

The past. Broken promises, higher taxes. The present. Third year of a 7-year plan to balance the budget. On track and ahead of schedule. Very changed place. Curtailing the growth of government spending to the point where we can both balance the budget and, at the same time, reduce taxes on our families out there. And, after all, that is what this is all about, the future.

The future is about our children and future generations of Americans. The future. The National Debt Repayment Act, where we repay the entire Federal debt by the year 2026 and give this Nation to our children debt-free. The National Debt Repayment Act, where we are paying off the debt and restoring the Social Security trust fund. The National Debt Repayment Act, where we allow additional tax cuts for working families. Additional tax cuts for working families, a restored Social Security trust fund for our seniors and a debt-free Nation for our children.

That is a vision for the future of this great Nation that we live in. That is what I sincerely hope happens out of what has started here today as we have introduced the National Debt Repayment Act, and that is my vision for the future of America.
