjacent lands not owned by Lake Gulch can be properly identified so as to avoid possible future boundary conflicts or disputes. If the Secretary determines surveys are necessary to convey any such additional lands to Lake Gulch, the costs of such surveys shall be paid by Lake Gulch but shall not be eligible for any adjustment in the value of such additional lands pursuant to section 206(f)(2) of the Federal Land Policy and Management Act of 1976 (as amended by the Federal Land Exchange Facilitation Act of 1988) (43 U.S.C. 1716(f)(2)).

TITLE XIII—CARL GARNER FEDERAL LANDS CLEANUP DAY**SECTION 1301.**

The Federal Lands Cleanup Act of 1985 (36 U.S.C. 169i—169i-1) is amended by striking

the terms "Federal Lands Cleanup Day" each place it appears and inserting "Carl Garner Federal Lands Cleanup Day."

TITLE XIV—ANAKTUVUK PASS LAND EXCHANGE**SECTION 1401. FINDINGS.**

The Congress makes the following findings:

(1) The Alaska National Interest Lands Conservation Act (94 Stat. 2371), enacted on December 2, 1980, established Gates of the Arctic National Park and Preserve and Gates of the Arctic Wilderness. The village of Anaktuvuk Pass, located in the highlands of the central Brooks Range, is virtually surrounded by these national park and wilderness lands and is the only Native village located within the boundary of a National Park System unit in Alaska.

(2) Unlike most other Alaskan Native communities, the village of Anaktuvuk Pass is not located on a major river, lake, or coastline that can be used as a means of access. The residents of Anaktuvuk Pass have relied increasingly on snow machines in winter and all-terrain vehicles in summer as their primary means of access of pursue caribou and other subsistence resources.

(3) In a 1993 land exchange agreement, linear easements were reserved by the Inupiat Eskimo people for use of all-terrain vehicles across certain national park lands, mostly along stream and river banks. These linear easements proved unsatisfactory, because they provided inadequate access to subsistence resources while causing excessive environmental impact from concentrated use.

(4) The National Park Service and the Nunamiut Corporation initiated discussions in 1985 to address concerns over the use of all-terrain vehicles on park and wilderness land. These discussions resulted in an agreement, originally executed in 1992 and thereafter amended in 1993 and 1994, among the National Park Service, Nunamiut Corporation, the City of Anaktuvuk Pass, and Arctic Slope Regional Corporation. Full effectuation of this agreement, as amended, by its terms requires ratification by the Congress.

SECTION 1402. RATIFICATION OF AGREEMENT.

(a) RATIFICATION.—

(1) IN GENERAL.—The terms, conditions, procedures, covenants, reservations and other provisions set forth in the document entitled "Donation, Exchange of Lands and Interests in Lands and Wilderness Redesignation Agreement Among Arctic Slope Regional Corporation, Nunamiut Corporation, City of Anaktuvuk Pass and the United States of America" (hereinafter referred to in this Title as "the Agreement"), executed by the parties on December 17, 1992, as amended, are hereby incorporated in this Title, are ratified and confirmed, and set forth the obligations and commitments of the United States, Arctic Slope Regional Corporation, Nunamiut Corporation and the City of Anaktuvuk Pass, as a matter of Federal law.

(2) LAND ACQUISITION.—Lands acquired by the United States pursuant to the Agreement shall be administered by the Secretary of the Interior (hereinafter referred to as the "Secretary") as part of Gates of the Arctic National Park and Preserve, subject to the laws and regulations applicable thereto.

(b) MAPS.—The maps set forth as Exhibits C1, C2, and D through I to the Agreement depict the lands subject to the conveyances, retention of surface access rights, access easements and all-terrain vehicle easements. These lands are depicted in greater detail on a map entitled "Land Exchange Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve", Map No. 185/80,039, dated April 1994, and on file at

the Alaska Regional Office of the National Park Service and the offices of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska. Written legal descriptions of these lands shall be prepared and made available in the above offices. In case of any discrepancies, Map No. 185/80,039 shall be controlling.

(2) MAP.—The lands redesignated by paragraph (1) are depicted on a map entitled "Wilderness Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve", Map No. 185/80,040, dated April 1994, and on file at the Alaska Regional Office of the National Park Service and the office of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska.

(b) NOATAK NATIONAL PRESERVE.—Section 201(8)(a) of the Alaska National Interest Land Conservation Act (94 Stat. 2380) is amended by—

(1) striking "approximately six million four hundred and sixty thousand acres" and inserting in lieu thereof "approximately 6,477,168 acres"; and

(2) inserting "and the map entitled 'Noatak National Preserve and Noatak Wilderness Addition' dated September 1994" after "July 1980".

(c) NOATAK WILDERNESS.—Section 701(7) of the Alaska National Interest Lands Conservation Act (94 Stat. 2417) is amended by striking "approximately five million eight hundred thousand acres" and inserting in lieu thereof "approximately 5,817,168 acres".

SECTION 1404. CONFORMANCE WITH OTHER LAW.

TITLE XVI—STERLING FOREST

SECTION 1601. FINDINGS.

The Congress finds that—

(1) the Palisades Interstate Park Commission was established pursuant to a joint resolution of the 75th Congress approved in 1937 (Public Resolution No. 65; ch. 706; 50 Stat. 719), and chapter 170 of the Laws of 1937 of the State of New York and chapter 148 of the Laws of 1937 of the State of New Jersey;

(2) the Palisades Interstate Park Commission is responsible for the management of 23 parks and historic sites in New York and New Jersey, comprising over 82,000 acres;

(3) over 8,000,000 visitors annually seek outdoor recreational opportunities within the Palisades Park System;

(4) Sterling Forest is a biologically diverse open space on the New Jersey border comprising approximately 17,500 acres, and is a highly significant watershed area for the State of New Jersey, providing the source for clean drinking water for 25 percent of the State;

(5) Sterling Forest is an important outdoor recreational asset in the northeastern United States, within the most densely populated metropolitan region in the Nation;

(6) Sterling Forest supports a mixture of hardwood forests, wetlands, lakes, glaciated valleys, is strategically located on a wildlife migratory route, and provides important habitat for 27 rare or endangered species;

(7) the protection of Sterling Forest would greatly enhance the Appalachian National Scenic Trail, a portion of which passes through Sterling Forest, and would provide for enhanced recreational opportunities through the protection of lands which are an integral element of the trail and which would protect important trail viewsheds;

(8) stewardship and management costs for units of the Palisades Park System are paid for by the States of New York and New Jersey; thus, the protection of Sterling Forest through the Palisades Interstate Park Commission will involve a minimum of Federal funds;

(9) given the nationally significant watershed, outdoor recreational, and wildlife

qualities of Sterling Forest, the demand for open space in the northeastern United States, and the lack of open space in the densely populated tri-state region, there is a clear Federal interest in acquiring the Sterling Forest for permanent protection of the watershed, outdoor recreational resources, flora and fauna, and open space; and

(10) such an acquisition would represent a cost effective investment, as compared with the costs that would be incurred to protect drinking water for the region should the Sterling Forest be developed.

