

States of the Appalachian region to give with the one hand and take away with the other.

Under this bill, States will still be required to provide the standard 20 percent matching share for Federal funds for the completion of these highways, as is the case for all major Federal aid highway programs. The bill authorizes the Secretary to distribute such sums as are necessary for the completion of the Appalachian Development Highway System.

The Appalachian Regional Commission, with the cooperation of the Federal Highway Administration, is currently updating its estimate for the cost to complete the system. I anticipate that when this bill is incorporated into next year's highway legislation, it will identify and authorize the appropriate dollar figure that results from this ongoing study.

I should point out, Mr. President, that the administration shares my goal for the completion of the Appalachian Development Highway System in the near term. I recently wrote to the President regarding my concern in this area.

OMB Director, Alice Rivlin, responding for the President, stated that it is the administration's goal to complete the construction of the system by the year 2005. In response to my questions during a recent Transportation Appropriations Subcommittee hearing, Secretary Pena also signaled his support and cooperation.

Therefore, I urge all of my colleagues to support this legislation. Our entire Nation has benefited from the improvements brought about by the Appalachian Development Highway System and so, too, will we all benefit from its completion in the near future.

By Mr. DEWINE:

S. 1882. A bill to amend chapter 89 of title 5, United States Code, to include medical foods as a specific item for which coverage may be provided under the Federal Employees Health Benefits Program; to the Committee on Governmental Affairs.

#### MEDICAL FOODS LEGISLATION

• Mr. DEWINE. Mr. President, I introduce legislation that will clarify the ability of fee-for-service plans in the Federal Employees Health Benefit Program [FEHBP] to provide coverage for medical foods.

Medical foods are a liquid formula given to a patient under the supervision of a doctor in cases where patients cannot take solid foods to meet their nutritional needs. Medical foods are often used for patients with AIDS or patients undergoing chemotherapy and have difficulty taking solid foods.

So this bill would amend title 5 of the United States Code to include medical foods specifically in the list of items and services that can be covered by fee-for-service plans serving FEHBP beneficiaries. This legislation would not mandate coverage of medical foods. It simply clarifies that fee-for-service

plans can provide coverage for medical foods.●

Whereas, there have been at least 156 fires in houses of worship across the nation since October 1991;

Whereas, there have been at least 35 fires of suspicious origin at churches serving African-American communities in the last 18 months;

Whereas, these churches and houses of worship are a vital part of the life of these communities;

Whereas, intentionally burning churches or other houses of worship is a very heinous crime;

Whereas, intentionally burning churches, when done to intimidate any American from the free exercise of his or her rights as an American, is inconsistent with the First Amendment of the United States Constitution, which guarantees every American the right to the free exercise of his or her religion, and which ensures that Americans can freely and peaceably assemble together; and,

Whereas, intentionally burning churches, when done to intimidate any American from the free exercise of his or her rights, is a serious national problem that must be expeditiously and vigorously addressed.

Now, therefore, be it *Resolved*, That—

(1) the Senate condemns arson and other acts of desecration against churches and

other houses of worship as being totally inconsistent with fundamental American values; and,

(2) the Senate believes investigation and prosecution of those who are responsible for fires at churches or other houses of worship, and especially any incidents of arson whose purpose is to divide communities or to intimidate any Americans, should be a high national priority.

Whereas center Luc Longley frustrated many of the all-star caliber centers that he faced in this year's playoffs while at times providing a much needed scoring lift;

Whereas Toni Kukoc, winner of the league's "Sixth Man" award, displayed his awesome variety of offensive skills in both assisting on, and hitting, several big shots when the Bulls needed them most;

Whereas the laser-like three-point shooting of career three-point field goal percentage leader Steve Kerr sparked many a Bulls rally;

Whereas the outstanding shooting of Jud Buechler and Bill Wennington, and the tenacious defense of Randy Brown, each of whom came off the bench to provide valuable contributions, were an important part of each Bulls victory;

Whereas John Salley and James Edwards provided valuable contributions throughout

the season and the playoffs, both on and off the court, at times giving the Bulls the emotional lift they needed; and

Whereas the regular season contributions of second year forward Dickey Simpkins and rookie forward Jason Caffey, and the constant emotional lift provided by the injured Jack Haley, both on the court and in practice, again demonstrated the total devotion of Bulls personnel to the team concept that has made the Bulls into one of the most devastating basketball forces of modern times: Now, therefore, be it

*Resolved*, That the Senate congratulates the Chicago Bulls on winning the 1996 National Basketball Association championship.
