ADDITIONAL STATEMENTS

RISE IN COCAINE USE

• Mrs. FEINSTEIN. Mr. President, I rise today to bring to the Senate's attention startling new evidence of a resurgence in severe cocaine abuse.

A recent study conducted and released in California reveals that the use of cocaine is still very much present, that it causes severe health problems and that it shows no signs of slowing down.

The report, conducted by the Public Statistics Institute, found that emergency room admissions for cocaine abuse have soared to an all-time high in California.

After a surge in cocaine morbidity during the 1980's, there was a significant drop in 1990, then a complete resurgence to new highs in 1994.

The report showed emergency-room admissions related to cocaine increased to 13,496 in 1994. This represents a 27-percent increase from the previous high of 10,660 in 1988, 79-percent increase over the previous low of 7,545 in 1990, and 266-percent increase over the 3,688 admissions a decade earlier, in 1985.

Rates were substantially higher in densely populated cities in southern and northern California. The State's average of 42 admissions per 100,000 people was 270 percent higher in San Francisco, 108 percent higher in Alameda County, 38 percent higher in Contra Costa County and 47 percent higher in Los Angeles County.

Outside the Bay Area, the rates also posted significant increases including a ten-fold increase in Sacramento County, 750 percent throughout the San Joaquin Valley, and more than 700 percent in Fresno County, and more than 650 percent in the central California region of Kern, Kings, Madera, Mariposa, and Tulare counties.

Thousands of cocaine users are arriving in hospitals every year for treatment of seizures, shock, brain hemorrhage, coma, vomiting, cardiac arrest, chest pain, fever, and acute paranoia. According to the study's researchers, these problems are only the tip of the iceberg relating to cocaine use.

The decrease in 1990, perceived to be the result of Federal legislation regu-

lating the chemicals to produce cocaine, appears to have only been a short pause in what seems to be a problem of epidemic proportions.

The numbers were even more striking for patients of ethnic groups. The number of African-American patients soared from 63.5 per 100,000 in 1985 to 275 per 100,000 admissions in 1994. From 1990 to 1994, admissions among African-Americans rose 116 percent, 115 percent among Latinos. In contrast, admissions rose 36 percent among whites. Researchers speculate that the disparity may possibly be linked to the recently documented rise of methamphetamine use by whites.

In just a very short period of time, the group that conducted this report—The Public Statistics Institute—has established a strong record for their non-partisan, objective reports on drug use and emergency-room admissions in the State of California.

This group's report on methamphetamine use in California was one of the first reports completed that showed a real epidemic is developing. The earlier methamphetamine report showed a 366-percent increase in methamphetamine-related emergency room admissions in California from 1984 to 1993. Hospitals in central California saw an unprecedented 1,742-percent increase in admissions.

I am making these comments—and I attended a hearing last week on our Nation's drug control strategy—because I feel eradicating drugs from our society is one of our most pressing challenges.

The President's drug control plan announced last week outlines important steps to meet this challenge. I am pleased to endorse his action and urge my colleagues to do so as well.

I am especially pleased that two of the five major strategies under the plan respond to problems that are especially troubling in California methamphetamine and drug smuggling from Mexico.

The President has proposed a comprehensive national methamphetamine strategy, which will attack the problem of methamphetamine from several sides, including enforcement, training police, legislation, regulations to control precursor chemicals, environmental cleanup of clandestine laboratories where methamphetamine is made, international cooperation, public education; and treatment.

Specific legislative proposals to help control methamphetamine include two provisions which are very similar to sections of the Methamphetamine Control Act, which I introduced earlier this year in a bipartisan effort with Senators GRASSLEY, REID and KYL increase penalties for trafficking in precursor chemicals required to make methamphetamine, and impose stiff civil penalties on chemical supply houses that furnish vital precursor chemicals to clandestine methamphetamine laboratories.

Senator JOHN MCCAIN recently joined us in cosponsoring the Methamphet-

amine Control Act, and I am hopeful that the distinguished chairman of the Judiciary Committee will hold hearings on this bill in the very near future.

Passing legislation on methamphetamine alone will not solve our Nation's drug crisis.

We must also commit our resources to fighting the entry of drugs across our border, from Mexico.

Mexico is the dominant entry point for the illegal drugs which flow into our country and especially into my State of California.

The Southwest Border Initiative—which is another very important part of the President's anti-drug strategy—adds hundreds of new enforcement agents and prosecutors to our border with Mexico, where they are sorely needed, including 657 additional Customs staff at ports of entry along the border; 700 new Border Patrol agents; and new agents for the DEA and FBI.

Overall, the President's Drug Control Strategy calls for increased funding for drug control to rise from \$13.8 billion to \$15.1 billion in the next 2 years.

In the end, I'm sure my colleagues will agree that we don't need another report to tell us just how bad the drug problem has become in this country.

We're losing an entire generation to the scourge of drugs. With the increasing availability of methamphetamine and crack, the problem is only going to get worse.

Congress must choke off the supply of these drugs and set tough, strong penalties against those who profit from the drug trade.

There are three steps each Member of Congress can take, starting today, that will take steps toward this goal.

First, support the President's drug control strategy, including the budget requests necessary to carry it out. It's a Presidential year, so some on the other side of the aisle may be less likely to support this plan. I urge everyone in this Chamber to review the plan, make it better, but pass it quickly.

Second, pass the Methamphetamine Control Act of 1996, which has bipartisan support and which makes reasonable steps of stopping this horrendous drug from spreading from the Western states to the entire Nation.

Third, speak out against drugs in our communities, to our young people, so we can reach them before it is too late. No more message, in the end, is more effective than for everyone—community leaders, elected officials, and, most important, parents—to give a resounding message to our young people to stay away from drugs.

I thank the Chair for this opportunity and I yield the floor.●

ADMINISTRATION OF CERTAIN PRESIDIO PROPERTIES

Mr. LOTT. Mr. President, I ask that the Chair lay before the Senate a message from the House of Representatives

on H.R. 1296, a bill to provide for the administration of certain Presidio properties at minimal cost to the Federal taxpayer.

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

(1) the Presidio, located amidst the incomparable scenic splendor of the Golden Gate, is one of America's great natural and historic sites;

(2) the Presidio is the oldest continuously operated military post in the Nation dating from 1776, and was designated a National Historic Landmark in 1962;

(3) preservation of the cultural and historic integrity of the Presidio for public use recognizes its significant role in the history of the United States;

(6) removal and/or replacement of some structures within the Presidio must be considered as a management option in the administration of the Presidio; and

(7) the Presidio will be managed through an innovative public/private partnership that minimizes cost to the United States Treasury and makes efficient use of private sector resources.

SEC. 102. AUTHORITY AND RESPONSIBILITY OF THE SECRETARY OF THE INTERIOR.