SECTION 1602. PURPOSES.

The purposes of this title are—

(1) to establish the Sterling Forest Reserve in the State of New York to protect the significant watershed, wildlife, and recreational resources within the New York-New Jersey highlands region;

(2) to authorize Federal funding, through the Department of the Interior, for a portion of the acquisition costs for the Sterling Forest Reserve;

(3) to direct the Palisades Interstate Park Commission to convey to the Secretary of the Interior certain interests in lands acquired within the Reserve; and

(4) to provide for the management of the Sterling Forest Reserve by the Palisades Interstate Park Commission.

(2) AVAILABILITY FOR PUBLIC INSPECTION.—The map described in paragraph (1) shall be on file and available for public inspection in the offices of the Commission and the appropriate offices of the National Park Service.

(c) TRANSFER OF FUNDS.—Subject to subsection (d), the Secretary shall transfer to the Commission such funds as are appropriated for the acquisition of lands and interests therein within the Reserve.

(B) CONSENT OF OWNERS.—No lands or interest in land may be acquired with any Federal funds authorized or transferred pursuant to this title except with the consent of the owner of the land or interest in land.

(C) INABILITY TO ACQUIRE LANDS.—If the Commission is unable to acquire all of the lands within the Reserve, to the extent Federal funds are utilized pursuant to this title, the Commission shall acquire all or a portion of the lands identified as "National Park Service Wilderness Easement Lands" and "National Park Service Conservation Easement Lands" on the map described in section 1604(b) before proceeding with the acquisition of any other lands within the Reserve.

(D) CONVEYANCE OF EASEMENT.—Within 30 days after acquiring any of the lands identified as "National Park Service Wilderness Easement Lands" and "National Park Service Conservation Easement Lands" on the map described in section 1604(b), the Commission shall convey to the United States:

(i) conservation easements on the lands described as "National Park Service Wilderness Easement Lands" on the map described in section 1604(b), which easements shall provide that the lands shall be managed to protect their wilderness character; and

(ii) conservation easements on the lands described as "National Park Service Conservation Easement Lands" on the map described in section 1604(b), which easements shall restrict and limit development and use of the property to that development and use that is—

(I) compatible with the protection of the Appalachian National Scenic Trail; and

(II) consistent with the general management plan prepared pursuant to section 1605(b).

(2) MATCHING FUNDS.—Funds may be transferred to the Commission only to the extent that they are matched from funds contributed by non-Federal sources.

(b) LAND ACQUISITION.—Of amounts appropriated pursuant to subsection (a), the Secretary may transfer to the Commission not more than \$17,500,000 for the acquisition of lands and interests in land within the Reserve.

TITLE XVII—TAOS PUEBLO LAND TRANSFER

SECTION 1701. LAND TRANSFER.

(a) TRANSFER.—The parcel of land described in subsection (b) is hereby transferred without consideration to the Secretary of the Interior to be held in trust for the Pueblo de Taos. Such parcel shall be a part of the Pueblo de Taos Reservation and shall be managed in accordance with section 4 of the Act of May 21, 1933 (48 Stat. 108) (as amended, including as amended by Public Law 91-550 (84 Stat. 1437)).

(b) LAND DESCRIPTION.—The parcel of land referred to in subsection (a) is the land that is generally depicted on the map entitled "Land transferred to the Pueblo of Taos—proposed" and dated September 1994, comprises 764.33 acres, and is situated within sections 25, 26, 35, and 36, Township 27 North, Range 14 East, New Mexico Principal Meridian, within the Wheeler Peak Wilderness, Carson National Forest, Taos County, New Mexico.

TITLE XVIII—SKI FEES

SECTION 1801. SKI AREA PERMIT RENTAL CHARGE.

(a) The Secretary of Agriculture shall charge a rental charge for all ski area permits issued pursuant to section 3 of the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b), the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), or the 9th through 20th paragraphs under the heading "SURVEYING THE PUBLIC LANDS" under the heading "UNDER THE DEPARTMENT OF THE INTERIOR" in the Act of June 4, 1897 (30 Stat. 34, chapter 2), on National Forest System lands. Permit rental charges for permits issued pursuant to the National Forest Ski Area Permit Act of 1986 shall be calculated as set forth in subsection (b). Permit rental charges for existing ski area permits issued pursuant to the Act of March 4, 1915, and the Act of June 4, 1897, shall be calculated in accordance with those existing permits: *Provided*, That a permittee may, at the permittee's option, use the calculation method set forth in subsection (b).

(b)(1) The ski area permit rental charge (SAPRC) shall be calculated by adding the permittee's gross revenues from lift ticket/year-round ski area use pass sales plus revenue from ski school operations (LT+SS) and multiplying such total by the slope transport feet percentage (STFP) on National Forest System land. The amount shall be increased by the gross year-round revenue from ancillary facilities (GRAF) physically located on national forest land, including all permittee or subpermittee lodging, food service, rental shops, parking other ancillary operations, to determine the adjusted gross revenue (AGR) subject to the permit rental charge. The final rental charge shall be calculated by multiplying the AGR by the following percentages for each revenue bracket and adding the total for each revenue bracket:

(A) 1.5 percent of all adjusted gross revenue below \$3,000,000;

(B) 2.5 percent for adjusted gross revenue between \$3,000,000 and \$15,000,000;

(C) 2.75 percent for adjusted gross revenue between \$15,000,000 and \$50,000,000; and

(D) 4.0 percent for the amount of adjusted gross revenue that exceed \$50,000,000.

Utilizing the abbreviations indicated in this subsection the ski area permit fee (SAPF) formula can be simply illustrated as:

SAPF=((LT+SS)STFP)+GRAF=AGR;

AGR%BRACKETS

(2) In cases where ski areas are only partially located on national forest lands, the slope transport feet percentage on national forest land referred to in subsection (b) shall be calculated as generally described in the Forest Service Manual in effect as of January 1, 1992. Revenues from Nordic ski operations shall be included or excluded from the rental charge calculation according to the percentage of trails physically located on national forest land.

(3) In order to ensure that the rental charge remains fair and equitable to both the United States and the ski area permittees, the adjusted gross revenue figures for each revenue bracket in paragraph (1) shall

be adjusted annually by the percent increase or decrease in the national Consumer Price Index for the preceding calendar year. No later than 5 years after the date of enactment of this Act and every 10 years thereafter the Secretary shall submit to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives a report analyzing whether the ski area permit rental charge legislated by this Act is returning a fair market value rental to the United States together with any recommendations the Secretary may have for modifications of the system.

