

ESTUARY HABITAT RESTORATION PARTNERSHIP ACT OF 1997

• Mr. CHAFEE. Mr. President, yesterday I introduced S. 1222. I ask that the text of the bill be printed in the RECORD.

The text of the bill follows:

S. 1222

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Estuary Habitat Restoration Partnership Act of 1997".

SEC. 2. FINDINGS.

Congress finds that—

(1) the estuaries and coastal regions of the United States are home to half the population of the United States;

(2) the traditions, economy, and quality of life of many communities depend on the natural abundance and health of the estuaries;

(3) approximately 75 percent of the commercial fish and shellfish of the United States depend on estuaries at some stage in their life cycle;

(4) the varied habitats of estuaries and other coastal waters provide jobs to 28,000,000 United States citizens in commercial and sport fishing, tourism, recreation, and other industries, with fishing alone contributing \$11,000,000,000 to the United States economy each year;

(5) despite the many values of estuaries, estuaries are gravely threatened by estuary habitat alteration and loss;

(6) the accumulated loss of estuary habitat, reaching over 90 percent in some estuaries, threatens the ecological and economic bounty of regions experiencing the loss, and can be reversed only by action to restore lost and degraded estuary habitat;

(7) the demands on Federal, State, and local funding for estuary habitat restoration activities exceed available resources and prompt serious concerns about the ability of the United States to restore estuary habitat vital to efforts to restore, preserve, and protect the health of estuaries;

(8) successful restoration of estuaries demands the full coordination of Federal and State estuary habitat restoration programs;

(9) to succeed in restoring estuaries, it is important to link estuary habitat restoration projects to broader ecosystem planning in order to establish restoration programs that are effective in the long term;

(10) efficient leveraging of scarce public resources and new and innovative market-based funding for estuary habitat restoration activities would generate real returns on investments for communities through improvement of the vibrancy and health of estuaries;

(11) the Federal, State, and private cooperation in estuary habitat restoration activities in existence on the date of enactment of this Act should be strengthened and new public and public-private estuary habitat restoration partnerships established; and

(12) such new partnerships would help ensure the ecological and economic vibrancy of estuaries for the benefit of future generations.

SEC. 3. PURPOSES.

The purposes of this Act are—

(1) to establish a voluntary, community-driven, incentive-based program that will catalyze the restoration of 1,000,000 acres of estuary habitat by 2010;

(2) to encourage enhanced coordination and leveraging of Federal, State, and community estuary habitat restoration programs, plans, and studies;

(3) to establish effective estuary habitat restoration partnerships among public agencies at all levels of government and between the public and private sectors;

(4) to promote efficient financing of estuary habitat restoration activities to help better leverage limited Federal funding; and

(5) to develop and enhance monitoring and maintenance capabilities designed to ensure that restoration efforts build on the successes of past and current efforts and scientific understanding.

Mr. DORGAN addressed the Chair.

The PRESIDING OFFICER. The Senator from North Dakota.

BIPARTISAN CAMPAIGN REFORM ACT OF 1997

The Senate continued with the consideration of the bill.

Mr. DORGAN. Mr. President, this is truly what is called getting the last word, as I understand the unanimous consent agreement is for the adjourning of the Senate following my presentation.

I regret I was delayed. I wanted to be here to be involved in the back-and-forth discussion on campaign finance reform. Nonetheless, I am able to offer a few comments about some of the discussion we have had in the last few hours on this important issue.

It is important for everybody to understand that we are talking now about campaign finance reform, and we ought not take a victory lap by virtue of the fact that it is on the floor of the Senate. We are at the starting line, not the finish line. The starting line was to scratch and fight and prod to try to get campaign finance reform to the floor because a whole lot of people didn't want us to talk about it or to consider it.