(a) **INTERIM AUTHORITY.**—The Secretary of the Interior (hereinafter in this Act referred to as the "Secretary") is authorized to manage leases in existence on the date of this Act for properties under the administrative jurisdiction of the Secretary and located at the Presidio. The Trust shall have sole discretion over whether to hire any such employee or request a detail of such employee.

(2) Any career employee of the National Park Service employed at the Presidio on the date of enactment of this title shall be given priority placement for any available position within the National Park System notwithstanding any priority reemployment lists, directives, rules, regulations or other orders from the Department of the Interior, the Office of Management and Budget, or other Federal agencies.

(b) The Trust may participate in the development of programs and activities at the properties transferred to the Trust. The Trust shall have the authority to negotiate and enter into such agreements, leases, contracts and other arrangements with any person, firm, association, organization, corporation or governmental entity, including, without limitation, entities of Federal, State and local governments as are necessary and appropriate to finance and carry out its authorized activities. (c) The Trust shall develop a comprehensive program for management of those lands and facilities within the Presidio which are transferred to the administrative jurisdiction of the Trust. Such program shall be designed to reduce expenditures by the National Park Service and increase revenues to the Federal Government to the maximum extent possible. In carrying out this program, the Trust shall be treated as a successor in interest to the National Park Service with respect to compliance with the National Environmental Policy Act and other environmental compliance statutes. Such program shall consist of—

(1) demolition of structures which in the opinion of the Trust, cannot be cost-effectively rehabilitated, and which are identified in the management plan for demolition,

(m) **LEASING.**—In managing and leasing the properties transferred to it, the Trust considers the extent to which prospective tenants contribute to the implementation of the General Management Plan for the Presidio and to the reduction of cost to the Federal Government. The Trust shall give priority to the following categories of tenants: Tenants that enhance the financial viability of the Presidio and tenant that facilitate the cost-effective preservation of historic buildings through their reuse of such buildings.

(n) **REVERSION.**—If, at the expiration of 15 years, the Trust has not accomplished the goals and objectives of the plan required in section 105(b) of this title, then all property under the

administrative jurisdiction of the Trust pursuant to section 103(b) of this title shall be transferred to the Administrator of the General Services Administration to be disposed of in accordance with the procedures outlined in the Defense Authorization Act of 1990 (104 Stat. 1809), and any real property so transferred shall be deleted from the boundary of the Golden Gate National Recreation Area. In the event of such transfer, the terms and conditions of all agreements and loans regarding such lands and facilities entered into by the Trust shall be binding on any successor in interest.

(2) certain lands located within and adjacent to the United States Bureau of Land Management San Luis Resource Area in Conejos County, Colorado, which comprise approximately 3,993 acres and are generally depicted on a map entitled "Quinlan Ranches Tract", dated August 1994; and

(3) certain lands located within the United States Bureau of Land Management Royal Gorge Resource Area in Huerfano County, Colorado, which comprise approximately 4,700 acres and are generally depicted on a map entitled "Bonham Ranch-Cucharas Canyon", dated June 1995: Provided however, That it is the intention of Congress that such lands may remain available for the grazing of livestock as determined appropriate by the Secretary in accordance with applicable laws, rules, and regulations: Provided further, That if the Secretary determines that certain of the lands acquired adjacent to Cucharas Canyon hereunder are not needed for public purposes they may be sold in accordance with the provisions of section 203 of the Federal Land Policy and Management Act of 1976 and other applicable law.

(c) **SUBSTITUTION OF LANDS.**—If one or more of the precise offered land parcels identified above is unable to be conveyed to the United States due to appraisal or other problems, Lake Gulch and the Secretary may mutually agree to substitute therefor alternative offered lands acceptable to the Secretary.

(d) **COVEYANCE BY THE UNITED STATES.**—(1) Upon receipt of title to the lands identified in subsection (a) the Secretary shall simultaneously convey to Lake Gulch all right, title, and interest of the United States, subject to valid existing rights, in and to the following selected lands—

(A) certain surveyed lands located in Gilpin County, Colorado, Township 3 South, Range 72 West, Sixth Principal Meridian, Section 18, Lots 118–220, which comprise approximately 195 acres and are intended to include all federally owned lands in section 18, as generally depicted on a map entitled "Lake Gulch Selected Lands", dated July 1994;

(B) certain surveyed lands located in Gilpin County, Colorado, Township 3 South, Range 72 West, Sixth Principal Meridian, Section 17, Lots 37, 38, 39, 40, 52, 53, and 54, which comprise approximately 96 acres, as generally depicted on a map entitled "Lake Gulch Selected Lands", dated July 1994; and

(C) certain unsurveyed lands located in Gilpin County, Colorado, Township 3 South, Range 73 West, Sixth Principal Meridian, Section 13, which comprise approximately 11 acres, and are generally depicted as parcels 302–304, 306 and 308–326 on a map entitled "Lake Gulch Selected

Lands", dated July 1994: Provided however, That a parcel or parcels of land in section 13 shall not be transferred to Lake Gulch if at the time of the proposed transfer the parcel or parcels are under formal application for transfer to a qualified unit of local government. Due to the small and unsurveyed nature of such parcels proposed for transfer to Lake Gulch in section 13, and the high cost of surveying such small parcels, the Secretary is authorized to transfer such section 13 lands to Lake Gulch without survey based on such legal or other description as the Secretary determines appropriate to carry out the basic intent of the map cited in this subparagraph.

(2) If the Secretary and Lake Gulch mutually agree, and the Secretary determines it is in the public interest, the Secretary may utilize the authority and direction of this title to transfer to Lake Gulch lands in sections 17 and 13 that are in addition to those precise selected lands shown on the map cited herein, and which are not under formal application for transfer to a qualified unit of local government, upon transfer to the Secretary of additional offered lands acceptable to the Secretary or upon payment to the Secretary by Lake Gulch of cash equalization money amounting to the full appraised fair market value of any such additional lands. If any such additional lands are located in section 13 they may be transferred to Lake Gulch without survey based on such legal or other description as the Secretary determines appropriate as long as the Secretary determines that the boundaries of any adjacent lands not owned by Lake Gulch can be properly identified so as to avoid possible future boundary conflicts or disputes. If the Secretary determines surveys are necessary to convey any such additional lands to Lake Gulch, the costs of such surveys shall be paid by Lake Gulch but shall not be eligible for any adjustment in the value of such additional lands pursuant to section 206(f)(2) of the Federal Land Policy and Management Act of 1976 (as amended by the Federal Land Exchange Facilitation Act of 1988) (43 U.S.C. 1716(f)(2)).

(3) Prior to transferring out of public ownership pursuant to this title or other authority of law any lands which are contiguous to North Clear Creek southeast of the City of Black Hawk, Colorado in the County of Gilpin, Colorado, the Secretary shall notify and consult with the county and city and afford such units of local government an opportunity to acquire or reserve pursuant to the Federal Land Policy and Management Act of 1976 or other applicable law, such easements or rights-of-way parallel to North Clear Creek as may be necessary to serve public utility line or recreation path needs: Provided however, That any survey or other costs associated with the acquisition or reservation of such easements or rights-of-way shall be paid for by the unit or units of local government concerned.