(c) The rental charge set forth in subsection (b) shall be due on June 1 of each year and shall be paid or pre-paid by the permittee on a monthly, quarterly, annual or other schedule as determined appropriate by the Secretary in consultation with the permittee. Unless mutually agreed otherwise by the Secretary and the permittee, the payment or prepayment schedule shall conform to the permittee's schedule in effect prior to enactment of this Act. To reduce costs to the permittee and the Forest Service, the Secretary shall each year provide the permittee with a standardized form and worksheets (including annual rental charge calculation brackets and rates) to be used for rental charge calculation and submitted with the rental charge payment. Information provided on such forms shall be compiled by the Secretary annually and kept in the Office of the Chief, U.S. Forest Service.

(d) The ski area permit rental charge set forth in this section shall become effective on June 1, 1996 and cover receipts retroactive to June 1, 1995: Provided, however, That if a permittee has paid rental charges for the period June 1, 1995, to June 1, 1996, under the graduated rate rental charge system formula in effect prior to the date of enactment of this Act, such rental charges shall be credited toward the new rental charge due on June 1, 1996. In order to ensure increasing rental charge receipt levels to the United States during transition from the graduated rate rental charge system formula to the formula of this Act, the rental charge paid by any individual permittee shall be—

(1) for the 1995-1996 permit year, either the rental charge paid for the preceding 1994-1995 base year or the rental charge calculated pursuant to this Act, whichever is higher;

(2) for the 1996-1997 permit year, either the rental charge paid for the 1994-1995 base year or the rental charge calculated pursuant to this Act, whichever is higher;

(3) for the 1997-1998 permit year, either the rental charge for the 1994-1995 base year or the rental charge calculated pursuant to this Act, whichever is higher.

If an individual permittee's adjusted gross revenue for the 1995-1996, 1996-1997, or 1997-1998 permit years falls more than 10 percent below the 1994-1995 base year, the rental charge paid shall be the rental charge calculated pursuant to this Act.

(e) Under no circumstances shall revenue, or subpermittee revenue (other than lift ticket, area use pass, or ski school sales) obtained from operations physically located on non-national forest land be included in the ski area permit rental charge calculation.

(f) To reduce administrative costs of ski area permittees and the Forest Service the terms "revenue" and "sales", as used in this section, shall mean actual income from sales and shall not include sales of operating equipment, refunds, rent paid to the permittee by sublessees, sponsor contributions to special events or any amounts attributable to employee gratuities or employee lift tickets, discounts, or other goods or services (except for bartered goods and complimentary lift tickets) for which the permittee does not receive money.

(g) In cases where an area of national forest land is under a ski area permit but the permittee does not have revenue or sales qualifying for rental charge payment pursuant to subsection (a), the permittee shall pay an annual minimum rental charge of \$2 for each national forest acre under permit or a percentage of appraised land value, as determined appropriate by the Secretary.

(h) Where the new rental charge provided for in subsection (b)(1) results in an increase in permit rental charge greater than one half of one percent of the permittee's adjusted gross revenue as determined under subsection (b)(1), the new rental charge shall be phased in over a five year period in a manner providing for increases of approximately equal increments.

(i) To reduce federal costs in administering the provisions of this Act, the reissuance of a ski area permit to provide activities similar in nature and amount to the activities provided under the previous permit shall not constitute a major Federal action for the purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4331 et seq.).

SECTION 1802. WITHDRAWALS.

Subject to valid existing rights, all lands located within the boundaries of ski area permits issued prior to, on or after the date of enactment of this Act pursuant to authority of the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), and the Act of June 4, 1897, or the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b) are hereby and henceforth automatically withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral and geothermal leasing and all amendments thereto. Such withdrawal shall continue for the full term of the permit and any modification, reissuance, or renewal thereof. Unless the Secretary requests otherwise of the Secretary of the Interior, such withdrawal shall be canceled automatically upon expiration or other termination of the permit and the land automatically restored to all appropriation not otherwise restricted under the public land laws.

(b) ACQUISITION AND EXERCISE OF WATER RIGHTS UNDER UTAH LAW.—The United States may acquire and exercise such water rights as it deems necessary to carry out its responsibilities on any lands designated as wilderness by this Title pursuant to the substantive and procedural requirements of the State of Utah. Nothing in this Title shall be construed to authorize the use of eminent domain by the United States to acquire water rights for such lands. Within areas designated as wilderness by this Title, all rights to water granted under the laws of the State of Utah may be exercised in accordance with the substantive and procedural requirements of the State of Utah.

(c) EXERCISE OF WATER RIGHTS GENERALLY UNDER UTAH LAWS.—Nothing in this Title shall be construed to limit the exercise of water rights as provided under Utah State laws.

(e) WATER RESOURCE PROJECTS.—Nothing in this Title or the Wilderness Act shall be construed to limit or to be a consideration in Federal approvals or denials for access to or use of the Federal lands outside areas designated wilderness by this Title for development and operation of water resource projects, including (but not limited to) reservoir projects. Nothing in this subsection shall create a right of access through a wilderness area designated pursuant to this title for the purposes of such projects.

SECTION 2004. CULTURAL, ARCHAEOLOGICAL, AND PALEONTOLOGICAL RESOURCES.

The Secretary is responsible for the protection (including through the use of mechanical means) and interpretation (including through the use of permanent improvements) of cultural, archaeological, and paleontological resources located within areas designated as wilderness by this Title.

(b) SPECIAL USE AIRSPACE.—Nothing in this Title, the Wilderness Act, or other land management laws generally applicable to the

new areas of the Wilderness Preservation System (or any additions to existing areas) designated by this Title, shall restrict or preclude the designation of new units of special use airspace or the use or establishment of military flight training rules over such areas.

(c) COMMUNICATIONS OR TRACKING SYSTEMS.—Nothing in this Title, the Wilderness Act, or other land management laws generally applicable to new areas of the Wilderness Preservation System (or any additions to existing areas) designated by this Title shall be construed to require the removal of existing communication or electronic tracking systems from areas designated as wilderness by this Title, to prohibit the maintenance of existing communications or electronic tracking systems within such new wilderness areas, or to prevent the installation of portable electronic communication or tracking systems in support of military operations so long as installation, maintenance, and removal of such systems does not require construction of temporary or permanent roads.

SECTION 2007. AIR QUALITY.

(a) IN GENERAL.—The Congress does not intend that designation of wilderness areas in the State of Utah by this Title lead to reclassification of any airshed to a more stringent Prevented of Significant Deterioration (PSD) classification.

(b) ROLE OF STATE.—Air quality reclassification for the wilderness areas established by this Title shall be the prerogative of the State of Utah. All areas designated as wilderness by this Title are and shall continue to be managed as PSD Class II under the Clean Air Act unless they are reclassified by the State of Utah in accordance with the Clean Air Act.

