

World War II, but there are a couple of unique things about this. Guam is the only U.S. territory to be occupied by a foreign enemy during World War II. It was the only U.S. territory with U.S. nationals on it to be occupied since the War of 1812. So what Guam has as a unique contribution to the American experience during the Pacific theater was that they were the only Americans to be occupied and the people of Guam had the only American territory that endured all these deprivations.

Madam Speaker, yet despite all of the unique circumstances of this, there still remains the issue of meritorious claims that have been submitted by the people of Guam and have been ignored by Congress. Just to give a little background, most U.S. citizens and U.S. nationals were taken care of by two pieces of legislation, one in 1948 and one in 1962. Neither of those mentioned the people of Guam. Every other U.S. citizen, every other U.S. national, received their war restitution as a result of those pieces of legislation.

Madam Speaker, that is why I have introduced H.R. 2200, which will make the people of Guam whole, which will bring honor to this experience, and which will fully retribute the people of Guam from their horrible experience. I understand that Senator INOUE in the other body will be introducing a companion measure in the Senate sometime this week, and I hope that the Members of this body will support this legislation. It not only brings honor to the people of Guam, it brings honor to that most fundamental experience, an expression of patriotism which the people of Guam gave to this country as a result of their experience during World War II.

#### REPORT CONCERNING EMIGRATION LAWS AND POLICIES OF MONGOLIA—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. 105-108)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, without objection, referred to the Committee on Ways and Means and ordered to be printed:

#### *To the Congress of the United States:*

On September 4, 1996, I determined and reported to the Congress that Mongolia is in full compliance with the freedom of emigration criteria of sections 402 and 409 of the Trade Act of 1974. This action allowed for the continuation of most-favored-nation (MFN) status for Mongolia and certain other activities without the requirement of an annual waiver.

As required by law, I am submitting an updated report to the Congress concerning the emigration laws and policies of Mongolia. You will find that the report indicates continued Mongolian

compliance with U.S. and international standards in the area of emigration.