SEC. 1103. TERMS AND CONDITIONS OF EXCHANGE.

(a) **EQUALIZATION OF VALUES.**—

(1) The values of the lands to be exchanged pursuant to this title shall be equal as determined by the Secretary of the Interior utilizing comparable sales of surface and subsurface property and nationally recognized appraisal standards, including, to the extent appropriate, the Uniform Standards for Federal Land Acquisition, the Uniform Standards of Professional Appraisal Practice, the provisions of section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)), and other applicable law.

(2) In the event any cash equalization or land sale moneys are received by the United States pursuant to this Act, any such moneys shall be retained by the Secretary of the Interior and may be utilized by the Secretary until fully expended to purchase from willing sellers land or water rights, or a combination thereof, to augment wildlife habitat and protect and restore

wetlands in the Bureau of Land Management's Blanca Wetlands, Alamosa County, Colorado.

The use of any water rights acquired pursuant to this section shall be limited to water that can be used or exchanged for water that can be used on the Blanca Wetlands. Any requirement or proposal to utilize facilities of the San Luis Valley Project, Closed Basin Diversion, in order to effectuate the use of any such water rights shall be subject to prior approval of the Rio Grande Water Conservation District.

(b) **RESTRICTIONS ON SELECTED LANDS.**—(1) Conveyance of the selected lands to Lake Gulch pursuant to this title shall be contingent upon Lake Gulch executing an agreement with the United States prior to such conveyance, the terms of which are acceptable to the Secretary of the Interior, and which—

(A) grant the United States a covenant that none of the selected lands (which currently lie outside the legally approved gaming area) shall ever be used for purposes of gaming should the current legal gaming area ever be expanded by the State of Colorado; and

(B) permanently hold the United States harmless for liability and indemnify the United States against all costs arising from any activities, operations (including the storing, handling, and dumping of hazardous materials or substances) or other acts conducted by Lake Gulch or its employees, agents, successors or assigns on the selected lands after their transfer to Lake Gulch: Provided however, That nothing in this title shall be construed as either diminishing or increasing any responsibility or liability of the United States based on the condition of the selected lands prior to or on the date of their transfer to Lake Gulch.

(2) Conveyance of the selected lands to Lake Gulch pursuant to this title shall be subject to the existing easement for Gilpin County Road 6.

(3) The above terms and restrictions of this subsection shall not be considered in determining, or result in any diminution in, the fair market value of the selected land for purposes of the appraisals of the selected land required pursuant to section 1102 of this title.

(c) **REVOCATION OF WITHDRAWAL.**—The Public Water Reserve established by Executive order dated April 17, 1926 (Public Water Reserve 107), Serial Number Colorado 17321, is hereby revoked insofar as it affects the NW¹/₄SW¹/₄ of Section 17, Township 3 South, Range 72 West, Sixth Principal Meridian, which covers a portion of the selected lands identified in this title.

TITLE XIV—ANAKTUVUK PASS LAND EXCHANGE

SEC. 1401. FINDINGS.

The Congress makes the following findings:

(1) The Alaska National Interest Lands Conservation Act (94 Stat. 2371), enacted on December 2, 1980, established Gates of the Arctic National Park and Preserve and Gates of the Arctic Wilderness. The village of Anaktuvuk Pass, located in the highlands of the central Brooks Range, is virtually surrounded by these national park and wilderness lands and is the only Native village located within the boundary of a National Park System unit in Alaska.

(2) Unlike most other Alaskan Native communities, the village of Anaktuvuk Pass is not located on a major river, lake, or coastline that can be used as a means of access. The residents of Anaktuvuk Pass have relied increasingly on snow machines in winter and all-terrain vehicles in summer as their primary means of access to pursue caribou and other subsistence resources.

(3) In a 1983 land exchange agreement, linear easements were reserved by the Inupiat Eskimo people for use of all-terrain vehicles across certain national park lands, mostly along stream and river banks. These linear easements proved unsatisfactory, because they provided inadequate access to subsistence resources while causing excessive environmental impact from concentrated use.

(4) The National Park Service and the Nunamiut Corporation initiated discussions in 1985 to address concerns over the use of all-terrain vehicles on park and wilderness land.

These discussions resulted in an agreement, originally executed in 1992 and thereafter amended in 1993 and 1994, among the National Park Service, Nunamiut Corporation, the City of Anaktuvuk Pass, and Arctic Slope Regional Corporation. Full effectuation of this agreement, as amended, by its terms requires ratification by the Congress.

SEC. 1402. RATIFICATION OF AGREEMENT.

(a) **RATIFICATION.**—

(1) **IN GENERAL.**—The terms, conditions, procedures, covenants, reservations and other provisions set forth in the document entitled “Donation, Exchange of Lands and Interests in Lands and Wilderness Redesignation Agreement Among Arctic Slope Regional Corporation, Nunamiut Corporation, City of Anaktuvuk Pass and the United States of America” (hereinafter referred to in this title as “the Agreement”), executed by the parties on December 17, 1992, as amended, are hereby incorporated in this title, are ratified and confirmed, and set forth the obligations and commitments of the United States, Arctic Slope Regional Corporation, Nunamiut Corporation and the City of Anaktuvuk Pass, as a matter of Federal law.

(2) **LAND ACQUISITION.**—Lands acquired by the United States pursuant to the Agreement shall be administered by the Secretary of the Interior (hereinafter referred to as the “Secretary”) as part of Gates of the Arctic National Park and Preserve, subject to the laws and regulations applicable thereto.

(b) **MAPS.**—The maps set forth as Exhibits C1, C2, and D through I to the Agreement depict the lands subject to the conveyances, retention of surface access rights, access easements and all-terrain vehicle easements. These lands are depicted in greater detail on a map entitled “Land Exchange Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve”, Map No. 185/80,039, dated April 1994, and on file at the Alaska Regional Office of the National Park Service and the offices of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska. Written legal descriptions of these lands shall be prepared and made available in the above offices. In case of any discrepancies, Map No. 185/80,039 shall be controlling.

SEC. 1403. NATIONAL PARK SYSTEM WILDERNESS.

(a) **GATES OF THE ARCTIC WILDERNESS.**—

(2) **MAP.**—The lands redesignated by paragraph (1) are depicted on a map entitled “Wilderness Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve”, Map No. 185/80,040, dated April 1994, and on file at the Alaska Regional Office of the National Park Service and the office of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska.

(b) **NOATAK NATIONAL PRESERVE.**—Section 201(8)(a) of the Alaska National Interest Land Conservation Act (94 Stat. 2380) is amended by—

(1) striking “approximately six million four hundred and sixty thousand acres” and inserting in lieu thereof “approximately 6,477,168 acres”; and

(2) inserting “and the map entitled “Noatak National Preserve and Noatak Wilderness Addition” dated September 1994” after “July 1980”.