(c) INDUSTRIAL FACILITIES.—Nothing in this Title shall be construed to restrict or preclude construction, operation, or expansion of industrial facilities outside of the areas designated as wilderness by this Title, including the Hunter Power Facilities, the Huntington Power Facilities, the Intermountain Power Facilities, the Bonanza Power Facilities, the Continental Lime Facilities, and the Brush Wellman Facilities. The permitting and operation of such projects and facilities shall be subject to applicable laws and regulations.

SECTION 2008. WILDERNESS RELEASE.

(a) FINDING.—The Congress finds and directs that all public lands in the State of Utah administered by the Bureau of Land Management have been adequately studied for wilderness designation pursuant to sections 202 and 603 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712 and 1782).

(b) RELEASE.—Except as provided in subsection (c), any public lands administered by the Bureau of Land Management in the State of Utah not designated wilderness by this Title are no longer subject to section 603(c) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1783(c)). Such lands shall be managed for the full range of uses as defined in section 103(c) of said Act (43 U.S.C. 1702(c)) and in accordance with land management plans adopted pursuant to section 202 of such Act (43 U.S.C. 1712). Such lands shall not be managed for the purpose of protecting their suitability for wilderness designation.

(c) CONTINUING WILDERNESS STUDY AREAS STATUS.—The following wilderness study areas which are under study status by States adjacent to the State of Utah shall continue to be subject to section 603(c) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782(c)):

(1) Bull Canyon; UT00800419/CO00100001.

(2) Wrigley Mesa/Jones Canyon/Black Ridge Canyon West; UT00600116/117/CO00700113A.

(4) Cross Canyon; UT00600229/CO00300265.

SECTION 2009. EXCHANGE RELATING TO SCHOOL AND INSTITUTIONAL TRUST LANDS.

(a) FINDINGS.—The Congress finds that—

(1) approximately 242,000 acres of school and institutional trust lands are located within or adjacent to areas designated as wilderness by this Title, including 15,000 acres of mineral estate;

(2) such lands were originally granted to the State of Utah for the purpose of generating support for the public schools through the development of natural resources and other methods; and

(3) it is in the interest of the State of Utah and the United States for such lands to be exchanged for interests in Federal lands located outside of wilderness areas to accomplish this purpose.

(b) EXCHANGE.—The Secretary is authorized to accept on behalf of the United States title to all school and institutional trust lands owned by the State of Utah described in Subsection (c)(1) that may be exchanged for lands or interests therein owned by the United States described in Subsection (c)(2) as provided in this section. The exchange of lands under this section shall be subject to valid existing rights, including (but not limited to) the right of the State of Utah to receive, and distribute pursuant to state law, 50 percent of the revenue, less a reasonable administrative fee, from the production of minerals that are leased or would have been subject to leasing pursuant to the Mineral Leasing Act (30 U.S.C. 191 et seq).

(c) STATE AND FEDERAL EXCHANGE LANDS DESCRIBED.—

(1) SCHOOL AND INSTITUTIONAL TRUST LANDS.—The school and institutional trust lands referred to in this section are those lands generally depicted as "Surface and Mineral Offering" on the map entitled "Proposed Land Exchange Utah (H.R. 1745)" and dated December 6, 1995, which—

(A) are located within or adjacent to areas designated by this Title as wilderness; and

(B) were granted by the United States in the Utah Enabling Act to the State of Utah in trust and other lands which under State law must be managed for the benefit of the public school system or the institutions of the State which are designated by the Utah Enabling Act.

(2) FEDERAL LANDS.—The Federal lands referred to in this section are the lands located in the State of Utah which are generally depicted as "Federal Exchange Lands" on the map referred to in paragraph (1).

(d)(1) LAND EXCHANGE FOR EQUAL VALUE.—The lands exchanged pursuant to this section shall be of approximate equal value as determined by nationally recognized appraisal standards.

(2) PARTIAL EXCHANGES.—If the State of Utah so desires, it may identify from time to time by notice to the Secretary portions of the lands described in subsection (c)(1) which it is prepared to exchange together with a list of the portion of the lands in subsection (c)(2) which it intends to acquire in return. In making its selections, the state shall work with the Secretary to minimize or eliminate the retention of federal inholdings or other unmanageable federal parcels as a consequence of the transfer of federal lands, or interests therein, to the state. Upon receipt of such notice, the Secretary shall immediately proceed to conduct the necessary valuations. The valuations shall be completed no later than six months following the state's notice. The Secretary shall then enter into good faith negotiations with the

state concerning the value of the lands, or interests therein, involved in each proposed partial exchange. If the value of the lands or interests therein are not approximately equal, the Secretary and the State of Utah shall either agree to modify the lands to be exchanged within the partial exchange or shall provide for a cash equalization payment to equalize the value. Any cash equalization payment shall not exceed 25 percent of the value of the land to be conveyed. The State shall submit all notices of exchange within four years of the date of enactment of this Act.

(3)(i) DEADLINE AND DISPUTE RESOLUTION.—If, after one year from the date of enactment of this Act, the Secretary and the State of Utah have not agreed upon the final terms of some or all of the individual exchanges initiated by the state pursuant to subsection (d)(2), including the value of the lands involved, notwithstanding any other provisions of law, the United States District Court for the District of Utah, Central Division, shall have jurisdiction to hear, determine, and render judgment on the value of any and all lands, or interests therein, involved in the exchange.

(ii) No action provided for in this subsection may be filed with the court sooner than one year and later than five years after the date of enactment of this Act. Any decision of the District Court under this section may be appealed in accordance with the applicable laws and rules.

(4) TRANSFER OF TITLE.—The transfer of lands or cash equalizations shall take place within sixty days following agreement on an individual partial exchange by the Secretary and the Governor of the State of Utah, or acceptance by the governor of the terms of an appropriate order of judgment entered by the district court affecting that partial exchange. The Secretary and the State shall each convey, subject to valid existing rights, all right, title and interest to the lands or interests therein involved in each partial exchange.

(e) DUTIES OF THE PARTIES AND OTHER PROVISIONS RELATING TO THE EXCHANGE.—

(1) MAP AND LEGAL DESCRIPTION.—The State of Utah and the Secretary shall each provide to the other legal descriptions of the lands under their respective jurisdictions which are to be exchanged under this section. The map referred to in subsection 9c)(1) and the legal descriptions provided under this subsection shall be on file and available for public inspection in the office of the Director of the Bureau of Land Management and the office of the State Director of the Bureau of Land Management in the State of Utah, Department of the Interior.

(2) HAZARDOUS MATERIALS.—The Secretary and the State of Utah shall inspect all pertinent records and shall conduct a physical inspection of the lands to be exchanged pursuant to this Title for the presence of any hazardous materials as presently defined by applicable law. The results of those inspections shall be made available to the parties. The responsibility for costs of remedial action related to such materials shall be borne by those entities responsible under existing law.

