By Mr. THURMOND (for himself and Mr. HOLLINGS):

S. 915. A bill to amend the Harmonized Tariff schedule of the United States to suspend temporarily the duty on certain manufacturing equipment; to the Committee on Finance.

DUTY SUSPENSION LEGISLATION

Mr. THURMOND. Mr. President, I rise today to introduce, along with Senator HOLLINGS, a bill which will suspend the duties imposed on certain equipment used to manufacture earthmoving tires. Currently, these machines are not manufactured in the United States nor is a substitute readily available. Therefore, suspending the duties on these items would not adversely affect domestic industries.

Mr. President, suspending the duty on these machines will benefit the consumers of earthmoving tires. Currently, demand for these tires exceeds supply and this suspension would not harm other manufacturers. I hope the Senate will consider this measure expeditiously.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 915

(b) EFFECTIVE DATE.—

(A) on or after May 1, 1997; and

(B) before the 15th day after the date of enactment of this Act;

shall be liquidated or reliquidated as though such entry or withdrawal occurred on the date that is 15 days after the date of enactment of this Act.

Mr. HOLLINGS. Madam President, today, I, along with Senator THURMOND, introduce duty suspension legislation designed to permit the import of certain tire manufacturing equipment into the United States duty free. U.S. companies do not manufacture the custom equipment to be imported, and therefore its importation will not displace domestic sourcing. Moreover, because the product at issue is manufacturing equipment, it will assist in the creation of additional jobs in the tire manufacturing industry.

I believe that this is the most appropriate use of duty suspension legislation. The custom imported product will not displace any product manufactured in the United States. Moreover, the imported product will assist in creating more productive capacity in the United States. This equipment will be used to manufacture a product that heretofore was not made in the United States. I am therefore hopeful that this new capacity can be used to supply both domestic and foreign needs and will increase employment in the tire manufacturing industry.

By Mr. COCHRAN:

DESIGNATION ACT OF 1997

Mr. COCHRAN. Mr. President, I am pleased to introduce legislation designating the U.S. Post Office facility located in Taylorsville, MS, as the “Blaine H. Eaton Post Office Building.”