(c) **NOATAK WILDERNESS.**—Section 701(7) of the Alaska National Interest Lands Conservation Act (94 Stat. 2417) is amended by striking “approximately five million eight hundred thousand acres” and inserting in lieu thereof “approximately 5,817,168 acres”.

Permit rental charges for existing ski area permits issued pursuant to the Act of March 4, 1915, and the Act of June 4, 1897, shall be calculated in accordance with those existing permits: Provided, That a permittee may, at the permittee's option, use the calculation method set forth in subsection (b).

(b)(1) The ski area permit rental charge (SAPRC) shall be calculated by adding the permittee's gross revenues from lift ticket/year-round ski area use pass sales plus revenue from ski school operations (LT+SS) and multiplying such total by the slope transport feet percentage (STFP) on National Forest System land. That amount shall be increased by the gross year-round revenue from ancillary facilities (GRAF) physically located on national forest land, including all permittee or subpermittee lodging, food service, rental shops, parking and other ancillary operations, to determine the adjusted gross revenue (AGR) subject to the permit rental charge. The final rental charge shall be calculated by multiplying the AGR by the following percentages for each revenue bracket and adding the total for each revenue bracket:

(A) 1.5 percent of all adjusted gross revenue below \$3,000,000;

(B) 2.5 percent for adjusted gross revenue between \$3,000,000 and \$15,000,000;

(C) 2.75 percent for adjusted gross revenue between \$15,000,000 and \$50,000,000; and

(D) 4.0 percent for the amount of adjusted gross revenue that exceeds \$50,000,000.

Utilizing the abbreviations indicated in this subsection the ski area permit fee (SAPF) formula can be simply illustrated as:

$SAPF = ((LT + SS) STFP) + GRAF = AGR; AGR \% \text{ BRACKETS}$

(2) In cases where ski areas are only partially located on national forest lands, the slope transport feet percentage on national forest land referred to in subsection (b) shall be calculated as generally described in the Forest Service Manual in effect as of January 1, 1992. Revenues from Nordic ski operations shall be included or excluded from the rental charge calculation according to the percentage of trails physically located on national forest land.

(3) In order to ensure that the rental charge remains fair and equitable to both the United States and the ski area permittees, the adjusted gross revenue figures for each revenue bracket in paragraph (1) shall be adjusted annually by the percent increase or decrease in the national Consumer Price Index for the preceding calendar year. No later than 5 years after the date of enactment of this Act and every 10 years thereafter the Secretary shall submit to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives a report analyzing whether the ski area permit rental charge legislated by this Act

is returning a fair market value rental to the United States together with any recommendations the Secretary may have for modifications of the system.

(c) The rental charge set forth in subsection (b) shall be due on June 1 of each year and shall be paid or pre-paid by the permittee on a monthly, quarterly, annual or other schedule as determined appropriate by the Secretary in consultation with the permittee. Unless mutually agreed otherwise by the Secretary and the permittee, the payment or prepayment schedule shall conform to the permittee's schedule in effect prior to enactment of this Act. To reduce costs to the permittee and the Forest Service, the Secretary shall each year provide the permittee with a standardized form and worksheets (including annual rental charge calculation brackets and rates) to be used for rental charge calculation and submitted with the rental charge payment. Information provided on such forms shall be compiled by the Secretary annually and kept in the Office of the Chief, United States Forest Service.

(d) The ski area permit rental charge set forth in this section shall become effective on June 1, 1996 and cover receipts retroactive to June 1, 1995: Provided however, That if a permittee has paid rental charges for the period June 1, 1995, to June 1, 1996, under the graduated rate rental charge system formula in effect prior to the date of enactment of this Act, such rental charges shall be credited toward the new rental charge due on June 1, 1996. In order to ensure increasing rental charge receipt levels to the United States during transition from the graduated rate rental charge system formula to the formula of this Act, the rental charge paid by any individual permittee shall be—

(1) for the 1995–1996 permit year, either the rental charge paid for the preceding 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher;

(2) for the 1996–1997 permit year, either the rental charge paid for the 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher;

(3) for the 1997–1998 permit year, either the rental charge for the 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher.

If an individual permittee's adjusted gross revenue for the 1995–1996, 1996–1997, or 1997–1998 permit years falls more than 10 percent below the 1994–1995 base year, the rental charge paid shall be the rental charge calculated pursuant to this Act.

(e) Under no circumstances shall revenue, or subpermittee revenue (other than lift ticket, area use pass, or ski school sales) obtained from operations physically located on non-national forest land be included in the ski area permit rental charge calculation.

(f) To reduce administrative costs of ski area permittees and the Forest Service the terms "revenue" and "sales", as used in this section, shall mean actual income from sales and shall not include sales of operating equipment, refunds, rent paid to the permittee by sublessees, sponsor contributions to special events or any amounts attributable to employee gratuities or employee lift tickets, discounts, or other goods or services (except for bartered goods and complimentary lift tickets) for which the permittee does not receive money.

(g) In cases where an area of national forest land is under a ski area permit but the permittee does not have revenue or sales qualifying for rental charge payment pursuant to subsection (a), the permittee shall pay an annual minimum rental charge of \$2 for each national forest acre under permit or a percentage of appraised land value, as determined appropriate by the Secretary.

(h) Where the new rental charge provided for in subsection (b)(1) results in an increase in permit rental charge greater than one half of one

percent of the permittee's adjusted gross revenue as determined under subsection (b)(1), the new rental charge shall be phased in over a five year period in a manner providing for increases of approximately equal increments.

(i) To reduce Federal costs in administering the provisions of this Act, the reissuance of a ski area permit to provide activities similar in nature and amount to the activities provided under the previous permit shall not constitute a major Federal action for the purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4331 et seq.).

SEC. 1702. WITHDRAWALS.

Subject to valid existing rights, all lands located within the boundaries of ski area permits issued prior to, on or after the date of enactment of this Act pursuant to authority of the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), and the Act of June 4, 1897, or the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b) are hereby and henceforth automatically withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral and geothermal leasing and all amendments thereto. Such withdrawal shall continue for the full term of the permit and any modification, reissuance, or renewal thereof. Unless the Secretary requests otherwise of the Secretary of the Interior, such withdrawal shall be canceled automatically upon expiration or other termination of the permit and the land automatically restored to all appropriation not otherwise restricted under the public land laws.

TITLE XVIII—THE SELMA TO MONTGOMERY NATIONAL HISTORIC TRAIL

Church in Selma to the State Capitol Building in Montgomery, Alabama, traveled by voting rights advocates during March 1965 to dramatize the need for voting rights legislation, as generally described in the report of the Secretary of the Interior prepared pursuant to subsection (b) of this section entitled "Selma to Montgomery" and dated April 1993. Maps depicting the route shall be on file and available for public inspection in the Office of the National Park Service, Department of the Interior. The trail shall be administered in accordance with this Act, including section 7(h). The Secretary of the Interior, acting through the National Park Service, which shall be the lead Federal agency, shall cooperate with other Federal, State and local authorities to preserve historic sites along the route, including (but not limited to) the Edmund Pettus Bridge and the Brown Chapel A.M.E. Church."