(3) PROVISIONS RELATING TO FEDERAL LANDS.—(A) The enactment of this Act shall be construed as satisfying the provisions of section 206(a) of the Federal Land Policy and Management Act of 1976 requiring that exchanges of lands be in the public interest.

(B) The transfer of lands and related activities required of the Secretary under this section shall not be subject to the National Environmental Policy Act of 1969.

(C) The value of Federal lands transferred to the State under this section shall be adjusted to reflect the right of the State of Utah under Federal law to share the revenues from such Federal lands, and the conveyances under this section to the State of

Utah shall be subject to such revenue sharing obligations as a valid existing right.

(D) Subject to valid existing rights, the Federal lands described in subsection (c)(2) are hereby withdrawn from disposition under the public land laws and from location, entry, and patent under the mining laws of the United States, from the operation of the mineral leasing laws of the United States, from operation of the Geothermal Steam Act of 1970, and from the operation of the Act of July 31, 1947, commonly known as the Materials Act of 1947 (30 U.S.C. 601 and following). The Secretary shall have the authority to extend any existing leases on such Federal lands prior to consummation of the exchange.

(4) PROCEEDS FROM LEASE AND PRODUCTION OF MINERALS AND SALES AND HARVESTS OF TIMBER.—

(A) COLLECTION AND DISTRIBUTION.—The State of Utah, in connection with the management of the school and institutional trust lands described in subsections (c)(2) and (d), shall upon conveyance of such lands, collect and distribute all proceeds from the lease and production of minerals and the sale and harvest of timber on such lands as required by law until the State, as trustee, no longer owns the estate from which the proceeds are produced.

(B) DISPUTES.—A dispute concerning the collection and distribution of proceeds under subparagraph (A) shall be resolved in accordance with State law.

(f) ADMINISTRATION OF LANDS ACQUIRED BY THE UNITED STATES.—The lands and interests in lands acquired by the United States under this section shall be added to and administered as part of areas of the public lands, as indicated on the maps referred to in this section or in section 2002, as applicable.

SECTION 2010. LAND APPRAISAL.

Lands and interests in lands acquired pursuant to this title shall be appraised without regard to the presence of a species listed as threatened or endangered pursuant to the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).

(2) When military operations, public safety, or national security, as determined by the Secretary of the Army, require the closure of roads or trails on the lands withdrawn by this Title commonly in public use, the Secretary of the Army is authorized to take such action, except that such closures shall be limited to the minimum areas and periods required for the purposes specified in this subsection. Appropriate warning notices shall be kept posted during closures.

(3) The Secretary of the Army shall take necessary precautions to prevent and suppress brush and range fires occurring within and outside the lands as a result of military activities and may seek assistance from the Bureau of Land Management in suppressing such fires. (c) **IMPLEMENTATION OF MANAGEMENT PLAN.**—(1) The Secretary of the Army and the Secretary of the Interior shall enter into a memorandum of understanding to implement the management plan described in subsection (b).

(2) The duration of any such memorandum of understanding shall be the same as the period of withdrawal under section 2007.

(3) The memorandum of understanding may be amended by agreement of both Secretaries.

(d) **USE OF CERTAIN RESOURCES.**—Subject to valid existing rights, the Secretary of the Army is authorized to utilize sand, gravel, or similar mineral or mineral material resources from lands withdrawn by this Title, when the use of such resources is required for construction needs of the Fort Carson Military Reservation or Pinon Canyon Maneuver Site.

SECTION 2107. TERMINATION OF WITHDRAWAL AND RESERVATION AND EFFECT OF CONTAMINATION.

(a) **TERMINATION DATE.**—The withdrawal and reservation established by this Title shall terminate 15 years after the date of the enactment of this Act.

(b) **DETERMINATION OF CONTINUING MILITARY NEED.**—(1) At least three years prior to the termination under subsection (a) of the withdrawal and reservation established by this Title, the Secretary of the Army shall advise the Secretary of the Interior as to whether or not the Department of the Army will have a continuing military need for any of the lands after the termination date.

(2) If the Secretary of the Army concludes under paragraph (1) that there will be a continuing military need for any of the lands after the termination date established by subsection (a), the Secretary of the Army, in accordance with applicable law, shall evaluate the environmental effects of renewal of such withdrawal and reservation, shall hold at least one public hearing in Colorado concerning such evaluation, and shall thereafter file an application for extension of the withdrawal and reservation of such lands in accordance with the regulations and procedures of the Department of the Interior applicable to the extension of withdrawals for military uses. The Secretary of the Interior shall notify the Congress concerning such filing.

(2) If the Secretaries of the Army and the Interior conclude either that the contamination of any or all of the lands proposed for relinquishment is not practicable or economically feasible, or that the lands cannot be decontaminated sufficiently to allow them to be opened to the operation of the public land laws, or if Congress declined to appropriate funds for decontamination of the lands, the Secretary of the Interior shall not be required to accept the lands proposed for relinquishment.

(3) If, because of their contaminated state, the Secretary of the Interior declines under paragraph (2) to accept jurisdiction of the

lands proposed for relinquishment, or if at the expiration of the withdrawal made by the Title the Secretary of the Interior determines that some of the lands withdrawn by this Title are contaminated to an extent which prevents opening such contaminated lands to operation of the public land laws—

(A) the Secretary of the Army shall take appropriate steps to warn the public of the contaminated state of such lands and any risks associated with entry onto such lands;

(B) after the expiration of the withdrawal, the Secretary of the Army shall undertake no activities on such lands except in connection with decontamination of such lands; and

(C) the Secretary of the Army shall report to the Secretary of the Interior and to the Congress concerning the status of such lands and all actions taken in furtherance of the subsection.

(4) If the lands are subsequently decontaminated, upon certification by the Secretary of the Army that the lands are safe for all nonmilitary uses, the Secretary of the Interior shall reconsider accepting jurisdiction over the lands.

(5) Nothing in this Title shall affect, or be construed to affect, the Secretary's obligations, if any, to decontaminate such lands pursuant to applicable law, including but not limited to the Comprehensive Environmental Response Compensation and Liability Act (42 U.S.C. 9601 et seq.), and the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (42 U.S.C. 6901 et seq.).

(e) **PROGRAM OF DECONTAMINATION.**—Throughout the duration of the withdrawal and reservation made by the Title, the Secretary of the Army, to the extent funds are made available, shall maintain a program of decontamination of the lands withdrawn by this Title at least at the level of effort carried out during fiscal year 1992.

