ST. JOHNSBURY—FATHER CREDITS RESCUE TO DARING SON

(By Andrew Turner)

Dale Chamberlain knows a thing or two about life, now that he's looked death in the face and survived to tell about it.

On March 2, Chamberlain was snowshoeing with his son Mark and grandson Justin on his property in Lyndonville when tragedy nearly struck.

As Chamberlain tells it, the weather was about 45 degrees and drizzly that day, the kind of mid-winter thaw that deceives snow travelers so often.

Chamberlain, his son and grandson, had been trekking the woods near the South Wheelock River for about five hours, he estimated, before coming to the river.

"We were making tracks back to the river. I could hear the roar of the water draining into channels in the ice. Arriving at the river, I could see a possible way to cross," Chamberlain stated.

He said he began the attempt to cross and the way was slippery. Water covered the ice to roughly 6 inches deep in parts and he was able to use his ski poles to stabilize himself, poking the ice ahead of him to make sure that it was solid.

"I punched a hole in one area (and) the ice let go in the whole area around me. I went into the water and under the ice," Chamberlain recounted.

Chamberlain floundered in the water helplessly, his head just above the surface as ice continued to break away, making it impossible to grasp onto anything firm. Hindering him was the fact that his snowshoes had become tangled around each other. He couldn't move his arms or legs.

"My muscles were going numb. The only thing I was really aware of was the roar of the rushing water," he said.

The next thing that he remembered was the feeling of his son's hand on the back of his waterlogged jacket, tugging him out of the current of the water and eventually to the shore.

"He talked to me and assured me I was OK. He said he was going to stand me up. He said it wouldn't do me any good to just lie there," Chamberlain said.

Eventually they were able to get to their cars and make it home, and to warmth. Chamberlain never received medical treatment but was comforted by the fact that he had a son who challenged adversity to save his father's life.

"Thanks to the quick thinking and strength of my son I am still among the living. I now know that no matter how much experience you have in the woods the unex-

pected can always happen. I just thank God for Mark's ability to analyze the situation and spring into action immediately," he said.●

#### NATIONAL RACE FOR THE CURE

● Mr. THOMPSON. Mr. President, I want to lend my voice today to the thousands of women and men who are supporting the search for a cure to breast cancer.

Breast cancer is still the leading cause of mortality among American women between the ages of 35 and 54. In fact, odds are that one in every eight women will develop breast cancer in her lifetime.

The encouraging news is that early detection is very effective in curbing this disease. At the same time we continue efforts to find a cure, we must be equally diligent in our efforts to educate women about the importance of regular clinical and self examinations for breast cancer.

On June 7, Americans all over the country will again have the opportunity to show their concern by participating in the 1997 National Race for the Cure. The race is a series of 5k runs and a 1-mile walk sponsored by the Susan G. Komen Breast Cancer Foundation in Dallas.

I urge all of my colleagues, their spouses and staff to support the Capitol Hill Race for the Cure on June 7, where more than 50,000 are expected to participate. This event will help raise money for breast cancer research and education and bring us all closer to the day when a cure is found. ●

#### TRIBUTE TO MERCYMOUNT COUNTRY DAY SCHOOL, 1997 U.S. DEPARTMENT OF EDUCATION BLUE RIBBON SCHOOL

● Mr. REED. Mr. President, I rise today to recognize the achievement of Mercymount Country Day School of Cumberland, RI, which was recently honored as a U.S. Department of Education Blue Ribbon School.

As I think all in this chamber know, it is a highly regarded distinction to be named a Blue Ribbon School, since these schools represent some of the

cream of our educational crop. Through an intensive selection process beginning at the State level and continuing through a Federal Review Panel of 100 top educators, many of the very best public and private schools in the Nation are identified as deserving of this honor. These are schools that are particularly effective meeting local, State, and national goals. But, Mr. President, this honor is not about determining who is best, it is about learning what works in educating today's children—the leaders of tomorrow.