SEC. 1904. MANAGEMENT OF WITHDRAWN LANDS.

(a) **MANAGEMENT GUIDELINES.**—(1) Except as provided in section 1905, during the period of withdrawal the Secretary of the Army shall manage for military purposes the lands covered by this title and may authorize use of such lands covered by the other military departments and agencies of the Department of Defense, and the National Guard, as appropriate.

(2) When military operations, public safety, or national security, as determined by the Secretary of the Army, require the closure of roads or trails on the lands withdrawn by this title commonly in public use, the Secretary of the Army is authorized to take such action, except that such closures shall be limited to the minimum areas and periods required for the purposes specified in this subsection. Appropriate warning notices shall be kept posted during closures.

(3) The Secretary of the Army shall take necessary precautions to prevent and suppress brush and range fires occurring within and outside the lands as a result of military activities and may seek assistance from the Bureau of Land Management in suppressing such fires. Land Management as compensation for such assistance.

(b) **MANAGEMENT PLAN.**—Not later than 5 years after the date of enactment of this Act, the Secretary of the Army, with the concurrence of the Secretary of the Interior, shall develop a plan for the management of acquired lands and lands withdrawn under sections 1901 and 1902 of this title for the period of the withdrawal. (2) The duration of any such memorandum of understanding shall be the same as the period of withdrawal under section 1907.

(3) The memorandum of understanding may be amended by agreement of both Secretaries.

(d) **USE OF CERTAIN RESOURCES.**—Subject to valid existing rights, the Secretary of the Army is authorized to utilize sand, gravel, or similar mineral or mineral material resources from lands withdrawn by this title, when the use of such resources is required for construction needs of the Fort Carson Military Reservation or Pinon Canyon Maneuver Site.

Except as provided in section 1904(d) of this title, the Secretary of the Interior shall manage all withdrawn and acquired mineral resources within the boundaries of the Fort Carson Military Reservation and Pinon Canyon Maneuver Site in accordance with section 12 of the Military Lands Withdrawal Act of 1986 (Public Law 99-606; 100 Stat. 3466), as applicable.

SEC. 1906. HUNTING, FISHING, AND TRAPPING.

All hunting, fishing and trapping on the lands withdrawn and reserved by this title shall be conducted in accordance with section 2671 of title 10, United States Code.

SEC. 1907. TERMINATION OF WITHDRAWAL AND RESERVATION AND EFFECT OF CONTAMINATION.

(a) **TERMINATION DATE.**—The withdrawal and reservation established by this title shall terminate 15 years after the date of the enactment of this Act.

(b) **DETERMINATION OF CONTINUING MILITARY NEED.**—(1) At least three years prior to the termination under subsection (a) of the withdrawal and reservation established by this title, the Secretary of the Army shall advise the Secretary of the Interior as to whether or not the Department of the Army will have a continuing military need for any of the lands after the termination date.

(2) If the Secretary of the Army concludes under paragraph (1) that there will be a continuing military need for any of the lands after the termination date established by subsection (a), the Secretary of the Army, in accordance with applicable law, shall evaluate the environmental effects of renewal of such withdrawal and reservation, shall hold at least one public hearing in Colorado concerning such evaluation, and shall thereafter file an application for extension of the withdrawal and reservation of such lands in accordance with the regulations and procedures of the Department of the Interior applicable to the extension of withdrawals for military uses. The Secretary of the Interior shall notify the Congress concerning such filing.

(3) If the Secretary of the Army concludes under paragraph (1) that prior to the termination date established by subsection (a), there

will be no military need for all or any of the lands withdrawn and reserved by this Act, or if, during the period of withdrawal, the Secretary of the Army shall file a notice of intention to relinquish with the Secretary of the Interior.

(c) **DETERMINATION OF CONTAMINATION.**—Prior to the filing of a notice of intention to relinquish pursuant to subsection (b)(3), the Secretary of the Army shall prepare a written determination as to whether and to what extent the lands are contaminated with explosive, toxic, or other hazardous materials. A copy of the determination made by the Secretary of the Army shall be supplied with the notice of intention to relinquish. Copies of both the notice of intention to relinquish and the determination concerning the contaminated state of the lands shall be published in the Federal Register by the Secretary of the Interior.

(d) **EFFECT OF CONTAMINATION.**—(1) If any land which is the subject of a notice of intention to relinquish under subsection (b)(3) is contaminated, and the Secretary of the Interior, in consultation with the Secretary of the Army, determines that decontamination is practicable and economically feasible, taking into consideration the potential future use and value of the land, and that upon decontamination, the land could be opened to the operation of some or all of the public land laws, including the mining laws, the Secretary of the Army shall decontaminate the land to the extent that funds are appropriated for such purpose.

(2) If the Secretaries of the Army and the Interior conclude either that the contamination of any or all of the lands proposed for relinquishment is not practicable or economically feasible, or that the lands cannot be decontaminated sufficiently to allow them to be opened to the operation of the public land laws, or if Congress declined to appropriate funds for decontamination of the lands, the Secretary of the Interior shall not be required to accept the lands proposed for relinquishment.

(3) If, because of their contaminated state, the Secretary of the Interior declines under paragraph (2) to accept jurisdiction of the lands proposed for relinquishment, or if at the expiration of the withdrawal made by this title the Secretary of the Interior determines that some of the lands withdrawn by this title are contaminated to an extent which prevents opening such contaminated lands to operation of the public land laws—

(A) the Secretary of the Army shall take appropriate steps to warn the public of the contaminated state of such lands and any risks associated with entry onto such lands;

(B) after the expiration of the withdrawal, the Secretary of the Army shall undertake no activities on such lands except in connection with decontamination of such lands; and

(C) the Secretary of the Army shall report to the Secretary of the Interior and to the Congress concerning the status of such lands and all actions taken in furtherance of the subsection.

(4) If the lands are subsequently decontaminated, upon certification by the Secretary of the Army that the lands are safe for all nonmilitary uses, the Secretary of the Interior shall reconsider accepting jurisdiction over the lands.

(5) Nothing in this title shall affect, or be construed to affect, the Secretary's obligations, if any, to decontaminate such lands pursuant to applicable law, including but not limited to the Comprehensive Environmental Response Compensation and Liability Act (42 U.S.C. 9601 et seq.), and the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (42 U.S.C. 6901 et seq.).

(e) **PROGRAM OF DECONTAMINATION.**—Throughout the duration of the withdrawal and reservation made by the title, the Secretary of the Army, to the extent funds are made available, shall maintain a program of decontamination of the lands withdrawn by this title at least at the level of effort carried out during fiscal year 1992.