(f) **ACCEPTANCE OF LANDS PROPOSED FOR RELINQUISHMENT.**—Notwithstanding any other provision of law, the Secretary of the Interior, upon deciding that it is in the public interest to accept jurisdiction over those lands proposed for relinquishment, is authorized to revoke the withdrawal and reservation established by this Title as it applies to the lands proposed for relinquishment. Should the decision be made to revoke the withdrawal and reservation, the Secretary of the Interior shall publish in the Federal Register an appropriate order which shall—

(1) terminate the withdrawal and reservation;

(2) constitute official acceptance of full jurisdiction over the lands by the Secretary of the Interior; and

(3) state the date upon which the lands will be opened to the operation of the public land laws, including the mining laws if appropriate.

SECTION 2108. DELEGATION.

The function of the Secretary of the Army under this Act may be delegated. The functions of the Secretary of the Interior under this Title may be delegated, except that the order referred to in section 2007(f) may be approved and signed only by the Secretary of the Interior, the Deputy Secretary of the Interior, or an Assistant Secretary of the Department of the Interior.

SECTION 2109. HOLD HARMLESS PROVISION.

(a) **IN GENERAL.**—The United States and all departments or agencies thereof shall be held harmless and shall not be liable for any injuries or damages to persons or property suffered in the course of any mining, mineral activity, or geothermal leasing activity conducted on lands comprising the Fort Carson Military Reservation or Pinon Canyon Maneuver Site, including liabilities to non-Federal entities under sections 107 or 113 of the

Comprehensive Environmental Response Compensation and Liability Act, 42 U.S.C. 9607 and 9613, or section 7003 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, 42 U.S.C. 6973.

SECTION 2110. AMENDMENTS TO MILITARY LANDS WITHDRAWAL ACT OF 1986.

(a) USE OF CERTAIN RESOURCE.—Section 3(f) of the Military Lands Withdrawal Act of 1986 (Public Law 99-606; 100 Stat. 3461) is amended by adding at the end a new paragraph (2) as follows:

“(2) Subject to valid existing rights, the Secretary of the military department concerned may utilize sand, gravel, or similar mineral or material resources from lands withdrawn for the purposes of this Act when the use of such resources is required for construction needs on the respective lands withdrawn by this Act.”

(b) TECHNICAL CORRECTION.—Section 9(b) of the Military Lands Withdrawal Act of 1986 (Public Law 99-606; 100 Stat. 3466) is amended by striking “7(f)” and inserting in lieu thereof, “8(f)”.

SECTION 2111. AUTHORIZATION OF APPROPRIATIONS.

There are hereby authorized to be appropriated such sums as may be necessary to carry out this Title.

TITLE XXII—SNOWBASIN LAND EXCHANGE ACT

SECTION 2201. FINDINGS AND DETERMINATION.

(a) FINDINGS.—The Congress finds that—
(1) in June 1995, Salt Lake City, Utah, was selected to host the 2002 Winter Olympic Games and the Snowbasin Ski Resort, which is owned by the Sun Valley Company, was identified as the site of six Olympic events: the men's and women's downhill, men's and women's Super-Gs, and men's and women's combined downhill;

(2) in order to adequately accommodate these events, which are traditionally among the most popular and heavily attended at the Winter Olympic Games, major new skiing, visitor, and support facilities will have to be constructed at the Snowbasin Ski Resort on land currently administered by the United States Forest Service;

(3) while certain of these new facilities can be accommodated on National Forest land under traditional Forest Service permitting authorities, the base area facilities necessary to host visitors to the ski area and the Winter Olympics are of such a nature that they should logically be located on private land;

(4) land exchanges have been routinely utilized by the Forest Service to transfer base area lands to many other ski areas, and the Forest Service and the Sun Valley Company have concluded that a land exchange to transfer base area lands at the Snowbasin Ski Resort to the Sun Valley Company is both logical and advisable;

(5) an environmental impact statement and numerous resource studies have been completed by the Forest Service and the Sun Valley Company for the lands proposed to be transferred to the Sun Valley Company by this Title;

(6) the Sun Valley Company has assembled lands with outstanding environmental, rec-

reational, and other values to convey to the Forest Service in return for the lands it will receive in the exchange, and the Forest Service has identified such lands as desirable for acquisition by the United States; and

(7) completion of a land exchange and approval of a development plan for Olympic related facilities at the Snowbasin Ski Resort is essential to ensure that all necessary facilities can be constructed, tested for safety and other purposes, and become fully operational in advance of the 2002 Winter Olympics and earlier pre-Olympic events.

(b) DETERMINATION.—The Congress has reviewed the previous analyses and studies of the lands to be exchanged and developed pursuant to this Title, and has made its own review of these lands and issues involved, and on the basis of those reviews hereby finds and determines that a legislated land exchange and development plan approval with respect to certain National Forest System Lands is necessary to meet Olympic goals and timetables.

SECTION 2202. PURPOSE AND INTENT.

The purpose of this Title is to authorize and direct the Secretary to exchange 1,320 acres of federally-owned land within the Cache National Forest in the State of Utah for lands of approximately equal value owned by the Sun Valley Company. It is the intent of Congress that this exchange be completed without delay within the period specified by section 2104.

SECTION 2203. DEFINITIONS.

As used in this Title—

(1) the term “Sun Valley Company” means the Sun Valley Company, a division of Sinclair Oil Corporation, a Wyoming Corporation, or its successors or assigns; and

(2) the term “Secretary” means the Secretary of Agriculture.

SECTION 2204. EXCHANGE.

(a) FEDERAL SELECTED LANDS.—(1) Not later than 45 days after the final determination of value of the Federal selected lands, the Secretary shall, subject to this Title, transfer all right, title, and interest of the United States in and to the lands referred to in paragraph (2) to the Sun Valley Company.

(2) The lands referred to in paragraph (1) are certain lands within the Cache National Forest in the State of Utah comprising 1,320 acres, more or less, as generally depicted on the map entitled “Snowbasin Land Exchange—Proposed” and dated October 1995.

(b) NON-FEDERAL OFFERED LANDS.—Upon transfer of the Federal selected lands under subsection (a), and in exchange for those lands, the Sun Valley Company shall simultaneously convey to the Secretary all right, title and interest of the Sun Valley Company in and to so much of the following offered lands which have been previously identified by the United States Forest Service as desirable by the United States, or which are identified pursuant to paragraph (5) prior to the transfer of lands under subsection (a), as are of approximate equal value to the Federal selected lands:

(1) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, which comprise approximately 640 acres and are generally depicted on a map entitled “Lightning Ridge Offered Lands”, dated October 1995.

(5) Such additional offered lands in the State of Utah as may be necessary to make the values of the lands exchanged pursuant to this Title approximately equal, and which are acceptable to the Secretary.

(c) SUBSTITUTION OF OFFERED LANDS.—If one or more of the precise offered land parcels identified in paragraphs (1) through (4) of subsection (b) is unable to be conveyed to the United States due to appraisal or other reasons, or if the Secretary and the Sun Valley Company mutually agree and the Secretary determines that an alternative offered land package would better serve long term public needs and objectives, the Sun Valley Company may simultaneously convey to the United States alternative offered lands in the State of Utah acceptable to the Secretary in lieu of any or all of the lands identified in paragraph (1) through (4) of subsection (b).

