THE EQUINE TAX FAIRNESS ACT OF 1997

Mr. McCONNELL. Mr. President, I rise today to introduce a bill to amend the Internal Revenue Code to modify application of passive loss limitations to horse activities.

This week the eyes of the sporting world are focused on the 123d running of the Kentucky Derby at Churchill Downs in Louisville, KY. While it is considered one of the greatest sporting events in the world, the Kentucky Derby is part of a much larger and broader horse industry—one that has a \$112 billion economic impact in the United States and supports 1.4 million jobs.

Whether it is owning, breeding, racing, or showing horses—or simply enjoying an afternoon ride along the trail—1 of 35 Americans is touched by the horse industry. There are 6.9 million horses in the U.S. involving more than 7.1 million Americans as horse owners, service providers, employees and volunteers. In Kentucky alone, the horse industry has an impact of \$3.4 billion, involving 150,000 horses and 52,900 employees.

What supports the industry—including the job base, the breeding farms, and the revenue stream in the form of \$1.9 billion in taxes to all levels of government—is the investment in the horses themselves. The horse industry relies on outside investment to operate, just as other businesses do. Without others willing to buy and breed horses, the 1.4 million jobs supported by this industry are at stake.

Since the Tax Reform Act of 1986, the horse industry has experienced a near-devastating decline with job losses occurring at racetracks, horse farms, and industry suppliers. In addition, hundreds of breeding farms have gone out of business. Most horse owners and breeders believe that the limits on passive losses are a major reason for the decline as well as for the chilled interest of investors in horses. Since the mid-1980's, the number of horses bred and registered has decreased—leading to losses in jobs and revenues for the States.

The 1986 act indicates that in order to satisfy the material participation requirement, a person's involvement must be regular, continuous, and substantial. However, the horse industry is unique, and the passive loss rules are difficult for some to satisfy. Because of the expertise and physical ability that is required, many owners cannot ride, train, breed and show their horses.

The bill I introduce today will alter these requirements to make them fair, workable, and enforceable. I ask unanimous consent that it be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 675

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Equine Tax Fairness Act of 1997".
