

only through legislation. For that reason, I introduced the Royalty Fairness Act of 1995.

The main objective of this legislation is to establish a clear statute of limitations and identify the time when the statute of limitations begins to run on royalty payments. This bill establishes a 7-year statute of limitations and in most cases, the statute will begin to run when the obligation to pay the royalty begins.

In addition, this bill permits the Secretary of the Interior to delegate royalty collections and related activities to the States, it provides for adjustments or refund requests to correct underpayments or overpayments of obligations, it authorizes the payment of interest to lessees who make overpayments, and it provides alternatives for marginal properties including prepayment of royalties or regulatory relief.

In conclusion, the Congressional Budget Office estimates this bill would increase revenues to the U.S. Treasury by \$36 million over 6 years, and cumulatively to the States by \$9 million during the same interval. I am confident that passage of this bill is much needed to create a climate of certainty in the oil and gas industry as well as being very much in the national economic interest.

Mr. STEVENS. Mr. President, I ask unanimous consent that the bill be deemed read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be placed at the appropriate place in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 1975) was deemed read the third time and passed.