Now, more than ever, it is important that we make every effort to reach out to students, that we truly engage and challenge them, and that we make their education come alive. At the Mercymount Country Day School in Rhode Island, partnerships between parents and teachers have made an enormous difference in the education of their students. They have understood that the quality of education depends not only upon the efforts of schools and government; it also depends upon the ideas and innovation of parents and community. At Mercymount, parent-teacher cooperation has brought computers into the classroom, and their "Pull the Plug" on TV initiative has helped students get away from television sets and into reading and other challenging activities. Mercymount has also developed a wonderful fine arts program, and as research has shown, the pursuit of education in the arts at an early age improves a child's cognitive ability. Again, Mercymount is making a huge difference in the lives of its students.

Mr. President, the Blue Ribbon School initiative shows us the very best we can do for students, and the techniques that can be replicated in all schools to help all students learn. I am proud to say that in Rhode Island we can look to a school like Mercymount Country Day. Under the leadership of its principal, Sister Martha Mulligan, its capable faculty, and its improved parents, Mercymount will continue to be a shining example for years to come.●

## EXECUTIVE SESSION

### EXECUTIVE CALENDAR

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate immediately proceed to executive session to consider the following nomination on the Executive Calendar: Calendar No. 115, Elizabeth Moler, to be Deputy Secretary of Energy. I further ask unanimous consent that the nomination be confirmed, the motion to reconsider be laid upon the table, and statements relating to the nomination appear at this point in the RECORD, the President be immediately notified of the Senate's action, and the Senate then return to legislative session.

Mr. DASCHLE. Mr. President, reserving the right to object, and I will be brief because I know a lot of Senators want to depart, this will be the only opportunity we will have to express the hope that we could do better than what we have done this week, as good as it has been. The President has indicated tonight that he would be prepared to return the bill, the supplemental bill, to us tonight. There is no reason why, given that we could not vote on it tomorrow and send it back in time for him to sign it before the end of the week, because we are not going to be in—that is the announcement made by the majority leader—many of us believe that we need to vote against adjournment simply because it is our hope to stay in until the President returns the bill, giving us the opportunity to vote on it one more time this week.

I thank the majority leader for yielding. I have no objection to the unanimous-consent request.

The PRESIDING OFFICER. Without objection, it is so ordered.

The nomination considered and confirmed is as follows:

#### DEPARTMENT OF ENERGY

Elizabeth Anne Moler, of Virginia, to be Deputy Secretary of Energy.

Mr. DOMENICI. Mr. President, Elizabeth Anne (Betsy) Moler brings a strong record to the Deputy Secretary of Energy position. She has performed very ably in her previous leadership of the Federal Energy Regulatory Commission, and her past background with the Senate Energy and Natural Resources Committee will stand her in good stead in dealings with Congress. Two of her many accomplishments with FERC involved crafting order 636, which unbundled and largely deregulated the natural gas pipeline industry. And since 1992, she has led the Commission's deregulation of electricity utility markets—and she can now continue that leadership through her role within the Department. In all her previous assignments, Betsy Moler has demonstrated a keen analytical approach to complex issues. The Department will benefit from her abilities.

She has a formidable task ahead of her, together with Secretary Peña, to attack the stifling bureaucratic foundations of the Department and root out the serious inefficiencies that plague the Department's operations. Quickly moving to external safety and health regulation of the national laboratories, on a time scale far shorter than the leisurely one proposed by the Department, and slashing the micro-management of the Department will be challenges exceeding those that she faced at FERC.

I look forward to working with Deputy Secretary Betsy Moler and Secretary Peña to help shape the Department into a critical and highly valued contributor to national priorities.

### LEGISLATIVE SESSION

The PRESIDING OFFICER. Under the previous order, the Senate will return to legislative session.

### EMERGENCY SUPPLEMENTAL APPROPRIATION FOR THE FISCAL YEAR 1997—CONFERENCE REPORT

Mr. LOTT. Mr. President, I will observe that I am expecting and hoping that the President will sign the bill, and therefore there would be no necessity for further action. But if he does not, we will act further as soon as we get that information.

I might also note that the House has not yet acted, and I do not know when that may be, although I presume it will be sometime later on in the evening. As soon as they act, we will move expeditiously to get the enrollment and send the package down to the President.

#### GEORGE C. MARSHALL MONTH

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Senate Resolution 97 submitted earlier today by Senator WARNER.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

A resolution (S. Res. 97) expressing the sense of the Senate that the President
