STATEMENT ON THE NOMINATION OF LT. GEN. KENNETH R. WYKLE TO BE ADMINISTRATOR OF THE FEDERAL HIGHWAY ADMINISTRATION

Mr. CHAFEE. Mr. President, I am pleased that the Senate has confirmed Lt. Gen. Kenneth R. Wykle to be the Administrator of the Federal Highway Administration. I must say that we have been waiting quite some time for this day, as the position has been vacant since Secretary Slater was confirmed in early February.

General Wykle appeared before the Committee on Environment and Public Works on Tuesday, October 28, and I am pleased to report that he is an excellent candidate for the position before him. He has a distinguished 32-year record of service with U.S. Army, where he led a number of organizations and commands in the United States, Europe, and Asia. He also has extensive experience in managing the transportation of personnel and cargo by air, highway, rail, and ship. I am confident that he will continue to build on this excellent record as Federal Highway Administrator.

In his new position, General Wykle will represent the Department of

Transportation and advise the Secretary on all matters related to the efficient movement of passengers and freight on the Nation's transportation system. The Federal Highway Administration is responsible for implementing a wide range of programs, including the Federal-aid highway program; highway safety programs; motor carrier programs; the federal lands highway program; research and technology; and international programs.

An issue that is on everyone's mind is the reauthorization of the Intermodal Surface Transportation Efficiency Act, or ISTEA. The Federal Highway Administration's role is a critical one in helping to implement this landmark legislation. I look forward to working with General Wykle and his staff through the reauthorization process and through the implementation process, once the bill is enacted.

It is incumbent upon the Federal Highway Administrator to protect not only the key Federal role in implementing ISTEA II but also the broad perspective needed to guide the Nation's transportation system into the next century. The enactment of ISTEA in 1991 transformed what was once simply a highway program into a program not only for building roads and bridges but also for enhancing our mobility, our safety, and the environment. In the second ISTEA, we must move forward and strengthen ISTEA's laudable goals of intermodalism, flexibility and efficiency.

I am confident that General Wykle has the experience and the knowledge to lead the Federal Highway Administration through the challenges ahead.