(f) **ACCEPTANCE OF LANDS PROPOSED FOR RELINQUISHMENT.**—Notwithstanding any other provision of law, the Secretary of the Interior, upon deciding that it is in the public interest to accept jurisdiction over those lands proposed for relinquishment, is authorized to revoke the withdrawal and reservation established by this title as it applies to the lands proposed for relinquishment. Should the decision be made to revoke the withdrawal and reservation, the Secretary of the Interior shall publish in the Federal Register an appropriate order which shall—

(1) terminate the withdrawal and reservation;

(2) constitute official acceptance of full jurisdiction over the lands by the Secretary of the Interior; and

(3) state the date upon which the lands will be opened to the operation of the public land laws, including the mining laws if appropriate.

SEC. 1908. DELEGATION.

The function of the Secretary of the Army under this Act may be delegated. The functions of the Secretary of the Interior under this title may be delegated, except that the order referred to in section 1907(f) may be approved and signed only by the Secretary of the Interior, the Deputy Secretary of the Interior, or an Assistant Secretary of the Department of the Interior.

SEC. 1909. HOLD HARMLESS PROVISION.

(a) **IN GENERAL.**—The United States and all departments or agencies thereof shall be held harmless and shall not be liable for any injuries or damages to persons or property suffered in the course of any mining, mineral activity, or geothermal leasing activity conducted on lands comprising the Fort Carson Military Reservation or Pinon Canyon Maneuver Site, including liabilities to non-Federal entities under section 107 or 113 of the Comprehensive Environmental Response Compensation and Liability Act (42 U.S.C. 9607 and 9613), or section 7003 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (42 U.S.C. 6973).

(b) **INDEMNIFICATION.**—Any party conducting any mining, mineral or geothermal leasing activity on such lands shall indemnify the United States and its departments or agencies thereof against any costs, fees, damages, or other liabilities, including costs of litigation, arising from or related to such mining activities, including costs of minerals disposal, whether arising under the Comprehensive Environmental Resource Compensation and Liability Act, the Resource Conservation and Recovery Act, or otherwise.

(a) **USE OF CERTAIN RESOURCES.**—Section 3(f) of the Military Lands Withdrawal Act of 1986 (Public Law 99-606; 100 Stat. 3461) is amended by adding at the end a new paragraph (2) as follows:

“(2) Subject to valid existing rights, the Secretary of the military department concerned may utilize sand, gravel, or similar mineral or material resources from lands withdrawn for the purposes of this Act when the use of such resources is required for construction needs on the respective lands withdrawn by this Act.”.

(b) **TECHNICAL CORRECTION.**—Section 9(b) of the Military Lands Withdrawal Act of 1986 (Public Law 99-606; 100 Stat. 3466) is amended by striking “7(f)” and inserting in lieu thereof, “8(f)”.

SEC. 1911. AUTHORIZATION OF APPROPRIATIONS.

There are hereby authorized to be appropriated such sums as may be necessary to carry out this title.

TITLE XX—SNOWBASIN LAND EXCHANGE ACT

SEC. 2001. FINDINGS AND DETERMINATION.

(a) **FINDINGS.**—The Congress finds that—

(1) in June 1995, Salt Lake City, Utah, was selected to host the 2002 Winter Olympic Games and the Snowbasin Ski Resort, which is owned

by the Sun Valley Company, was identified as the site of six Olympic events: the men's and women's downhill, men's and women's Super-Gs, and men's and women's combined downhill;

(2) in order to adequately accommodate these events, which are traditionally among the most popular and heavily attended at the Winter Olympic Games, major new skiing, visitor, and support facilities will have to be constructed at the Snowbasin Ski Resort on land currently administered by the United States Forest Service;

(3) while certain of these new facilities can be accommodated on National Forest land under traditional Forest Service permitting authorities, the base area facilities necessary to host visitors to the ski area and the Winter Olympics are of such a nature that they should logically be located on private land;

(4) land exchanges have been routinely utilized by the Forest Service to transfer base area lands to many other ski areas, and the Forest Service and the Sun Valley Company have concluded that a land exchange to transfer base area lands at the Snowbasin Ski Resort to the Sun Valley Company is both logical and advisable;

(5) an environmental impact statement and numerous resource studies have been completed by the Forest Service and the Sun Valley Company for the lands proposed to be transferred to the Sun Valley Company by this title;

(6) the Sun Valley Company has assembled lands with outstanding environmental, recreational, and other values to convey to the Forest Service in return for the lands it will receive in the exchange, and the Forest Service has identified such lands as desirable for acquisition by the United States; and

(7) completion of a land exchange and approval of a development plan for Olympic related facilities at the Snowbasin Ski Resort is essential to ensure that all necessary facilities can be constructed, tested for safety and other purposes, and become fully operational in advance of the 2002 Winter Olympics and earlier pre-Olympic events.

(b) **DETERMINATION.**—The Congress has reviewed the previous analyses and studies of the lands to be exchanged and developed pursuant to this title, and has made its own review of these lands and issues involved, and on the basis of those reviews hereby finds and determines that a legislated land exchange and development plan approval with respect to certain National Forest System Lands is necessary to meet Olympic goals and timetables.

SEC. 2002. PURPOSE AND INTENT.

The purpose of this title is to authorize and direct the Secretary to exchange 1,320 acres of federally-owned land within the Cache National Forest in the State of Utah for lands of approximately equal value owned by the Sun Valley Company. It is the intent of Congress that this exchange be completed without delay within the period specified by section 2004.

SEC. 2003. DEFINITIONS.

As used in this title—

(1) the term “Sun Valley Company” means the Sun Valley Company, a division of Sinclair Oil Corporation, a Wyoming Corporation, or its successors or assigns; and

(2) the term “Secretary” means the Secretary of Agriculture.

SEC. 2004. EXCHANGE.

(a) **FEDERAL SELECTED LANDS.**—(1) Not later than 45 days after the final determination of value of the Federal selected lands, the Secretary shall, subject to this title, transfer all right, title, and interest of the United States in and to the lands referred to in paragraph (2) to the Sun Valley Company.

(2) The lands referred to in paragraph (1) are certain lands within the Cache National Forest in the State of Utah comprising 1,320 acres, more or less, as generally depicted on the map entitled “Snowbasin Land Exchange—Proposed” and dated October 1995.

(b) **NON-FEDERAL OFFERED LANDS.**—Upon transfer of the Federal selected lands under subsection (a), and in exchange for those lands, the Sun Valley Company shall simultaneously convey to the Secretary all right, title and interest of the Sun Valley Company in and to so much of the following offered lands which have been previously identified by the United States Forest Service as desirable by the United States, or which are identified pursuant to paragraph (5) prior to the transfer of lands under subsection (a), as are of approximate equal value to the Federal selected lands:

(1) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, which comprise approximately 640 acres and are generally depicted on a map entitled “Lightning Ridge Offered Lands”, dated October 1995.

