The PRESIDING OFFICER. Without objection, it is so ordered.

## ADDITIONAL STATEMENTS

TRIBUTE TO DR. ROLLAND C.  
LOWE

• Mrs. FEINSTEIN. Mr. President, today I commend Dr. Rolland C. Lowe, the new president of the California Medical Association. Dr. Lowe is the first Asian-American elected president in the organization's 147-year history.

Dr. Lowe started his distinguished career at the University of California at Berkeley, where he attended undergraduate school. After completing his undergraduate work, he studied medicine at the University of California at San Francisco. He completed a medical internship at San Francisco General Hospital and a surgical residency at UCSF.

Dr. Lowe has been a trailblazer for many years. In 1982, he was elected the first Asian-American president of the San Francisco Medical Society. For the past three decades, Dr. Lowe has been a distinguished member of the medical community. Since 1965, Dr. Lowe has served on the clinical faculty at UCSF and has practiced medicine in San Francisco's Chinatown. Dr. Lowe is a former chair of the board of trustees at Chinese Hospital in San Francisco and he continues to participate as an active board member. At Chinese Hospital, Dr. Lowe also served as the chief of surgery and the chief of staff. He has worked hard to provide low-income immigrants with high quality health care.

Dr. Lowe has a long history with not only the medical community, but with the California Medical Association as well. He has been active in the CMA for many years, and has served on the board of trustees of the CMA since 1987, chairing it from 1994 to his election. He has been a tireless advocate of better health care for the Chinese American community.

Dr. Lowe's goal as president of the California Medical Association is to get physicians more involved in their communities. He has said, "In able to be good patient advocates, doctors need to understand their community." In this era of managed care, Dr. Lowe's commitment to re-establishing a personal relationship between doctor and patient is especially commendable. Looking at Dr. Lowe's history of service tells us that he is the right man to accomplish this goal. He has devoted his energies not just to medicine, but more broadly to his community. He has worked to provide decent housing for the elderly in San Francisco, through redevelopment of the old International Hotel for use as a senior housing and community center. Dr. Lowe is the founder and Chair of the Lawrence Choy Lowe Memorial Fund, which is a charitable and civic foundation in Chinatown. He has also served in many community organizations and foundations.

My fellow colleagues, please join me today in honoring my long standing

friend, Dr. Lowe. He is a valuable asset to his community and to the State of California. His example of providing high quality health care and his dedication to his community deserve our admiration and our respect. •

## TRIBUTE TO THE TOWN OF NOTTINGHAM ON ITS 275TH ANNIVERSARY

• Mr. SMITH of New Hampshire. Mr. President, I rise today to pay tribute to the town of Nottingham on its 275th anniversary. On May 10, 1997, at the 275th anniversary celebration, the Nottingham Historical Society and the anniversary committee will be reading the Royal Charter of May 10, 1722, which founded the town of Nottingham.

When the charter was formally issued in 1722, there were 132 persons who were allowed to draw lots of land to establish the town. Now, Nottingham is a quaint New England town of 3,002 people, still dedicated to the Yankee ingenuity that formed the town in colonial times.

Nottingham was at the forefront of America's industrial history. In 1727, the townspeople decided to build the first sawmill on the Tuckaway River which was the beginning of 17 water powered mills for the purpose of sawing lumber, grinding grain, and fulling, a process of cleansing and working up a nap on rough, woolen homespun cloth.

The rugged land was too rocky for the planting of crops and the land had to be cleared to allow the family's provisions to be raised, and to provide winter food for the livestock. Charcoal was produced for sale in the seacoast towns like this one; it was used as the fuel in the furnaces for making iron and for heating and cooking in city fireplaces. The ironmills along the two-mile streak—also known as New Portsmouth—required large amounts of charcoal, too, for building furnaces and making iron. The name of today's Smoke Street still indicates how much charcoal was produced in the former Summer Street of the 1700's.

In spite of the hardships of nature in the cold northeast, Nottingham started to grow. By the late 1760's the Nottingham Square included a school house, a church, a meeting house, and a store. Landowners were building homes which were substantial. The Butler Inn, for example, and many other colonial and federal style homes remain in good condition today.

Nottingham also has a place of honor in our Nation's military history. Gen. Henry Dearborn led Nottingham in the march of the Minutemen to the Battle of Bunker Hill in the American Revolution. Three other brave Revolutionary War generals, Joseph Cilley, Thomas Bartlett and Henry Butler, remained in Nottingham to become leading citizens and many of their descendants are still actively involved in the improvement of Nottingham today.

During the Civil War, Nottingham residents provided many able-bodied