(d) VALUATION AND APPRAISALS.—(1) Values of the lands to be exchanged pursuant to this Title shall be equal as determined by the Secretary utilizing nationally recognized appraisal standards and in accordance with section 206 of the Federal Land Policy and Management Act of 1976. If, due to size, location, or use of lands exchanged under this Title, the values are not exactly equal, they shall be equalized by the payment of cash equalization money to the Secretary or the Sun Valley Company as appropriate in accordance with section 206(b) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(b)). In order to expedite the consummation of the exchange directed by this Title, the Sun Valley Company shall arrange and pay for appraisals of the offered and selected lands by a qualified appraiser with experience in appraising similar properties and who is mutually acceptable to the Sun Valley Company and the Secretary. The appraisal of the Federal selected lands shall be completed and submitted to the Secretary for technical review and approval no later than 120 days after the date of enactment of this Act, and the Secretary shall make a determination of value not later than 30 days after receipt of the appraisal. In the event the Secretary and the Sun Valley Company are unable to agree to the appraised value of a certain tract or tracts of land, the appraisal, appraisals, or appraisal issues in dispute and a final determination of value shall be resolved through a process of bargaining or submission to arbitration in accordance with section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)).

(2) In order to expedite the appraisal of the Federal selected lands, such appraisal shall—

(A) value the land in its unimproved state, as a single entity for its highest and best use as if in private ownership and as of the date of enactment of this Act;

(B) consider the Federal lands as an independent property as though in the private marketplace and suitable for development to its highest and best use;

(C) consider in the appraisal any encumbrance on the title anticipated to be in the conveyance to Sun Valley Company and reflect its effect on the fair market value of the property; and

(D) not reflect any enhancement in value to the Federal selected lands based on the existence of private lands owned by the Sun Valley Company in the vicinity of the Snowbasin Ski Resort, and shall assume that private lands owned by the Sun Valley Company are not available for use in conjunction with the Federal selected lands.

SECTION 2205. GENERAL PROVISIONS RELATING TO THE EXCHANGE.

(a) IN GENERAL.—The exchange authorized by this Title shall be subject to the following terms and conditions:

(1) RESERVED RIGHTS-OF-WAY.—In any deed issued pursuant to section 5(a), the Secretary shall reserve in the United States a right of reasonable access across the conveyed property for public access and for administrative purposes of the United States necessary to manage adjacent federally-owned lands. The terms of such reservation shall be prescribed by the Secretary within 30 days after the date of the enactment of this Act.

(2) RIGHT OF RESCISSION.—This Title shall not be binding on either the United States or the Sun Valley Company if, within 30 days after the final determination of value of the Federal selected lands, the Sun Valley Company submits to the Secretary a duly authorized and executed resolution of the Company stating its intention not to enter into the exchange authorized by this Title.

(b) WITHDRAWAL.—Subject to valid existing rights, effective on the date of enactment of this Act, the Federal selected lands described in section 5(a)(2) and all National Forest System lands currently under special use permit to the Sun Valley Company at the Snowbasin Ski Resort are hereby withdrawn from all forms of appropriation under the public land laws (including the mining laws) and from disposition under all laws pertaining to mineral and geothermal leasing.

(d) STATUS OF LANDS.—Upon acceptance of title by the Secretary, the land conveyed to the United States pursuant to this Title shall become part of the Wasatch or Cache National Forests as appropriate, and the boundaries of such National Forests shall be adjusted to encompass such lands. Once conveyed, such lands shall be managed in accordance with the Act of March 1, 1911, as amended (commonly known as the "Weeks Act"), and in accordance with the other laws, rules and regulations applicable to National Forest System lands. This subsection does not limit the Secretary's authority to adjust the boundaries pursuant to section 11 of the Act of March 1, 1911 ("Weeks Act"). For the purposes of section 7 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-9), the boundaries of the Wasatch and Cache National Forests, as adjusted by this Title, shall be considered to be boundaries of the forests as of January 1, 1965.

rected by this Title are limited in size and scope, are reasonable and necessary to accommodate the 2002 Olympics, and in some cases are required to provide for the safety of skiing competitors and spectators.

(2) Within 60 days after the date of enactment of this Act, the Secretary and the Sun Valley Company shall review the Master Plan insofar as such plan pertains to Phase I facilities which are to be constructed and operated wholly or partially on National Forest System lands retained by the Secretary after consummation of the land exchange directed by this Title. The Secretary may modify such Phase I facilities upon mutual agreement with the Sun Valley Company or by imposing conditions pursuant to subsection (b) of this section.

At the end of the 30-day period, unless otherwise directed by Act of Congress, the Secretary may issue all necessary authorizations for construction and operation of such facilities or modifications thereof in accordance with the procedures and provisions of subsection (b) of this section.

(b) PHASE I FACILITY APPROVAL, CONDITIONS, AND TIMETABLE.—Within 120 days of receipt of an application by the Sun Valley Company to authorize construction and operation of any particular Phase I facility, facilities, or group of facilities, the Secretary, in consultation with the Sun Valley Company, shall authorize construction and operation of such facility, facilities, or group of facilities, subject to the general policies of the Forest Service pertaining to the construction and operation of ski area facilities on National Forest System lands and subject to reasonable conditions to protect National Forest System resources. In providing authorization to construct and operate a facility, facilities, or group of facilities, the Secretary may not impose any condition that would significantly change the location, size, or scope of the applied for Phase I facility unless—

(1) the modification is mutually agreed to by the Secretary and the Sun Valley Company; or

(2) the modification is necessary to protect health and safety. Nothing in this section shall be construed to affect the Secretary's responsibility to monitor and assure compliance with the conditions set forth in the construction and operation authorization.

(c) CONGRESSIONAL DIRECTIONS.—Notwithstanding any other provision of law, Congress finds that consummation of the land exchange directed by this Title and all determinations, authorizations, and actions taken by the Secretary pursuant to this Title pertaining to Phase I facilities on National Forest System lands, or any modifications thereof, to be nondiscretionary actions authorized and directed by Congress and hence to comply with all procedural and other requirements of the laws of the United States. Such determinations, authorizations, and actions shall not be subject to administrative or judicial review.

SECTION 2207. NO PRECEDENT.

Nothing in section 2104(d)(2) of this Title relating to conditions or limitations on the appraisal of the Federal lands, or any provision of section 2106 relating to the approval by the Congress or the Forest Service of facilities on National Forest System lands, shall be construed as a precedent for subsequent legislation.

TITLE XXXII—CUPRUM, IDAHO RELIEF

SECTION 3201. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds and declares that:

(1) In 1899, the citizens of Cuprum, Idaho, commissioned E.S. Hesse to conduct a survey describing these lands occupied by their community. The purpose of this survey was to provide a basis for the application for a townsite patent.