(2) Certain lands located within the Cache National Forest in Weber County, Utah, which comprise approximately 635 acres and are generally depicted on a map entitled “Wheeler Creek Watershed Offered Lands—Section 2” dated October 1995.

(3) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, and lying immediately adjacent to the outskirts of the City of Ogden, Utah, which comprise approximately 800 acres and are generally depicted on a map entitled “Taylor Canyon Offered Lands”, dated October 1995.

(4) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, which comprise approximately 2,040 acres and are generally depicted on a map entitled “North Fork Ogden River—Devil's Gate Valley”, dated October 1995.

(5) Such additional offered lands in the State of Utah as may be necessary to make the values of the lands exchanged pursuant to this title approximately equal, and which are acceptable to the Secretary.

(c) **SUBSTITUTION OF OFFERED LANDS.**—If one or more of the precise offered land parcels identified in paragraphs (1) through (4) of subsection (b) is unable to be conveyed to the United States due to appraisal or other reasons, or if the Secretary and the Sun Valley Company mutually agree and the Secretary determines that an alternative offered land package would better serve long term public needs and objectives, the Sun Valley Company may simultaneously convey to the United States alternative offered lands in the State of Utah acceptable to the Secretary in lieu of any or all of the lands identified in paragraphs (1) through (4) of subsection (b).

(d) **VALUATION AND APPRAISALS.**—(1) Values of the lands to be exchanged pursuant to this title shall be equal as determined by the Secretary utilizing nationally recognized appraisal standards and in accordance with section 206 of the Federal Land Policy and Management Act of 1976. The appraisal reports shall be written to Federal standards as defined in the Uniform Appraisal Standards for Federal Land Acquisitions. If, due to size, location, or use of lands exchanged under this title, the values are not exactly equal, they shall be equalized by the payment of cash equalization money to the Secretary or the Sun Valley Company as appropriate in accordance with section 206(b) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(b)). In order to expedite the consummation of the exchange directed by this title, the Sun Valley Company shall arrange and pay for appraisals of the offered and selected lands by a qualified appraiser with experience in appraising similar properties and who is mutually acceptable to the Sun Valley Company and the Secretary. The appraisal of the Federal selected lands shall be completed and submitted to the Secretary for technical review and approval no later than 120 days after the date of enactment of this Act, and the Secretary shall make a determination of value not later

than 30 days after receipt of the appraisal. In the event the Secretary and the Sun Valley Company are unable to agree to the appraised value of a certain tract or tracts of land, the appraisal, appraisals, or appraisal issues in dispute and a final determination of value shall be resolved through a process of bargaining or submission to arbitration in accordance with section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)).

(2) In order to expedite the appraisal of the Federal selected lands, such appraisal shall—

(A) value the land in its unimproved state, as a single entity for its highest and best use as if in private ownership and as of the date of enactment of this Act;

(B) consider the Federal lands as an independent property as though in the private marketplace and suitable for development to its highest and best use;

(C) consider in the appraisal any encumbrance on the title anticipated to be in the conveyance to Sun Valley Company and reflect its effect on the fair market value of the property; and

(D) not reflect any enhancement in value to the Federal selected lands based on the existence of private lands owned by the Sun Valley Company in the vicinity of the Snowbasin Ski Resort, and shall assume that private lands owned by the Sun Valley Company are not available for use in conjunction with the Federal selected lands.

SEC. 2005. GENERAL PROVISIONS RELATING TO THE EXCHANGE.

(a) IN GENERAL.—The exchange authorized by this title shall be subject to the following terms and conditions:

(1) RESERVED RIGHTS-OF-WAY.—In any deed issued pursuant to section 5(a), the Secretary shall reserve in the United States a right of reasonable access across the conveyed property for public access and for administrative purposes of the United States necessary to manage adjacent federally-owned lands. The terms of such reservation shall be prescribed by the Secretary within 30 days after the date of the enactment of this Act.

(2) RIGHT OF RESCISSION.—This title shall not be binding on either the United States or the Sun Valley Company if, within 30 days after the final determination of value of the Federal selected lands, the Sun Valley Company submits to the Secretary a duly authorized and executed resolution of the Company stating its intention not to enter into the exchange authorized by this title.

(b) WITHDRAWAL.—Subject to valid existing rights, effective on the date of enactment of this Act, the Federal selected lands described in section 5(a)(2) and all National Forest System lands currently under special use permit to the Sun Valley Company at the Snowbasin Ski Resort are hereby withdrawn from all forms of appropriation under the public land laws (including the mining laws) and from disposition under all laws pertaining to mineral and geothermal leasing.

(c) DEED.—The conveyance of the offered lands to the United States under this title shall be by general warranty or other deed acceptable to the Secretary and in conformity with applicable title standards of the Attorney General of the United States.

(d) STATUS OF LANDS.—Upon acceptance of title by the Secretary, the land conveyed to the United States pursuant to this title shall become part of the Wasatch or Cache National Forests as appropriate, and the boundaries of such National Forests shall be adjusted to encompass such lands. Once conveyed, such lands shall be managed in accordance with the Act of March 1, 1911, as amended (commonly known as the "Weeks Act"), and in accordance with the other laws, rules and regulations applicable to National Forest System lands. This subsection does not limit the Secretary's authority to adjust the boundaries pursuant to section 11 of the Act of

(2) the modification is necessary to protect health and safety.

Nothing in this section shall be construed to affect the Secretary's responsibility to monitor and assure compliance with the conditions set forth in the construction and operation authorization.

TITLE XXX—CUPRUM, IDAHO RELIEF

SEC. 3001. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds and declares that:

(1) In 1899, the citizens of Cuprum, Idaho, commissioned E.S. Hesse to conduct a survey describing these lands occupied by their community. The purpose of this survey was to provide a basis for the application for a townsite patent.

(2) In 1909, the Cuprum Townsite patent (Number 52817) was granted, based on an aliquot parts description which was intended to circumscribe the Hesse survey.

(3) Since the day of the patent, the Hesse survey has been used continuously by the community of Cuprum and by Adams County, Idaho, as the official townsite plat and basis for conveyance of title within the townsite.

(4) Recent boundary surveys conducted by the United States Department of Agriculture, Forest Service, and the United States Department of the Interior, Bureau of Land Management, discovered inconsistencies between the official aliquot parts description of the patented Cuprum Townsite and the Hesse survey. Many lots along the south and east boundaries of the townsite are now known to extend onto National Forest System lands outside the townsite.

(5) It is the determination of Congress that the original intent of the Cuprum Townsite application was to include all the lands described by the Hesse survey.

(b) PURPOSE.—It is the purpose of this title to amend the 1909 Cuprum Townsite patent to include those additional lands described by the

Hesse survey in addition to other lands necessary to provide an administratively acceptable boundary to the National Forest System.

SEC. 3002. AMENDMENT OF PATENT.

