STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. MURKOWSKI:

S. 964. A bill to direct a property conveyance in the State of California; to the Committee on Energy and Natural Resources.

THE WARD VALLEY LAND TRANSFER ACT

Mr. MURKOWSKI. Mr. President, today I rise to introduce legislation designed to end an impasse that we've endured for far too long—the stalemate over the Ward Valley low-level radioactive waste facility and efforts to implement an important Federal law—the low level radioactive waste policy amendments.

I am doing this today because of documents that have recently come to light under the Freedom of Information Act and due to the continuing differences between the words spoken under oath by a Presidential nominee before my committee and his actions to date.

For more than 10 years, the State of California acting in complete accordance with Federal law and in cooperation with responsible Federal agencies, has been attempting to open a low-level radioactive waste repository at a Mojave Desert site in Ward Valley.

The long, tortured process costing more than \$40 million has included a statewide search resulting in the selection of a virtually unpopulated desert valley; two environmental impact statements under the National Environmental Policy Act; two biological opinions under the Endangered Species Act; and judicial review including the California Supreme Court.