(2) In 1909, the Cuprum Townsite patent (Number 52817) was granted, based on an aliquot parts description which was intended to circumscribe the Hesse survey.

(3) Since the day of the patent, the Hesse survey has been used continuously by the community of Cuprum and by Adams County, Idaho, as the official townsite plat and basis for conveyance of title within the townsite.

(4) Recent boundary surveys conducted by the United States Department of Agriculture, Forest Service, and the United States Department of the Interior, Bureau of Land Management, discovered inconsistencies between the official aliquot parts description of the patented Cuprum Townsite and the Hesse survey. Many lots along the south and east boundaries of the townsite are now known to extend onto National Forest System lands outside the townsite.

(5) It is the determination of Congress that the original intent of the Cuprum Townsite application was to include all the lands described by the Hesse survey.

(b) PURPOSE.—It is the purpose of this Title to amend the 1909 Cuprum Townsite patent to include those additional lands described by the Hesse survey in addition to other lands necessary to provide an administratively acceptable boundary to the National Forest System.

SECTION 3202. AMENDMENT OF PATENT.

(a) The 909 Cuprum Townsite patent is hereby amended to include parcels 1 and 2, identified on the plat, marked as “Township 20 North, Range 3 West, Boise Meridian, Idaho, Section 10: Proposed Patent Adjustment Cuprum Townsite, Idaho” prepared by Payette N.F.—Land Survey Unit, drawn and approved by Tom Betzold, Forest Land Surveyor, on April 25, 1995. Such additional lands are hereby conveyed to the original patentee, Pitts Ellis, trustee, and Probate Judge of Washington County, Idaho, or any successors or assigns in interest in accordance with State law. The Secretary of Agriculture may correct clerical and typographical errors in such plat.

(b) The Federal Government shall survey the Federal property lines and mark and post the boundaries necessary to implement this section.

SECTION 3203. RELEASE.

Notwithstanding section 120 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. 9620), the United States shall not be liable and shall be held harmless from any and all claims resulting from substances or petroleum products or any other hazardous materials on the conveyed land.

TITLE XXXIII—ARKANSAS AND OKLAHOMA LAND EXCHANGE

SECTION 3301. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that:

(1) The Weyerhaeuser Company has offered to the United States Government an exchange of lands under which Weyerhaeuser would receive approximately 48,000 acres of Federal land in Arkansas and Oklahoma and all mineral interests and oil and gas inter-

ests pertaining to these exchanged lands in which the United States Government has an interest in return for conveying to the United States lands owned by Weyerhaeuser consisting of approximately 180,000 acres of forested wetlands and other forest land of public interest in Arkansas and Oklahoma and all mineral interests and all oil and gas interest pertaining to 48,000 acres of these 180,000 acres of exchanged lands in which Weyerhaeuser has an interest, consisting of:

(A) certain lands in Arkansas (Arkansas Ouachita lands) located near Poteau Mountain, Caney Creek Wilderness, Lake Ouachita, Little Missouri Wild and Scenic River, Flatside Wilderness and the Ouachita National Forest;

(B) certain lands in Oklahoma (Oklahoma lands) located near the McCurtain County Wilderness, the Broken Bow Reservoir, the Glover River, and the Ouachita National Forest; and

(C) certain lands in Arkansas (Arkansas Cossatot lands) located on the Little and Cossatot Rivers and identified as the “Pond Creek Bottoms” in the Lower Mississippi River Delta section of the North American Waterfowl Management Plan;

(2) acquisition of the Arkansas Cossatot lands by the United States will remove the lands in the heart of a critical wetland ecosystem from sustained timber production and other development;

(3) the acquisition of the Arkansas Ouachita lands and the Oklahoma lands by the United States for administration by the Forest Service will provide an opportunity for enhancement of ecosystem management of the National Forest System lands and resources;

(4) the Arkansas Ouachita lands and the Oklahoma lands have outstanding wildlife habitat and important recreational values and should continue to be made available for activities such as public hunting, fishing, trapping, nature observation, enjoyment, education, and timber management whenever these activities are consistent with applicable Federal laws and land and resource management plans; these lands, especially in the riparian zones, also harbor endangered, threatened and sensitive plants and animals and the conservation and restoration of these areas are important to the recreational and educational public uses and will represent a valuable ecological resource which should be conserved;

(5) the private use of the lands the United States will convey to Weyerhaeuser will not conflict with established management objectives on adjacent Federal lands;

(6) the lands the United States will convey to Weyerhaeuser as part of the exchange described in paragraph (1) do not contain comparable fish, wildlife, or wetland values;

(7) the values of all lands, mineral interests, and oil and gas interests to be exchanged between the United States and Weyerhaeuser are approximately equal in value; and

(8) the exchange of lands, mineral interests, and oil and gas interests between Weyerhaeuser and the United States is in the public interest.

(b) PURPOSE.—The purpose of this Title is to authorize and direct the Secretary of the Interior and the Secretary of Agriculture, subject to the terms of this Title, to complete, as expeditiously as possible, an exchange of lands, mineral interests, and oil and gas interests with Weyerhaeuser that will provide environmental, land management, recreational, and economic benefits to the States of Arkansas and Oklahoma and to the United States.

(2) RESERVATION.—In addition to the exchange of oil and gas interests pursuant to paragraph (b)(1), Weyerhaeuser shall reserve oil and gas interests in and under the lands depicted for reservation upon a map entitled "Arkansas-Oklahoma Land Exchange—Weyerhaeuser Oil and Gas Interest Reservation Lands", dated February 1996 and available for public inspection in appropriate offices of the Secretaries. Such reservation shall be subject to the provisions of this Title and a Memorandum of Understanding jointly agreed to by the Forest Service and Weyerhaeuser. Such Memorandum of Understanding shall be completed no later than 60 days after date of enactment of this Title and shall be transmitted to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives. (c) GENERAL PROVISIONS.—

(1) MAPS CONTROLLING.—The acreage cited in this Title is approximate. In the case of a discrepancy between the description of lands, mineral interests, or oil and gas interests to be exchanged pursuant to subsection (a) and the lands, mineral interests, or oil and gas interest depicted on a map referred to in such subsection, the map shall control. (4) WITHDRAWAL.—Subject to valid existing rights, the lands and interests therein depicted for conveyance to Weyerhaeuser on the maps referenced in subsections (a) and (b) are withdrawn from all forms of entry and appropriation under the public land laws (including the mining laws) and from the operation of mineral leasing and geothermal steam leasing laws effective upon the date of the enactment of this Title. Such withdrawal shall terminate 45 days after completion of the exchange provided for in subsections (a) and (b) or on the date of notification by Weyerhaeuser of a decision not to complete the exchange.