(a) The 1909 Cuprum Townsite patent is hereby amended to include parcels 1 and 2, identified on the plat, marked as "Township 20 North, Range 3 West, Boise Meridian, Idaho, Section 10: Proposed Patent Adjustment Cuprum Townsite, Idaho" prepared by Payette N.F.—Land Survey Unit, drawn and approved by Tom Betzold, Forest Land Surveyor, on April 25, 1995. Such additional lands are hereby conveyed to the original patentee, Pitts Ellis, trustee, and Probate Judge of Washington County, Idaho, or any successors or assigns in interest in accordance with State law. The Secretary of Agriculture may correct clerical and typographical errors in such plat.

(b) The Federal Government shall survey the Federal property lines and mark and post the boundaries necessary to implement this section.

SEC. 3003. RELEASE.

Notwithstanding section 120 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. 9620), the United States shall not be liable and shall be held harmless from any and all claims resulting from substances or petroleum products or any other hazardous materials on the conveyed land.

TITLE XXXI—ARKANSAS AND OKLAHOMA LAND EXCHANGE

SEC. 3101. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that:

(1) The Weyerhaeuser Company has offered to the United States Government an exchange of lands under which Weyerhaeuser would receive approximately 48,000 acres of Federal land in Arkansas and Oklahoma and all mineral interests and oil and gas interests pertaining to these exchanged lands in which the United States Government has an interest in return for conveying to the United States lands owned by Weyerhaeuser consisting of approximately 180,000 acres of forested wetlands and other forest land of public interest in Arkansas and Oklahoma and all mineral interests and all oil and gas interest pertaining to 48,000 acres of these 180,000 acres of exchanged lands in which Weyerhaeuser has an interest, consisting of:

(A) certain lands in Arkansas (Arkansas Ouachita lands) located near Poteau Mountain, Caney Creek Wilderness, Lake Ouachita, Little Missouri Wild and Scenic River, Flatside Wilderness and the Ouachita National Forest;

(B) certain lands in Oklahoma (Oklahoma lands) located near the McCurtain County Wilderness, the Broken Bow Reservoir, the Glover River, and the Ouachita National Forest; and

(C) certain lands in Arkansas (Arkansas Cossatot lands) located on the Little and Cossatot Rivers and identified as the "Pond Creek Bottoms" in the Lower Mississippi River Delta section of the North American Waterfowl Management Plan;

(2) acquisition of the Arkansas Cossatot lands by the United States will remove the lands in the heart of a critical wetland ecosystem from sustained timber production and other development;

(3) the acquisition of the Arkansas Ouachita lands and the Oklahoma lands by the United States for administration by the Forest Service will provide an opportunity for enhancement of ecosystem management of the National Forest System lands and resources;

(4) the Arkansas Ouachita lands and the Oklahoma lands have outstanding wildlife habitat and important recreational values and should continue to be made available for activities such as public hunting, fishing, trapping, nature observation, enjoyment, education, and timber management whenever these activities are consistent with applicable Federal laws and land and resource management plans; these lands, especially in the riparian zones, also har-

bor endangered, threatened and sensitive plants and animals and the conservation and restoration of these areas are important to the recreational and educational public uses and will represent a valuable ecological resource which should be conserved;

(5) the private use of the lands the United States will convey to Weyerhaeuser will not conflict with established management objectives on adjacent Federal lands;

(6) the lands the United States will convey to Weyerhaeuser as part of the exchange described in paragraph (1) do not contain comparable fish, wildlife, or wetland values;

(7) the values of all lands, mineral interests, and oil and gas interests to be exchanged between the United States and Weyerhaeuser are approximately equal in value; and

(8) the exchange of lands, mineral interests, and oil and gas interests between Weyerhaeuser and the United States is in the public interest.

(b) PURPOSE.—The purpose of this title is to authorize and direct the Secretary of the Interior and the Secretary of Agriculture, subject to the terms of this title, to complete, as expeditiously as possible, an exchange of lands, mineral interests, and oil and gas interests with Weyerhaeuser that will provide environmental, land management, recreational, and economic benefits to the States of Arkansas and Oklahoma and to the United States.

AUTHORIZATION OF MULTIYEAR CONTRACTING FOR THE C-17 AIRCRAFT PROGRAM

Mr. LOTT. Mr. President, I now ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 400, S. 1710.

The PRESIDING OFFICER. The clerk will report.

The bill clerk read as follows:

A bill (S. 1710) to authorize multiyear contracting for the C-17 aircraft program, and for other purposes.

The PRESIDING OFFICER. Is there objection to the immediate consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

Mr. DOLE. Mr. President, I am pleased to bring before the Senate today legislation which authorizes the Air Force to enter into a multiyear contract for the procurement of the C-17 globemaster III, the world's newest and finest strategic air lifter.

While the legislation before us is simple—authorizing a multiyear contract, it is critically important. In short, it will allow the Air Force to more rapidly improve its ability to project U.S. power anywhere in the world. In this time of shrinking budgets and growing demands, we must set priorities for modernization of our

military forces—C-17 is for me a top priority.

As my colleagues recall, earlier this year, President Clinton attempted to ram through the Congress a 7-year multiyear contract authority. At the time, Senator THURMOND and I supported the idea of a multiyear procurement authorization, but we thought the proposal could be improved in ways which would benefit the taxpayer, the Air Force, and the skilled workers who build the aircraft. That is exactly what the committee has done. Under the legislation before us, the procurement of the C-17 will be expedited, resulting in greater savings for the American taxpayer, increased capabilities for the Air Force, and greater efficiency and stability for the industrial base.

The Armed Services Committee recently completed markup of its fiscal year 1997 defense authorization bill. To take immediate advantage of the opportunities created by the multiyear procurement legislation before us, the committee was able to add \$249 million in the fiscal year 1997 bill to procure an additional aircraft this year and to provide long-lead funding for two more aircraft in fiscal year 1998. As a result, the Air Force will be on a path which will move the last five aircraft of the contract up to the first 3 years, saving the taxpayer an additional \$300 million and creating a more efficient production schedule.

Mr. President, Army missions are up 300 percent since the end of the cold war, yet the number of troops forward-deployed is significantly down. Our force is smaller and is Conus based. Now, more than ever, sufficient strategic air lift is absolutely essential for the success of our military. However, even with the Pentagon's planned buy of 120 C-17's, the Department of Defense will be unable to meet its minimum strategic airlift requirement of 49.4 million-ton-miles-per-day between fiscal 1997 and fiscal 2004. By expediting the procurement of the C-17, we are helping to fill that void. In my view, it is clear that America will need more than 120 C-17's to meet our needs.

Mr. President, clearly the legislation before us is both critical to the needs of the Department of Defense and good for the American taxpayer. I commend the Armed Services Committee for their efforts in crafting this legislation and look forward to its passage.

Mr. LOTT. Mr. President, I ask unanimous consent that the bill be deemed read a third time, passed, the motion to reconsider be laid upon the table, and that any statements related to the bill be placed at the appropriate place in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (S. 1710) was deemed read the third time and passed, as follows:

S. 1710

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
